## STUDENT GUIDE AND TIMETABLE

---

The Student Guide is designed primarily for students new to the University. It provides information to assist you in getting to know the University, including details on Pre-enrolment Talks and Freshers' Day, and a comprehensive course timetable to assist you to plan your academic program.

The Guide also provides information on a wide range of supports and services that will help you considerably during your studies. It lists rules, policies and procedures by which the University operates and with which all students are expected to be familiar.

The University's Student Centre, located on Level 4 of the Wills Building, is the central point for students seeking information and advice. If you have any problems or queries, call into the Centre for friendly, helpful advice (see entry p.39 for further details about the Centre, and the services it offers).

The Student Guide is divided into five sections:

<b>Getting Started</b> .....	<b>page 8</b>
<b>Adelaide University</b> .....	<b>page 19</b>
<b>Supports and Services</b> .....	<b>page 26</b>
<b>Student Policies, Rules and Procedures</b> .....	<b>page 46</b>
<b>Timetables</b> .....	<b>page 62</b>

---

We welcome you to the University and will do our best to ensure that your time as a student is enjoyable, challenging and rewarding.

The University is a large and diverse community, covering most of the main areas of scholarship and professional study.

For undergraduates, a wide range of options is available within our degrees and diplomas, from a broad education to career-oriented study, providing the diversity essential for the greater knowledge and employability of our graduates.

The University's professional degrees are nationally accredited and have undergone major curriculum change in the last few years.

Our graduate student population is increasing steadily with an emphasis on research higher degrees and specialist coursework programs. The University has a high national profile in research and is proud to number Nobel Prize winners among its former staff and graduates.

While learning is a life-long process, the undergraduate years are significant. Full and active participation in all aspects of University life will ensure that you derive the maximum enjoyment and benefit from these crucial years.

We would welcome your feedback and suggestions on any aspect of your experiences as a student at the University either through your faculty, school or department or through the Student Centre.

Good wishes

**Susan MacIntosh**

**Section V: Timetables**

Note: Some programs are not listed as students do not have a choice of courses.  
Please contact your Faculty/School office for further information.

Index of Courses .....62  
Timetable Information .....63

If you are entering University for the first time, you will find a variety of services and activities available to assist you. The University, Adelaide University Union, and the Students' Association (SAUA) work together to provide these for you.

With this Guide you will have received information on enrolment - the first major undertaking in your university career.

Please refer to the Enrolment Guide (included in your enrolment package) for details on times, dates and enrolment procedures.

## Pre-Enrolment Talks

---

To assist you in planning your academic program, faculties and schools will present a series of Pre-Enrolment Talks.

These talks, which are very important, are held before the enrolment period to enable you to make an informed choice of courses when you enrol.

In some academic programs students have to make important decisions about their study options. In some cases this may only involve choosing electives, in other programs you may have a very wide choice in the courses you undertake.

You need to understand the structure of the academic program in which you enrol so that you can choose first year courses that fit together well and satisfy prerequisite requirements for subsequent courses you wish to study, to give the right qualification for employment or to satisfy other personal aims.

It is quite possible, after all the hard work of winning an offer to a program, for you to enrol in inappropriate courses - a bit like having the right ticket but catching the wrong bus! Going to Pre-

Enrolment Talks will help you to prevent this happening to you.

There are two types of pre-enrolment talks:

**Program Talks** explain the structure of academic programs offered by each faculty or school and introduce some of the choices which you must make in constructing your study program. These talks usually run for about one hour.

**Discipline Talks**, conducted by teaching departments, explain the nature and content of courses which are available to construct your program. You need only attend talks for those courses in which you think you may enrol.

Please note that some faculties and schools do not offer pre-enrolment talks but will provide you with comprehensive program advice when enrolling.

## Orientation Week

Once you are enrolled, you will need to find out how the University operates and what it has to offer you, both academically and socially. Orientation Week (February 25 to 1 March) will prove an excellent introduction to university life.

Orientation Week will open with some Freshers Day activities (see pp.12).

Other O'Week activities will include a series of Preliminary Classes (see below) and library tours, as well as a host of social activities.

## Student Centre

During these early weeks on campus there may be questions you want answered, issues to follow up, or just general enquires about where you may find particular facilities and services. The Student Centre has been established specifically to meet these needs, and more.

Even if you don't have any immediate concerns, drop in to the Student Centre and familiarise yourself with what it has to offer - the Centre can help you to make your time at University easier.

## Preliminary Classes

---

During Orientation Week (25 February - 1 March) introductory lectures are presented for most courses taught in undergraduate academic programs.

It is essential that you attend these lectures to receive definitive advice on the structure of courses, textbooks and/or equipment needs, location of classes, and assessment.

*A Preliminary Classes Timetable* will be included in your enrolment package. Please refer to this booklet for timetable details, and also other activities arranged by your Faculty/School.

Note: Not all courses run preliminary lectures. Some preliminary lectures are repeated for your convenience - you need only attend one preliminary lecture for each course.

## The University

Adelaide University has about 14,000 students enrolled in academic programs offered through the University's Faculties. From 2002 there will be five faculties: Engineering, Computer and Mathematical Sciences; Health Sciences; Humanities and Social Sciences; the Professions; and Sciences. The Faculty of Sciences will include those departments formerly in the two faculties of Agricultural and Natural Resource Sciences and Science. This breadth of academic areas ensures considerable choice in academic programs and courses.

The University gives a high priority to the quality of its teaching. Academic programs encompass the latest developments in knowledge and understanding while providing a sound basis for subsequent employment, professional training and postgraduate study. In addition the University has an excellent international reputation for the quality of its research, which in turn reinforces the up-to-date nature of its teaching programs. Many graduating students pursue further studies by way of coursework and research at postgraduate level. The individual welfare of students is a major institutional priority of the University and is supported by a network of staff and services which are outlined in this Guide.

## Campuses

Adelaide University has four campuses within the city, the metropolitan area and nearby countryside. Several research stations and experimental facilities are within an hour's drive of the city.

### *North Terrace*

The main campus is in the heart of the city of Adelaide and is the site of most teaching departments and many research facilities. It is

adjacent to both the city's business and shopping district and the parklands bordering the River Torrens. The Art Gallery of SA, the SA Museum, State Library, Festival Centre, Zoological Gardens and Botanical Gardens are all close neighbours.

### *Roseworthy*

The Roseworthy Campus is located 50km north of Adelaide, near the historic town of Gawler, which has a population of 15,000, and is only a 30-minute drive from the world famous Barossa Valley wine growing region.

Roseworthy has excellent teaching and laboratory facilities set on 1600 hectares of prime South Australian farming land, with its own student accommodation and recreational facilities. It offers its students a practical insight into dryland farming systems (particularly cereal, pulse, oilseed and wool production in a Mediterranean climate) and natural resource management.

### *Thebarton*

The Thebarton Campus is located on the River Torrens approximately four kilometres from the North Terrace Campus. The site has been developed as a Commerce and Research Precinct, housing commercial and industrial enterprises and University research activities involving postgraduate students. The Precinct acts as an important interface between Adelaide University and Australian business and industry.

### *Waite*

The Waite Campus is situated at Glen Osmond, eight kilometres south-east of the city centre, where part of the Bachelor of Agricultural Science, including its highly regarded oenology program, and postgraduate agriculture programs are taught. The Waite is recognised as the most significant agricultural research and teaching

centre in the southern hemisphere. Other research organisations including the SA Research and Development Institute, Primary Industries and Resources SA, the Australian Wine Research Institute and divisions of the CSIRO are located on the Waite campus, creating a formidable concentration of agricultural research expertise

## **Council**

The governing body of the University is the Council, which, under Section 9 of the University of Adelaide Act, has as its principal responsibilities:

- a overseeing the management and development of the University
- b devising or approving strategic plans and major policies for the University *and*
- c monitoring and reviewing the operations of the University.

The Council comprises the Chancellor, the Vice-Chancellor, seven external members who are appointed by a Selection Committee chaired by the Chancellor, three external members elected by the Senate, one co-opted external member, three academic staff elected by the academic staff, two general staff elected by the general staff, two undergraduate students elected by undergraduate students and one postgraduate student elected by postgraduate students: 21 in total.

The Vice-Chancellor is the Chief Executive Officer and is responsible to the Council for the management of the University. The main advisory bodies to the Vice-Chancellor are University Planning Committee and the Vice-Chancellor's Committee, both of which are chaired by the Vice-Chancellor. The University Planning Committee comprises the Deputy Vice-Chancellor (Education); Deputy Vice-Chancellor (Research); Executive Director, Finance and Infrastructure; Executive Director, Student and Staff Services; Convenor, Academic Board, Director, Planning and Development, and University Secretary. The members of Vice-Chancellor's Committee are the

same, together with the Faculty Executive Deans. There are seven principal committees of Council which also provide advice both to the Council and the Vice-Chancellor: the Chancellor's Committee, the Academic Board, the Audit and Compliance Committee, the Education and Research Development Committee, the Finance Committee, the People Committee and the Student Affairs Committee. At the time of writing, Council was reviewing the committees of Council.

## **Committees, Faculties and Boards**

The Student Affairs Committee offers advice to University Council and the Vice-Chancellor on matters of significance affecting students. It is convened by a student member of Council and about half its members are students. Students who wish to have matters raised in this committee can do so by contacting any of the student members through the Students' Association or the Postgraduate Students' Association.

The Academic Board advises the Vice-Chancellor's Committee or Council on academic and educational policies and broad issues of importance to the academic life of the University community. It has 70 members, including eight academic staff from each of the Faculties, as well as four student members. Information about meeting times and membership of these committees can be obtained from the Academic Board Secretary.

Of more immediate impact from the students' point of view are the Faculty Boards and the Board of Research Education and Development, which have significant input into the degree and diploma academic programs, monitored by the Academic Board. These Boards are responsible for the structure, scope and content of University academic programs. Students are members of these Boards.

As their names imply, the Finance Committee is concerned with the financial aspects of University management, the People Committee with the

relationships between the University as an employer and its staff, and between the University and its students, and the Audit and Compliance Committee with risk assessment and management. The Chancellor's Committee includes the convenors of the other Council committees as members, and functions as an executive committee. The Education and Research Committee has not yet commenced operations but is intended to provide advice about the University's academic and research programs, including maximising opportunities to develop the intellectual property contained in our education and research activities.

### **Statutes, Rules and By-laws**

Every degree and diploma academic program is established by Rule, with the details of those programs, such as courses available and the structure of the program, set out in Specific Academic Program Rules. These rules appear in the University Calendars and are followed by the Syllabuses for each of the courses concerned.

There are a number of other rules, and some statutes, which govern matters relevant to students: for example, use of the library, lecture rooms, laboratories, conduct of examinations, assessment policies and appeal procedures, enrolments, grievance procedures, etc. Most of these rules are published in the University Calendar or this Student Guide. Statutes are published on the web at [www.adelaide.edu.au/secretariat/webdocs/statutes/index.htm](http://www.adelaide.edu.au/secretariat/webdocs/statutes/index.htm)

The University's by-laws govern such matters as trespass, parking and traffic, and disorderly behaviour. Breaches can result in action and penalties being imposed by the courts. The by-laws are published on the web at [www.adelaide.edu.au/secretariat/bylaws.html](http://www.adelaide.edu.au/secretariat/bylaws.html). At the time of writing the by-laws were under review.

It is essential for students to be aware of their rights and responsibilities while enrolled at Adelaide University.

### **Student Centre**

The Student Centre has been set up as a central point of contact and deals with a wide range of enquiries regarding courses, admissions, procedures, fees and charges, enrolments, examinations, scholarships and graduations for all prospective and current students and graduates of the University.

All initial enquiries relating to any of the above areas should be directed to the Student Centre.

### **Vice-Chancellor, Deputy Vice-Chancellors and Directors**

The Vice-Chancellor, is the chief executive officer of the University. At present the Vice-Chancellor is Professor C.D. Blake AM, who is filling the position on an interim basis pending the appointment of a permanent Vice-Chancellor. He is supported by the Deputy Vice-Chancellor (Education), Professor Penny Boumelha, and the Deputy Vice-Chancellor (Research), Professor Edwina Cornish, as well as the Executive Director, Finance and Infrastructure, Mr Paul Duldig, and the Executive Director, Student and Staff Services, Ms Susan MacIntosh.

The Deputy Vice-Chancellor (Education) oversees educational planning and policy, including student load modelling and the management of entry, and library services.

The Deputy Vice-Chancellor (Research) oversees research administration and research training policy. The Executive Director, Student and Staff Services, oversees the administrative or service functions related to students, such as equity issues, international programs, student records, counselling, scholarships, admissions and graduations, as well as information technology networks and information systems, and human resources. The Executive Director, Finance and Infrastructure, oversees the University's financial and physical resources, such as accounts, buildings, grounds, and commercial ventures.

# 2002 SUPPORTS AND SERVICES

---

## **Access and Equity Programs**

The University is committed to increasing its intake of students from under-represented backgrounds. The Special Entry Scheme, the Aboriginal and Torres Strait Islander Access Scheme and the Fairway Scheme are part of the University's means of achieving this end.

For information on the Special Entry and Fairway Schemes, please contact the Student Centre, Level 4, Wills Building, ph: (08) 8303 5208. Information on the Aboriginal and Torres Strait Islander Access Scheme is available from Wilto Yerlo, HG8, Hartley Building, ph: (08) 8303 3623.

## **Accommodation**

An Accommodation Officer is available to help students locate suitable accommodation. Enquires may be made through the Accommodation Officer (08) 8303 5220) or the Education/ Welfare Office (08) 8303 5430), Ground Floor, Lady Symon Building. The Student Care website [www.adelaide.edu.au/AUU](http://www.adelaide.edu.au/AUU) also has details on accommodation options.

### *Residential Colleges*

There are six co-educational colleges affiliated with the University.

Aquinas, Lincoln, St. Ann's and St. Mark's are mainly for undergraduate students, and Kathleen Lumley for postgraduate and mature age students. The undergraduate colleges provide single study/bedrooms with meals seven days a week; have computer suites with online access to the universities and the internet; library, music, laundry and sporting facilities; and a network of residential and academic support. A special Clubs Committee coordinates social, cultural and sporting activities for students.

Roseworthy College provides accommodation for students studying at Roseworthy Campus. Undergraduate students are accommodated in residential halls and meals are provided in the historic College dining room. Postgraduate students reside in modern fully furnished houses. There are some unfurnished houses reserved for the exclusive use of students with families. There are also accommodation options for students with special needs.

### *Non-Collegiate Housing*

(for Australian citizens/permanent residents only)

Housing Officer

Ground Floor, Lady Symon Building

ph: (08) 8303 5220

Non-collegiate houses provide students of Adelaide University with inexpensive accommodation on a share-house basis. The University has a limited number of rooms available in houses, flats and units in North Adelaide and nearby suburbs. The accommodation is subsidised and preference is given to first year undergraduate students with low incomes, particularly those from interstate and country areas, or students whose personal circumstances warrant assistance.

### **Admissions Office**

Level 6, Hughes Building

ph: (08) 8303 6457

The Admissions Office coordinates the admissions process for both Australian and International applicants to undergraduate and most postgraduate programs. General information on admission to the University is available either from the Student Centre for local students or the International Student Centre for international students. The Admissions Officers can be contacted for advice on University policies and procedures.

### **Undergraduate Admissions:**

Local students Raelene Wildy  
International students Lisa Brown

### **Postgraduate Admissions:**

Local and International Allison Dolan

### **Advocacy**

Staff in Student Care are skilled in providing assistance to students who are experiencing difficulties with their academic progress or with Centrelink. If you have any questions about academic matters or are encountering problems with Centrelink get in touch with an Education/Welfare Officer ( EWO).

Students contesting Centrelink decision are strongly advised to seek the advice of the Education/ Welfare Officers. The EWO's will help prepare cases before the SSAT (Social Security Appeals Tribunal) and will, if required, represent students at those tribunals.

### **Book Exchange**

The Adelaide University Book Exchange, run by the Adelaide University Science Association, is a means of acquiring second-hand books for about two-thirds of the student price. Details will be advertised during enrolment week, or you can phone the Clubs' Association, on (08) 8303 3410.

### **Calendar**

The Adelaide University Calendar (Part 1: Undergraduate Academic Programs and Part 2: Postgraduate academic Programs) is available from:

Unibooks

Union Building, North Terrace Campus

The Front Office

Main Building, Roseworthy Campus

The Enquiries Office

Distillery Building, Thebarton Campus

The Enquiries Office

Main Waite Building, Waite Campus

The Calendar contains many of the rules governing aspects of the University. These are set out in the General Academic Program Rules, and the Specific Academic Program Rules for all awards offered by faculties/schools.

### **Careers Service**

Level 1, Horace Lamb Building  
careers.service@adelaide.edu.au  
www.adelaide.edu.au/Careers

The Careers Service assists students and graduates with their career planning. Students need to begin their career planning early in their studies to ensure a smooth transition from University to employment.

The Careers Service runs a careers education program including a series of workshops on preparation for employment, an employers' recruitment program, a resource library of employer information, a drop in service (Tuesday and Thursday afternoons) and produces an annual Careers Handbook.

#### *Careers Fairs*

Adelaide University, in conjunction with the Students' Association Employment Service, will be presenting the following careers fairs in Bonython Hall:

- Thursday 21 March -10.30am-3pm (Arts, Commerce, Economics, Finance)
- Friday 22 March -10.30am-3pm, (Engineering, Mathematical and Computer Science, Science).

A careers fair is also scheduled for Law in March.

The Waite Institute Students' Association Inc. will be presenting the Agricultural and Environmental Science Careers Fair in May at the Waite Campus.

Dates for further fairs will be advised by the Careers Service on its noticeboards and website (see above).

### **Child Care**

Please check the childcare websites for further information and electronic submissions of expression of interest.

### **Clubs' Association**

Ground Floor, Lady Symon Building  
ph: (08) 8303 3410

The Clubs' Association serves over 70 social, faculty and cultural groups on the University Campuses. Through its affiliation to the Adelaide University Union it is able to offer a wide range of grants to clubs to produce publications, run events or attend conferences. To form a new club

only 10 students are required to become affiliated to the Clubs' Association and become eligible for assistance.

For more information please contact Vicki Kolberg.

### **Counselling Centre**

Ground Floor, Horace Lamb Building

9.00am - 5.00pm (Mon. - Fri.)

The Counselling Centre assists students to maximise their academic potential by addressing personal problems that may impact on their ability to perform in the University environment.

The Counselling Centre provides:

- crisis intervention
- a drop-in service, available daily between 1.00 - 2.30 pm (brief consultations only, no appointment required)
- individual counselling (by appointment)
- telephone counselling.

Examples of issues may include: stress, family issues, motivation, relationship difficulties, panic and anxiety, grief and loss, depression, sexuality, concentration, self esteem, and special considerations for assessments

Each semester, workshops and groups are run on a number of topics, such as: Relaxation, Exam Stress, Procrastination, Balancing Family and Relationship Commitments with Study, Creating a Lifestyle that Reduces Stress and Worry, Relationships, Improving Sleep, and Confidence in Tutorial and Seminar Presentations.

Appointments can be made by telephoning Chris Wadey or Dianne Cocchiaro on 8303 5663 or by calling into the Centre.

### **Cross-Institutional Studies**

Students may study courses (subjects) taught at other institutions for credit towards their Adelaide University degree, either internally (on-campus) or externally (by correspondence).

Students interested in cross-institutional study should consult the Area Administrator in the faculty or school in which they are enrolling.

### **Disabilities: Support for Students with Disabilities**

Learning and Disability Access Office

Ground Floor, Horace Lamb Building

Ph: 8303 5962

The University is committed to providing access and equity for students with a disability. Students can access support services for both permanent and temporary disabilities of a physical, intellectual, sensory, learning or psychiatric nature.

The University recognises its responsibilities for providing appropriate teaching and learning supports, and the provision of physical access for students with disabilities, as required by the Commonwealth Disability Discrimination Act (1992).

Arrangements can be made through the Disability Liaison Officer (DLO) to assist students with disabilities to achieve their academic goals. Support may include assistance with enrolment; assistance in negotiating individual learning agreements with academic staff; provision of note takers or personal readers or sign language interpreters; improved physical access; and a variety of study aids, such as computing equipment with relevant software. It may also include the modification of aspects of subjects or courses, from giving more time in exams to negotiating alternative forms of assessment.

Students with disabilities are encouraged to indicate this on their enrolment form and contact the DLO as early as possible in their academic careers to confidentially discuss their individual needs.

Further information on services, support networks and negotiating adjustments to assessment methods, is available from the Disability Liaison Officer.

### **Education and Welfare Officers**

See entry under Student Union, page 41.

### **Employment Service**

Student Employment Coordinator

Level 4, Union House

ph: (08) 8303 6483

[www.saua.asn/employment](http://www.saua.asn/employment)

The Students' Association (SAUA) operates the Student Employment Service. Check our website for further information.

### **Equal Opportunity**

The University is committed to promoting equal opportunity in education and employment. It is required by law to operate without discrimination on the basis of sex, race, religion, disability, marital status, pregnancy, sexual preference and age. Pamphlets about its equal opportunity policies in the following areas are available from the Student Centre. Issues include:

- cultural diversity on campus
- equal opportunity policy
- making a complaint
- non-discriminatory language use
- sexism in university teaching
- sexual harassment
- students with a disability.

### *Access and Equity Initiatives*

The University is committed to providing students from under-represented groups with greater opportunities to enter the University, succeed academically and participate fully in all its activities. Initiatives in this area include:

- the Fairway Scheme, which facilitates the entry of students from schools under-represented in applications to university
- language and study skills support, and assistance for students from non-English speaking backgrounds, including the appointment of international student advisers
- programs to develop an equitable learning and teaching environment in engineering
- support for students who have a disability, through their lecturers, development of Learning Assessments and through the Disability Liaison Officer
- the Wilto Yerlo program which recruits and supports Aboriginal and Torres Strait Islander students

Additional support and resources are available on University campuses from:

- Aboriginal Support Staff
- Counselling Centre
- Education/Welfare Officers (University Union)
- International Student Advisers
- Overseas Students' Association
- Students' Association
- Wirringa - the University Health Service
- Women's Officer (Students' Association).

### **External Studies**

Adelaide University's off-campus external studies program offers people the opportunity to study some courses offered by the Faculty of Agricultural and Natural Resource Sciences irrespective of where they live or work. A substantial range of study materials has been developed to make this possible, including study guides and readers or reading lists, supported by audiotapes, slides, videotapes or other materials.

Student interested in studying by external mode should contact the Faculty of Agricultural and Natural Resource Sciences (see page 17).

## **Faculty/School Contacts**

### *Area Administrators*

Faculty/School Area Administrators are the principal administrative officers in their faculty/school and are responsible for coordinating the provision of information and advice on their programs, policies and procedures. Students requiring assistance would not normally contact these officers direct, but should enquire at the faculty/school office to determine who has responsibility for the provision of services related to their particular area of concern (see p.17 for contact details).

### *Postgraduate Coordinators*

Each Department/School appoints a post-graduate coordinator to oversee the postgraduate students enrolled in higher degrees by research in the department. The names of postgraduate coordinators for 2002 may be obtained from the appropriate department.

### *Undergraduate Program Advisers*

See page 14 for details.

## **Financial Support for Students**

### *Abstudy/Austudy/Youth Allowance*

Detailed information on these allowances is available through the Centrelink website: [www.centrelink.gov.au](http://www.centrelink.gov.au) or students may contact one of Education/Welfare Officers for advice.

### **Changes to Workload/Withdrawal from Studies**

Students are reminded that they must inform Centrelink of any changes to their workload as this may affect their entitlements. Generally, students need to be undertaking 75% or more of a normal fulltime workload. Centrelink take this to apply per semester as well as per annum. See the Education/Welfare Officers for advice.

### *Equal Access Scheme*

Commencing students from disadvantaged groups

may be eligible for assistance with the costs of commencing tertiary study under the Equal Access Scheme. Application is made to the Education/ Welfare Officers, after enrolling (usual closing date is early March).

### *Loans*

An interest- free loan scheme is operated by the University (conditions do apply). Applications should be made to the Education/Welfare Officers.

### *Emergency Loans*

Short term emergency finance is available. These are small loans only, and conditions apply. See the Education/Welfare Officers

### *Rent Relief*

There is a rent relief scheme for low income earners who have resided in South Australia for at least three months. Students who pay more than 40% of their income on rent may be eligible for a weekly rebate. This is now limited to current recipients.

### *Susan Collins Angas Student Assistance Scheme*

Undergraduate students from the Barossa Valley, in their second year or above of study, who can demonstrate financial need, may apply for financial assistance through this scheme.

Please contact the Education/Welfare officers for assistance.

### *Walter and Dorothy Duncan Trust*

Students of Adelaide University in financial need may apply to the Walter and Dorothy Duncan Trust for a grant.

The Walter and Dorothy Duncan Trust has a particular mission to support students who, because of their circumstances, have a short term financial difficulty or who have special circumstances which may impede their academic progress.

Small grants, normally between \$200-\$500, may be sought to provide assistance with general

living and study expenses, assist in the purchase of necessary equipment related to the applicant's field of study, for small research grants, including travel associated with research, or any other purpose approved by the Union Board.

To qualify for a grant, students must demonstrate an above average academic record and provide details to support the short term financial need.

A supporting statement from your program coordinator/supervisor or department is desirable where costs are related to study projects ( eg, trips or conferences).

Grants are not normally made to pay tuition, Union, or other administrative fees and charges. Conditions apply.

Application forms are available from the Student Loans Officer or the Education/ Welfare Officers.

### **5UV Radio Adelaide 101.5FM**

[www.radio.adelaide.edu.au](http://www.radio.adelaide.edu.au)

Adelaide University's radio station is one of it's best known and most successful community outreach activities. 5UV Radio Adelaide produces a wide range of radio programs and has an audience of over 100,000 people in the Adelaide metropolitan area As well as locally on 101.5FM it can be heard around the world via on the internet.

5UV Radio Adelaide brings an audience of curious listeners of all ages in contact with Adelaide University and makes the intellectual resources of the University available to the wider community.

Programs include news analysis and public affairs; features series and talks under the banner lifelong learning; community access programs and a wide range of music: jazz, classical, dance, world, blues, latin, folk and bluegrass with a focus on encouraging local music in all forms Over 500 volunteers produce and present programs and are involved in many other areas of the station's activities.

At a time when communication skills are vital in so many areas, radio training can be an invaluable adjunct to formal study. Radio Adelaide is a Registered Training Organisation offering nationally accredited training in all aspects of broadcasting.

Students can become involved as a general volunteer or through Student Radio.

Student Radio broadcasts from 9pm (ACST), 7 days a week. It is produced, coordinated and presented by students of the three South Australian universities. Contact the Students' Association for further information.

December ceremonies 24 September

### *Higher Degrees*

An Application to Graduate form will be sent to Higher Degree Research candidates once they have submitted their thesis. Forms need to be lodged in accordance with the above deadlines for inclusion in the relevant ceremonies..

## **Health Service**

Hughes Plaza

ph: (08) 8303 5050

9.00am to 5.30pm (Mon. - Fri.)(except public holidays)\*

All students enrolled at the University may consult doctors at the Wirringa Health Service. This service is offered on campus through an external provider engaged by the University. Full details of the medical staff and the services provided may be obtained from Wirringa or the Student Centre.

Students newly enrolled at the University are encouraged to attend the Health Service to acquaint themselves with the medical staff and the services available. These include medical consultations for both acute and chronic conditions, sexual counselling and contraceptive advice, treatment of emotional problems and psychiatric conditions, liaison with other welfare services and with academic and administrative staff of the University, immunisation advice (including overseas travel), sports injury management and referral for specialist medical advice. All consultations are strictly confidential.

New students with a chronic medical condition or medical disability are encouraged to attend the Health Service to discuss areas in which assistance can be provided.

Student consultations for services attracting medical benefits are bulk-billed. Students should bring their own or their parent's Medicare card along to each consultation. Overseas students' accounts are processed through Medibank Private insurance.

Medical services for students at Roseworthy and Waite campuses are available from designated general practitioners in the area. Details are available from the Student Centre (ph: (08) 8303 5208/Freecall 1800 061 459).

For details of the University's policy regarding HIV and Hepatitis B, refer to Section IV: Student Policies, Rules and Procedures (page 53). This is particularly relevant to dentistry and medicine students.

\*Opening hours may be extended during semester.

After-hours acute medical care can be obtained at the emergency departments of any public hospital

## **Higher Education Contribution Scheme (HECS)**

HECS affects each student differently depending on such factors as payment option and academic program load. The ATO and DEETYA have published a booklet HECS: Your Questions Answered and students must read this booklet before signing a HECS payment option form. A copy of this booklet will be sent to all students with their enrolment packages. Further copies are available from the Student Centre or online at [www.hecs.gov.au](http://www.hecs.gov.au)

Students who enrol in higher education award programs which are funded by the Commonwealth Government are required to pay a part of the cost of their program.

The HECS charge is incurred on a semester basis and is determined by the workload in which you are enrolled on the Census Dates: 31 March for semester 1 and 31 August for semester 2. Any increase in your workload in that semester after those dates will cause an adjustment to your HECS liability. However, any decrease in workload after these dates will not cause a decrease in your HECS liability.

The Commonwealth Government introduced a 3-tiered HECS system in 1997, under which each subject is classified into one of the 3 bands. The cost of each subject is determined by multiplying the subject's workload by the HECS charge for that band.

For most students HECS can be paid in 2 ways: the 'up-front' option, where students pay the University at the beginning of the semester, and receive a 25% discount; or the 'deferred payment' option, where HECS is paid as part of PAYE income tax when students earn over the minimum threshold set by the Commonwealth Government. However, some New Zealand citizens or Permanent Residents are required to pay their HECS up-front without the discount.

Students opting for the deferred method may make lump sum payments of \$500 or more, to the University, before the 'due by' date for the relevant semester, for which they will receive a 25% discount on that payment (students will not be invoiced for this payment).

Students may also choose to make voluntary repayments of any amount to the Taxation Office after the census date. Any amount paid voluntarily over \$500 will attract a 15% discount on the payment.

Students who choose to pay up-front will receive an invoice for the up-front fee for semester 1 in February (due by 16 March), and in July for semester 2 (due by 15 August). Note: invoices will be sent to students' billing address if supplied, or the semester address.

Students may change their payment option prior to each census date. Please contact the Student Centre for further details.

If you wish to discuss specific issues relating to your HECS liability, you may make an appointment with the HECS Officer, by contacting the Student Centre.

## **International Students**

### *International Student Centre (ISC)*

The International Student Centre is responsible for the orientation and ongoing support of international students. It works closely with student groups and University administration to ensure the experience of all international students is a positive and successful one. Services offered by the ISC include:

- pre-departure seminars in a number of countries
- assistance with visa matters including visa extensions and meeting compliance requirements
- reception service on arrival in Adelaide, including transfer to accommodation
- initial temporary accommodation and assistance with long-term accommodation
- comprehensive induction program
- ongoing support by International Student Advisers
- social programs
- re-entry programs for returning graduates
- English for spouses program
- information on overseas student health cover

The ISC office is located in the Old Classics Wing, adjacent to the Wills Building.

### *ESL Workshops*

Workshops are also held for students with English as a second language (ESL) - see Language and Learning Service entry below.

### *International Student Admissions*

The processing of international student admissions is undertaken by the Admissions section of the Administrative Services Branch. General enquiries about admissions should be directed to the International Student Centre.

## **Language and Learning Service**

Ph: (08) 8303 5771

[www.acue.adelaide.edu.au/students/services/workshop.html](http://www.acue.adelaide.edu.au/students/services/workshop.html)

The Language and Learning Service (formerly of the ACUE) offers students, free of charge, academic study skills seminars and workshops, as well as individual consultations. The Service is available to anyone enrolled in Adelaide University courses.

Workshops include general academic skills, essay and report writing, reading effectively, thesis preparation, and preparing for exams. Workshops are also held for students with English as a second language (ESL).

Academic study skills seminars and workshops are detailed on the web. Brochures, with details of workshops, are also available.

## **Libraries of Adelaide University**

[www.library.adelaide.edu.au](http://www.library.adelaide.edu.au)

The Adelaide University Library - comprising the Barr Smith, Law, Elder Music, Roseworthy Campus and Waite Libraries - is the largest research library in South Australia. The Library has vast resources, including over two million books and journals, as well as reference material, microfilms, electronic databases, newspapers, abstracts and indexes. The Library also provides access to more than five thousand electronic resource titles.

The Library maintains a comprehensive website at [www.library.adelaide.edu.au](http://www.library.adelaide.edu.au) and offers a wide range of services and resources. They include reference and information services, specialist subject guides, access to web-based resources and electronic databases, student computers, photocopiers, and an inter-library loan and document delivery service. Highly trained staff are on hand to assist with your educational and research needs.

A computer catalogue system provides access to all material in the collections, as well as giving access to the catalogues of other libraries interstate and overseas.

### *Orientation*

The Barr Smith Library takes an active role in Orientation Week, which is designed to help new students familiarise themselves with all aspects of university life. Guided tours of the Library are conducted and Library Information Kits are distributed to new students.

### **Mathematics Learning Centre**

[www.maths.adelaide.edu.au/MLC/mlcmain.html](http://www.maths.adelaide.edu.au/MLC/mlcmain.html)

10am - 4pm during semester

The Mathematics Learning Centre provides free assistance to all students encountering mathematics and/or statistics in their studies, particularly for the first time. We specialise in

- mature age and ESL students
- filling gaps in assumed knowledge
- skills for University study
- catching up after illness

Our Drop In Service offers personal one-to-one help from very experienced staff in a relaxed, friendly environment. The Centre is also at during mid-semester breaks (see website or phone). No appointment is needed and free coffee and tea are available.

If in doubt, try us out! You may even meet other students in your course and pool ideas.

The centre also has useful videos, learning software and a lending library.

### **Mature Age Students**

The Mature Students' Association was established for the mutual support of mature age students. The Association has a club room provided by the Union on Level 5 of the Union Building, next to the bar, which is used for social functions and quiet study. For further information, please contact the Clubs Association.

### **Non-award Studies**

Students wishing to enrol in a course not to be counted towards a degree or diploma, may be permitted to enrol in the course as a non-award student. Such students are required to pay tuition fees (which vary, depending on the course for which they enrol) and a Student Services fee. Not all courses are available for non-award study.

Further information is available from Faculty and School offices.

## **Overseas Students' Association (OSA)**

Level 3, George Murray Building

ph: (08) 8303 5852; fax: (08) 8223 2412

email: [osa@smug.student.adelaide.edu.au](mailto:osa@smug.student.adelaide.edu.au)

The OSA is the peak representative body for International students at the University's four campuses. The OSA is guided by an elected council and a part-time research officer.

OSA provides support to all international students enrolled at Adelaide University. We address education and welfare issues and act as a voice for these students within the University and the community at large. We also organise a wide range of social activities for International students including Multicultural Week, International Impressions, O'Camp, regular Skirmish, BBQs and travel trips.

## **Parking**

The University regrets that it cannot provide parking facilities for persons not holding permits except in the most exceptional circumstances (e.g. in cases of severe physical disability). Day-time parking for a limited number of motor-bikes however, is available on an annual basis for a fee.

After-hours permits are available for evening parking from 4.30 pm onwards and all day parking on Saturday, Sunday and public holidays from vending machines situated at gates 8, 13 and 22A.

The University has engaged Chubb Services Australia to undertake the issue and administration of car parking permits and enforcement notices on the North Terrace Campus. This will mean new enforcement officers on campus, new addresses and contact details for parking permits and correspondence relating to enforcement notices. Most of the current arrangements for car parking will remain as they are and users should not notice any change.

Enforcement officers will wear a uniform different to that used by Chubb security officers currently on campus.

The Chubb security officers will not be issuing enforcement notices.

For further information on parking contact the Parking Officer in the Security Office, Hughes Plaza, ph: (08) 8303 5197.

## **Postgraduate Students' Association (PGSA)**

[www.adelaide.edu.au/PGSA/](http://www.adelaide.edu.au/PGSA/)

All enrolled postgraduate (Honours, Grad Cert, Grad Dip, Masters, PhD) students are members of the PGSA. The PGSA campaigns to protect the academic, political and economic rights of postgraduate students by:

- student representation on University decision making committees
- lobbying the University to address issues raised by students
- being actively involved in university policy development
- providing individual advocacy and complaint resolution services
- the dissemination of information to students through email bulletins and our quarterly newsletter *The Clever Country Journal*.

The PGSA can provide advice on supervision problems, issues related to assessment, access to resources and computers, scholarship concerns, intellectual property disputes, as well as fee and HECS waivers.

The Association organises a number of social events throughout the year and also has a resource library of information relevant to postgraduate students. More information about the PGSA and links to useful information for postgraduate students can be accessed on our website.

email: [pce@adelaide.edu.au](mailto:pce@adelaide.edu.au)  
web: [www.adelaide.edu.au/pce](http://www.adelaide.edu.au/pce)

As well as its degree and diploma programs, Adelaide University promotes life long learning for staff, students, alumni and members of the community through the Centre for Professional and Continuing Education (PCE).

Professional and Continuing Education offers a wide range of non-credit bearing short courses and programs including foreign languages and culture courses, general interest adult education courses, professional development short courses, computer skills, English as a second language, study skills courses, inbound and outbound study tour programs and many others.

A Professional Certificate in Arbitration and a Masters of Science and Technology Commercialisation are offered through PCE in conjunction with the Law and Engineering Schools.

## **Prospective Students Office**

This Office provides assistance and advice on academic programs available and procedures for application to prospective students – Australian, international, undergraduate and postgraduate - and to school counsellors and the community. Open Day, Information Day and school tours of the North Terrace Campus are also coordinated by the Prospective Students Office.

The office produces publications providing a range of information about academic program structure, course descriptions, career options, student services, and accommodation

Prospective and continuing students seeking individual advice about study at Adelaide University should visit the Student Centre.

## **Scholarships**

[www.adelaide.edu.au/GSSO/](http://www.adelaide.edu.au/GSSO/)

Adelaide University has an ongoing commitment to its students with many scholarships and prizes available at every level.

Information on undergraduate and postgraduate scholarships is available on the scholarship website, and in the *Postgraduate and Undergraduate Update*, available from the Student Centre and distributed to departments weekly.

Copies of the undergraduate and postgraduate scholarships booklets, which outline all available scholarships, are available from the Student Centre, Level 4 Wills Building. Application forms for scholarships are also available at the Student Centre.

Information on prizes may be obtained from faculty/school/departmental Offices or on the web at [www.adelaide.edu.au/secretariat/webdocs/prizes/](http://www.adelaide.edu.au/secretariat/webdocs/prizes/)

## **Security**

The University has a Security Office located at the Hughes Plaza Office, open 24 hours a day seven days a week. Security can be contacted by phoning 35990 from any phone in the University or (08) 8303 5990 if outside. All Security Officers are uniformed and carry identification and authorisation.

Security Officers are available - at any stage of the day or night - to escort people who prefer not to walk alone through the University or wish to be escorted to the railway station, bus stops or to residential colleges.

All emergencies within the University at any time of the day or night should be reported on extension 35444 including the urgent need for medical attention. All Security Officers have a First Aid Certificate.

## **Sports Association**

Ground Floor, Lady Symon Building  
ph:(08) 8303 5403/3410

The Sports Association offers a wide range of sporting and recreational activities to all full and part-time students at Adelaide University. With more than 40 affiliated clubs the Association has over 3000 members competing in local and intervarsity contests on a weekly basis. Each year the Association organises a team to compete in the Australian Universities Games.

The Association, with the University's assistance, administers the extensive playing fields adjacent to the North Terrace and Waite campuses. The Association's West Beach Sports Centre houses many of the outdoor clubs as well as boasting an artificial hockey pitch. Club facilities include a boat house at West Lakes and on the Torrens Lake, gliding facilities at Lochiel and a water ski shack at Morgan.

The Sports Association provides sports scholarships to the value of \$1000 for current University of Adelaide students and offers bursaries for students to compete in Australian Universities teams travelling overseas.

email: [student.centre@adelaide.edu.au](mailto:student.centre@adelaide.edu.au)  
8.45am - 5.00pm (Mon - Fri.)

The Student Centre provides up-to-date information on the programs and services available at Adelaide University.

You can collect information on undergraduate and postgraduate programs (for international and local students) in each of the academic areas as well as brochures on the short courses, language programs and professional programs offered by the University. Staff in the Student Centre can help with enquires about your eligibility for admission and provide information on how to apply.

The Student Centre also provides information about the range of scholarships available, both through the University and from selected funding bodies and research organisations. You can collect and drop off application forms for scholarships at relevant times of the year.

Staff in the Student Centre are able to assist you with any administrative queries regarding your enrolment, examinations, graduation and fees and charges. You can pay for tuition fees, student services fees and other student charges, and purchase official academic transcripts showing your enrolment and results to date. Please bring photographic identification (eg student card) when accessing your records.

Staff are also able to offer information on the range of student services available at Adelaide, including support services such as counselling and study skill workshops, the careers service, IT services such as email and MyUni, and the disability liaison service.

If you're not sure where to go or who to ask, come to the Student Centre!

### *Access Adelaide*

<http://access.adelaide.edu.au>

Access Adelaide is the name of the web-based on-line service that allows you to access, and in some cases amend, your records. You can log on to Access Adelaide from the University computer pools or from your home computer and:

- search the course catalogue
- find out information about specific classes
- view your unofficial academic transcript (this means you can check your exam results which have been entered on the transcript)
- view your exam schedule
- view information about fees and charges on your student account
- update your address and telephone details
- change your password.

### *Student Email*

As soon as your enrolment at Adelaide University is confirmed, an email account is automatically set up, free of charge. Your email address becomes active within 24 hours of your enrolment being processed. Your email address has a standard format of `firstname.familyname@student.adelaide.edu.au`

University staff will send important information to this address so you must make sure that you check your University email account regularly. To access your student email account, please go to the student email user guide located on the web at: [www.adelaide.edu.au/ITD/student\\_services/email/](http://www.adelaide.edu.au/ITD/student_services/email/)

### *Student Password*

Your student password is printed on the top right hand corner of your Enrolment Confirmation Notice. You can use it to access a range of IT services, including student email, MyUni, on-campus printing services and Access Adelaide records. Staff in the Student Centre can generate a new password for you (on production of

photographic identification) if you forget your password.

Please do not give your password to anyone else, as it can be used to accrue charges on your student account or amend your enrolment. You can change your password using Access Adelaide or by bringing photographic identification to the Student Centre.

### **Student Study Abroad Programs**

email: [study.abroad@adelaide.edu.au](mailto:study.abroad@adelaide.edu.au)

The University has exchange agreements with a number of overseas institutions providing students with the opportunity to undertake part of their degree in another country. Agreements exist with universities in many countries, including the USA, Canada, Japan, Malaysia, Thailand, France, Germany, England, Sweden and Finland. Some agreements are specific to particular disciplines (eg, Law, Commerce, Engineering), while others are available to students of all faculties. The number of exchange agreements is expanding rapidly.

Information about studying abroad is available from the Study Abroad section of the Student Centre or by email (see above).

The Adelaide University Union is governed by its Board, consisting of students elected directly from the student body. The Union controls the annual disbursement of funds from the Student Services fee and exists to foster a shared sense of identity among the student body.

The Union provides a range of amenities and services to students such as catering, entertainment, union facilities, arts and crafts, clubs, sports, advocacy and representation,

computer resources, On Dit (student newspaper), lockers, welfare, a chapel and Islamic prayer room. The Union also owns Unibooks.

The following affiliates are semi-autonomous and Union funded:

- Clubs Association (CA)
- Overseas Students' Association (OSA)
- Postgraduate Students' Association (PGSA)
- Roseworthy Agricultural Campus Student Union Council (RACSUC)
- Sports Association (SA)
- Students' Association (SAUA)
- Waite Institute Students' Association (WISA).

### *Activities and Publications*

The Union frequently runs activities in the UniBar or Cloisters, including bands, BBQs and end of term shows. Look out for information each week in On Dit, the fortnightly newsletter Cloisterphobia and also visit our website for further details on all activities and promotions. Craft and leisure courses are also available through the Union Studio.

During enrolment all students receive a Union diary. This provides a host of useful information about the University, services and facilities provided by the Union and other student organisations on campus, as well as containing vouchers for the Union's various catering outlets. A Student Union card will also be issued this year and will be activated on first payment of the Union fee. This will enable students to utilise all services that the Union provides and also will be linked to promotions, activities and competitions throughout the year and advertised in the above mentioned areas.

### *Food and Beverage Services*

The Union operates a number of eating outlets and vending machines on all campuses. A wide range of food and drink is provided to appeal to all

tastes and preferences. Current outlets on the North Terrace Campus include the Mayo and Wills Refectories, UniBar, Backstage Café and the Gallery Coffee Shop. All are open to the public as well as students. The union also operates catering facilities at Waite and Roseworthy.

### *Student Care*

Ground Floor, Lady Symon Building, Cloisters

ph: (08) 8303 5430/5915

[www.union.adelaide.edu.au/student\\_care/index.html](http://www.union.adelaide.edu.au/student_care/index.html)

The Union has three Education/Welfare Officers (EWOs) - Chris Gent, Vicki McCoy and Kylie Aitken - and a Housing and Loans Officer - Alyson Seidel.

The EWOs advise students about welfare resources on campus, financial matters (Youth Allowance, Austudy, Abstudy, Social Security), personal issues and academic matters.

The EWOs also act on behalf of the student population seeking representation concerning academic and administrative matters and appeals, and can offer advice on matters concerning students with disabilities, overseas students and student parents.

The housing officer sources affordable accommodation for students.

Appointments can be made by phone and further information is available through the Student Care home page.

### *Student Services*

The Union offers a number of other facilities within the Union complex, including the Cinema and Little Theatre and a range of rooms which may be booked for meetings, forums, productions, films, conferences or whatever. Bookings can be made at the Union Office (see details above).

The Union also houses a number of commercial tenants such as UniBooks, the Record Shop and Student Travel Australia (STA).

**The Craft Studio**, level 4 (west corner), runs courses in pottery, photography, yoga, bar and waiting. It also provides hair cuts, screen-printing and bonds t-shirts at student prices. T-shirt printing is also available at small or large orders.

**The Union Resource Centre**, on the Mezzanine Level in Union House, has both IBM and Macintosh computers and offers laserprinting, photocopying, binding and laminating, colour printing and scanning. Software packages include Microsoft Office DTP, Word Perfect and Microsoft Works. Staff are on hand to provide assistance and regular tutorials are provided. Student can phone on (08) 8303 3124 or email at [resource.centre@smug.student.adelaide.edu.au](mailto:resource.centre@smug.student.adelaide.edu.au)

**A Women's Room** (the Anna Menz Room) is provided by the Union for the exclusive use of women on campus. The facilities include toilets, showers, a kitchen area, changing facilities for children, a rest area, lounge area and study area. It is located on the Basement Level of the Lady Symon Building.

**The Rainbow Room** (Level 6, Union - opposite the lift entrance) offers a safe space for all non-heterosexual students, staff and friends. The room is open 6.00am - 5.10pm.

### *Roseworthy Campus*

Union facilities are available at the Roseworthy Campus and students studying at Roseworthy are also members of the Roseworthy Agricultural Student Union Council (RACSUC). A range of activities and services are provided, including a tavern, lounge, canteen, equipment hire, lockers and photocopying facilities.

There are various recreational areas available for student use, including a weights room and a swimming pool. Legal aid and medical care are also provided.

### *Waite Campus*

Students at the Waite campus are also members of the Union and their activities are organised by the Waite Institute Students' Association (WISA). Student services, including the Union Administration, students' common room and the gym, are located downstairs in the McCloud Building. Upstairs, the WP Rogers complex houses the Lirra Lirra Café and Bar.

### **Students' Association (SAUA)**

George Murray Building, Union Complex  
ph: (08) 8303 5406, fax: (08) 8223 2412  
[www.saua.asn.au](http://www.saua.asn.au)

Upon enrolling at University you automatically become a member of the Students' Association. The SAUA is an autonomous affiliate of the Adelaide University Union to which you paid your Student Services fee. The role of the SAUA is to structurally and individually represent all Adelaide University students to the government, our university and the wider community.

The SAUA is run by student office bearers, dedicated SAUA staff and last, but not least, students not unlike yourself. Decisions of the Association are made by SAUA Council and its standing committees whose members are elected from the student community during annual elections. The Students' Association provides representation, services and runs activities for the 13,000 students on all our campuses. SAUA office bearers include:

#### *Office Bearers:*

President	Bek Cornish
Activities/Campaigns Vice-President	Paul Huebl
Education Vice-President	Georgia Heath
Environment Officer	Sarah Hanson
Orientation Coordinator	Sally Field
Sexuality Officer (female)	Asta Cox
Sexuality Officer (male)	Adrian Di Paola
Women's Officer	Elise Duffield

### *Staff:*

Project/Research Officer	Phil Harrison
Desktop Publisher	Fiona Dalton
Administrative Assistant	Felicity Lellow

### *Activities*

The SAUA runs many terrific activities throughout the year including:

- Orientation Week
- Prosh (for charity)
- Environment Week
- Re-Orientation Week (semester 2)
- Women's Week (celebrating women's participation in higher education)

Check it all out and get into Uni life!

### *Counter Calendar*

Do you want to know what your courses and lecturers are really like? - then grab a copy of the Counter Calendar. It's the only place you will find the student perspective on 'what's hot and what's not' in terms of assessment, lectures, tutes, pracs and much more. Get a copy and benefit from the experience of students who have 'been there and done that'.

### *Have Your Say*

It is your Students' Association, use it! Feel free to drop in anytime or if you prefer, make an appointment and have a chat to any of the office bearers. Get involved in campaigns and make use of our services. Get involved in your student organisation, because it's the best way to discover there's more to University life than study.

### *Individual Grievances*

Any problems you are having at University, whether it be poor lecturing, a problem with a tutor, your grades, or sexual harassment, we have office bearers who are able to help you. Assistance with financial, welfare or a myriad of other matters can also be given by the Union's

Education Welfare Officers (EWO's). Please call into the SAUA office or phone us and someone will be able to help you if you need it or assist you in the right direction or just lend a supportive ear.

### *Orientation*

Feel completely lost or out of it? Well then, don't panic! That's why the Students' Association (SAUA) runs Orientation each and every year. During Orientation you will be introduced to the plethora of student services and organisations that exist to make your transition into University more enjoyable. The Orientation program is divided into several parts:

#### **Orientation Ball (O'Ball)**

The ultimate end to the Orientation experience and one of the hottest concerts for the year. Previous performers have included The Whitlams, Magic Dirt, The Mavis's, Superjesus and Grinspoon. Get your tickets early from the SAUA office or selected record outlets.

#### **Orientation Camp (O'Camp)**

The 2002 O'Camp will be held at a great location in Enrolment Week and O'Week. Fill out the application form you received with your SATAC offer or visit the stalls during Enrolment and/or the SAUA office. Hurry as places are limited.

#### **Orientation Guide**

Your University survival kit. It's full of helpful hints and valuable information that will help you through the 'Uni jungle'.

#### **Orientation Week (O'Week)**

Be prepared for a week of non-stop activities during O'Week: 25 February - 1 March. Find out everything you want to know about University life whilst enjoying free food, drinks, competitions, giveaways and lots more. Pick up an official program from the SAUA office during O'Week or at the official O'Week Welcome, first thing Monday, 25 February. Don't miss the most exciting week of the University year!

### **Orientation - Roseworthy Campus**

The Student Union holds a range of activities throughout Orientation Week. Due to the success of the Orientation activities in previous years we will be following a similar program. Activities will include activities such as a free Barbecue; Champagne Breakfast; Treasure Hunt; Video Night; Welcome Back Show; Gymkhana; New Students' Test and Orientation Ball.

### **Orientation - Waite Campus**

The Waite Institute Students' Association (WISA) conducts a range of events to assist students with the transition to tertiary study. So, look out for stalls and 'O' helpers to help steer you in the right direction.

### **Student Diary & Library Tours**

Come into the Students' Association and pick up a diary when you book your library tour. If you plan on making a smooth transition in to the rigours of University study, it is strongly recommended that you go on a library tour.

### *Representation*

The SAUA represents students both within the University, on various committees and directly to senior management, as well as to the wider community through the lobbying of state and federal governments and through representation to and by the National Union of Students.

The SAUA provides a student voice on a range of issues and regularly lobbies the State and Federal Governments on matters concerning our education - eg, HECS and the Common Youth Allowance. The Students' Association is also your voice in the University itself. SAUA representatives sit on many University committees advocating on your behalf, whether it be on teaching quality, returning exam papers, issues of equal opportunity or health and safety requirements. If there is something you see that is happening at University that needs changing or you have any suggestions come in and tell us. That's why we are here.

### *Services*

Services provided include:

- accommodation service
- cheap photocopying
- cheap movie tickets and phone cards
- dry cleaning
- employment service (website)
- fax machine
- *On Dit* (student newspaper) & other publications
- Student Radio

### **Textbooks**

Lists of textbooks and reference books are not included in the University Calendar, except for the awards of Bachelor of Laws and Bachelor of Dental Surgery, where it is necessary for accreditation purposes. For details on textbook requirements for your courses please contact the relevant Departments.

### **Wilto Yerlo**

ph: (08) 8303 3623, freecall 1800 651 763  
[www.adelaide.edu.au/wilto\\_yerlo/](http://www.adelaide.edu.au/wilto_yerlo/)

Wilto Yerlo is the primary access and support centre for Aboriginal and Torres Strait Islander students at the University. It provides academic and general support as well as delivering some key academic programs. Wilto Yerlo offers a Foundation Science Program and a Foundation Program in the Humanities and Social Sciences

(Level II of the Humanities and Social Sciences program can be taken in conjunction with mainstream Level I courses). It also offers unique programs such as a Foundation Year, Advanced Certificate and Associate Diploma in Aboriginal Studies in Music through the Centre for Aboriginal Studies in Music (CASM).

Wilto Yerlo staff assist Aboriginal and Torres Strait Islander students with special entry to the University through the Aboriginal and Torres Strait Islander Access Scheme. A variety of academic and support services are provided across the University campuses.

Services to students enrolled in programs include assistance with travel and accommodation, tutorial support, and advice on financial assistance including Abstudy, scholarships and cadetships. Student facilities include a computing suite, photocopier and common room.

Tutoring is available to Aboriginal and Torres Strait Islander students through the Aboriginal Tutorial Assistance Scheme (ATAS). The ATAS coordinator is located in Room G19, Hartley Building, ph: (08) 8303 3626.

Students seeking further information or assistance can contact Student Support Officers at the North Terrace Campus.

### **Workshops**

Workshops are run through out the year on a large range of topics to assist students to maximise their academic success.

These workshops are provided free in relation to academic skills, job search skills, personal issues and matters relevant to international students.

For information on the workshop program contact the Advisory Centre for University Education (ACUE), Careers Service, Counselling Centre or the International Student Centre. Programs are available from the Student Centre.

# STUDENT POLICIES, RULES AND PROCEDURES

---

There is a range of policies, rules and procedures related to students that cover the administration of academic programs, academic requirements and conduct. Students are required to be aware of and comply with relevant policies and rules so are advised to familiarise themselves with them to gain an understanding of their rights and responsibilities as a student.

## **Academic Program Rules**

---

The Adelaide University Calendar, Parts 1 & 2 (available for reference in the Student Centre or at [www.adelaide.edu.au/calendar](http://www.adelaide.edu.au/calendar)) contains *specific academic program rules*, which specify the academic requirements for individual programs, and *general academic program rules*, which include general rules relating to studying at the University. All students must comply with these rules. Students are advised to pay particular attention to the following rules and procedures.

## **Amendments and Withdrawals**

Subject to the requirements of your academic program you may amend your enrolment to add or withdraw from a course by completing and submitting an Amendment to Enrolment form to your Faculty/School office or through online access to the University's student administration system *Access Adelaide*, via the University website.

Amendments to enrolments may result in a change to your study load that could change you from part-time to full-time, or vice versa. You need to consider whether changes to your enrolment will have any implications for HECS and tuition fees, the Student Services Fee or your entitlement to concessions or support as a full-time student.

Withdrawals have different consequences depending on whether you are withdrawing from a semester 1, 2 or full year course, and when you withdraw from the course. There is a list of critical dates (see page 22) which details the last day to withdraw and have your course/program deleted, have a 'withdraw not fail' (WNF) recorded or a 'withdraw with a failure recorded' (WF). You may find yourself precluded from further study in a program if you incur a WF.

It is recommended that you seek advice from your program adviser, faculty/ school registrar, the counselling centre or an education and welfare officer before making any significant changes to your enrolment.

## **Assessment Policy and Appeals**

The Assessment Policy establishes principles and procedures under which departments assess students' work, and under which students may claim a review of an assessment mark or seek resolution of a grievance about assessment or academic status for work done elsewhere. The general principles reflect existing practices in the University but do not apply in their entirety to every program or discipline - some faculties and departments follow additional assessment principles to meet specific needs.

Summaries of assessment procedures for courses are given in the syllabus entries in the University Calendar (Parts 1 & 2). Precise details of the assessment methods should be determined and provided to students by the department or school no later than two weeks after commencement of the course. These include methods of examination and assessment in that course and the relative weights given to the various components (eg,

assessments, attendance requirements, semester or mid-year tests, essays, other written or practical work, final exams, viva voce exam, etc.). In many courses (not all) students are given an opportunity to redeem any assessed work that they fail.

### *Postgraduate Students*

For information and advice on supervision and related matters, contact your supervisor, departmental postgraduate coordinator, Dean of Graduate Studies or the Postgraduate Students Association. All postgraduate students should receive a copy of the *Code of Practice for Maintaining and Monitoring Academic Quality and Standards for Higher Degrees* - if you do not, please contact the Student Centre to obtain a copy.

### *Undergraduate Students*

For information and advice on assessment matters contact your course coordinator, head of department or school, faculty/school program adviser, or registrar.

### *General Assessment Policy Principles*

- 1 Types of assessed work should be appropriate to the learning objectives of the course.
- 2 As much assessed work as possible should be discussed with the students who produced it. Where appropriate, it should be returned with written comments, to provide feedback about their strengths and weaknesses.
- 3 The total burden of assessed work should not be such as to affect students' approaches to learning in ways that are inconsistent with the learning objectives of the course.
- 4 In many disciplines, there are a variety of ways in which students may demonstrate their understanding and mastery of the subject matter and techniques. Where this is compatible with the need to assess various objectives, students should be given some choice in the types of work they submit, or the relative weight of different components. In some disciplines it will be appropriate for students to have some choice in the particular subject matter they focus on.
- 5 Departments should, with the active participation of students, periodically review the methods of assessment, the relative importance and validity of different types of assessment, the range of choice and the quantity of work required.
- 6 Students may have the opportunity to undertake supplementary assessment if they fail a course. Where a substantial piece of work submitted during the teaching of a course is judged below pass standard, the student should have the opportunity to submit another piece of work for assessment.
- 7 Departments are required to inform all students in writing, either before or within the first two weeks of the teaching of each course, precisely what its assessment requirements are, including any choices, deadlines, opportunity for re-submission or supplementary assessment, etc. Opportunity should be given for students to ask questions and discuss the modes of assessment.
- 8 Where practicable, assessment procedures should be designed to allow for the participation of more than one assessor for each student. (It is recognised that many specialist courses in the later years of programs are taught and assessed by one person. Departmental moderation of standards is advisable to ensure maintenance of comparability.)
- 9 Departments should take steps to ensure accuracy and to guard against bias. Checking of additions, and of the assessment of students with marks at the borderline between assessment grades, should be standard procedure. Anonymity of work submitted may be desirable as a protection against bias.

### *Assessment Procedures and Appeals*

For detailed information on assessment policy and appeals, undergraduate students should refer to the Calendar, Part 1, Undergraduate Academic Programs - General Academic Program Rule 6.1. Postgraduate students should refer to the Calendar, Part 2, Postgraduate Academic Programs - General Academic Program Rule 6.1.

### **Class Attendance**

Students are normally required to attend lectures, tutorials, laboratory or other practical work, and/or field work. However, as departments and schools vary in their emphasis on attendance at classes, students are advised to check with the relevant academic areas about requirements at the beginning of the year.

Students who are not permitted to sit an examination for assessment in a course because of unsatisfactory attendance or unsatisfactory work will have a 'fail' recorded for that course.

Students are advised to check the specific academic program rules in the University Calendar, since attendance requirements may vary from program to program.

### **Deferrals**

If you have accepted an offer of study through SATAC, but you wish to defer your studies for a year or longer, you should follow the procedure outlined under *Amendments and Withdrawals* and also immediately notify SATAC.

Please note that not all programs allow deferral. You should check procedures for future enrolment with your School or Faculty Office.

If you commence studies and wish to defer/withdraw after 31 March of the current year, then you need to follow the procedure outlined under *Amendments and Withdrawals* [see page 49].

### **Gene Technology**

New legislation came into force in June 2001 that could have significant implications for students involved in research or teaching practicals in gene technology.

If you find yourself involved in gene technology work that is neither exempt nor licensed you could find yourself facing substantial penalties.

A website *Gene Technology Resources* has been set up to help students cope with the new regulations and can be located at [www.adelaide.edu.au/VCO/staff/genetech/](http://www.adelaide.edu.au/VCO/staff/genetech/)

### **Plagiarism and Related Forms of Cheating**

Plagiarism is expressly prohibited by Rule 17 *Of Examinations and Other Forms of Assessment* ([www.adelaide.edu.au/secretariat/webdocs/statutes/rulesexam99.htm](http://www.adelaide.edu.au/secretariat/webdocs/statutes/rulesexam99.htm)) which states:

No candidate shall submit for assessment, whether by examination or otherwise, any piece of work which is not entirely the candidate's own, except where either:

- (a) use of the words or ideas of others is appropriate and is duly acknowledged *or*
- (b) the examiner has given prior permission for joint or collaborative work to be submitted.

### *Definition*

Plagiarism consists of a person using the words or ideas of another as if they were his or her own. The University regards plagiarism as a very serious offence. At the very least it is a misuse of academic conventions; where it is deliberate and systematic, plagiarism is cheating and false pretences. It is the obligation of every member of the University to understand and respect the rules concerning plagiarism; the excuse of ignorance will not be accepted.

Plagiarism can take several forms:

- i presenting substantial extracts from books, articles, theses, and other published or unpublished works such as working papers, seminar and conference papers, internal reports, computer software, lecture notes or tapes, and other students' work, without clearly indicating their origin with quotation marks and references such as footnotes
- ii using very close paraphrasing of sentences or paragraphs without due acknowledgement in the form of reference to the original work
- iii quoting directly from a source and failing to insert quotation marks around the quoted passages. In such cases, it is not adequate merely to acknowledge the source.

**Note:** be careful in your note-taking because plagiarism may arise inadvertently. If your notes include quotations or paraphrasing, make sure that fact is recorded so that you do not mistake the work of another for your own and so that you can source the material in your final draft.

### *Related Forms of Cheating*

Other forms of cheating which will also be treated with the utmost seriousness include:

- i submitting work written by someone else on the student's behalf
- ii submitting another student's work whether or not it has been previously submitted by that student
- iii two students separately submitting the same piece of work upon which they have illicitly collaborated

note: students can and do work together on projects and assignments. This is good practice, and many find it rewarding. The work of each student, however, which is submitted for assessment must be work of that student alone except for material which is acknowledged as being derived from another - even another student. Study together and discuss your assignment with others - but ensure that the work submitted is your own. Do your writing quite independently. When in doubt consult your

course coordinator and get written permission to work together on projects and assignments.

- iv a student submitting a piece of his or her own work for two different courses
- v a student assisting any candidate in an examination or other piece of assessed individual work, or accepting assistance in such an examination or other piece of assessed individual work, except in accordance with approved study and assessment schemes
- vi a student having in his or her possession during an examination any material other than that which the examiner has specified as permissible
- vii a student causing any disturbance or engaging in conduct likely to disturb any other candidate in an examination (the Senior Examination Officer may require a candidate causing any disturbance to leave the examination room).

Cases of plagiarism or related forms of cheating will be dealt with under Rule 17 *Of the conduct of Students in the University*, and associated rules.

### **Program Overloads**

Students who contemplate undertaking more than a normal program load must obtain approval of their program from their faculty's program adviser. If a student is enrolled in two faculties, approval of an adviser from each faculty is required.

If the extra course/s are not included in the specific academic program rules for their programs, students may be charged non-award tuition fees.

Students should be aware of the full implications of their choice to take a program overload and they may wish to discuss the question with a member of the University's counselling centre staff or an education and welfare officer. Please refer to General Academic Program Rules - Rule 5.5 in the University Calendar, for further information.

## Repeating Students

Students who are repeating courses, particularly a laboratory course, which they have failed, may be eligible to be granted exemption from lectures (if they are compulsory), tutorials or seminars, practical work and examinations (practical or written). Preliminary enquiries should be addressed to the academic areas concerned or the relevant faculty/school registrar.

## Review of Academic Progress

Students whose academic progress is considered to be unsatisfactory may be precluded from taking further studies in the program for which they are enrolled, or further enrolment in that program may not be permitted for one academic year or semester, as appropriate. Alternatively, they may be permitted to re-enrol, but with a restricted program of study, or a recommendation for suitable academic counselling or other support.

## Transferring Programs (Undergraduate)

Students wishing to transfer from one program to another at Adelaide University, or from one institution to another within South Australia, must lodge an application form with the South Australian Tertiary Admissions Centre (SATAC) by the normal closing date (usually the end of September). Late applications may be accepted for some programs on payment of a late fee.

## Work and Study Environment

---

Students and staff members of the University are expected to behave in a manner that allows University other staff members, students and visitors to pursue academic, scholarly and recreational activities in a safe and supportive environment. The University issues a number of statements and policies to implement this aim. Students may consult the university website at [www.adelaide.edu.au/student/current/policies.html](http://www.adelaide.edu.au/student/current/policies.html) for more information on policies related to conduct, but are asked to make note of the following:

### Conduct

The University believes that although an education institution is necessarily challenging and competitive, a comfortable, supportive and tolerant atmosphere is vital.

Adelaide University expects:

- all students and staff of the University to treat each other with respect
- all students and staff of the University to treat the University environment and property with care
- all students and staff of the University to become familiar with and to follow all University policies and practices that are relevant to their field of study or work
- all students and staff of the University to observe their colleagues' right to work and study in an environment free from harassment in the form of intimidation, threat and humiliation.

The University recognises that academics have a duty of care to their students. Academics have an obligation to diligently teach and assess students. Academic and general staff are expected to respond to the diversity of students' needs and to pay due attention to student feedback.

Actions which take the form of harassment or assault or which are coercive, including those which are justified on the basis of being an initiation into, or punishment within, a group, club or residential college, are unacceptable.

The University expects staff, students and affiliate bodies to take reasonable steps to ensure that discrimination and harassment does not take place.

### **Who is covered by this statement?**

All members of the University, academic staff, general staff, students (award, non-award and continuing education), contractors and visitors are expected to observe the guidelines described in this document.

### **What is the statement for?**

Its purpose is to establish and communicate the standards of behaviour expected at this university.

This document exists separately to University policies, as it is a general guide of what the University recognises as appropriate behaviour

### **What if the guidelines are ignored?**

If you believe that you have suffered as a result of someone behaving outside these stated expectations, contact the offices listed below to discuss the best way to deal with the issue. There are processes for dealing with general misconduct. The people below can advise on the specific application of these procedures in an individual case.

### *Misconduct*

Misconduct by a student is an offence as defined in Chapter 12 of the Statutes: Of Conduct of Students in the University. Misconduct means:

- any act or omission of a student prohibited by a Statute, regulation, rule or by-law of the University
- any other unjustified act or omission of a student which adversely affects the University or any member of the University in his/her capacity as such

- student means any person who is enrolled as a candidate for an award, or for any program of study offered by the University for an award
- unless another Statute, regulation, rule or by-law provides another process, any complaint of misconduct made by a member of the University against a student shall be dealt with in accordance with the rules made pursuant to this statute.

### **HIV/Hepatitis B Policy**

The University's policy on AIDS and Hepatitis B provides that all students, staff and visitors are guaranteed the following protection:

- the right to confidentiality
- a study or work environment free from discrimination and harassment
- access to clearly defined grievance procedures.

Information is provided by the University Health Service, the Counselling Centre and the Education and Welfare Officers.

The Faculty of Health Sciences requires all undergraduate and postgraduate students entering the Faculty for the first time to attend the University Health Service within four weeks of their initial enrolment for advice regarding investigation of their Hepatitis B status and subsequent Hepatitis B immunisation. Counselling on 'duty of care' in relation to infectious diseases is provided.

All clinical students are required to abide by those hygiene rules laid down by the clinics and hospitals which they attend.

\*The Procedures related to students with HIV/Hepatitis B are currently under review\*

## **Safety Procedures**

Adelaide University recognises its obligation to take all reasonable precautions to safeguard the health, safety and welfare of its employees and students while they are at work. The University also believes that students leaving this University must take with them an attitude which accepts good health and safety practice as normal.

All who work in laboratories must comply with *Laboratory Conduct Procedures*. Students who fail to comply with these procedures will not be allowed to work in the laboratory. General laboratory rules include:

- no eating, drinking or application of cosmetics in laboratories
- closed-in footwear must be worn at all times (bare feet, thongs and sandals are prohibited)
- laboratory coats, or gowns tied at the back, must be worn
- aisles must be kept free from obstructions.

A copy of the *Laboratory Conduct Procedures* is available from Department Secretaries, Department Health and Safety Officers, or the Occupational Health and Safety Unit and are contained in rule 7.4 of the General Academic Program Rules in the Adelaide University Calendar (Part 1 & 2).

## **Sexual Harassment**

### *Policy Statement*

Adelaide University is committed to providing a work and study environment which is free from sexual harassment for all members of the University community. Sexual harassment is unlawful and unacceptable within the University, and:

- individual staff and students are responsible for ensuring that they do not subject other staff or students to sexual harassment while involved in any University activity
- staff supervisors and managers must ensure that, as far as practicable, the work and study environment for which they are responsible is free from sexual harassment
- staff who conduct teaching and learning activities for students must ensure that, as far as practicable, the study environment is free from sexual harassment

### *Defining Sexual Harassment*

Sexual harassment consists of unwelcome sexual advances, unsolicited acts of physical intimacy, unwelcome requests for sexual favours or other unwelcome conduct of a sexual nature. Sexual harassment is defined by law from the perspective of the recipient and it occurs if the recipient feels offended, humiliated or intimidated by the conduct and it is reasonable, in all the circumstances, that the recipient would feel offended, humiliated or intimidated.

### *Seeking Advice*

A person may wish to seek advice about sexual harassment without necessarily wishing to pursue a complaint. Some wish to make a statement of their concern about a situation, but not a complaint.

### *Resolution Procedures*

The University recognises its responsibility to take prompt and effective action to deal with complaints of sexual harassment.

The University's Sexual Harassment Complaint Resolution Procedures are summarised as follows:

- advice and support
- complaint resolution through facilitation
- complaint resolution through investigation

Complaint resolution procedures include:

- a network of Contact Officers
- a group of University Facilitators
- Sexual Harassment Panels to investigate formal complaints of sexual harassment

### *Contact Officer Network*

A network of trained Contact Officers is available to give advice and support on sexual harassment issues. Any person may seek advice about sexual harassment without necessarily wishing to make a complaint.

Anyone with doubts about disclosing details of alleged sexual harassment should first seek the advice of a contact officer. Up-to-date lists are available from:

- Student Centre
- Human Resources Branch
- Postgraduate Students' Association (PGSA)
- Staff Unions
- Students' Association (SAUA)
- Student Counsellors/EWOs

### *Resolution through Facilitation*

Complainants may choose this option if they decide that they cannot resolve the matter themselves and they want a third party to facilitate a resolution of the complaint.

### *Resolution through Investigation*

Any person who feels that she/he has been sexually harassed may choose other options than using the complaint resolution procedures. These options include:

- discussing the matter directly with the person causing the concern
- pursuing the complaint through another representative body such as a relevant industrial or student union
- pursuing the complaint outside the University under equal opportunity or sex discrimination legislation
- taking the complaint to the police, where the behaviour is thought to constitute criminal behaviour, such as sexual violence, obscene communications and stalking.

If in doubt, seek advice assistance from the Contact Officers listed on page 51.

## Administrative Policies and Procedures

---

The University maintains a register of policies and procedures for students related to the administration of academic programs. The policies and procedures cover areas including:

Admission  
Charging and refunding of fees  
Complaints  
Enrolments  
Examinations  
Privacy.

Students may consult the register of policies at the University's Centralised Library of Online Documents (CLOUD) available at: [online.adelaide.edu.au/doclib.nsf/DocsByKeywords](http://online.adelaide.edu.au/doclib.nsf/DocsByKeywords)

Most of the relevant policies are available under the headings of Student Administration and Information Management. Students may contact Policy and Appeals ((08) 8303 3341/7503) for further information. Students are advised to familiarise themselves with the administrative policies and procedures and to take note of the following in particular:

### Privacy Policy and Privacy Management Plan for Personal Information

The University has a Privacy Policy and a Privacy Management Plan for Personal Information that explain the kinds of student personal information that the University collects and holds, and how, why and when it uses that personal information.

### Student Complaints Policy

Adelaide University is committed to the continuous improvement of its academic and other services for students, and to adequate, transparent and easily activated procedures to deal with complaints. Under the Policy and Procedures for the Prevention, Handling and

Resolution of Student Complaints, students can make a formal complaint about the delivery of any academic or administrative service offered by the University. The University will treat complaints seriously and endeavour to achieve fair resolutions using the principles of natural justice. The University is committed, wherever possible, to dealing with complaints at the local level. The Policy and Procedures are available at [www.adelaide.edu.au/student\\_complaints/Contents.htm](http://www.adelaide.edu.au/student_complaints/Contents.htm). A summary of the complaints process is provided below.

### *Summary of Complaints Process*

#### **Stage 1**

When a problem or issue arises, students are advised to seek information and assistance from University or Union services.

Students have 3 options for proceeding:

- take no further action
- make comments or suggestions
- make a complaint

#### **Stage 2**

A student makes a complaint (oral or written) to the member of staff responsible for the service, decision or action about which they wish to complain. Staff will endeavour to find a resolution. The majority of complaints are resolved successfully at this stage.

#### **Stage 3**

Students who feel that their complaint has not been satisfactorily resolved can request a review by the Head of Department or administrative Branch Manager. Heads and Managers will independently review the complaint and either support the original offer of resolution or provide an alternative resolution. Where the Head or Manager was involved in initial attempts at resolution or has a conflict of interest the review should be conducted by the next managerial level.

#### **Stage 4**

Students can lodge a written appeal with the Secretariat to the Student Appeals Committee. A Student Appeals Committee will be convened to hear the complaint and make a final decision based on all the evidence presented. The decision of the Student Appeals Committee is final.

Students making a complaint or appealing against a decision of an administrative or academic area are advised to seek assistance from one of the following:

- Student Centre staff
- International Student Centre staff
- Student Support Services staff
- Wilto Yerlo student support officers
- staff or elected representatives in the Adelaide University Union (AUU), including the Education and Welfare Officers (EWO's) in Student Care
- staff or elected representatives in the Students' Association (SAUA), including the Waite (WISA) and Roseworthy (RACSUC) Students' Associations
- staff or elected representatives in the Overseas Students' Association (OSA)
- staff or elected representatives in the Postgraduate Students' Association (PGSA).

#### **Computing Facilities**

Computing facilities provided by the University for students are primarily for use in association with a program of study and activities related to that program. It is expected that all students will make use of University computing facilities in a manner which is ethical, legal and does not interfere with use by others.

Failure to abide by the rules laid down (see General Academic Program Rules - Rule 7.1, in the University Calendar) will be treated as misconduct and may result in disciplinary action.

Further, students may not

- copy any software other than their own, unless it is public domain software, or the copying has been authorised by the University
- attempt to copy information belonging to other users (whether they be staff, students or others) without their express permission
- attempt to interfere with the operation of computing facilities
- attempt to subvert the security of any of the University's computing facilities
- use the University's computing facilities to send obscene, offensive or harassing messages.

#### **Enrolment**

Procedures for enrolment, the enrolment timetable and faculty/school enrolment information are provided in the Enrolment Guide. For further information on policies and procedures relating to enrolment, please refer to Section 5 of the General Academic Program Rules (Part 1, Undergraduate Academic Programs and Part 2, Postgraduate Academic Programs) in the Adelaide University Calendar.

#### **Examinations**

Most examinations are held in June, July, November, and December (see Academic Year 2002, pp. 24-25).

Timetables indicating dates, times and locations of examinations are posted on North Terrace Campus noticeboards in the undercroft of the Napier Building, Johnson Building Verandah, and Students Association Cloisters, and the main notice boards at Roseworthy and Waite Campuses. The final timetable is also available online and on the web at [www.adelaide.edu.au/studentadmin/examtt.htm](http://www.adelaide.edu.au/studentadmin/examtt.htm)

### *Notification of Results*

All students are notified of their results by post. Notification of Results slips are sent to the permanent home address from November to January. This is particularly relevant to International students or students planning to travel. (If a student does not re-enrol, notifications continue to be sent to the home address till April). Mid-year results are sent to the student's semester address. Examination results can also be accessed online (see *Access Adelaide* entry page 40).

### *Rules for the Conduct of Examinations*

Rules pertaining to the conduct of examinations, special arrangements and supplementary examinations are contained in General Academic Program Rules - rules 6.3 - 6.4, in the Adelaide University Calendar, Part 1: Undergraduate Academic Programs.

It is essential that students familiarise themselves with these rules and are aware of their rights and responsibilities on these matters. Because of the critical importance of these rules, excerpts are repeated below:

- no candidate shall enter the examination room during any examination more than forty minutes after the time fixed for the beginning of the reading period of the examination except with the consent of a supervisor
- no candidate shall be allowed to leave the examination room during any examination before forty minutes have elapsed from the commencement of the reading period of the examination except with the consent of a supervisor
- a candidate who wishes to leave the room temporarily must obtain the consent of a supervisor before doing so
- a candidate who leaves the examination room may be permitted to return to it during that examination only at the absolute discretion of a supervisor

- when the five-minute warning before the end of the examination is given, candidates shall remain seated, until their examination papers have been collected
- candidates shall remain seated until all examination papers have been collected and an announcement is made by a supervisor that candidates may leave the room.

### *Special Arrangements*

In order that the university can ensure that any adjustments to examination conditions required by students are made, students who believe they need special consideration, for medical or other reasons (eg. religious grounds), should submit the appropriately authorised form to the Examinations Office early each year. Late requests for adjustments to examination conditions which arise from a medical condition developing after the final timetable has been published, will be accommodated wherever possible.

Where the request for a special circumstance examination relates to an on-going condition, students are advised to discuss the matter early in the semester with their lecturer. This will ensure that the examination is part of an overall learning plan taking into account the student's individual circumstances. Special Circumstance application forms, Learning Plans and Disability Verification forms are available from faculty offices, the Disability Liaison Officer, Student Centre and Examinations Office. The Disability Liaison Officer is available to discuss how to use the Learning Plan, issues associated with verifying a disability, and confidentiality.

### *Supplementary Assessment*

Information relating to supplementary assessment is listed in General Academic Program Rule 6.4 in the Adelaide University Calendar Part 1: Undergraduate Academic Programs. Students should familiarise themselves with the conditions laid down in the Calendar.

Students who are prevented by illness or circumstances beyond their control from attending an examination, or believe that illness or special circumstances have significantly affected their preparation or performance, may apply to their Faculty/School for a supplementary examination on medical or compassionate grounds.

Supplementary examinations may also be granted on academic grounds.

### *Academic Supplementary Assessment*

A candidate may be granted supplementary assessment in a course only in circumstances approved by the Head of Department or Centre administering that course and consistent with any expressed University policy. Please refer to General Academic Program Rule 6.4 in the University Handbook.

### *Applications for Supplementary Examinations on Medical/Compassionate Grounds*

Applications for supplementaries, on medical or compassionate grounds, are to be lodged with the Faculty/School Registrar within seven days of the corresponding primary examinations. Applications should be made on the appropriate forms which are available from faculty/school offices, the Student Centre or at: [www.adelaide.edu.au/student/current/exams.htm](http://www.adelaide.edu.au/student/current/exams.htm)

### *Granting of Medical Certificates*

In order to minimise confusion and to ensure that students are not disadvantaged, students are reminded of the following important points in relation to applications for supplementary examinations on medical grounds.

- as a general rule, you should attempt the examinations
- if you submit an application on medical grounds, it will be to your advantage if you are able to see a doctor on the day of the illness so that an accurate assessment of your condition can be made
- retrospective certificates are not accepted
- the category of unfit to sit an examination is reserved for major illness that prevents attendance at the examination. It may be that advice to you from your local doctor that you are unfit is not supported by clinical symptoms and signs that are documented
- as a general rule, the University does not consider minor ailments such as colds and mild respiratory infections as grounds for being certified unfit to sit an exam
- the advice provided to the University Faculties/Academic staff by your medical practitioner is advice - the final decision on whether or not you are granted a supplementary examination remains with the Academic staff.

### *Supplementary Examination Period*

The principal supplementary examination periods are July and December. Where the approved assessment procedures for a course include supplementary examinations in July or December, Departments will notify students of offers, dates, times and venues by posting notices on the Departmental notice-board and/or by contacting students directly. Students will need to apply directly to the relevant Faculty/School concerned with appropriate supporting evidence if they seek supplementary examinations in July or December on medical or compassionate grounds.

Supplementary examinations are conducted at the North Terrace Campus.

Alternative examinations will not be arranged by the Examinations Office for students, except where the student is representing the University, state or country in a significant event, or for reasons connected to their program of study. Students planning to go away on holidays during the long vacation are advised to take this into account. *Student Travel Australia* (Union House) provides insurance coverage for students interrupting travel in order to return to Adelaide to sit supplementary examinations.

### *Recording of Results*

Where students have undertaken supplementary examinations on academic grounds only the final result will be recorded on the academic transcript. For students who pass courses after academic supplementary examinations, the maximum result that may be recorded on the academic transcript is the minimum result which will allow the student to pass to the next level in a course: viz 50 Pass for those courses with the grading scheme of HD, D, C, P CP and F or 55 Pass Division 1 for those courses with the grading scheme of D, C, P1, P2 and F.

For courses with the grading scheme of HD, D, C, P1, P2 and F, a result of 50 Pass Division 2 may also be recorded on the transcript. That is, in cases where a student can achieve the maximum Pass result in the course but cannot proceed to the next level in the discipline if a Pass Division 1 is required. For example, a final mark of 53 after a supplementary examination in Biology I will be recorded on the transcript as 50 P2. This would allow the course to be counted towards the student's degree but would not permit the student to enrol in Botany II or any other course for which Biology I is a prerequisite.

### *Medical/Compassionate /Mixed Grounds*

The result of a supplementary examination granted on medical, compassionate or mixed grounds will be classified and the final result entered as the single final result in the course.

### **Refund Policy**

Adelaide University applies the following policy regarding the payment of refunds of tuition fees to international full fee-paying students. Domestic full-fee-paying students should consult the Student Tuition Fee Policy for arrangements for refunds:

### *Full Refunds*

A student is eligible to receive a full refund of tuition fees paid if:

- (a) Adelaide University is unable to provide the academic program offered
- (b) Adelaide University withdraws an offer of enrolment for reasons other than that stipulated under Partial Refunds (a) below
- (c) An application for a student visa to attend Adelaide University is denied
- (d) The student obtains Australian Permanent Residency status and officially informs Adelaide University before the census date of the semester (31 March for semester 1 and 31 August for semester 2).

Students granted permanent residency status after 31 March (for semester 1 or full-year courses) or 31 August (for a semester 2 courses) will be required to pay the full semester fee

Students enrolled in the M.B.B.S. will also be required to reapply for entry into the program

### *Partial Refunds*

A student is eligible to receive a partial refund of tuition fees paid if:

- (a) Adelaide University withdraws an offer of enrolment that was based on incorrect and/or incomplete information provided by the applicant. The refund will be the total amount paid, less 10% of the annual fee
- (b) The applicant decides not to enrol, after accepting an offer of enrolment. The refund will be the total amount paid, less 10% (+GST) of the annual fee
- (c) A student who withdraws from the academic program, and informs the University before the census date (31 March and 31 August) of the semester, will be refunded the amount paid for the semester, less 34 % of the amount due for the semester

### *No Refund*

- (a) A student is not eligible to receive any refund of the tuition fees paid if he or she withdraws from an academic program or obtains Permanent Residency status and informs the Adelaide University after the HECS Census date of the term

### *Conditions of the Payment of Refunds*

- (a) All requests for refunds must be made in writing.
- (b) Refunds will be made payable to the student or to the student's sponsor, as necessary
- (c) Refunds may be transferred to another institution if authorised by the student or the student's sponsor
- (d) Refunds will normally be made in Australian dollars.

### **Statutory Fees**

Membership of the Adelaide University Union is compulsory for every student and involves payment of a prescribed Student Services Fee that is payable by mid March, 2002. This fee is in addition to the HECS or tuition fee liability and is collected as part of the enrolment process. It is used to fund support services and social and cultural events for students,

Students who withdraw from a program during the year may be entitled to a partial or full refund of Student Services Fee already paid depending on the date of withdrawal. Applications for refunds of service fees should be made to the education and welfare officers (ph: (08) 8303 5430 or (08) 8303 5915).

Students with outstanding statutory fees will be placed in bad financial standing.

### **Student Ancillary Fees and Charges**

The University does not charge students for essential components of a course or its assessment and award, but it may charge for services or materials that are not compulsory.

The following are the University's ancillary fees and charges for 2002:

Academic transcript (for up to 4 copies minimum - \$2 each additional copy beyond 4 requested simultaneously)	20.00
Lamination of transcript	3.00*
Late enrolment fee	75.00
Notification of results (repeat) (per request/year of enrolment)	5.00
Overseas gown hire (including refundable deposit)	100.00
Reinstatement of enrolment	50.00
Replacement enrolment package	20.00
Replacement parchment	100.00
In absentia - Australian postage	15.00
In absentia - overseas postage	20.00
Student Guide & Timetable (free to new students)	2.00
Student Services Fee - late fee	30.00*
<i>Postgraduate Students :</i>	
Late scholarship application	50.00
Late re-enrolment	75.00
Resubmission fee 2 years after expiry of candidature - Ph.D	500.00
- Masters	200.00
<i>International Students:</i>	
Application fee	50.00*
Late charge for fee payment (fee applies to each late instalment)	100.00
Charge for refund of fees after accepting an offer of enrolment: 10%* of annual program fee	

International student withdrawal before HECS - 66% of fee paid for the semester is refunded.

\* Plus GST

Faculties, departments and schools may also charge fees to students for ancillary services such as non-compulsory lecture notes, books of tutorial readings and photocopy cards.

Note: fees quoted are correct at the time of printing, but may be subject to change.

### **Tape Recording Lectures**

The University's policy is that, in general, permission for students to use a tape-recorder at University lectures will not be granted. In special cases, however, such permission may be given, but only:

- if both the lecturer concerned, and the relevant Head of Department, approve *and*
- if the student gives a written undertaking that the recording will be for his/her own exclusive use, and will not be played to any other person *and*
- the recording will be destroyed as soon as possible after it has served its purpose.

Students who feel that in their case there are good reasons why they should be permitted to use a tape-recorder at lectures are advised to consult, in the first instance, the appropriate Head of Department. If medical considerations are involved they would also find it helpful to consult the Disability Liaison Officer, and in other cases, the University's Student Counselling Service.

### **Tuition Fees**

Students enrolled in fee paying programs are exempt from the Higher Education Contribution Scheme (HECS) and are instead required to pay the University the prescribed tuition fee up front.

Undergraduate tuition fee paying students are required to pay a non-refundable deposit of \$1000 (for full time students) prior to enrolment. The balance of the fees are invoiced for semester 1 in

February (due 15 March 2002) and semester 2 in July (due 15 August 2002).

Non-Award tuition fee paying students will be invoiced for their tuition fee based on the courses they have chosen.

A new government loan scheme, the Postgraduate Education Loan Scheme (PELS) has been introduced for 2002. Students undertaking postgraduate coursework programs may apply for a loan to pay their fees. Further information is available in the publication *PELS, Your questions answered*, which is available from the Student Centre.

### *Fee Payment Dates*

Fees for first semester and full year (first semester component) courses are payable by 15 March, 2002. Fees for second semester and full year (second semester component) courses are payable by 15 August, 2002.

Fees for trimester based programs (such as Graduate Diploma in Management and Master of Business Administration) have different due dates. Students enrolled in these programs should refer to the individual program hand books for details.

In most cases an invoice will be sent to the student prior to the relevant due date. If the student has not received an invoice prior to these due dates they should contact the Student Centre prior to the due date and arrange a replacement invoice. All fees must be paid on or before the due date. Students with outstanding fees will be placed in bad financial standing and be subject to late fees.

In order to avoid fee liability for any enrolment, students must have withdrawn from the relevant course (using an *Amendment to Enrolment* form lodged with the Student Centre) before the census date, ie 31 March for semester 1 or 31 August for semester 2.

Note: these dates are earlier than the Withdraw Not Fail dates in each semester/trimester.

Further information regarding tuition fees is available from the Student Centre.

### *Payment of Fees*

Fees are payable to any branch of the Bank of South Australia (BankSA), using Bpay, or at the Student Centre.

Students who are planning for their employer to pay their fees are responsible for settling their account before the due date. You can advise the University of a separate billing address for your invoice.

## Timetable Information

---

### General Information

**It is the responsibility of the student to ensure that their class schedule is correct at the commencement of semester.**

Though this timetable information is correct at time of publication, late changes can and do occur, resulting from enrolment and other factors.

Students should consult the timetable on the university's website for updated class times and rooms immediately prior to the beginning of semester: to find the timetable, go to [www.adelaide.edu.au](http://www.adelaide.edu.au), and follow the *Current Students* link to the *Timetable* page.

Students should also check department/school/faculty noticeboards at Enrolment and during Orientation Week to ascertain any late changes which have been made which may affect study programs.

### Timetable Explanatory Notes

# symbol is used when the student needs to consult the department, school or faculty publications for more detailed enrolment-related information.

#### *Semester Identifiers:*

- 1 Semester 1
- 2 Semester 2
- S Summer Semester
- O Orientation Week
- M Mid Year Break
- A Art History Term

#### *Codes and Class Identifiers*

The code which appears in the timetable signifies the subject area (eg, ANTH = Anthropology, CHEM = Chemistry) and the catalogue number, which together provide a unique identifier for each course taught by the University.

The class number is necessary as part of the enrolment process.

Both the code (subject area and catalogue number) and the class number must be entered on your enrolment form. If a course does not have a class number please contact your faculty/school prior to/at enrolment to gain this information

#### *Class Times*

All classes commence at 10 minutes past the hour unless otherwise indicated. Class duration is indicated in the timetable.

#### *Class Types*

Lectures with different content are indicated with letters LEC A/0x, LEC B/0x, LEC C/0x. Students have to attend ALL of these classes.

Classes with the same content (repeat lectures or tutorials) are indicated with numbers LEC A/01, LEC A/02; TUT/01, TUT/02, TUT/03, TUT/04. Students can attend EITHER of these classes.

Students taking full-year courses should check entries in BOTH semesters. Times may not necessarily be the same in each semester.

### Faculty/School Messages

Please ensure that you read any preliminary notes prefacing your faculty/school entry, as these provide important information for enrolling students. Please note that timetable for Dentistry and Science are not included in this Guide [see entries on page 62].

# AGRICULTURAL & NATURAL RESOURCE SCIENCES

**Note:** Please read the introductory notes on page 63 before checking your timetable details. Though the following information is correct at the time of printing, changes can and do occur. Please check the University Timetable website and faculty/school noticeboards during Enrolment and O'Week for any changes which may affect study programs.

**Note:** Please read the introductory notes on page 63 before checking your timetable details. Though the following information is correct at the time of printing, changes can and do occur. Please check the University Timetable website and faculty/school noticeboards during Enrolment and O'Week for any changes which may affect study programs.

Tutorial times for all Humanities and Social Sciences courses will be available in Orientation Week - please attend the Orientation Week lecture for any courses in which you are enrolled for more information.

Students enrolled in French, German, Italian, Spanish, Modern Greek: Please refer to the following sources for timetable information:
