*Wm Vaux,*

In suggesting in an earlier letter that you should arrange to reserve our passages through Sands, it later occurred to me that the airline, agents, Bank (or whoever is doing the actual booking), may need a few particulars about me, rather than issuing a ticket on the blind, so to speak. So, here they are in case they are needed:

Name Patrick Donald Macdonald, C.M.G., C.V.O.  
Born 21st July, 1909.

Nationality, etc. Fiji citizen and British subject.

Fiji passport No. 027241

Indefinite U,S, Visa issued in Suva No. 004744 on 2.6.72.

Passport valid until 13.4.77.

Passport details - height 6 feet; fair hair; grey/green eyes;  
tattoo marks on arms.

Retired Chief Secretary of Fiji; now a company director (and footloose  
researcher)

Vaccination certificate valid until 8.6.76.

2. I cannot think of anything else. But please obtain and bring with you an air bag which goes with a 1st class ticket.
3. No other news save that I intend to cease researching for the ~~me~~ (damn this bloody little typewriter!) next three weeks and make an intensive study of Banaban affairs!
4. If Sands were willing to telephone me when passages have been reserved and give the date, I suggest he should telephone the UK High Commissioner here who will pass on a message, rather than ringing me. I hope Sands would agree to do this, and it would not involve you.

Love to Honor*
