

# Roseworthy Student Newsletter

Volume 1, Issue 9      October 2010

## THE END IS NEAR!!!

This is the final newsletter for the year. First and foremost I would like to thank Judy for taking on the responsibility for putting the newsletters together and doing such a fantastic job each time.

We are having an end of year BBQ this Thursday as a chance to have that last social mingle with your classmates and lecturers before you hit the books for exams. It is at the Tavern from 12 noon.

Those that are finishing at the end of the year—best of luck with your adventures post-Uni and don't forget to let us know where you end up (especially when you get a job). Remember that you should apply to graduate if you want to do the walk across the stage in April next year. Those that are still contemplating Honours, remember to put in an Expression of Interest as soon as you can.

### Summer Semester Course Enrolments Open December 1st, 2010

Enrolments for classes for next year will open January 10th, 2011—make sure you check the program finder to see what courses you should be enrolling into (<http://www.adelaide.edu.au/programs/2011/>) - if in doubt, ask!

For those students moving into 2nd year next year (animal science and pre-vet), there will be O-Week activities for you on the Friday (Feb 25th) at Roseworthy so make a note in your diary.

Lastly, all the best in your exams

*Di Barton, Academic Programs Officer*

## AVSA UPDATE

It's been a busy couple of weeks for AVSA between the school open day, AGM, electing a new committee and several lunchtime presentations.

Lets start with the open day which was a huge success with approximately 3,000 visitors on the day and everyone on the AVSA committee would like to thank the school for the opportunity to put on the BBQ and for providing all the food for the event.

Another shout out is required for all that helped on the day, particularly the student guides and BBQ staff (including a few of the company reps, without whom we would have been in some serious trouble!). It was a long day for all involved and little time to relax, but your efforts were deeply appreciated!

Several lunchtime presentations have occurred over the last few weeks and with free food, there is never any shortage of a willing audience (even though some of us might struggle to put much more pizza into us in the near future!). The presentations were well attended and we need to thank our sponsors again for the support they have given to the lunchtime talks and without their support the food would not be possible (and I think I can speak for most students when I say that with the cost of living these days, free food is probably the most appreciated object there is for students!).

So a heart felt thank you to Boehringer Ingleheim for their generous support for the presentation on vaccinations, To Troy for their support of the 'Vets Beyond Borders' presentation and Hills for their presentation on dog and cat nutrition.

And if anyone is wondering the pizzas all came from a local business in Gawler, Avanti pizza and pasta.

And finally, the 21st of October saw the AGM roll around and elections for the new AVSA committee, which will take over at the start of next calendar year.

I believe a final thank you is in order for the outgoing president Chantelle Franklin for all her hard work during the year and to all the rest of the committee for their tireless efforts, without which none of the events would have occurred this year!

Congratulations to Sarah Bate, the incoming president and we hope that 2011 will be a successful one for the committee and all the events planned.

With that I'll have to sign off for the last time, good luck to all for the upcoming exams and try to keep mind a study tip which has always helped me get through exam periods; Set aside at least two to three days a week over the next few weeks which aren't alcohol free!

### Roseworthy Agricultural Campus Student Union Council

Hi Everyone!

What a ripper of a year 2010 has been! But it's not over yet! We still have a few more events as exams creep closer, to make sure that this 2010 goes out with a bang!

Most recently we saw Roseworthy vs Village Soccer on Tuesday 12<sup>th</sup> October, with a disappointing loss to The Village by one goal! However, the heritage game, and possibly the last ever game of Roseworthy vs Waite Football and Netball on Tuesday 19<sup>th</sup> October saw Roseworthy defeat Waite in both sports with great pride (Winning by 1 goal in the football and 12 goals in the netball)! Both events are exceedingly important to Roseworthy and always highly entertaining evenings full of sports, antics and socialising on the field, the courts and in the Roseworthy Tavern.

### Attention: All Returning Residential Students

Please ensure you have booked your departure inspection with Lesley prior to leaving the campus.

**I would like to thank all contributors to the newsletter this year. It has been widely accepted and a great way of communicating with all staff and students. Special thanks to all the regulars who contribute, your input is greatly appreciated and welcomed. I would like to wish all students the very best for their exams and for those graduating, all the very best and keep in touch.**

**Regards, Judy**

**ATTENTION: 2nd Year Animal Science students—those that haven't picked their jumpers up yet, please do so before exams finish or your account will be debited for \$105 and you may not be able to enroll!!**

On a final note, we would like to thank everyone throughout their year for supporting the events we have organised on campus and hope you have all enjoyed them as much as we have. A big thankyou to Judy Tucker and Lesley Menzel for keeping the students of Roseworthy Agricultural College well-informed this year of our RACSUC events and everything campus-related through the publication of this newsletter. It has been a pleasure to help fill the newsletter with campus events and photos throughout the year of the great times and memories we will always have of 2010.

Cheers,

Jess van de Weyer
