PREFACE

The University of Adelaide owes its origin to an act of far-seeing and generous self-denial. In 1872, Mr. (afterwards Sir) Walter Watson Hughes offered an endowment of \$40,000 to Union College, an institution then established in Adelaide for the better education of Presbyterian, Congregational, and Baptist clergy. The Council of the College generously suggested to Mr. Hughes that his gift should be devoted to the more general object of founding a University. Mr. Hughes agreed to the proposal, an association was formed to further the project, the Honourable (afterwards Sir) Thomas Elder offered another \$40,000, and as a result the University of Adelaide was established in 1874 by Act of Parliament passed by the South Australian Legislature.

The Act of Incorporation provided, *inter alia*, for an annual subsidy of five per cent. on the capital funds of the University up to a maximum in any one year of \$20,000, an endowment of 50,000 acres of land, and a grant of 5 acres in the City of Adelaide as a site for the University buildings. The country lands were subsequently repurchased in 1915 by the Government for \$80,000. The University site in the city has been added to until it now comprises 33 acres.

The academic work of the University began in March, 1876, with four professors, three part-time lecturers, a registrar-librarian, and 8 matriculated and 52 non-graduating students attending classes in Arts and Science subjects. But very early in its existence the University sought to meet, as far as it could, the needs of South Australia in the training of men for the professions. Beginning with Law in 1883 and Medicine in 1885, courses of professional training in various fields have been added from time to time to the curriculum. The University now grants first degrees in Agricultural Science, Architecture, Arts, Dental Surgery, Economics, Engineering, Law, Mathematical Sciences, Medicine, Medical Science, Music, Science and Science in Dentistry. Higher degrees are offered in all these fields and also in Applied Science, Business Management, Clinical Science, Education, Engineering Science, Environmental Studies and Urban and Regional Planning, together with postgraduate diplomas in Applied Psychology, Clinical Science, Computing Science, Education, Library Studies and Psychotherapy. The course for the Diploma in Library Studies has been discontinued and no new enrolments have been accepted since 1977. No new enrolments have been accepted for the Diploma in Clinical Science since 1977 and the future of this course is currently under review. The University previously granted first degrees in Applied Science, Pharmacy and Technology. Teaching for these degrees was provided by the South Australian Institute of Technology but, with the development of the Institute as a College of Advanced Education, the arrangements between the University and the Institute have now been phased out and no new students have been enrolled by the University for the three degree courses since 1969.

In 1880 the University was authorised by Act of Parliament to grant degrees to women, and in 1881 Her Majesty Queen Victoria issued letters patent declaring that the degrees granted by it should be recognised as academic distinctions and rewards of merit and be entitled to rank, precedence, and consideration throughout the British

Empire as if granted by any University in the United Kingdom. A supplementary charter was granted by letters patent in 1913.

By the end of 1977 the University had conferred 29,578 degrees and 8,696 diplomas by examination, and 991 degrees and 15 diplomas by admission *ad eundem gradum*.

Teaching began in a city building. The foundation stone of the first University building was laid in 1879 and the building was opened in 1882. The only additions during the next twenty years were extensions to the original building; but early in the new century came the Elder Conservatorium of Music, the Prince of Wales building (then used for Science and Engineering) and the Anatomy school. In the interval between the two great wars the Darling building, the Physics building, the Union buildings (including the Lady Symon and the George Murray), the Johnson Chemistry laboratories, the Barr Smith Library, and the Benham laboratories were added on the University site; and the Waite Agricultural Research Institute was established at Glen Osmond, where it now occupies a site of some 400 acres.

The war of 1939-45 brought with it new obligations for the University, first in training enough professional men to meet the needs of the services and ancillary industry, and then in training for the professions the large numbers of ex-service men and women who were eligible to enrol under the Commonwealth Reconstruction Training Scheme. To discharge these obligations fully, the University needed greatly expanded accommodation, equipment and staff. Established by the Commonwealth Government in 1942, and charged with administering the Commonwealth Reconstruction Training Scheme so far as students training for the professions were concerned, the original Universities Commission greatly helped the University in securing the necessary finance from the Commonwealth Government. With capital advances amounting in all to about \$686,000 thus provided, extensions were made to the laboratories for physics, chemistry and agricultural science, new buildings for mathematics, for mechanical engineering, for civil, electrical, mining and metallurgical engineering, and for the medical school were erected, and extensive equipment for the engineering and science departments was obtained. Under an Act of the State Parliament in 1946 the Treasurer, with the approval of the Governor, guaranteed payment by the University to the Commonwealth for all or any of the extensions and additions to the buildings and plant of the University, the cost of which had been provided by the Commonwealth. And over three financial years beginning in 1947 the State Parliament granted a further \$420,000 to enable the University to complete the final unit—the Mawson laboratories for geology—in a building programme which affected every faculty. In 1954 it gave another \$100,000 to enable another floor to be added to the medical school for the accommodation of the department of bacteriology (now microbiology).

In 1950 the State Government undertook to ask Parliament to provide for the University each year an annual grant sufficient to enable the University to maintain its work on a basis equivalent to that of the Universities in the eastern states of Australia.

The report of the Murray Committee on Australian Universities in 1957 marked the beginning of a new era of rapid expansion of the University, an expansion fostered by the Australian Universities Com-

mission in 1960 and 1963. The building programme approved for the nine years from 1958 at a cost exceeding \$6,000,000, to be met jointly by the Commonwealth and the State, provided for new buildings for arts and economics, biological sciences, physics, chemistry, and physical education, and for substantial additions to the library, the medical school, the engineering school and the Union buildings. At the Waite Institute a separate building was provided for the library and substantial additions made to the central laboratories. The reports also made provision for an increasing annual income to the University designed to provide for the rapidly growing demands upon it.

Provision for building in the 1967-9 triennium included a new building for the law school, completion of reconstruction of the dental hospital which includes the dental school of the University, the first stage of expansion of the library and accommodation for the department of architecture, and the first stage of an annex to the physics building to accommodate the Mawson Institute for Antarctic Research, the department of mathematical physics and advanced work in physics. Grants from non-government sources provided ancillary laboratories and facilities at the Waite Agricultural Research Institute.

The Fourth Report of the Commission provided for Stage II of the library complex (which in addition to providing for the expansion of the library houses the departments of architecture and computing science, the computing centre, the University club and other facilities of the University), for reconstruction and expansion of the Union buildings (to which the Union itself contributed the greater part of the cost) and for expanded accommodation for the engineering school, physics and its associated disciplines, and for the Waite Institute. For the triennium 1973-75 provision was made by the Commission in its Fifth Report for two new buildings to replace the Prince of Wales Building, a substantial expansion of the Mawson Laboratories (for geophysics), completion of the rebuilding of the Union, and a number of smaller modifications and extensions of existing accommodation and facilities. The two new buildings were completed in 1974 and were named the Hughes Building and the Kenneth Wills Building; they house part of the administration, the department of psychology and a series of service units, and they also provide some additional academic accommodation. In 1976, the Commission provided funds for the construction of a new medical sciences building adjacent to the existing medical school on Frome Road.

In addition to receiving Government support, the University from its foundation has been fortunate in the number and extent of the benefactions it has received from private citizens and public companies, and many important developments within the University, both in buildings and in staff, have been the outcome of such private support.

The principal benefactors of the University have been:

Sir Walter Watson Hughes—\$40,000 to endow chairs in classics and philosophy;

Sir Thomas Elder—\$40,000 to endow chairs in mathematics and natural science, \$62,000 to endow the medical school, \$43,000 to endow the school of music, and \$52,000 as an endowment for general purposes;

- R. Barr Smith and family—\$40,000 as an endowment for the purchase of books for the University library; T. E. Barr Smith—\$68,000 for a building for the library, and \$20,000 for the purchase of books; Sir Tom Barr Smith—\$60,000 to endow two scholarships, one in agricultural science and the other for cancer research;
- Mr. Peter Waite and his daughters Elizabeth Macmeikan and Lily Waite—an estate and gifts valued nearly 50 years ago at about \$258,000 to advance the cause of education in agriculture, forestry and allied subjects;
- Mrs. A. M. Simpson and Miss A. F. Keith Sheridan—property realised for \$210,000 in 1966 for the advancement of medical research;
- The Hon. Sir Langdon Bonython—\$40,000 to endow a chair of law, and \$104,000 for a Great Hall;
- Miss M. T. Murray—\$106,600 (estimate) for general purposes;
- Sir George Murray—\$20,000 for a Men's Union building, and \$159,400 (estimate) for general purposes;
- Mrs. R. F. Mortlock and Mr. J. T. Mortlock—\$50,000 for research into soil erosion and the regeneration of pastures; a bequest of \$10,000 from Mrs. R. F. Mortlock for cancer research; \$40,000 from Mr. J. T. Mortlock for scientific research in the medical school; \$20,000 from Mrs. J. T. Mortlock for pastoral research; and the Mortlock Experiment Station (some 700 acres) and Martindale Hall and environs (some 200 acres) from Mrs. J. T. Mortlock;
- F. Lucas Benham—\$102,800 (estimate) to encourage the study of natural history;
- Mrs. G. Hastings—\$100,000 for the promotion of medical research with a bequest (in 1955) of another \$200,000 and the residue of her estate for the same purpose;
- Mr. and Mrs. S. McGregor Reid—more than \$180,000 for cancer and medical research;
- Miss Hilda Farmer—\$130,000 for medical research;
- John S. Davies—\$1,500,000 (preliminary estimate) for research to improve the quality of animals, especially beef-producing animals;
- E. W. Benham—\$258,000 for prizes and general purposes;
- A. Hannaford—\$372,000 for research into pastures and grain production;
- K. G. Stirling—\$100,000 to establish a radio station under the aegis of the Board of Adult Education;
- Mrs. E. S. Everard—\$266,000 for prizes in agricultural or horticultural science.

The present size of the University may be gauged from the fact that in 1977 it spent about \$37.1 million on general running costs, about \$3.7 million on building expansion, about \$1.6 million on equipment, and about \$2.9 million of special grants to support specific research projects. Its full-time staff numbered about 1,850 and its students just over 9,500.

From its foundation until 1911 the University was governed by a Council of 20 members elected by the Senate; in that year Parliament assumed power to add five of its members. University-wide consideration of a root-and-branch reconstitution of the administrative organisation of the University began in 1968, and a new University Act was passed in 1971. The new Act continued the provision for the Chancellor and the Vice-Chancellor to be *ex officio* members of the Council and for Parliament to appoint five members. The Senate (previously confined to the University's own graduates of three years' standing or holding a degree of Master or Doctor) was expanded to include all graduates, all full-time graduate members of the staff, and all postgraduate students; and it ceased to be the electorate of the Council. The Act established a Convocation of Electors comprising all the University's graduates and postgraduate students and all persons in the full-time employment of the University. The Convocation elected 22 members of the Council of whom eight were to be members of the academic staff, one a member of the full-time non-academic staff, one a postgraduate student, and 12 not engaged in the employment of the University. The Act also provided for the undergraduates to elect four members of the Council, which thus comprised a total of 33 members.

In 1978 the University Act was amended and as from the appointed day in November, 1978, the number of members of the Council is to be increased to 35 by increasing the number to be elected by the Convocation to 24. The number of members not engaged in the employment of the University is increased to 13 and the provision for one member to be a person on the full-time non-academic staff is replaced by a provision for one member to be a person on the full-time ancillary staff and another member to be a person on the full-time staff other than as a member of the academic or ancillary staff.

All statutes and regulations must be passed both by the Council and by the Senate and be approved by the Governor of South Australia, who is *ex officio* Visitor to the University.

3. It shall be lawful for a Deputy Chancellor, at the request of the Chancellor, or in his absence, or during a vacancy in the office of Chancellor, to do any act matter or thing which the Chancellor is ordinarily empowered to do; and for that purpose a Deputy Chancellor shall be a member *ex officio* of all boards, faculties and committees of which the Chancellor is a member.

Statute allowed 23 January, 1975.

Chapter IA.—Of the Vice-Chancellor and Deputy Vice-Chancellor.

4. The Vice-Chancellor may be removed from his office at any time if in the opinion of the Council it is in the best interests of the University that he be so removed. (d) Any Deputy Vice-Chancellors shall be members *ex officio* of all boards, faculties and committees of which the Vice-Chancellor is a member.

Statute allowed 18 December, 1886.

Chapter III.—Of the Senate.

*1. The Senate shall meet at the University on the fourth Wednesday in the month of November unless the Warden shall by written notice to the Vice-Chancellor given not earlier than the first day of the month of October nor later than the second Thursday in that month determine that the Senate shall meet in that year on some day after, but within twenty-one days of, the fourth Wednesday in the month of November.

2. The Warden may at any time convene a meeting of the Senate.

3. Upon a requisition signed by twenty members of the Senate, setting forth the objects for which they desire the meeting to be convened, the Warden shall convene a special meeting to be held within not less than seven nor more than fourteen days from the date of the receipt by him of such requisition.

4. The Senate shall have power from time to time to make, amend and repeal Standing Orders for the regulation of its proceedings. Until amended or repealed the Standing Orders of the Senate adopted on 2 December, 1885, shall remain in force.

* Amended 28 February 1974, and 2 February, 1978.

Chapter IV.—Of the Academic Staff.

1. For the purposes of this statute the academic staff shall consist of such professors, readers, senior lecturers, lecturers, senior tutors and senior demonstrators as are wholly engaged in the service of the University, and of such other persons as the Council may determine.

2. There shall be such professors, readers, senior lecturers, lecturers, senior tutors and senior demonstrators as the Council may decide.

3. Every member of the academic staff shall hold office under the terms of this statute and upon such terms of his contract of employment as are not inconsistent with this statute.

4. Any person who is for the first time appointed a member of the academic staff may if the Council so decides be appointed for a limited period not exceeding three years. Every such person who is

thereafter re-appointed as a member of the academic staff and every other member of the academic staff shall, subject to the provisions of clauses 5 and 9 of this statute hold office until, and no longer than, the 31st day of December of the year in which he attains the age of 65 years. A member may resign his office by giving six months' notice in writing. Provided always that if a financial emergency shall arise necessitating retrenchment of staff (of which the Council shall be the sole judge) the Council may dispense with the services of any one or more members of the academic staff by giving to each of those members six months' notice in writing.

5. The Council may terminate the appointment of any member of the academic staff who shall have become permanently incapacitated from performing the duties of his office by reason of physical or mental illness. Where a member of the academic staff shall be from illness or any other cause temporarily incapacitated from performing the duties of his office the Council may appoint a substitute or substitutes to act in his stead during such incapacity and the member shall during such time receive such salary as the Council shall direct.

6. No member of the academic staff shall take any outside employment, regular or casual, without the permission of the Council.

*7. If any member of the academic staff shall be elected or otherwise become a member of Parliament, he shall vacate his office on the day on which his parliamentary salary commences.

8. The Heads of Departments shall be responsible to the Council for the proper functioning of their departments. Other members of the academic staff shall work under the general direction of the Head of their Department, and shall give such lectures, perform such other teaching work, conduct such examinations and perform such administrative duties as the Head of their Department may determine and properly require.

9. Every member of the academic staff shall diligently perform the duties lawfully to be required of him. Should any member have grossly or persistently neglected his duties or have been guilty of serious misconduct in or about the performance of his duties or have been convicted by any Court of any felony or misdemeanour in circumstances which are such as to show serious moral turpitude on his part he may after such inquiries as are hereinafter prescribed be dismissed from his office by the Council.

10. Any complaint of such neglect or misconduct on the part of any member of the academic staff and any report of any such conviction shall be in writing and shall, unless the Vice-Chancellor shall himself make such complaint or report, be made to the Vice-Chancellor. Should the Vice-Chancellor, after such consultations as he deems expedient, decide that any complaint or report should be brought to the attention of the Council he shall, at least seven days before the meeting of the Council at which the complaint or report is first considered, send a copy of the complaint or report to the member concerned and shall inform him in writing that the complaint or report will be considered by the Council on a day stated.

* Amended 28 February, 1974.

11. The Council shall inquire into any complaint or report placed before it under clause 10 hereof. The Council may and shall if requested by the member concerned or by any three members of the Council refer the complaint or report to a Commission of Inquiry consisting of not less than five nor more than seven members. Subject to the provisions of clause 12 hereof, the Commission shall consist of the Chairman and Deputy Chairman of the Education Committee and of such of the Deans and of such other members of the academic staff as the Council shall appoint. Pending the determination of the matter the Council may if it thinks it necessary in the best interests of the University temporarily suspend the member from his office without loss of salary. In a case where the complaint or report is not referred to a Commission of Inquiry the Council shall nevertheless before reaching any decision to dismiss the member concerned consider any written representations submitted by or on behalf of the member and shall if the member so requests grant him an opportunity to appear before and address the Council either in person or by a representative.

12. No person who initiates or makes a complaint or report to the Vice-Chancellor shall be present during any consideration by the Council of that complaint or report or of any report of the Commission of Inquiry thereon. No such person and no person who has been present during any consideration by the Council of a complaint or report shall be a member of the Commission thereon nor shall any member of the Commission of Inquiry be present during any consideration by the Council of the report of the Commission of Inquiry. Where the Vice-Chancellor himself makes the report or complaint he may at his discretion be present at Council meetings relating thereto or to any report thereon.

13. The Council shall make regulations governing the conduct of proceedings in any matter which it shall refer to any Commission of Inquiry established under the provisions of section 11 of this Statute.

14. The existing Chapter IV is hereby repealed.

Statute allowed 16 December, 1965.

In these regulations where the context so permits, the term member shall include such representative.

3. The member shall be furnished with adequate details in writing of the allegations made against him and shall be afforded adequate time to prepare his answers thereto.

4. The member shall be given reasonable notice of the time and place where the Commission will initially meet and if he does not attend either personally or by his representative at such meeting or at any adjournment thereof, the Commission may proceed in his absence.

5. The Commission may receive evidence in such manner as it thinks fit and either orally or in writing, provided that where the evidence is in writing, the member and the Commission shall be entitled to have the author produced for cross-examination if practicable.

6. The member shall be entitled to see all documents submitted by way of evidence and to comment thereon and to submit documents by way of evidence on his own behalf.

7. The member shall be entitled to be present throughout the presentation of the evidence and to cross-examine the witnesses against him. He shall be entitled to call such witnesses whether as to matters of fact or good character as he may reasonably require; to give evidence on his own behalf; and to address the Commission after all the evidence has been presented.

8. All oral evidence shall be recorded verbatim and a copy thereof supplied to the member if he so requests.

9. No person other than the members of the Commission shall be present during its deliberations after the evidence has been completed except that the Commission may consult a legal practitioner on points of law.

10. The report of the Commission shall be in writing and shall set forth the findings of fact made by the Commission and the course of action recommended by it, which matters shall be based solely upon the evidence taken by the Commission in manner aforesaid.

11. Before the report is presented to the Council, a copy shall be furnished to the member, who, within a reasonable period specified to him when the copy of the report is furnished to him, shall be entitled to submit written representations upon the report, which representations (if any) shall be placed before the Council at the same time as the report.

12. Statute allowed 9 January, 1969.

FOOTNOTES (which do not form part of the Statute):

1. *Pre-requisite knowledge*

The attention of intending candidates is drawn to the fact that in some first-year subjects at the University a knowledge of certain work at matriculation standard is assumed, as follows:

Mathematics: There are two full first-year courses in Mathematics, namely Mathematics IM and Mathematics I. The former is intended for students who have studied only one Mathematics subject at Matriculation (Mathematics IS), of which it assumes a knowledge; the latter assumes a knowledge of Matriculation Mathematics I and II.

There is also a first-year half-subject, Mathematics IH, intended for students who do not wish to proceed to further courses in Mathematics. It assumes a knowledge of Matriculation Mathematics IS.

Mathematics (Economics) is an optional subject in the course for the degree of Bachelor of Economics. It assumes a sound knowledge of Leaving Mathematics; and a knowledge of Matriculation Mathematics IS is desirable, though not required.

Physics: The course in Physics I assumes a knowledge of the Matriculation courses in Physics and Mathematics IS. Students attempting University Mathematics I, which is a prerequisite for Physics II, will be assumed to have a knowledge of Matriculation Mathematics I and II.

Chemistry: The course in Chemistry I assumes a knowledge of Chemistry, Physics and Mathematics IS at the Matriculation Examination. Students proceeding to second-year courses in Physical and Inorganic Chemistry will be required to pass also in either University Mathematics IM, which assumes a knowledge of Matriculation Mathematics IS, or in University Mathematics I which assumes a knowledge of Matriculation Mathematics I and II. Students who intend to proceed to third-year courses in Organic Chemistry are also advised to take either University Mathematics IM or University Mathematics I.

Biology, Botany, Geology (and Zoology in second year): It is advisable for every student taking any of these subjects or half-subjects to have a knowledge of Matriculation Mathematics IS, Physics and Chemistry.

Languages: The courses in English I, French I, Greek I and Latin I assume a knowledge of the course in the corresponding subject at the Matriculation Examination; and the course in German I assumes a knowledge of German at the Leaving Examination. No previous knowledge of the respective language is required for the courses in Chinese I, French IA, German IA, Greek IA, Japanese IA and Latin IA.

Music: A candidate who wishes to enrol for a course in Music and who is unable to submit evidence of musical achievement satisfactory to the Faculty of Music may be required to pass in a special entrance examination before being permitted to enrol.

Computing Science: The first-year half-subject Computing IH assumes a background in algebra such as may be obtained from Matriculation Mathematics IS.

Statistics: The first-year half-subject Statistics IH assumes a knowledge of *either* Matriculation Mathematics IS *or* Matriculation Mathematics I and II.

2. Grades

Results in each subject are classified in the grades A, B, C, D, E, F and G, in descending order of merit.

The method of determining the grades in each subject is that a minimum scaled mark for the award of each grade is determined from time to time by the Public Examinations Board of South Australia.

More precise details of the grading and scaling procedures may be found in the Board's Annual Examinations Report, available after June.

3. *Standardising of matriculation scores*

Moderated school assessment component.

The Universities and the Public Examinations Board recognise the contribution to the overall assessment of candidates which can be made by the schools; and accordingly a school assessment component will be included in the Matriculation Examination results in 1977 and subsequently. Teachers will be asked to provide an assessment of achievement for each candidate in each subject, and this will be moderated to compensate for differences between schools. The resulting score will be combined with the examination mark to produce a total raw score, which will be used as a basis for all other procedures.

Of the total raw score, the examination mark will have a weighting of 75% and the school assessment a weighting of 25%, except in cases where there is no school assessment or where it is considered that the school assessment cannot be adequately moderated: in such cases the examination mark will constitute 100% of the total raw score.

Scaling of matriculation marks.

The Matriculation Examination is intended to assess the level of achievement of candidates, in the various subjects. Thus one of the main concerns is to maintain comparability of standards both between subjects in the same year, and between years in the same subject. Allowance must be made for variations in the quality of candidates from year to year, and in the apparent difficulty of examination papers. Due to subject selection and streaming factors, differences of quality between the groups of candidates taking different subjects can also arise; and compensation must be made for this.

In order to achieve the intentions of the examination the total raw score in each subject is suitably scaled. The aggregates of scaled marks so obtained are used for determining matriculation and, in appropriate cases, as a basis for admission to universities and other tertiary educational institutions.

4. *Prescribed aggregate mark*

Students who obtain a total of at least 225 scaled marks in five required subjects at the Matriculation Examination will qualify to matriculate at the University.

If a candidate presents more than five subjects the aggregate of his five highest scaled marks in subjects which comply with the Statute will be used to determine whether he has qualified to matriculate.

5. *Candidates for degrees*

Under the provisions of clause 2 of Chapter XI of the Statutes, a candidate for a degree must matriculate before entering upon the course of study for the degree; except that a candidate for a higher degree who is not already a matriculated student of the University shall matriculate as soon as possible after being accepted as a candidate.

Chapter XIII.—Of The Angas Engineering Scholarship and the Angas Engineering Exhibitions.

Whereas on the 4th day of January, 1878, the Honourable John Howard Angas, M.L.C., paid the sum of £4,000 to the University for the purpose of permanently founding (with the income thereof and the annual grant payable in respect thereof under the fifteenth section of the Adelaide University Act), the Angas Engineering Scholarship and the Angas Engineering Exhibitions, to encourage the training of scientific men, and especially engineers, with a view to their settlement in South Australia: Now it is hereby provided as follows:

A. The Angas Engineering Scholarship.

*1. There shall be a scholarship called "The Angas Engineering Scholarship" of the value of £400 (\$800), with an additional allowance of £100 (\$200) for travelling expenses.

‡1A. The tenure of the scholarship shall normally be for two years, but if the scholar wishes to follow an approved course of study or research work at a university the Council may allow the whole value of the scholarship to be paid to the scholar in a shorter period than two years.

2. Each candidate for the scholarship must be under twenty-five years of age on the first day of the month in which he shall compete for it, and must have resided in South Australia for at least five years. He shall produce such evidence of good health as shall be satisfactory to the Council.

3. Candidates for the scholarship must have graduated in arts or science, or have passed all the examinations necessary for graduating in engineering at the University of Adelaide.

4. The scholarship shall be competed for biennially, in the month of June. If on any competition the examiners shall not consider any candidate worthy to receive it, the scholarship shall for that year lapse, but shall be again competed for in the month of June next ensuing.

‡ Allowed 30 November, 1933.

* Allowed 23 January, 1947.

5. The scholarship shall be awarded by the examiners on a comparison of the academic records of the candidates, and also on the merits of an original thesis, design, or investigation, as set forth in the next paragraph.

† Each candidate for the scholarship must send in to the examiners, on or before 1 June of the year in which the competition is held, either an original engineering thesis or design, or a paper setting forth the results of an original scientific investigation made by the candidate in some subject allied to engineering. The subject of the thesis, design, or investigation, must have been submitted at least two months previously to the Faculty of Engineering, and approved by it. Each candidate must adduce, if required, sufficient evidence of the authenticity of his thesis, design, or investigation. He may, if the examiners think fit, be required to pass an examination in that branch of the work from which the subject of his thesis, design, or investigation, is taken.

‡ Either the original or an approved copy of each thesis, design, or report of an investigation submitted by a successful candidate for the scholarship shall be deposited by the scholar in the University library before payment of any portion of the scholarship is made.

6. Within such time after gaining the scholarship as the Council shall in each case allow, the scholar shall proceed to the United Kingdom and there spend the whole of the time during which the scholarship is tenable in gaining engineering knowledge and experience in such a manner as may be approved by the Council; provided that the scholar may by special permission of the Council spend the whole or part of his time in study or practical training outside the United Kingdom.

*7. The allowance for travelling expenses shall be paid to the scholar upon approval of his proposed date of departure. Payment of the balance of the scholarship shall be made in two equal instalments. The first instalment shall be paid prior to the scholar's departure and the other after the first twelve months, subject to receipt by the Academic Registrar of satisfactory evidence of continuous progress in engineering studies, according to the course proposed to be followed by the scholar.

8. Whenever such evidence is not satisfactory, the Council may altogether withhold, or may suspend for such time as it may deem proper, payment of the whole or of such portion as it may think fit of any moneys due, or to accrue due, to the scholar on account of the scholarship, or may deprive him of his scholarship.

9. Should any successful candidate not retain the scholarship for the full period of two years, notice of the vacancy shall be published by the Council in the Adelaide daily papers, and an examination shall be held in the month of June next ensuing.

† Allowed 6 December, 1922, and amended 15 December, 1937.

‡ Allowed 30 November, 1933.

* Amended 15 January, 1976.

B. The Angas Engineering Exhibitions.*

10. There shall be four Angas Engineering Exhibitions, of which one may be awarded each year. Each exhibition shall be of the annual value of Thirty dollars, and be tenable for four years.

†11. (a) One Angas Engineering Exhibition shall be offered for competition in the month of November or December of each year, and shall be awarded on the results of candidates at the Matriculation Examination in such subjects as may be prescribed by the Council from time to time; but no award shall be made unless there is a candidate of sufficient merit.

** (b) A candidate for an exhibition shall enter for it on a form to be obtained from the Academic Registrar, not later than the first day of October in the year of competition.

† (c) A candidate who fails to enter by the prescribed date may be permitted to do so later on payment of a fee of 50 cents, provided that no entry shall be accepted later than seven days before the first day of the Matriculation Examination.

12. A candidate shall not be more than eighteen years of age on the 31st December in the year in which the examination is held, and, before being awarded an exhibition, shall have fulfilled the requirements for matriculation in the Faculty in which he desires to enrol.

13. (a) Each exhibitor shall, within such time as may be approved in each case, enrol himself as a matriculated student in engineering or science at the University of Adelaide, and shall thenceforward prosecute continuously and with diligence his studies for the degree of Bachelor of Engineering or Bachelor of Science.

(b) At the time of enrolment each year the exhibitor shall submit his proposed course of study for approval by the appropriate officer of the faculty concerned; and he shall not undertake, either in the University or elsewhere, studies not so approved.

(c) The exhibition shall be forfeited if the holder fail to make satisfactory progress in any year, unless such failure shall, in the opinion of the Council, have been caused by ill-health or other unavoidable cause. The decision of the Council as to such forfeiture shall be final.

14. Payment of an exhibition shall be made in three equal instalments, one at the beginning of each academic term, but payment shall not be made to any exhibitor whose conduct and diligence as a

The income (including such grant) to be derived from the said sum, or so much of such income as shall be sufficient, shall be applied in paying the said scholarship and exhibitions, and so much of such income as in any year shall not be so applied shall be at the disposal of the Council for the purposes of the University.

17. These statutes may be varied from time to time, but the title and general purpose of the scholarship and exhibitions shall not be changed.

Statute allowed 6 December, 1922.

Chapter XIV.—Of The John Howard Clark Prize and the John Howard Clark Scholar.

Whereas the University of Adelaide has received and has invested the sum of £500 for the purpose of perpetuating the name of John Howard Clark: And whereas it was agreed with the donors that the word "income" in these statutes should include not only the interest to accrue from the said sum, but grants to be received from the Government in respect thereof:

It is hereby provided that:

1. There shall be an annual prize, to be called "The John Howard Clark Prize", which shall consist of one-half the annual income of the fund received by the University as aforesaid.

2. The prize shall be awarded to the candidate for the Honours Degree of Bachelor of Arts who shall have been placed highest in the final examination in the school of English Language and Literature, and shall be judged by the examiners to have reached a sufficient standard.

3. If more than one candidate shall be considered by the examiners to have attained a standard worthy of the prize, the name of the second in order of merit shall be reported to the Council.

4. If the examiners shall consider no candidate worthy of the prize, they shall so report, and no award shall be made for that year; but there shall not, by reason of that lapse, be more than one prizeman in the following year.

*5. The prizeman will be required to proceed to the degree of Master of Arts by submission of a satisfactory thesis on a subject connected with the English language or with English literature and approved by the Faculty of Arts. The subject must be submitted for approval by the Faculty not later than the first day of April following the award; and the thesis must be submitted not later than the last day for submitting M.A. theses in the second year following that of the award, or such extended time as the Council in special circumstances may allow. When the thesis has been accepted as fulfilling the requirements for the degree of Master of Arts, the prizeman shall deposit an approved copy of it in the University library; he shall then receive a further payment of one-half of the income available from the fund, and shall be granted the title of "John Howard Clark Scholar." If the thesis be not accepted as fulfilling the requirements for the degree of Master of Arts, such payment and such title shall be withheld.

6. The prizeman may at any time during the year following the original award be called upon by the Council to give proof that he is devoting himself to the study of Literature, with a view to producing a sufficient thesis. If he fails to give such proof when called upon, or if in any respect he fails to comply with the conditions of these statutes or to comport himself to the satisfaction of the Council, he may, by resolution of the Council, be deprived of all further rights as prizeman. In such case, or in case of resignation by the prizeman of his rights, the candidate who was placed second to him in the original award may be allowed, on such conditions as the Council may approve, to prepare and present a thesis and to qualify for the title of scholar.

Statute allowed 2 December, 1926.

* Allowed 3 January, 1935.

Chapter XV.—Of The Stow Prizes and Scholar.

Whereas a sum of five hundred pounds was subscribed with the intention of founding prizes in memory of the late Randolph Isham Stow, sometime one of the Justices of Her Majesty's Supreme Court of this Province: And whereas the said sum was paid to the University for the purpose of establishing the prizes hereinafter mentioned: It is hereby provided:

1. That there shall be annual prizes, to be called "The Stow Prizes".
2. Each of such prizes shall consist of the sum of fifteen pounds, or (at the option of the prizeman) of books to be selected by him of the value of fifteen pounds (\$30).

*3. A Stow Prize may be awarded to any candidate for the LL.B. degree, who, at any November Examination, in the opinion of the Board of Examiners shall have shown exceptional merit in not less than two subjects.

* Allowed 12 December, 1907.

4. Not more than four Stow Prizes may be awarded in any one year.

5. Every Bachelor of Laws, who shall during his course have obtained three Stow Prizes, shall receive a gold medal, and shall be styled Stow Scholar.

1. A scholarship, to be called "The Everard Scholarship", shall be offered for competition annually.

*2. The value of the scholarship shall be \$150, and shall be paid to the scholar in one sum.

3. The scholarship shall be awarded to the student who, being neither a graduate in medicine of any other medical school nor a person who has been registered as a medical practitioner in South Australia or elsewhere, has completed the whole of the last three years of the medical course in the University of Adelaide and has been placed highest amongst such eligible candidates in the final examination for the degrees of Bachelor of Medicine and Bachelor of Surgery in that year; provided that an award shall be made only if in the opinion of the Board of Examiners there is a candidate of sufficient merit.

Statute allowed 16 June, 1949.

* Amended 8 December, 1949, and 2 February, 1978.

Chapter XVII.—Of Conduct at Examinations.

System of Voting—Rules made by the Council under the authority of Clause 10 of Chapter LXXXV of the Statutes.

A. VOTING SYSTEM.

The system of voting in any election of members of the Council shall be the adapted Nanson-Baldwin system, as follows:

1. Every voting paper shall be in the form following or to the like effect that is to say:

“DIRECTIONS

- *i. The voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates.
- *ii. No number used shall be greater than the total number of candidates.
- iii. A number opposite the name of a candidate shall indicate a preference for that candidate over each candidate opposite whose name a higher number or no number is written.
- iv. Candidates against whose names the same number is marked shall be regarded as being equally preferred by the voter.
- v. All candidates against whose names no number is written shall have the lowest degree of preference.
- vi. An elector who spoils a voting paper may, on returning the spoilt paper to the Returning Officer, receive another voting paper.
- vii. Do not put opposite the name of any candidate a tick ✓, a cross ×, a dash —, a zero 0, or any mark which is not a whole number.

* In any election by the Convocation of Electors, i.e. one in which more than one group of candidates is involved, these two directions shall be replaced by the following:

- i. It is not necessary for a voter to vote in both groups A and B below. In each group in which he desires to cast an effective vote, the voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates.
- ii. No number used in a group shall be greater than the total number of candidates in that group.

Order of Voter's
Preference

LIST OF CANDIDATES
(Names to be inserted in
alphabetical order of surnames)

Do not sign this Voting Paper.”

2. (1) The voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates. A number opposite the name of a candidate shall indicate a preference for that candidate over each candidate opposite whose name a higher number or no number is written. Candidates against whose names the same number is marked shall be regarded as being equally preferred by the voter. All candidates against whose names no number is written shall have the lowest degree of preference.

(2) A vote shall be informal if:—

- (a) a mark other than a whole number is shown opposite the name of any candidate; or

(b) a number is used which exceeds the total number of candidates.

3. (1) The number of preferences for each candidate over each other candidate shall be ascertained in the manner hereinafter set out.

(2) Each ballot paper shall be allotted points in accordance with the formula $0 + 1 + 2 + \dots + (N-1)$, where N is the number of candidates. If, on a given ballot paper, no two candidates are grouped together as having the same merit, the candidate of last preference receives no points, the one of penultimate preference one point, and so on, so that the most preferred candidate receives (N-1) points. If, however, several candidates are grouped together, then the corresponding points are added, and distributed equally between them. For the purpose of this rule two or more candidates for whom no preference is shown shall be regarded as comprising the least preferred group and shall share equally the corresponding points.

(3) The candidate with the highest total number of points shall be elected. If two or more candidates tie for top place, and there are at least the same number of vacancies then both or all shall be elected. If the number so tying exceeds the number of vacancies the result shall be determined by lot.

(4) When one or more candidates has been elected and there remains a further vacancy to be filled all references to the successful candidate or candidates is notionally eliminated from every ballot paper and the process described in sub-paragraphs (2) and (3) hereof shall be repeated.

B. PROCEDURE FOR VOTING BY THE CONVOCATION OF ELECTORS

4. (1) For the purposes of the election of members of the Council to be elected by the Convocation, the roll of the Convocation shall be a roll known as the postal roll containing the names and addresses of all members of the Convocation who have advised the Returning Officer in writing of their wish to receive voting papers of the Convocation.

(2) Only those members of the Convocation whose names are entered in the postal roll shall be sent voting papers of Convocation.

(3) For the purpose of compiling the postal roll, as soon as possible after this rule has come into effect, a communication shall be sent to (a) all graduates of the University whose last known addresses are in the State of South Australia; (b) all other graduates who have from time to time asked that voting papers be sent to them; (c) all post-graduate students; and (d) all persons in the full-time employment of the University, requesting the recipients to indicate whether they wish to be placed on the postal roll.

(4) For the purpose of keeping the postal roll up to date each person who from time to time becomes a member of the Convocation by virtue of graduating, enrolling as a postgraduate student, or joining the full-time staff of the University shall be invited to indicate whether he wishes to be placed on the postal roll.

(5) Annually, in preparation for each election, the postal roll shall be reviewed to determine whether persons who have gained entitlement to membership of the Convocation by virtue of being a post-graduate student or a member of the University's full-time staff remain so entitled on the first day of the month in which the election occurs.

(6) In addition, in June of the fourth year after this rule has come into effect, and of every fourth year thereafter, the postal roll shall be revised by verifying whether persons on the postal roll wish to continue to receive voting papers, and by ascertaining whether any eligible persons whose names are not on the postal roll wish to be added to it. For the purpose of such revision (a) the Returning Officer shall invite each person whose name appears on the postal roll to indicate whether he wishes his name to remain on the postal roll; and (b) the Returning Officer shall advertise in the daily press of South Australia that such a revision of the postal roll is being conducted. Such advertisement shall intimate that any member of the Convocation may apply in writing to the Returning Officer requesting that his name be entered in the postal roll.

(7) The name and address of each member of the Convocation who asks to be included in the postal roll shall be so included.

(8) A member of the Convocation whose name has been removed or omitted from the postal roll does not thereby cease to be a member of the Convocation.

(9) A member of the Convocation may at any time apply in writing to the Returning Officer requesting that his name be entered in the postal roll notwithstanding that his name had previously been removed from the roll and the Returning Officer shall on receipt of such application enter his name and address in the postal roll.

(10) The postal roll shall be available at all reasonable times for inspection by any member of the Convocation.

5. (1) When the number of candidates in any election or in any category of any election exceeds the number of places to be filled the Returning Officer shall, at least ten clear days before the appointed day for the election, cause a voting paper and other documents to be posted or otherwise sent to the last known address of every person on the postal roll, provided that in the case of any elector who is registered as an internal full-time higher degree student of the University, or any person who is in the full-time employment of the University the Returning Officer may, at his discretion, regard the relevant department of the University as being the last-known address.

(2) Any person who satisfies the Returning Officer that he was entitled on the first day of the month in which the appointed day falls to vote but had not received or had irretrievably lost a voting paper may, on request to the Returning Officer on or before the appointed day, obtain a voting paper; and his vote will be valid if it complies with these rules.

6. (1) A voter shall (a) place his voting paper inside the smaller envelope provided by the Returning Officer, seal the smaller envelope, place it inside the distinctive outer envelope provided by the Returning Officer, and seal the distinctive outer envelope; (b) give, on the

back of the distinctive outer envelope, his name, address and signature; and (c) *either* place the envelope in a ballot box in the University grounds, *or* post or deliver it to the Returning Officer at the University.

(2) No vote shall be counted unless the distinctive envelope containing it is placed in the ballot box before 8.00 p.m., or otherwise reaches the Returning Officer before 5.00 p.m., on the appointed day for the election.

C. PROCEDURE FOR VOTING BY UNDERGRADUATES

7. (1) Whenever an election of members of the Council by undergraduates is to be held the Returning Officer shall at least ten clear days before the appointed day for the election send a voting paper and other documents to each undergraduate duly enrolled, whether as an internal or as an external student, on the first day of the month in which the appointed day falls.

(2) The voting paper shall be addressed to each student's University Contact Department or to his residential address at the discretion of the Returning Officer.

(3) Any undergraduate duly enrolled on the first day of the month in which the appointed day falls who satisfies the Returning Officer that he had not received or had irretrievably lost a voting paper may, on request to the Returning Officer before or on the appointed day, obtain a voting paper; and his vote will be valid if it complies with these rules.

8. (1) A voter shall (a) place his voting paper inside the smaller envelope provided by the Returning Officer, seal the smaller envelope, place it inside the distinctive outer envelope provided by the Returning Officer, and seal the distinctive outer envelope; (b) give, on the back of the distinctive envelope, his name, address and signature; and (c) *either* place the envelope in a ballot box in the University grounds, *or* post or deliver it to the Returning Officer at the University.

(2) No vote shall be counted unless the distinctive envelope containing it is placed in the ballot box before 8.00 p.m., or otherwise reaches the Returning Officer before 5.00 p.m., on the appointed day for the election.

D. PROCEDURE FOR PROCESSING THE VOTING PAPERS

9. At some convenient time after the voting has closed the Returning Officer assisted by the scrutineers will:

- (a) examine the details on the back of each distinctive envelope, check them against the electoral roll, and satisfy himself that the voter is entitled to vote and that he has voted once only;
- (b) open each distinctive envelope, and remove the inner envelope containing the voting paper;
- (c) place and mix each inner envelope with other similar envelopes.

10. When all the distinctive envelopes have been opened and the inner envelopes mixed with other similar envelopes, the Returning Officer assisted by the scrutineers will:

- (a) open the inner envelopes and remove the voting papers;
- (b) examine each voting paper to ensure that it represents a formal vote, and that each number is clear and unambiguous. (If, in any election in which there is more than one group of candidates, the voter's action in regard to any group contravenes the instructions, his vote shall be regarded as informal in the election or group concerned, but formal in the group(s) in which he votes correctly.);
- (c) number each formal voting paper in the space in the top left hand corner, using the automatic numbering machine that will be provided;
- (d) count the formal voting papers and the informal papers (if any), placing informal papers in a marked envelope;
- (e) arrange the formal voting papers in numerical order, and clip or tie them together;
- (f) deliver the formal voting papers to the Computing Centre, where each formal vote will be punched and verified.

11. The calculations and counting of the formal votes, and the procedures to be followed and the action to be taken by the scrutineers and the Returning Officer, will be in accordance with Chapter LXXXV of the Statutes.

12. The print-out of the recording and calculation of the votes shall not be a public document; but for any election the Returning Officer shall send to each candidate, for his information, a summary of the total figures at each stage of the election. Such summary shall be available, on request, to any member of the electorate concerned.

92. A candidate duly nominated for any office may subsequently by letter to the Clerk request that his nomination be cancelled, and receipt by the Clerk of such letter shall be held to cancel such nomination.

93. If at any election no more than the required number of candidates be nominated, the Clerk shall declare the nominated candidates elected.

94. (1) If more than the required number of persons be nominated the Clerk, as soon as practicable after nominations have closed, shall (a) publish in some newspaper which is published or circulated daily in Adelaide, and by such other means as he may deem appropriate, a statement listing the vacancies to be filled, the candidates for election, and the appointed day for the election; and (b) prepare voting papers showing the vacancies to be filled, listing in alphabetical order the names of the candidates for election, and containing directions as to the manner of voting.

96. (1) When the number of candidates in any election or in any category of any election exceeds the number of places to be filled the Clerk shall, at least ten clear days before the appointed day for the election, cause a voting paper and other documents to be posted or otherwise sent to the last known address of every member of the Senate whose name is entered in the postal roll.

(2) Any member of the Senate who satisfies the Clerk that on the first day of the month in which the appointed day falls he or she was entitled to vote but did not receive or had irretrievably lost the voting paper may, on request to the Clerk on or before the appointed day, obtain another voting paper; and any vote cast by the use of such substituted voting paper shall be valid if it otherwise complies with the provisions of these Standing Orders.

97. (1) Each candidate may appoint a scrutineer to assist the Clerk.

(2) If the number of scrutineers appointed by candidates is insufficient, the Clerk may appoint other persons to act as scrutineers.

98. At a convenient time the scrutineers appointed by the candidates shall be given the opportunity, in the presence of the Clerk, to satisfy themselves that the votes have been correctly recorded and

correctly calculated. For this purpose they shall have available the voting papers and such computer print-out as they, after consultation with the Clerk, may consider necessary.

99. When the scrutineers or such of them as attend, and the Clerk, are satisfied that the votes have been correctly calculated and counted, the Clerk shall declare the result of the election. He shall do this:

- (b) by public statement, by such means as he may decide;
- (c) by circular sent as soon as feasible to each candidate.

100. The Clerk shall, subject to the Standing Orders, determine finally on questions of detail concerning the election.

INSTITUTES AND FOUNDATIONS OF THE UNIVERSITY

The Waite Agricultural Research Institute

The Waite Agricultural Research Institute was established in 1924 as a result of the gift of Mr. Peter Waite to the University of Adelaide for the purpose of furthering teaching and research in agriculture and allied subjects. The original endowment comprised a mansion house, a Trust Fund of \$117,000 and an estate of 299 acres of agricultural and grazing land.

To the original gift has been added about 100 acres by purchase, bringing the total area to nearly 400 acres. Of this total, only about 10% is suitable and available for experimental work and large scale projects, such as production studies with sheep and cattle, are carried out at the Mortlock Experiment Station near Mintaro. The station, comprising 680 acres of first class land, was established in 1966 through the generosity of Mrs. J. T. Mortlock.

The original laboratories were built between 1928 and 1940 and were made possible through the generosity of Sir John Melrose and the families of Mr. John Darling and Frederick Ranson Mortlock.

In 1959 the Departments of Entomology and Plant Pathology were housed in a new east wing and in 1965 a separate building was provided for the Institute Library. Finally, an extension to the Library which also serves as a link with a new undergraduate teaching block was completed in 1972.

The latter building replaces laboratories and lecture rooms which were provided in the immediate post-war period under the Commonwealth rehabilitation training scheme and which are now quite inadequate for present student numbers.

In addition to the main laboratories, there is a whole range of ancillary buildings including glass houses, workshops, farm buildings, housing for domestic animals, an insectary and a small animal house.

Bequests and endowments in addition to those already mentioned, have added much to the effectiveness of the Institute's programme. Benefactors include the children of Mr. Peter Waite, viz. Mrs. Elizabeth McMicken, the Misses Lily and Eva Waite and Mr. James Waite; Messrs. H. Hughes, W. H. Sandland, W. D. Grigg, Alfred Hannaford and Mrs. K. Lilius Needham. The Institute is a beneficiary under the will of Mr. J. S. Davies.

Interest on the original and subsequent endowments contributes little to the running costs of the Institute which derives the greater part of its income from grants to the University by the Australian Government. However, grants from a wide variety of foundations, primary industries and private firms are of major assistance in the research programme. Grants are or recently have been received from, amongst others, the Rural Credits Development Fund of the Reserve Bank, the Commonwealth Development Bank, the Australian Wool Board, the Wheat Industry Research Council, the Wheat

Industry Research Committee of South Australia, the Australian Honey Board, the Barley Improvement Trust Fund, the Meat Research Committee, and the Quarantine Section of the Commonwealth Department of Health. The Institute has also derived substantial grants from the Australian Research Grants Committee which was established in 1965.

The catalytic effect of Peter Waite's bequest is not confined to gifts of various kinds. It is also reflected in the group of other scientific institutions on the Waite Institute Campus. Up till 1957 the main Institute building housed both the Australian Wine Research Institute and the CSIRO Division of Soils. Expansion inevitably led to a separation and both institutions now have separate buildings east of Waite Road on land leased from the University. More recently, the headquarters of the CSIRO Division of Horticultural Research and a unit of the Division of Mathematical Statistics have joined the original two.

The Institute provides facilities for teaching in the third, fourth and honours years of the degree of B.Ag.Sc. There is also a strong postgraduate school which draws its students from a wide range of countries.

The scientific work of the Institute is centred round the study of the principles of crop, pasture and animal production and of the scientific disciplines associated with these aspects of agriculture. Research and teaching is carried out in seven departments:

AGRICULTURAL BIOCHEMISTRY.

AGRONOMY (which includes Crop Ecology, Genetics and Plant Breeding, Animal Husbandry and Systematic Botany).

ANIMAL PHYSIOLOGY.

ENTOMOLOGY.

PLANT PATHOLOGY (which includes Nematology and Soil Microbiology).

PLANT PHYSIOLOGY (which includes Horticulture).

SOIL SCIENCE.

There is also a BIOMETRY SECTION.

The Mawson Institute for Antarctic Research

The Institute was formally established by the University Council in November, 1959, in honour of the late Professor Sir Douglas Mawson, F.R.S.

The Institute provides facilities for postgraduate training and research related to the Antarctic regions. At this stage research is limited to the field of atmospheric physics.

The Institute maintains a library of Antarctic literature and a collection of photographs and objects associated with the expeditions of Sir Douglas Mawson.

The Institute was inaugurated by the Right Honourable the Prime Minister on 15 April, 1961. The Director is Dr. F. Jacka.

The Anti-Cancer Foundation

In 1928 the University formed an Anti-Cancer Campaign Committee to aid research into problems of cancer, and to provide and extend modern methods of treatment of cancer in South Australia. In that year the Commonwealth Government had lent to the Adelaide Hospital half a gram of radium in the form of needles and tubes, and as there was no radiotherapy department at the hospital the early efforts of the Committee were devoted to the provision of a medical officer, a deep X-ray plant and the necessary clerical and technical personnel to establish a Radiotherapy Department. As demands on the Radiotherapy Department grew, the Committee's expenditure on the Department also increased until the Committee was responsible for four salaried medical officers and four physicists employed there. It was then agreed with the Hospital Board that the Committee should be financially responsible for the research activities of the Radiotherapy Department, and the Board for the routine treatment of patients; as a result three of the Committee's medical officers were transferred to the Public Service.

In 1962, the Anti-Cancer Campaign Committee was reorganised and was renamed the Anti-Cancer Foundation of the University of Adelaide. The board of Governors, which decides matters of major policy, is the governing body of the Foundation. About 30 prominent citizens representing a wide cross-section of the community have been appointed as Governors of the Foundation. For the conduct of the Foundation's affairs, an Executive Board, a Finance and Fund-raising Committee, a Public Education Committee, a Patient Care Committee and a Scientific Advisory Committee have been appointed.

In 1965 the Foundation was admitted to membership of the Australian Cancer Society and in 1970 became a member of the worldwide anti-cancer organisation, the Union Internationale Contre le Cancer.

A full-time Secretary was appointed in 1968. This has made it possible to extend the Foundation's services to remote parts of South Australia and the Northern Territory.

FINANCE: The Foundation's funds are derived from the following sources: (a) Gifts and bequests; (b) Income from gifts and bequests which have been invested; (c) Government grants and subsidies; (d) Public appeals.

Five public appeals for funds have been made: the first in 1928 realised about \$12,000, the second in 1939 about \$6,000, the third in 1950 more than \$200,000, the fourth in 1962 about \$220,000 and the fifth in 1970 more than \$136,000. The last three were conducted under the aegis of the Lord Mayor of Adelaide. Part of the proceeds of the third appeal was used to pay for a 4 million volt X-ray machine which was installed in the Royal Adelaide Hospital. Another appeal will be launched in June, 1978. The target is \$300,000.

Government grants and subsidies have been received since 1929. In addition, the State Government gave \$32,000 towards the purchase of the high-voltage plant, and met the large expense of housing the plant at the Royal Adelaide Hospital.

RESEARCH: Applications are invited each year for Anti-Cancer Foundation Grants for the conducting of research in any scientific or medical field directly concerned with the cause, diagnosis, prevention or treatment of cancer. Grants totalling \$54,088 will be disbursed in 1978 to researchers in various departments of the University of Adelaide and the Flinders University of South Australia. The standard of research work in South Australia is very high and has gained world-wide recognition.

CYTOLOGY SERVICE: In 1960 the Foundation established a Cytology Laboratory at the Queen Elizabeth Hospital for the examination of cervical and vaginal smears. The laboratory examined some 3,000 smears during the first year of operation. The work of this laboratory has rapidly increased and in 1977 a total of 35,465 smears was processed.

EDUCATION: The Foundation encourages scientific personnel to attend overseas conferences to keep them in touch with the most recent developments in their fields. It supports the attendance of members of its staff at approved scientific conferences in Australia. From time to time leading overseas cancer specialists are invited to Adelaide to address meetings of surgeons, pathologists and other professional groups. Public education campaigns began in a small way in 1950 and a Public Education Committee has been active in cancer education since 1965, when an Honorary Medical Adviser was appointed. Since that time thousands of people throughout the metropolitan and country areas have attended lectures and learnt about breast, uterine and other cancers as well as the hazards of smoking. A small panel of doctors have been recruited to assist with the presentation of lectures and films at schools and many other organisations. In 1976 the Foundation took part in the second national Cancer Education Week aimed at reducing the fear of cancer. The slogan used was "Cancer is a word, not a sentence".

PATIENT CARE: A Patient Care Committee was appointed in 1965. The work of this Committee began with the appointment of a Visiting Nurse, and later, a part-time Social Worker and a second Visiting Nurse. At the end of 1968 the Committee decided that the needs of the cancer patient could best be served by an expansion of its social welfare work and a curtailment of the nursing service. In 1970 a second experienced social worker was appointed. In 1975 the Foundation established its Mastectomy Rehabilitation Service.

The generosity of Mr. J. A. Martin has enabled the Foundation to establish James A. Martin House at 429 Gilles Street, Adelaide. This hostel, which is administered by the Board of the Royal Adelaide Hospital, accommodates any patient suffering from cancer, or thought to have cancer, and requiring any form of treatment or investigation in Adelaide. Provision is made in the well-equipped rooms for the patient to be accompanied by a relative.

The Animal Products Research Foundation**RULES**

The sum of seven thousand pounds, raised by private subscription, having been paid to the University in 1920 for the purpose of promoting research on the growth and nutrition of man and animals, that sum having been increased in 1967 to twenty-one thousand dollars by capitalisation of unspent income, and the statute governing the original use of the income of the fund having been repealed, the following rules are hereby made:

1. The Council shall appoint annually a Board to advise it on the purposes for which the Foundation shall be used and the application of the income to those purposes.

2. Until the Council decides otherwise the annual income of the Foundation shall be available for the acquisition for the University Library of books and journals relevant to the general purpose of the endowment and approved by the Board, and for such other purposes as the Council on the recommendation of the Board may approve.

3. Unexpended income in any year may be added to the capital sum or expended in the next or some following year, as the Council may determine.

4. These rules may be varied from time to time, but the title and the general purpose of the Foundation shall not be changed.

RESIDENTIAL COLLEGES

By the Acts of Parliament under which the University of Adelaide was founded provision was made for affiliation to the University of residential colleges in which students could enjoy the advantages of residence, discipline, and tuition supplementary to that given by the staff of the University.

ST. MARK'S COLLEGE

St. Mark's College, the first residential college in the University of Adelaide, was founded by a committee formed at a public meeting held under the chairmanship of the Bishop of Adelaide on 29 May, 1922. The Committee obtained some \$24,000 by public subscription, bought the residence of the late Sir John Downer on Pennington Terrace, North Adelaide, and secured two acres of land adjoining, thus providing room for the foundation of a College of 150 men. The College was affiliated in 1924, and opened for students in March, 1925. It was immediately found necessary to provide additional accommodation, and in 1925-6 and in 1926-7 a three-storey building of thirty rooms was erected as the first portion of a main quadrangle on the vacant land. During the years 1941 to 1945 the property was leased to the Royal Australian Air Force. Since then the College has acquired additional properties and buildings and now provides residence for about 150 tutors and undergraduates with facilities which include large Junior and Senior Common Rooms, Chapel, Library, Tutorial Rooms, Recreation and Music Rooms, and five grass tennis courts.

The College is governed by a Council including representatives of the Church of England, the Council of the University, the Governors of St. Peter's College, and the Old Collegians. The Archbishop of Adelaide is *ex officio* President and the Chairman is Mr. Gavin Walkley. Although the College is primarily under the sponsorship of the Church of England, it is freely open to men of all religious denominations.

The College provides its members with the advantages of corporate life in close proximity to the University, the University sports facilities, and the other Colleges of the University. Students have all their meals at the College, and incur a minimum of time and expense in attending lectures and other University activities. As a supplement to University teaching, tutorials are provided in many basic subjects of the University curriculum. Non-resident students are admitted to tutorial classes. Since its foundation the College has built up a fine all-round record in academic and other fields, with many winners of important prizes and scholarships.

Members of the Senior Common Room serve as academic or house tutors or both. They come for the most part from the teaching or research staffs of the University.

The College provides religious services for its members, and through the Student Club encourages literary, dramatic, social and athletic activities.

Applicants should be matriculated in the University and must furnish evidence of good character. No member of the College may be permitted to remain in residence unless the Master and Tutors are satisfied with his academic progress and conduct.

Further particulars are available from:

The Master—Dr. Peter Geoffrey Edwards, B.A., D.Phil., St. Mark's College, Pennington Terrace, North Adelaide; Telephone 267 2211.

ST. ANN'S COLLEGE

St. Ann's College was founded as the result of bequests by the late Mr. Sidney Wilcox of his house and grounds at Brougham Place, North Adelaide, and of a substantial sum of money to establish a non-denominational college for women students attending the University. The College was incorporated and affiliated with the University in 1939. Owing to the outbreak of war in that year and for other reasons the College did not open until 1947. In September 1972 the College Council agreed that men students be admitted to residence in 1973 and in 1976 the number of men in residence had reached 40% of the total student members.

The College consists of 107 modern single study/bedrooms plus Plummer, an older building that accommodates 14 students. In addition, the College has a spacious dining hall and common room, small common rooms, music rooms, a library, a tennis court and an oratory. St. Ann's provides university students with the opportunity to live in a community of graduates and undergraduates where academic excellence is stressed, but at the same time allows for considerable extra-curricular activities. These activities and the College tutorials are open to non-resident students who wish to become affiliated with the College.

The College is situated in pleasant surroundings with a view to the Mount Lofty Ranges and is within ten minutes walk of the University of Adelaide.

St. Ann's provides undergraduate scholarships and bursaries for resident students. The Doris Simpson Scholarship (value \$500 p.a. at present) is awarded to a continuing university student and is based primarily on academic results. The Constance Finlayson Scholarship (value \$900 p.a. at present) is awarded to a first-year student enrolled in the University of Adelaide; the award is based primarily on the results of the Matriculation Examination, but character and extra-mural interests are also taken into account. Tenure may be renewed for a second year. The Collegians' Award, valued at approximately \$200, is awarded annually, for one year only, to a first-year student of ability and in financial need. Bursaries are also awarded annually. Applications should be sent to the Principal of the College not later than 31st January.

Further details and application forms can be supplied by the Principal, Mrs. N. T. Feather, St. Ann's College, 187 Brougham Place, North Adelaide; Telephone 267 1478.

AQUINAS COLLEGE

Aquinas College was incorporated in 1946 and by a statute of the University in 1947 was affiliated to the University as a Residential College under the auspices of the Roman Catholic Church for students of the University. In 1948 "Montefiore", just behind Colonel Light's Statue in North Adelaide, was purchased as a site for the College. This house was, for many years, the residence of the late Sir Samuel James Way, Chief Justice of South Australia for 40 years, and for 33 years Chancellor of the University. In 1953, Sir Collier Cudmore's home, 24 Palmer Place, was purchased and in 1968 the property belonging to the Darling family, 19 Palmer Place.

The College now has accommodation for 103 students in single bed-study rooms. In addition, the College has spacious common rooms, a chapel, libraries, television rooms and two squash courts.

The Council decided to admit women students to residence from the beginning of 1974.

Students of the College enjoy the advantages of residence close to the University, corporate life in an academic community, the influence of the doctrine, ideals and sacramental life of the Church and tuition supplementary to University lectures.

Tutorial classes and individual tuition are given in the College with the special object of assisting students in their University work. Non-resident students, men and women, are admitted to all College classes.

The College Council is presided over by the Archbishop of Adelaide, The Most Reverend J. W. Gleeson, D.D. The Vice-President is the Most Reverend B. Gallagher, D.D., Ph.D., Bishop of Port Pirie.

Applications for admission are made to the Rector.

The Rector is Rev. Fr. Ian Howells, S.J., B.E., Ph.D., and the Vice-Rector is Rev. Fr. Bryan Buxton, S.J., B.A.

LINCOLN COLLEGE

Lincoln College, affiliated with the University of Adelaide, was founded in 1952 by the South Australian Conference of the Methodist Church of Australasia. With the inauguration of the Uniting Church in Australia in 1977 the College is now linked with this Church, but admission is not restricted to members of the Uniting Church.

The College offers residential facilities for male and female students undertaking tertiary studies in Adelaide with priority to students of the University of Adelaide. It has 185 places for students and senior members in single study/bedrooms. Tutors are available within the College to assist students with their academic work. The College strives to provide a full corporate life for a diverse body of tertiary students engaged in a wide range of intellectual pursuits.

The College is governed by a Council comprised of representatives of the Church, the University and the members and graduates of the College. The Chairman of the Council is Dr. J. A. S. Smith, M.B., B.S. (Adel.), F.F.A.R.C.S., D.A. The Master is the Rev'd John Whitehead, B.A. (Melb.), B.D. (M.C.D.), Ph.D. (Vanderbilt).

To commemorate the distinguished service of the late Rev'd Dr. Frank Hambly as its foundation Master, the College has established two Frank Hambly Memorial Scholarships each worth \$200 a year. One is for a student who has been at the College for at least one year and the other for a student who has been at the University of Adelaide for at least one year, but has not been in residence at a University College. The College also offers a limited number of bursaries for students in difficult financial circumstances. For further information on these and other matters write to The Master, Lincoln College, 45 Brougham Place, North Adelaide, S.A. 5006. Telephone 267 2276.

KATHLEEN LUMLEY COLLEGE

The College was founded in 1967 with the aid of a gift of \$60,000 from Mrs Kathleen Lumley and the support of the State and Federal Governments through the Australian Universities Commission. The University made a site available for the College at Mackinnon Parade, North Adelaide.

The aim of the College is to provide residential accommodation for men and women postgraduate students of the University of Adelaide together with educational, cultural, social and recreational facilities for all postgraduate students of the University.

The College provides living accommodation for 60 postgraduate students, as well as a dining-room, common room and reading room for the use of both resident and non-resident members of the College.

The College is governed by a Council, which includes members nominated by the Council of the University, and by the residents of the College, together with representatives of the Lumley family. The Chairman of the Council is Dr. H. J. Rodda, M.Sc., Ph.D. The Master of the College is Dr. J. H. Coates, B.Sc., Ph.D.

Further particulars may be obtained from The Master, Kathleen Lumley College, 51 Finnis Street, North Adelaide 5006.

CONTINUING EDUCATION

At Lecture Courses and by Radio

In 1914, the University established a Joint Tutorial Classes Committee (T.C.C.) and Department of Tutorial Classes to work with the newly-established Workers' Educational Association—by providing tutors for a joint programme of classes. However, it was not until 1917 that the T.C.C. was in a position to provide evening classes in Adelaide, mainly in liberal arts subjects. In the 1920's and 1930's, classes and written courses were offered as well to country groups. In 1957 the University appointed a Director of Adult Education and, following a report he made in 1958, established a Department of Adult Education (in place of the Department of Tutorial Classes) and enlarged its staff. The University also constituted a Board of Adult Education—to oversee the work of the Department of Adult Education, and to replace the T.C.C. The name of the Department and Board was changed in 1978 to Continuing Education. The Board consists of five representatives of the academic staff of the University, three of the full-time staff of the Department of Continuing Education, four interested persons from the community, five persons from other organisations and the Director of Continuing Education, *ex officio*. Evening classes of 10 to 30 meetings each year have continued as part of the Board's programme, but in recent years there has been an increasing number of extension courses for engineers, teachers, industrialists, bankers, farmers, social workers, police officers and many other professional and vocational groups. The non-vocational tutorial classes have, since 1973, been offered independently of the W.E.A. The Department's work also includes an increasing number of residential courses and short schools and seminars on subjects ranging from nature conservation to national and international affairs. The Department has published proceedings of many of these schools and seminars and currently has about 26 titles for sale. Thanks to a generous donation of \$100,000 by a graduate of the University, the late Mr. K. G. Stirling, an educational radio station began transmissions in 1972—and forms a section of the Department of Continuing Education. During 100 hours of broadcasting each week, the station transmits educational courses, other programmes of an educational kind (including music) and provides access time for a number of ethnic groups and voluntary associations in the South Australian community. In 1974 the Australian Government moved the station's frequency from 1,630 kHz to 530 kHz—so that it is now on the broadcast band.

Syllabuses and further information about University continuing education work, including 5UV, may be obtained on application to the Director of Continuing Education, The University of Adelaide, Adelaide.

 EVENING LECTURES

Originally established under a special grant from the Government, courses of evening lectures in Arts, Economics and Science subjects are provided each year for the benefit of teachers and others. A list of the evening courses offered in 1978 and their times, will be found in Volume II of this Calendar.

SERVICE DEPARTMENTS AND DIVISIONS OF THE UNIVERSITY

ADVISORY CENTRE FOR UNIVERSITY EDUCATION

The Advisory Centre for University Education was founded on 1 September 1973. It has two main aims:

- (a) to give professional assistance to those staff members and departments who seek help to improve the effectiveness of their teaching; and
- (b) to study any matter related to higher education and the planning of and, where possible, the conducting of surveys and investigations relating to such study.

The Centre tries to achieve these aims in five main ways:

- (a) by discussing course aims, ways of teaching and assessment procedures with departments;
- (b) by acting as a catalyst by running courses (including a course in tertiary curriculum extending over one year) and publishing occasional papers;
- (c) by offering confidential advice on teaching to members of staff;
- (d) by providing an audio-visual production service as a support to our teaching function;
- (e) by carrying out practical, problem-solving research into university education.

The Centre is responsible to a consultative committee which is based on faculty representation and four student members.

BARR SMITH LIBRARY

The University Library includes the central library and four branch libraries: the Law, Medical and Music Libraries, and the Waite Agricultural Research Institute Library.

The central library is named in honour of Robert Barr Smith who made the first of his benefactions in 1892. A building of classical design was completed in 1932, the gift of Tom Elder Barr Smith. It was extended in 1959 and 1967, and the major Research Services Wing was added in 1969-71. The Barr Smith Library provides reference and lending services, and has seats for 1,800 readers. All students attending lectures at the University are entitled to use the Barr Smith Library for purposes of reading and reference; students who are enrolled in a degree or diploma course in the University are entitled to borrow books from the Library.

At the end of 1977 the Barr Smith Library contained 753,802 volumes; the Law Library, located in the Ligertwood Building, 55,191 volumes and 317 seats; the Medical Library, temporarily housed in the Barr Smith Library building, 84,450 volumes and 152 seats; the Music Library, located in the Elder Conservatorium and Hughes

Building, a collection of scores and recorded music; and the Waite Agricultural Research Institute at Glen Osmond, 33,523 volumes. Total holdings of the University Library were 943,520 volumes. Some 20,054 serials were being regularly received.

The Barr Smith Library normally offers service from 9.00 a.m. to 10.00 p.m., Monday to Friday; 2.00 p.m. to 5.00 p.m., Saturday; and 1.30 p.m. to 5.30 p.m., Sunday and certain public holidays. Longer hours of service are offered during the three weeks up to the end of the first and second term examinations and during the third term; and shorter hours during the summer vacation. A reading annex is open for 109 hours a week during the academic year. Hours of service in the branch libraries are designed to meet the needs of their regular clientèles.

Rules governing use of the University Library are printed in volume II of this Calendar.

Notice boards, and a kit which is available on request from the Barr Smith Library, should be consulted for further information.

CAREERS ADVISORY BOARD

The Careers Advisory Board provides information on careers, and all students have the opportunity to discuss careers open to them.

For final year students assistance is given in finding employment. Interviews are arranged on campus with potential employers; liaison with the Professional Employment Office is maintained for job placement; information on employers and job-seeking techniques is distributed and information on postgraduate vocational courses is available.

For students interested in teaching close liaison with the S.A. Education Department is maintained. Assistance is also given to students seeking technical vacation work. A career newsletter "Options" is sent to students, discussing topics as they affect particular faculties, and an annual survey of the first destination of graduates is carried out. Careers literature and employer leaflets are available in the Board's Offices which are located on the top floor of the Old Classics Wing near the Wills Court waterfall.

COMPUTING CENTRE

The Computing Centre was established as a separate department in 1969, although computing facilities had been available since the early 1960's.

The Centre offers computing and related services to the University and some other bodies. Its facilities can be used by all sections of the University, including research, teaching and administrative staff. It operates a large computer, and also offers a variety of advisory and ancillary services. It produces a range of general and technical literature, which is available on request.

Prospective users are invited to contact the Director of the Centre, except that students should in general seek advice from relevant teaching departments. Education in computer-related subjects is the concern of the Computing Science and other Departments, although the Centre does offer limited training courses where necessary.

HEALTH SERVICE

Concept

The University of Adelaide was the first Australian university to initiate a Health Service. Following discussion between the late Sir D'Arcy Cowan, Director of Tuberculosis and the late Dr. F. S. Hone, with the University Council, the service began in a humble way in October 1946. At that time there was a high morbidity from pulmonary tuberculosis in medical students.

In the late 1940's and in the 1950's, the Service acted as a mentor and friend to students with difficulties, physical and emotional and it kept a watchful eye for any cases of pulmonary tuberculosis.

The first Student Health Conference in Australia and New Zealand was held at the University of Adelaide in September 1960. This was initiated by Mr. B. F. G. Apps, the Senior Lecturer-in-charge of the Department of Physical Education, who was also Executive Officer of the Health Service Committee. This seminar was the beginning of the Australian and New Zealand Student Health Association which has now been changed to the Australian and New Zealand Student Services Association and comprises all counselling, health and welfare services in the Australasian tertiary institutions.

In the 1960's, the need changed from physical illness to emotional difficulties. With the explosion of knowledge, the stress of "just being a university student" has increased and the majority of the work in the Student Health Service involves personality and environmental problems.

Basic Services Provided

1. Medical examination of first-year full-time students as required by the University. The emphasis is on preventive medicine e.g. poor study habits, lack of relaxation and exercise, environmental and personality problems.

2. Prophylactic services: chest X-ray, Mantoux test, poliomyelitis and tetanus immunisations, contraceptive advice and pap smears.

3. Casualty service for:

- (a) accidents within the University;
- (b) accidents at sport;
- (c) organic illness due to pressures of university life e.g. glandular fever; and
- (d) emotional illness due to stress of university life.

In (c) and (d), co-operation is made, if required, with the student's family doctor.

4. Consulting service at the Waite Agricultural Research Institute weekly.

Office Location

Ground floor in the Horace Lamb Building, near the quadrangle which is adjacent to the Horace Lamb Theatre and Foyer.

Hours

9.00 a.m. to 12.30 p.m. and 1.30 p.m. to 5.00 p.m. Lunch is taken between 12.30 p.m. and 1.30 p.m. and a member of staff is accessible during the lunch break in the case of emergency.

LANGUAGE LABORATORY

The Language Laboratory was installed in 1965 to provide audio-lingual and audio-visual practice facilities for language students.

During the day it is used by university students enrolled for courses in the departments of French, German and Asian Studies. They either meet as a class under the direction of a staff member, or engage in private practice during free access periods. About 350 students are involved.

From 7-9.45 p.m. the laboratories are mainly used by Continuing Education students studying Italian, German, French, Russian, Japanese, Malay-Indonesian, Chinese and Modern Greek. Currently about 500 students are enrolled. The Department of Continuing Education also offers intensive courses during the summer vacation, in Pitjantjatjara and in some major European languages.

The Language Laboratory provides technical and advisory services. The technical staff is responsible for maintenance, programme production and the duplication of student tapes. The director advises on available courses, assists with the production of special programmes and is engaged in research in teaching methodology and applied linguistics.

Over the years, a large tape library has been built up, partly through gifts from various foreign embassies. It includes recordings of literary works and cultural background materials. A comprehensive catalogue is kept. Tapes are available to staff members for use in classes and tutorials, and to students for use in the laboratory. For most tapes scripts are available. The acquisition of some high speed tape duplicating facilities has resulted in a home borrowing scheme, both for language tapes and literary tapes.

Since 1976, the Language Laboratory has provided a service course in Russian for staff and senior students who need a reading knowledge of the language. This course starts with a semi-intensive portion during the last two weeks in February (18 hours a week), and continues with two meetings per week during the academic year.

MARK MITCHELL CENTRE FOR PHYSICAL HEALTH

The centre is administered by the Student Health Service and functions under the guidance of trained professional officers.

It offers a training, service and research programme for all members of the community, both University Staff and Students, together with graduates and non-University groups.

Clubs run by the Sports Association use the excellent facilities in North Adelaide providing a wide range of physical recreation including Badminton, Volleyball, Squash and Weight Training.

Growing awareness of the need for physical and mental recreation has fostered the development of fitness classes for men and women of all ages.

Many of today's ills can be treated by this alternative to pills.

The new link with the Student Health Service paves the way for the development of life style and behaviour modification as an active ingredient in preventive medical care.

The Centre is open 7 days a week, virtually throughout the whole year.

STUDENT COUNSELLING SERVICE

The Counselling Service aims to assist students with their problems, thereby enabling them to gain maximum benefit from university life.

Individual counselling: emotional, personal, interpersonal, career, study problems; short and long term psychotherapy.

Groups: discussion, socialising, communication, personal development groups.

For other services see brochure.

Counselling is based on the premise that resources and responsibility for change and personality growth lie within the individual. The counsellor engages in a shared effort to develop the individual's capacities. Solutions are not prescribed but opportunity is provided for discussion in which the individual is encouraged and helped to see his difficulty more clearly, to resolve uncertainty, to reach decisions of his own, and more generally to gain insight into his own motivation, to increase his self awareness and to further his personal development. Independence and capacity to solve future problems are encouraged at the same time as present concerns are dealt with.

The Service is located on the first floor, George Murray Building, next to the bookshop, lower level. Three student counsellors are available from 9 to 5, generally at short notice. Ongoing groups are held during the lunch period. For further details a pamphlet can be obtained from the receptionist at the Service. Telephone 223 4333, ext. 2098 and 2663.

Tertiary Education Assistance Scheme.

GENERAL.

The Tertiary Education Assistance Scheme is administered under the Student Assistance Act 1973 and its accompanying Regulations.

The Tertiary Education Assistance Scheme is intended to assist Australian students in approved courses at universities, colleges of advanced education, technical colleges and other approved tertiary institutions.

In general assistance under this scheme is available:

- (a) for full-time study only in approved courses;
- (b) subject to a means test;
- (c) on a non-competitive basis;
- (d) without age restrictions;
- (e) subject to certain conditions of eligibility including satisfactory progress in an approved course.

A student's eligibility under this scheme must be re-assessed each year.

BENEFITS.

Assistance under the Tertiary Education Assistance Scheme may include:

- (a) payment of tuition fees;
- (b) living allowance;
- (c) incidentals allowance;
- (d) allowance for a dependent spouse and/or child;
- (e) fares allowance.

All benefits are subject to a means test.

Rates of benefits for 1978.

(i) *Living allowance.*

Ordinary students i.e. students who do not meet one of the criteria for independent status.

(a) *At home rate:* For students living with parents while attending courses the maximum rate payable is \$1,250 per annum.

(b) *Living away from home rate:* Where students live away from home to attend courses the maximum rate is \$2,075 per annum. The latter rate is payable to students who:

- (i) have reached or will turn 21 years of age in 1977 and will live away from home;
- (ii) must live away from home to meet the compulsory residence requirements of their course;
- (iii) because of distance and time involved in daily travel must live away from home in order to attend the institution of their choice;
- (iv) are under 21 years of age and must live away from home because of difficulties at home which would have an adverse effect on their studies.

(c) *Independent students:* For independent students the means test is applied to the income of the student, and where appropriate his or her spouse. The maximum rate payable is \$2,348 per annum.

Students may be granted independent status where they:

- (i) have reached or will turn 25 years of age in 1978;
- (ii) are orphans or wards of State;
- (iii) are or have been married or have been living in a bona fide de facto relationship for at least two years. This period may be reduced to one year where children are born as a result of the relationship;
- (iv) have been full-time in the work force or registered as unemployed for a total period of two years in the last five years.

(ii) *Incidentals allowance.*

Students eligible for living allowance will be granted an incidentals allowance which will assist in meeting the costs of fees such as Union and sports fees. Part of this allowance may also assist in meeting expenses associated with the purchase of books and equipment. The allowance is:

- (a) \$100 per annum for students at universities;
- (b) \$70 per annum for students in colleges of advanced education, teachers colleges and similar institutions;
- (c) \$30 per annum for students in technical colleges and similar institutions.

The full incidentals allowance will be paid where a student qualifies for a full or part living allowance.

(iii) *Dependants' allowances.*

A student who qualifies for a living allowance may also receive an allowance of \$31.40 per week for a spouse who is wholly or substantially dependent. The allowance is on a flat weekly rate and is not payable when the spouse has separate income in any week, or where the spouse also receives assistance under this scheme, or from another source.

A student who has a child wholly or substantially dependent upon him/her may receive an allowance of \$7.50 per week for each child under 16 years of age at school or aged between 16 and 25 if the child is a full-time student with no separate income.

(iv) *Fares allowance.*

Students living away from their normal place of residence in order to undertake their course of study may be reimbursed the cost of three return trips per annum between their home and the institution during vacation periods. This allowance is not intended to cover the cost of daily transport to and from an institution.

THE MEANS TEST.

(i) *Ordinary students.*

Where the adjusted family income is equal to or less than \$8,700 the student will receive the maximum rate of living allowance, that is \$1,250 if he is living at home or \$2,075 per annum if he must live away from home to attend a course. Where the income is above \$8,700 the maximum rate of living allowance will be reduced by \$2.50 for every \$10 of the adjusted family income above \$8,700.

The adjusted family income is assessed by subtracting from the gross income of both parents business expenses and an amount of \$450 for each dependent child other than the student. The means test is relaxed where the student has a brother or sister also enrolled as a full-time student in an approved course of tertiary education.

Students may receive up to \$1,500 per annum from employment and other sources without affecting their entitlement to living allowance. If their income exceeds this level their living allowance will be reduced by \$1 for each \$2 in excess of \$1,500. Income from employment during the entire year will be taken into account in the assessment of a student's living allowance.

If a student receives income from other scholarships or awards in excess of \$150 his living allowance will be reduced by \$1 for every dollar of income above \$150.

(ii) *Independent students.*

For independent students the means test is applied to the student's income only, or where married, to his income and that of his spouse in the 1976-77 financial year. A student who is legally separated or has been separated from his spouse for a period of six months is regarded as a single student and will not have his spouse's income taken into account.

(a) *Single students:* The maximum rate of allowance payable is \$2,348 per annum. The student may have income from employment or other sources up to \$1,500 per annum without affecting his living allowance entitlement. Living allowance is reduced by \$1 for every \$2 of income in excess of \$1,500. Within the limit of \$1,500 per annum students may receive up to \$150 from another award. Income from other awards in excess of \$150 is deducted on \$1 for \$1 basis.

(b) *Married students:* A married student will be subject to the same provisions as a single independent student but in addition his

spouse may earn up to \$8,700 during the 1976-77 financial year without affecting his living allowance entitlement. Living allowance will be reduced by \$1 for every \$2 by which the spouse's income exceeds \$8,700.

(c) *Single independent students with dependants*: A single independent student with dependants is not subject to the same provisions as a single independent student. He or she may have income of up to \$5,100 per annum without affecting living allowance entitlement. Within the limit of \$5,100 per annum such students may receive up to \$150 from another award. Income from other awards in excess of \$150 is deducted on a \$1 for \$1 basis.

12. These rules may be changed by the Council from time to time.

The John L. Young Scholarship for Research.

This scholarship was founded in memory of the late John Lorenzo Young, and is awarded to enable the recipient to carry out research in any branch of knowledge.

1. The said sum of \$2,000 (increased in 1966 by capitalisation of accumulated income to \$3,000) shall constitute the foundation fund of a scholarship to be called "The John L. Young Scholarship".

2. (a) Provided that there is a candidate of sufficient merit the scholarship shall be awarded annually to a candidate qualified and about to proceed to the final-year work for an Honours degree in a subject in one of the following groups of disciplines in rotation, beginning with the award for the year 1967:

Social Sciences and Humanities

The payments for the second and third terms shall be subject to receipt by the Academic Registrar of a report from the Head/Chairman of the Department concerned that the scholar's work and progress during the preceding term have been satisfactory.

5. If no award of the scholarship for any year be made the value of the scholarship for that year shall be added to the foundation fund referred to in clause 1 above.

6. These clauses may be varied from time to time in any manner not inconsistent with the objectives for which the fund was provided.

The J. R. Barker Scholarships.

5. Scholarships shall be awarded by the Council on the recommendation of the Deans of the Faculties of Agricultural Science, Economics and Science. In making a recommendation the Deans shall take into account the proposed subject of research, the academic suitability of the candidate, and the amount of any other scholarship or award which the candidate may hold.

6. Graduates of other universities will be eligible to apply for a scholarship.

7. If no award, or only one, is made in any year the value of the lapsed scholarships shall be added to the capital of the bequest. Any other income unexpended at the end of any year shall, likewise, be added to the capital.

The University also has available two leaflets listing major awards tenable in Australia and overseas respectively; copies may be obtained on application to the Office of the Academic Registrar.

A. TENABLE WITHIN THE UNIVERSITY.

The Baillieu Research Scholarships.

Whereas the University has received a sum of money under the provisions of the Repatriation Fund (Baillieu Gift) Act, 1937, for the purpose of establishing and maintaining in perpetuity within the University a scholarship or scholarships, the following rules are hereby made:

1. Two scholarships, to be known as "The Baillieu Research Scholarships", shall be available annually.

2. The value of each scholarship shall be \$400 a year, or such other sum as the Council may from time to time determine, and shall be paid to the scholar in three equal instalments, one at the beginning of each term.

3. Each scholarship shall be tenable for one year in the first instance, but may be renewed for a second year and, in exceptional cases, for a third year, but not longer.

4. Any graduate of the University who desires to conduct within the University postgraduate research in medicine, law, commerce, economics or architecture, and whose research proposals are satisfactory to the Head/Chairman of the Department concerned, shall be eligible for a scholarship.

5. Where a candidate, eligible under rule 4, is the lineal descendant of an Australian soldier, sailor or airman who, as the result of an occurrence happening during the period he was a member of the forces, has died or has been blinded or has been permanently and totally incapacitated, he shall be awarded a scholarship without regard to the merits of other candidates.

For the purposes of this rule:

- (a) a member of the forces shall be deemed to have been blinded if his eyesight is so defective that he has no useful sight; and
- (b) a member of the forces shall be deemed to have been permanently and totally incapacitated if he has been incapacitated for life to such an extent as to be precluded from earning other than a negligible proportion of a living wage.

6. Every application for an award—including, in the case of a scholarship holder, any application for renewal—must be made through the Head/Chairmen of the candidate's Department, and

should reach the Registrar by 31 October. It should include full details of the proposed research and of the arrangements made or to be made for carrying it out.

7. All awards shall be made by the Council, on the recommendation of the Research and Publications Committee. If at any time there are more recommendations than available scholarships, the Council shall choose between the recommended candidates.

8. If in any year a scholarship is not awarded, such scholarship may be awarded as an additional scholarship in any subsequent year.

Commonwealth Postgraduate Research Awards.

The Australian Department of Education provides each year a number of awards for postgraduate research in any faculty.

The basic stipend attached to an award is \$4,200 a year. Special allowances may be granted for dependent children, transfer from interstate and production of a thesis, and an incidentals allowance of \$100 a year is paid to all award holders. The award holder is required to pay the Union Annual Fee of \$118 for membership of the University Union. A graduate from another university may also be required to pay a Union Entrance Fee of \$20 unless he paid a corresponding fee in his original university.

To be eligible for an award, a candidate must be permanently resident in Australia and must have qualified for a good Honours degree; or be about to take his final Honours examination. A student may apply for an award in more than one university provided that he lodges a separate application with each university concerned. He should consult the relevant Head/Chairman of department in each such university about his proposed field of study before lodging his application with that university.

An award is initially granted for one year from the date of beginning study under it. Thereafter, subject to satisfactory progress, it is renewable for a second year in the case of a candidate for a degree of Master and for a second and third year in the case of a candidate for the degree of Ph.D. In exceptional circumstances an award may be extended into a fourth year for a Ph.D. candidate.

Applications, on the prescribed form which is obtainable from the Academic Registrar's Office, close with the Academic Registrar on the last day of October in each year.

Commonwealth Postgraduate Course Awards.

The Commonwealth Department of Education introduced in 1971 a scheme of awards for postgraduate study by course work. Information about eligible courses is available on request to the Registrar (or

Academic Registrar, as the case may be) of any Australian university. Part II of the course for the degree of M.B.M. and the courses for the degrees of M.Ed., M.U.R.P., M.Env.St., and M.Eng.Sc. are eligible courses at the University of Adelaide.

Benefits and conditions are similar to those of Commonwealth Postgraduate Research Awards. Tenure of an award normally begins with the academic year and is granted for the minimum length of time required to complete the course for which the award is made.

Applications on the prescribed form close with the Academic Registrar on the last day of September in each year.

The William Culross Prize for Scientific Research.

In 1952 the late Mrs. Gertrude Culross bequeathed to the University the sum of \$500 for the purpose of providing an annual prize for scientific research. Over the years the prize, though of small monetary value, acquired high prestige, and in 1971 the Research and Publications Committee decided to supplement the income from the bequest to the extent necessary to provide three prizes, each of the value of \$100, a year.

The following rules now govern the awards:

1. Each prize shall be called "A William Culross Prize for Scientific Research."

2. The value of each prize shall be \$100 and shall be paid to the prizewinner in one sum.

3. A prize shall be available each year for competition in each of the following fields of science within the University:

Group I: The biological sciences.

Group II: The mathematical and physical sciences and engineering.

General Motors-Holden's Postgraduate Research Fellowships.

General Motors-Holden's who have operated a fellowship plan to provide additional opportunities for graduates to pursue higher qualifications in Australia, and to assist in the development of research facilities in Australian universities determined, in 1977, to discontinue the scheme when the tenure of current scholars is completed.

C.S.I.R.O. Postgraduate Studentships.

Up to 1975 the Commonwealth Scientific and Industrial Research Organization awarded each year a number of studentships to high quality Honours graduates for study and research leading to the degree of Ph.D. in an Australian university. No new scholarships were awarded for 1976-1978 while the scheme was under review. Future scholarships will be available to undertake study in fields of specific interest to C.S.I.R.O.

A studentship is awarded initially for two years. It may be renewed for a third year, and in approved circumstances for part of a fourth year. Awards carry a living allowance of \$4,200 a year and provide for the reimbursement of all compulsory fees and of thesis costs up to \$400.

The Constance Finlayson Scholarship.

The Council of St. Ann's College awards this scholarship annually to an outstanding student in first year at the University of Adelaide who will reside in the College. The applicant's Matriculation results are the main criteria for selection. The scholarship is tenable initially for one year but may be renewed for a second year at the Council's discretion; the successful candidate will be granted a rebate on fees to the extent of \$900 a year.

Application Forms may be obtained from the Principal, St. Ann's College Inc., 187 Brougham Place, North Adelaide, S.A. 5006, Telephone 267 1478, and should be submitted by 31 January each year.

The Doris Simpson Scholarship.

The Council of St. Ann's College awards this scholarship annually to a continuing full time student at the University of Adelaide who will reside in the College. The main criterion for selection is academic merit.

The scholarship is tenable for one year and the successful candidate will be granted a rebate on College fees to the extent of \$500 a year.

Application Forms may be obtained from the Principal, St. Ann's College Inc., 187 Brougham Place, North Adelaide, S.A. 5006, Telephone 267 1478, and should be submitted by 31 January each year.

The David Murray Scholarships.

These scholarships, of the value of \$100 each, were founded by the late David Murray, a former member of the Council of the University.

For conditions, see Statutes, Chapter XXXI.

ARTS.

In order to assist students who intend to undertake work of an advanced character a David Murray Scholarship will be awarded on the result of the examination for the Honours Degree of Bachelor of Arts, in Anthropology or Classics or Classical Studies or Geography or Latin or Mathematics or Philosophy to a candidate whose work is considered to be of sufficient merit.

SCIENCE.

This scholarship is awarded to enable the recipient to carry out some scientific investigation. The successful candidate, who must have satisfied all the academic requirements for a degree in either pure or applied science, is required to submit the subject of his work for approval by the Faculty and the Council.

Payment will be made in two instalments, the first on approval by the Council of the subject of the scholar's work, and the second on receipt of a satisfactory report of progress.

LAW.

A David Murray Scholarship of \$100 will be awarded each year to a candidate for the Honours degree of Bachelor of Laws who has maintained a consistently high standard in his work throughout the course, and has demonstrated his ability to undertake advanced work and original investigation.

MATHEMATICAL SCIENCES.

This scholarship is awarded to enable the recipient to carry out some investigation in mathematical science. The successful candidate, who must have satisfied all the academic requirements for the degree of Bachelor of Science in the Faculty of Mathematical Sciences, is required to submit the subject of his work for approval by the Faculty and the Council.

Payment will be made in two instalments, the first on approval by the Council of the subject of the scholar's work, and the second on receipt of a satisfactory report of progress.

MEDICINE.

Facilities for higher work will be offered to any graduate or undergraduate who desires to pursue a subject of research. A scholarship of the value of \$100 may be awarded every year for such work, provided it is of high quality. Undergraduates of not less than three year's standing and graduates of not more than two years' standing will be eligible to compete.

The University Research Grant.

The University Research Grant serves two purposes: to enable suitable young graduates to be trained in the principles and methods of original research and to promote research itself. The grant therefore provides for the support of both trainee and qualified research

workers and for the purchase of maintenance materials and costs associated with travel, and for other expenses associated with the prosecution of approved research projects. Except as specifically provided otherwise below, all awards under the grant are made on an annual basis.

An *Honours Year Scholarship* may be awarded to a graduate with a good Ordinary degree to enable him to proceed to an Honours degree. An applicant must establish substantial financial need, and attain at least credit standard in the third-year course of the subject in which he wishes to proceed to Honours. Very few awards are made.

A *Postgraduate Scholarship* may be awarded to a graduate with a good Honours degree, or the equivalent, to enable him to proceed to a Master's or a Ph.D. degree. A potential candidate for a scholarship should consult the Head/Chairman of his Department in *August or September* as applications for scholarships must be lodged with the Academic Registrar by the end of October.

The grant also makes provision for distinguished scholars to be invited to the University as *Visiting Professors*. The minimum period which a Visiting Professor must agree to spend in Adelaide is 28 days.

Scholarships and fellowships are open to graduates of other Australian and overseas universities, and an enquirer should supply a full statement of his academic record and of the field in which he would like to work so that the University may determine whether he is eligible for detailed consideration. Overseas candidates for postgraduate scholarships are expected to hold qualifications equivalent to a first class Honours degree of an Australian University, and local candidates are required to hold, or attain, a good class IIA Honours degree.

B. POSTGRADUATE AWARDS TENABLE OVERSEAS

British Commonwealth Scholarship and Fellowship Plan.

Each year a number of awards are made under this plan to Australian graduates for postgraduate work in the universities of the following member countries of the British Commonwealth of Nations: Canada, Sri Lanka, Ghana, Hong Kong, India, Jamaica, Malaysia, New Zealand, Nigeria, Sierra Leone, the United Kingdom, and Trinidad and Tobago.

Scholarships are normally tenable for a programme of study or research leading to a university degree or similar qualification; for some countries applications are also considered from postdoctoral candidates. The emoluments are intended to cover expenses of travel, living and study during the period of tenure. (The personal maintenance allowance in the United Kingdom, e.g., is at the rate of £S132 a month). Scholars are expected to return to Australia on completion of tenure.

Applications for awards tenable in the various countries close at different times during the year; they must be submitted, on seven copies of the prescribed form, to the Registrar or Academic Registrar of the university of graduation.

Senior Hulme (Overseas) Scholarship.

Brasenose College, Oxford, offers annually a scholarship for a male graduate from Australia or New Zealand under the age of 35 years. It is expected that candidates who are already establishing themselves as scholars in their chosen subject will be more likely to be successful than recent graduates; and a junior member of staff may apply. A scholar will be expected to proceed to a postgraduate degree or diploma or to undertake a recognised course of postdoctoral study. The maximum period of tenure is three years.

The stipend will be £2,138 a year plus, if appropriate, the scholar's contribution as an employee to F.S.S.U. or comparable academic pension scheme. In addition, all university and college fees and dues will be paid by the College.

The academic year at Oxford begins in October. Applications, on the appropriate form, close with the Academic Registrar, The University of Adelaide, on 31 October of *the preceding year*.

1851 Exhibition and Rutherford Scholarships.

The Royal Commissioners for the Exhibition of 1851 offer annually nine scholarships, and the Royal Society offers one known as the Rutherford Scholarship, for graduates in pure or applied science of universities within the British Commonwealth. Each scholarship is worth about £2,000 a year, is tenable for two or three years, and must be held in a country other than the scholar's country of graduation. Applicants should be under 26 years of age on 1 May of the year of application.

Application forms and more detailed information may be had on request to the Academic Registrar's Office, where applications (on the printed form) must be lodged by the end of February.

The Gowrie Scholarship Trust Fund.

The Gowrie Scholarship Trust Fund offers annually one or two postgraduate research scholarships, each of the value of up to \$2,750 a year, tenable for two years at a university or other approved institution either in Australia or overseas.

Applications for the research scholarships close with the Academic Registrar on 31 October each year; a duplicate copy of each application is to be forwarded to the trustees.

Further particulars may be had on application at the Office of the Academic Registrar.

Graduate Awards for Women

The International Federation of University Women (I.F.U.W.) and the American Association of University Women (A.A.U.W.) offer annually a number of fellowships and grants for postgraduate research or study overseas. The I.F.U.W. Awards and some of the A.A.U.W. Fellowships are open only to members of the I.F.U.W. In Australia, members of the State Associations of University Women are automatically members of the Australian Federation of University Women (A.F.U.W.) and of the I.F.U.W. Awards offered by the I.F.U.W. and the A.A.U.W. are advertised each year by the A.F.U.W. and within the universities. The advertisements include addresses to which enquiries should be made.

The George Murray Scholarships.

RULES.

Enabled to do so by the bequests (amounting to about \$280,000) of the late Sir George Murray, K.C.M.G., Chancellor of the University from 1916 to 1942, and of his sister, the late Miss Margaret Tinline Murray, the Council has established a number of scholarships and made the following rules relating to them:

1. The scholarships shall be known as "George Murray Scholarships".

2. The purpose of the scholarships is to enable graduates of the University of Adelaide to undertake further study or research in approved universities or other institutions outside the Commonwealth of Australia.

3. Until otherwise determined by the Council the number of scholarships available for award in each year shall be four.

4. (a) There shall be two categories of awards, the minimum qualifications for award in each category being as follows:

Category A: The degree of Ph.D.: provided that a candidate who expects to submit his thesis for the degree of Ph.D. by 31 July in the year for which the award is sought shall be eligible to apply in this category.

Category B. An Honours degree, or other qualifications judged by the University to be equivalent, in Arts, Economics, Science, Agricultural Science, Engineering, Law, Mathematical Sciences, Medical Science, Music, Architecture, or Applied Science; the degrees of M.B., B.S., followed by at least one year of hospital practice or research; the Honours degree of B.D.S., or the degree of B.D.S. followed by at least one year's postgraduate study; a Master's degree.

(b) There shall not be more than two new Category A awards in any one year.

5. The normal period of tenure of a Category A award shall be one year only, and the award will not be renewed for a second year except in very special circumstances. The normal period of tenure for a Category B award shall be two years, with the possibility of an extension for a third year only to enable the scholar to complete a course of study which has been approved.

6. (a) Until the Council decides otherwise, and subject to clause (d) below, the value of the scholarship will be:

In Category A:

Tenable at a University in the United Kingdom: 95% of the basic stipend of the holder of a C.S.I.R.O. Postdoctoral Studentship tenable in England.

In Category B:

Tenable at a University in the United Kingdom: 95% of the value of a U.K. Award under the C.S. & F.P. In addition, a Category B award will carry the cost of approved compulsory University fees.

At Universities other than those in the United Kingdom the values will be as recommended by the Scholarships Committee at an amount not greater than the value of an award tenable in the United Kingdom.

(b) The attention of candidates is drawn to the George Murray Overseas Travel Grants, the rules for which are published immediately after these rules.

(c) A scholar may hold, concurrently with his George Murray Scholarship, any grant for travel purposes only.

(d) A scholar who obtains any other award (whether it be scholarship, fellowship, salary, living allowance, or other emolument) shall at once inform the Academic Registrar. He will normally be required to retain such other award; and subject to the approval of the Council the Scholarships Committee, after considering all the circumstances, will decide what adjustment shall be made in the annual value of his George Murray Scholarship.

(e) One quarter of the annual value of each scholarship will be paid to the scholar before his departure from Australia. Thereafter, for the period of tenure of the scholarship, payments will be made in equal quarterly instalments in advance.

Approved university fees in the case of Category B awards will normally be paid, on receipt by the Academic Registrar of an appropriate account, direct to the overseas university concerned.

(f) Payment of a Category B award for the second year will be contingent upon receipt by the Academic Registrar, from the candidate's supervisor or from the Head/Chairman of the Department in which he is studying, of a satisfactory report on his work during the preceding year.

7. (a) Applications must be lodged with the Academic Registrar not later than 31 October in the year preceding that for which the award is sought.

(b) Every candidate should consult the Head/Chairman of his Department in advance and should state in his application his proposed field of study and the university or other institution in which he desires to work.

(c) Confirmation of the award of a George Murray Scholarship will be dependent upon the scholar's giving evidence that he has been accepted by the university or other institution concerned and that he is able to make suitable arrangements to proceed there.

(d) Application for extension of tenure of a scholarship for a second year in Category A or for a third year in Category B must be made in writing to the Academic Registrar *before payment of the final quarterly instalment under the original award is due to be made*; and the application shall include a statement of the grounds on which the extension is sought together with a recommendation from the candidate's supervisor or Head/Chairman of Department.

8. Awards will be made by the Council on the recommendation of the Scholarships Committee which will base its assessment of applicants primarily on their undergraduate achievements.

9. The holder of a George Murray Scholarship shall submit to the Academic Registrar, at the end of each year of tenure, a report on the work he has done during that year.

The George Murray Overseas Travel Grants.

1. The Council may award each year a number of Overseas Travel Grants for the purpose of facilitating overseas postgraduate study or research by graduates of the University of Adelaide. The number of such grants that may be made in any year shall be determined in the light of the money available from the income of the George Murray Bequest after provision has been made for the George Murray Scholarships tenable during part or the whole of that year; but a grant shall not be made unless the applicant be deemed of sufficient merit and in need of assistance towards travel.

2. An applicant for a Travel Grant must have been accepted for further study or research in a university or other institution outside the Commonwealth of Australia; and the proposed course of study or research and the university or other institution in which it is to be undertaken shall, for the purpose of these grants, be subject to approval by the Council. An applicant is required to provide evidence, acceptable to the University, that he has adequate means to support himself overseas for the duration of his proposed course of study.

3. Applications for grants shall be made to the Academic Registrar on the prescribed form not later than 15 May in any year.

4. The value of a grant shall be determined in each case by the Council on the advice of the Scholarships Committee, which shall take into consideration the financial and other circumstances of the applicant; but until otherwise determined by the Council the value of a grant for travel from Australia to another country shall not exceed \$400, payment being made before the recipient's departure from Australia.

5. In making its recommendation to the Council the Scholarships Committee will base its assessment of applicants primarily on their academic achievements.

6. A grant holder may apply for a similar grant for the return journey to Australia. Any such application will be considered in the light of finance available from the George Murray Bequest, and to be eligible for consideration the candidate shall:

- (a) apply to the Academic Registrar not later than 28 February of the calendar year in which he intends to return;
- (b) have completed the tenure of his scholarship and have spent not more than four academic years abroad; and
- (c) not have received any other award or appointment which provides for his passage to Australia.

British Commonwealth University Interchange Scheme.

The British Council awards each year a number of travel grants to facilitate visits of at least six months duration between universities in different parts of the Commonwealth.

Grants are made in the form of block payments which in the case of the United Kingdom amount to £S545. They are available to persons in the following three categories:

Category A—University teachers or officers on recognised study leave;

Category B—Distinguished university scholars invited by universities for short visits;

Category C—Postgraduate students and research workers holding overseas awards.

Applications in triplicate and on the prescribed form close with the Academic Registrar in late October for Category A and B grants. Departure for the Commonwealth country concerned should be proposed for the ensuing British financial year (1 April to 31 March).

Australian-American Educational Foundation Travel Grants.

The Australian-American Educational Foundation offers each year a number of economy-class return flights to Australian citizens who have secured financial support for study, research or lecturing at universities or other recognised institutions in the United States.

The grants are available to persons in the following three categories.

- (a) Senior scholars, i.e. generally members of the academic staff who intend to pursue research or give lectures at American universities for at least one semester.

The Rhodes Scholarship.

NOTE: Whenever a pronoun of masculine gender appears below the corresponding pronoun of feminine gender is equally applicable.

GENERAL REGULATIONS.

A Rhodes Scholarship is tenable at the University of Oxford and may be held for three years. Since, however, the majority of Rhodes Scholars obtain standing which makes it possible for them to take a degree in two years, appointments are made for two years in the first instance. During the course of his second year every Rhodes Scholar will be invited to state whether he wishes to apply for a third year at Oxford, and, if so, what work he proposes to undertake. The Rhodes Trustees will not consider granting a third year unless (i) it can be shown that a third year is eminently in the interests of (a) the scholar's immediate studies and (b) his future career, and (ii) his work, conduct and general record have been satisfactory.

The scholarship provides a personal allowance of £1,710 a year to the scholar and covers most College and University fees. Its total value is thus about £3,000 a year. The stipend should be sufficient to

enable a scholar, with care, to meet his necessary expenses for term time and vacations, but those who can supplement it to a modest extent from their own resources are advised to do so.

A candidate must be an unmarried British subject with at least five years' domicile in Australia. He must also be over nineteen and under twenty-five years of age by 1 October of the year for which the scholarship is awarded. Marriage after election or during a scholar's first year of residence involves automatic forfeiture of the scholarship. The Rhodes Trustees may, however, permit a scholar to marry, without deprivation of his scholarship, after completion of his first year.

The Trustees will help a scholar-elect to meet his expenses in travelling to Oxford by providing the cost of an economy air fare or its equivalent. A scholar-elect who desires such help should write to the Warden of Rhodes House soon after his election, stating how he proposes to travel to Oxford.

METHOD OF APPLICATION.

Each candidate for a scholarship is required to make application to the Secretary of the Committee of Selection of the State in which he wishes to compete, using the prescribed application form, and furnishing the material therein specified. The closing date is 1 September each year.

Detailed information and forms of application may be obtained from the Secretary to the Rhodes Scholarship Selection Committee for South Australia, G.P.O. Box 498, Adelaide, S.A. 5001.

Shell Postgraduate Scholarships.

The Shell Company of Australia offers annually one scholarship for postgraduate study in science-type disciplines and one for postgraduate study in arts-type disciplines.

The scholarships are tenable at Oxford, Cambridge, London or such other university in the United Kingdom as may be justified by the specialist nature of the studies. Tenure is normally granted for a period of two years but may be extended into a third year in special circumstances. Each scholarship carries a living allowance of £2,750 a year and the cost of a return passage to the United Kingdom.

Candidates should be graduates under 25 years of age who have qualified for a first-class Honours degree of Bachelor in an Australian university. Candidates for a science-type scholarship should preferably have had at least one year's experience in research. Consideration is given both to academic ability and to achievements or distinctions which indicate that a candidate may ultimately have an important contribution to make to the community outside the purely academic field.

Applications, on the prescribed form which may be obtained from the Academic Registrar's Office, close with the Company at the beginning of October.

British Overseas Civil Service Appointments.

The Australian universities help in the appointment of graduates or others in the British Overseas Civil Service. The appointments are made in London but there are State Advisory Committees and a Central Committee of the Australian universities.

The main fields in which there may be opportunities of employment are administration; medical services; appointments in agriculture, education, police, surveying, geology and finance.

Further particulars may be obtained from Mr. M. C. Kerby, Careers Advisory Board, The University of Adelaide.

MISCELLANEOUS FORMS OF FINANCIAL ASSISTANCE

The Gowrie Scholarship Trust Fund.

Soldiers' Children Education Scheme

Particulars may be obtained from the Deputy Commissioner, Department of Veterans' Affairs, 186 Pulteney Street, Adelaide.

In the case of a student whose education has been supervised by the Soldiers' Children Education Board or any other body approved by the Council and who has qualified for admission to the University, the Council at its discretion may remit all or any of the fees payable to the University.

Students' Loan Funds.

On the suggestion of Dr. Leon Jona, who contributed \$200, the Council in 1923 established a loan fund for the benefit of students in temporary financial difficulty. Subsequently, contributions from the

University and from individual donors including the income from a large bequest in 1968 by the late A. R. Riddle, have been added to the fund.

In addition the Australian Government in 1973 made available to the University a sum of money from which loans, and in exceptional cases grants, may be made to students who, because of financial hardship, are having difficulty in pursuing their studies at the University.

Both funds are administered by a Board consisting of the Vice-Chancellor, the Registrar and the President of the Students' Association of the University of Adelaide. A student contemplating an application for a loan should consult personally the Welfare Officer of the Union. He must then submit to the Registrar a written application.

"Wales Uni-loans".

The Bank of New South Wales operates a loans scheme for university students who (a) are permanent residents of Australia or New Zealand (b) are of legal contractual age, and (c) have successfully completed at least two years of a full-time course.

Undergraduates whose applications are approved may borrow up to \$250 a year, with a maximum of \$750 for a full course. There is also provision for loans to graduates undertaking full-time study for a higher degree. Further particulars may be obtained by enquiry at any branch of the Bank of New South Wales.

Scholarships at Other Australian Universities for which Adelaide Students or Graduates May Compete.

There are, in the University of Melbourne, a number of awards for which students or graduates of other universities are eligible to compete.

The regulations governing the awards listed above either specifically include members of other universities in the field of eligibility, or clearly contemplate such inclusion. There are, however, a number of others which do not exclude competition by members of other universities, and for which applications from such persons would be

considered. Scholarships in this class are in the main awarded to enable the scholar to undertake research work in the University of Melbourne. They include:

- The R. J. Fletcher Research Fund.
- The J. M. Higgins Research Foundation.
- The Kilmany Scholarship.

SOCIETIES ASSOCIATED WITH THE UNIVERSITY

Note: Enquiries as to the office-bearers of all student societies should be made of the Secretary of the University Union.

Adelaide University Graduates' Union.

In 1920 the Graduates' Association was formed for the purpose of promoting a spirit of corporate unity amongst members of the University. From this beginning the present Adelaide University Graduates' Union has developed as an association of graduates and diplomates of this and other universities.

The Graduates' Union Aims—

(a) To establish and maintain contact between graduates, between graduates and students, and between graduates and the staff of the University.

(b) To assist the University; by increasing the public's awareness of the many services—cultural, educational and research—provided by the University and in turn by bringing the University's needs before the public and governments, and by gifts and personal service.

The Graduates' Union provides a common meeting ground for all university graduates in the community and to this end membership is extended to graduates and diplomates of other universities. The Graduates' Union is a foundation member of the Australian University Graduate Conference and through this our interest is becoming world-wide. The University is keenly aware of the contribution which is being made by the Graduates' Union and gives it strong encouragement.

Monthly Newsletter and Gazette

The A.U.G.U. Monthly Newsletter and Gazette, is sent to all financial members and gives details of the University functions which graduates may attend. It also includes Council news, departmental news and sports news, articles on research, details of building and other developments and some account of the activities of graduates in different parts of the world.

Membership

The full annual subscription is \$5 and for graduate members of the University staff the subscription is \$2. (For women who wish to join the Australian Federation of University Women—South Australia, as well, the combined annual subscription is \$7.) Details may be obtained from the office of the Secretary at the University.

Adelaide University Union.

The Union is the main social and cultural centre for University activities not specifically included in the academic syllabus. It endeavours to provide a common ground for staff, graduates and students.

It promotes social, cultural and recreational activities, provides welfare services, represents its members on matters affecting their interests and often provides a useful means of communication between its members and the University.

The affairs of the Union are conducted by a fully elected Council and various committees appointed by the Council: the Activities Committee, the Finance Committee, the Welfare Committee, and the Planning Committee, the Board of the Adelaide University Union Bookshop Pty. Ltd., and the Catering Management Board.

The major associated bodies are the Students' Association, the Postgraduate Students' Association, the Sports Association and the Clubs and Societies Council. Each shares in the Union fee income, but directs its own activities and may administer other subsidiary associations e.g. political societies, sports clubs, etc. Active student participation is encouraged in all Union committees and associated groups.

The Union's Welfare Services include a contact centre covering accommodation service listing available rooms and board, an employment service for both part-time and vacation jobs and a loan referral service, all of which are maintained by the Welfare Co-ordinator and available to any member of the University Community.

The Union buildings contain refectories, a bar, bistro, a private dining room, a games room (billiards and table tennis), the Little Theatre, cinema, craft studio, gallery for music listening, reading and lounging, squash courts, club offices and meeting rooms. The Union Hall also contains the Cellar Coffee Lounge under the foyer. Meals and refreshments are available from early morning until late evening during term in either the Cellar or the Refectories.

In 1926 the Hon. Sir Josiah Symon, K.C.M.G., K.C., gave \$19,000 to provide the Lady Symon Building for the Women's Union. His objects were to secure a social and academic centre for University women; to encourage their intellectual development and otherwise to foster the growth of a corporate spirit among them.

In 1936 the Hon. Sir George Murray, K.C.M.G., Chancellor of the University, gave \$20,000 for a building for the Men's Union.

The other early Union buildings were provided by gifts through public appeal in 1927, and the Cloisters between the Helen Mayo Refectory and the Lady Symon and George Murray Buildings are a war memorial to the members of the University who served in the 1914-18 War.

A further public appeal launched in 1955 raised over \$200,000 and with a similar contribution by the University, the Union Hall was built and extensions made to the Union buildings, including the Wills Refectory.

The Union in the last few years embarked on an ambitious re-development programme with considerable financial support from the Australian Universities Commission. The Lady Symon wing and the George Murray Wing remain, housing the Union, Sports Association and Student Activities offices and the Student Counselling Service. The Cloisters are retained substantially in their original form.

The Union initiated in 1946 and sponsored until 1962 the University Health Service, the first of its kind in Australia. The service is now housed in the Library Complex, and its administration was taken over by the University at the beginning of 1963.

In 1969 the Union bought out the W.E.A. Bookroom, now known as the Union Bookshop. In 1970 it was rehoused in the new Union House which in 1975 won a major architectural design award.

Students' Association of the University of Adelaide.

Broadly speaking, the Students' Association (SAUA) is the political constituent body of the University Union (see above) and officially represents all enrolled undergraduate students. Its budget of about \$77,000 is part of the money paid to the Union in statutory fees.

It consists of 6 almost autonomous committees, elections for which are held in July and, if necessary, March. All members are entitled to stand for and vote in elections.

The Executive Committee—an administrative and co-ordinating body of 12—(6 directly elected by students, 5 chairmen of committees and a representative of the Clubs and Societies Council). Its chairman is the President of the Association—a full-time paid position from 1976.

The Public Affairs Committee (PAC)—5 directly elected members who initiate and support political issues.

The Australian Union of Students Committee (AUSC)—the Australian Union of Students is a national body which represents over 225,000 tertiary students throughout Australia. The SAUA is a constituent of AUS and the AUSC is part of the committee structure of both organisations. The 9 AUSC members are directly elected from SAUA members and cover specific fields—such as Environment, Race Relations, Education, Overseas Students, Travel and Social Action.

The Social Activities Committee (SAC)—5 directly elected members, the elected Cultural Affairs Officer and a Clubs and Societies Council nominee (plus co-opted members where necessary) who organise social activities such as Orientation, Prosh, Balls, etc.

The Media Committee (MC)—9 directly elected members who care for the student radio, video and newspapers. Its specific officers are the "On Dit" Editor, Bread and Circuses Editor, 2 Radio Officers and 2 Video Officers.

The Education and Welfare Committee (EWC)—this committee is an open committee consisting of members of student educational and welfare groups, both "on" and "off" campus; e.g. Friends of the Earth, Bowden/Brompton Group, Education Group, Greek Social Action, etc. It organises Orientation (formerly "Freshers'") Camps. Its Executive (Chairman, Secretary and Treasurer) is directly elected at the annual elections.

In addition, there are two committees within the SAUA structure which serve a consultative and co-ordinating function. These are the Students' Association Representatives Committee (SARC) which consists of all student representatives and members of all University and Union Committees, and the Public Affairs Co-ordinating Committee which co-ordinates PAC and AUS activities in political issues.

All decisions of committees can be overruled by a General Student Meeting, which can be called by committees or by 20 members of the Association, or by a Referendum, which can be called by a unanimous decision of a committee or by 40 members of the Association.

The Association office is on the ground level in the north-eastern corner of the Cloisters in the "Student Activities Office". Secretaries, student politicians and Constitutions are found therein.

Clubs and Societies Council.

The Clubs and Societies Council (formed in 1971) exists to co-ordinate, administer and encourage the activities of clubs and societies on campus. Its affairs are managed by an executive of seven and three proxy executive members. The C.S.C. receives a grant from the Union each year which it distributes to the clubs. Grants are made for club administration, for publishing papers and broadsheets, to subsidise travel to conventions and intervarsities, for capital items, and for the activities of clubs and societies generally. There are over 50 active clubs on campus, and more being formed. Though the C.S.C. is primarily a body for distributing money to clubs, one of its aims is to improve the environment for club activity on campus.

The C.S.C. shares with the S.A.U.A. the Student Activities Office on the ground floor of the George Murray building, at the north-eastern corner of the cloisters. The executive can help with any enquiry about club activities between 1 and 2 p.m. on Monday to Friday during term.

Adelaide University Sports Association.

The Sports Association was formed in 1897, and now includes, as amalgamated clubs, lacrosse, boat, tennis, table tennis, athletics, football, cricket, rifle, baseball, golf, hockey, rugby, soccer, netball, basketball, badminton, judo, squash, fencing, yachting, swimming, mountaineering and canoeing, water skiing, volleyball, women's hockey, snow skiing, surfing, hang-gliding, SCUBA diving, tae kwondo, car, combat arts, karate, cycling, sail plane gliding, windsurfing, fishing and softball. A women's section in the lacrosse club formed in 1977 is meeting with good success.

Its objects include the furtherance of the interests of amateur sport, physical recreational activities and of University life in general, the care and management of the University Oval and other playing fields, and the control of the constituent clubs. Participation in Inter Varsity sport is encouraged and the Association awards Blues to outstanding sportsmen and sportswomen annually.

The management of the Association is vested in a Sports Council, consisting of a President, Deputy-President, Honorary Treasurer, Honorary Assistant Secretary, one representative appointed by the Council of the University, one representative appointed by the Graduates' Association, four representatives of the Colleges (one appointed by each of St. Mark's St. Ann's, Aquinas and Lincoln Colleges), a representative of the Physical Education Department, the honorary secretary of each amalgamated club, the Registrar or some permanent officer of the University appointed by the Council, and the Warden of the University Union *ex officio*. The Sports Association Offices are situated in the Lady Symon Building on the ground floor, and provides a secretarial service for all clubs, information on

sport and recreation at the university, meeting rooms for Sports clubs. The office is staffed by a permanent General Secretary and a stenographer Mondays to Fridays 9.00 a.m. to 5.00 p.m., while the meeting room (now known as the Gerry Portus Room) is available until 10.00 p.m.

Associate membership is also available, on payment of the prescribed fee, to the husband or wife, and children, of full members. This form of membership permits social and recreational participation in the Association's activities only.

Membership is open to graduates of the University of Adelaide, or of any other recognised university, and members of the ancillary staff, on payment of a Sports Association membership fee, and undergraduates of the University of Adelaide, or any person who has taken, or is attending lectures for the purpose of taking a diploma or certificate of the University of Adelaide and who are members of the Adelaide University Union.

Membership of the Association entitles the member to take full part in the activities of any or all of the Association's constituent clubs. The Association thus provides ample facilities for participating in an important aspect of student life.

University Sports Grounds.

The Adelaide City Corporation leases a total area of about 44 acres of park lands to the University for use as recreation grounds by students taking part in the activities of the University Sports Association. All the area so leased is in constant use by the various clubs of the Association.

In addition a further 50 acres has been leased from the Department of Transport at West Beach which provides excellent facilities for team sports.

A boathouse and a pavilion were erected in 1910. Mr. Barr Smith gave \$1,500 for the erection of the boathouse, which in 1963 was extended and modernised by the University Sports Association at a cost of approximately \$16,000, and 12 donors (R. Barr Smith, T. E. Barr Smith, F. J. Fisher, Chas. Goode, John Gordon, R. T. Melrose, C. H. Angas, A. J. Murray, Sir George Murray, S. S. Ralli, T. Scarfe, Sir Ernest Shackelton, C.V.O., and the Right Hon. Sir Samuel Way, Bart.) gave \$200 each towards the erection of the pavilion. Many members of the University and other friends also subscribed to the fund for general purposes.

A footbridge across the River Torrens, provided in 1937 by the Misses Lily and Eva Waite, gives direct access from the Union buildings to the recreation grounds.

During 1965 the University pavilion was modernised and extended at a cost of approximately \$4,000 and in 1966 a new pavilion was erected on the Graduates Oval at a cost of \$14,000 and the "Park 9" ground further developed to provide ten lawn tennis courts, three hard tennis courts, a floodlit sports ground, modern athletic facilities

and a store room in addition to a pavilion erected in 1961, totalling a cost of approximately \$42,000. In 1970, the University gymnasium was extended to include four squash courts and ancillary facilities at a cost of \$40,000. The courts were opened for play on 1 December, 1970.

The Sports Association also controls, with the Director of the Waite Agricultural Research Institute, a recreation reserve of fifteen acres at Waite Park, Glen Osmond, which caters for rugby, cricket and archery.

The Australian Student Christian Movement in The University of Adelaide.

Founded 1890. Reorganised 1896.

The Australian Student Christian Movement is an Australia-wide community of students, teachers and others who seek the truth by which to live; it is a member body of the World Student Christian Federation (WSCF).

All are welcome to participate in the Movement's life of study, worship and service.

Our commitment to seeking the truth by which to live is firmly grounded in the historic Christian faith. Hence we look to the witness of the Scriptures, to the wisdom and experience of the Church, and to the activity of the living God in the world.

The ASCM arranges public lectures, conferences and seminars on matters of religious, social or political concern—at national and local levels—and acts of worship within the University. Many of these activities are undertaken in co-operation with other student groups.

The ASCM also publishes a national journal "Crux", national newsletters "ASCM Newsletter" and "Political Concern", and a local journal "Ichthus". It also receives many overseas publications via the WSCF.

Adelaide University Anglican Society.

A major aim of this small but growing group is to conduct services in the University Chapel for all interested students. For those who feel they have the time, other activities are organised, such as papers presented by leading authorities, camps, and other social activities.

We believe that, although the main objective of a University course is the attainment of knowledge in a chosen field, spiritual endeavour and fulfilment is an integral part of life and hence should not be neglected while 'on campus'. Naturally however, with Father John Fleming having been our chaplain, we tend to use new liturgies and ideas oriented toward the open-minded, young congregation.

We celebrate Holy Communion once a week, on Wednesday or Friday at 1.10 p.m., and also hold a camp after Orientation Week to meet new members.

Adelaide University Newman Society.

The Newman Society is the focus of the Catholic Community in the University. It aims to provide a forum for moral, philosophical and social interests of its members and to participate in everything which concerns the welfare of the University and society.

Communal Mass is offered each Tuesday, Wednesday and Thursday at 1.05 p.m. in the University Chapel, situated at the top of the Lady Symon stairs. Nearby the University Chaplain is always available during prescribed hours of the day in the Society rooms, and anyone who so desires is urged to visit him.

During Orientation Week an Inaugural Mass is celebrated by the Bishop of the diocese and a social evening is enjoyed afterwards. All interested undergraduates are invited to take part in these and other functions; freshers are especially urged in Orientation Week to look for the Chaplain's and the Society's rooms and to meet the Chaplain and as many members as they can.

General meetings of the Society are held at monthly intervals at Aquinas College where lively discussion is combined with the opportunity to celebrate a Communal Mass and make friends. Other activities include a Freshers' Camp and a Freshers' Welcome Function, various seniors' camps, informal outings and special functions at Christmas and Easter. In addition, a convention in conjunction with the University Catholic Federation of Australia is held annually interstate.

The Adelaide University Evangelical Union.

The Evangelical Union is an autonomous interdenominational fellowship of Christian students within the University. It is affiliated with the Australian Inter-Varsity Fellowship (I.V.F.), and is represented overseas through I.V.F. as part of the International Fellowship of Evangelical Students (I.F.E.S.). The objects of A.U.E.U. are to stimulate personal faith in the Lord Jesus Christ, and to further evangelistic work among students by upholding and proclaiming the fundamental truths of Christianity. Consequently, there is an emphasis on involvement with missionary work overseas. Members have a personal knowledge and faith in Jesus Christ as Saviour, Lord and God; and claim his knowledge and faith to be the only sure anchorage of life and thought in an uncertain world. They believe His Gospel to be clearly set out in the Bible, and turn to the Scripture for guidance in all matters of Christian faith and conduct.

Weekly Bible study circles, lunch-hour addresses, and daily prayer meetings are held throughout the academic year. The Union also arranges missionary meetings during term and occasional camps.

The Annual Conference of the Inter-Varsity Fellowship in Australia is held in one of the State capitals in January. All students are welcome at any of these activities.

Lutheran Student Fellowship.

LSF is a rather informal but happy bunch of Christians who aim to combine study and practice of faith with fun and academic life. Members are particularly interested in applying enlightened Christian belief to their whole life-action. Their faith frees them from social judgement, but not from social responsibility. Lunch-hour meetings, held on Thursdays, alternate with Bible study and topic discussions with invited speakers. Modern worship services are held fortnightly, on Thursday evenings; other functions include the LSF Ball, day and weekend camps, and an interstate conference in May, this year in Canberra. New students are welcomed in Orientation Week and that weekend are initiated at Freshers' Camp. The Fellowship publishes a magazine, "Lutheran Student".

The University of Adelaide Christian Association

The aims of the University of Adelaide Christian Association are to provide opportunities for Christian fellowship and encourage Christian studies, activities and beliefs on the University campus, to sponsor visits by Christians and to conduct discussions and lectures, to co-operate with the University chaplains serving students on campus and to co-operate with Christian student groups at Adelaide and other tertiary student institutions.

The annual subscription is \$10 for staff members and \$1 for students, but members are invited to make an initial commitment in addition to their annual subscription to help the association immediately develop its activities on a worthwhile scale.

Officers of the committee are:

President: Professor L. F. Neal, Department of Education (extn. 2133).

Secretary: Mr. R. W. Mutton, Planning Architect (extn. 2244).

Treasurer: Dr. R. Sinclair, Department of Botany (extn. 2653).

Adelaide University Regiment.

Adelaide University Regiment is an infantry training unit of the Australian Army Reserve.

The role of the Regiment is to provide military training for tertiary students and to train officers for the Army Reserve.

The training programme is designed to minimise interference with studies. Major activities are conducted during vacations and in the first half of the year. However, training goes on throughout the year. The training obligation is 27 days a year including a compulsory 2-week Annual Field Exercise which is conducted each January. The balance comprises evenings, weekends, other camps and courses.

Members may be paid for a maximum of 100 days a year. A recruit, on joining, is paid approximately \$16 a day, plus an attendance allowance, all of which is tax-free.

The present strength of the Regiment is approximately 400 and increasing at a steady rate.

The Regiment has its headquarters at Torrens Training Depot, adjacent to the University. The Commanding Officer is Lieutenant Colonel E. B. J. Wayland, E.D.; the Adjutant is Captain R. P. White and the University Liaison Officer is Dr. George Mayo.

The Adelaide University Postgraduate Students' Association.

This Association was granted official recognition by the University Council in 1969. Its objects are generally to represent, and to promote the interests of, postgraduate students in the University. It is represented on the Council of Kathleen Lumley College, the Union Council, and most faculties as well as several other committees. It has also been active in the initial formation and organisation of F.A.P.S.A. (Federation of Australian Postgraduate Student Associations).

Ordinary membership of A.U.P.G.S.A. includes all graduates proceeding to higher degrees and postgraduate diplomas; final-year honours students, postdoctoral fellows and members of the academic staff may be elected as Associate members. A representative of the Association may be found in each department of the University.

The annual general meeting is held shortly after the beginning of lectures; all new law students and intending members are cordially invited to be present.

Ordinary meetings are held on a number of occasions, and precede debates on hypothetical cases argued formally as in courts of law. The debates are set by members of the profession, who preside at the debates and discuss the questions of law involved.

The Adelaide Medical Students' Society.

The Adelaide Medical Students' Society was founded in 1889. Its chief objects are to involve students in their own education, extend and complement the interests of medical students and to promote social intercourse amongst its members.

Meetings are held at intervals during the year, March to October inclusive, at which interesting and controversial medical or non-medical topics are presented. Clinical meetings are also held during the year at which cases of value to students are presented and discussed. Various periodicals of interest are taken by the Society which also publishes its own "Review".

The medical students' ball and dinner are annual events held under the auspices of the Society, which also arranges various sporting fixtures, as well as supporting inter- and intra-faculty events.

All students of medicine at the University of Adelaide are eligible for membership, the annual subscription being one dollar for all years. Each year is represented on the Committee of the Society and these officers are elected annually.

Adelaide University Science Association.

The Association, formed in 1891, aims to promote within the Faculty a greater corporate spirit and a wider interest in science and to bring into closer contact students and others within the University who are involved in the various branches of science.

Both academic and social activities are organised throughout the year; they include talks, weekend symposia (called Discussion Week-ends), Freshers' camps, a ball (since 1969 the Computer Ball), an annual dinner, special orientation activities and other social functions. The Association also conducts the Adelaide University Book Exchange as a service to students.

Full membership is open to all undergraduates and graduates taking any science subject who are members of the Union; others may become Associate members.

Adelaide University Agricultural Science Association.

Graduates and undergraduates in the Faculty of Agricultural Science and undergraduates of forestry and veterinary science are entitled to full membership in this Association; Associate membership, entailing half fees and all privileges of full membership except the proposing of and voting on motions, is open to all other undergraduates of the University.

The objects of the Association are to encourage a broad interest in agriculture amongst the members, and to foster *esprit de corps* within the faculty.

Adelaide University Engineering Society.

The society was formed by engineering students in 1919, and officially recognised by the University in 1920.

The main objects of the society are:

- (a) To promote the welfare and further the interests of the members of the faculty;
- (b) To establish a means of communication between the members of the society and the faculty;
- (c) To further the social life and intellectual culture of the members.

Membership of the society is open to all students in the Faculty of Engineering.

The Engineering Students Ball and Dinner are held annually under the auspices of the society, which also promotes other cultural and social functions during the year, including a car trial, barbecue, staff-student golf day and football carnival.

Adelaide University Architectural Society.

The objects of the society are to afford a recognised means of communication between the students of the University School of Architecture, the Architectural Association of the South Australian Institute of Technology and the South Australian Institute of Architects; to conserve and advance the interests of students in matters touching their University life or professional career; and to promote interest in sport and social events.

Anthropological Society of South Australia.

The Society was formed in June, 1926. The objects of the Society are:—

- (1) to promote the science of anthropology; and

The Economic Society of Australia and New Zealand (South Australian Branch).

The Society was founded as a result of a resolution of Section G of the Australasian Association for the Advancement of Science at its Adelaide meeting in 1924. The South Australian Branch was founded at the University on 21st August, 1925.

Its chief object is the advancement of economic knowledge by

- (a) the publication of research work;
- (b) the discussion of economic problems.

The Central Council of the Society publishes a journal four times a year called *The Economic Record*.

The Society holds about six meetings a year, at which lectures are given, papers are read, or discussions on current economic topics are held. Questions are invited at the conclusion of all lectures, and discussion is encouraged on every occasion. The annual meeting is held in March.

Members receive a copy of each number of *The Economic Record* and may also receive a copy of *The Australian Quarterly* and *Australian Economic Papers* on payment of a subscription for each publication. Details of current membership fees and subscriptions for publications are available from the Departments of Economics and Commerce at the University.

The Medical Sciences Club of South Australia.

This society was founded in 1920 for the purpose of enabling those interested in the sciences fundamental to medicine to meet together from time to time to discuss communications by members and invited speakers.

The Australian Journal of Experimental Biology and Medical Science was founded by the Club in 1924, but since its endowment in 1926 by Sir Joseph Verco, responsibility for the Journal has been accepted by the University.

Meetings are held at 7.30 p.m. in Room 308, Medical School, on the second Friday of every month, March to November inclusive, except those which fall on a public holiday, and at such other times as the committee may decide.

The members of the executive committee, consisting of the President, Vice-President, Secretary and Treasurer, and five Councillors are elected by nomination and ballot at the first meeting of each year. The amount of the annual subscription is \$4.

New members must be proposed by two members in writing to the Secretary, and such nominations, after approval by the committee, are announced by the Secretary at the next general meeting. The names of new members thus nominated are submitted by the Secretary, with the notifications of the next succeeding meeting, at which the nominations are confirmed or rejected by ballot, a three-fourths majority of members voting being required to elect.

President: Dr. David Dunn

Vice-President: Dr. R. H. Symons

Hon. Secretary: Dr. Gordon Rich

Hon. Treasurer: Dr. D. A. Handley

The Australian Journal of Experimental Biology and Medical Science.

This Journal was founded in 1924 by the Medical Sciences Club for the purpose of publishing the results of original work in sciences ancillary to medicine. The pioneering work in connection with the establishment of the Journal was done mainly by the late Professor T. Brailsford Robertson, who was also its first editor.

The Journal was financed originally by a grant from the University and from the revenue of the Club, but, as the scope of the Journal extended, further finance became desirable. In 1926 Sir Joseph Verco made a gift to the University ". . . to be applied to or towards the encouragement of research in the medical sciences and the promotion of education therein within the University by maintaining or supporting the publication of *The Australian Journal of Experimental Biology and Medical Science* or such other journal established or to be established for the same or similar purposes or for the publication of research work in the said sciences in such other manner as the Council may determine. . . ." The University then assumed responsibility for the Journal, the Medical Sciences Club maintaining a general interest in it.

As mentioned above, the first Editor was Professor T. Brailsford Robertson. Editors from 1924 to 1934 included also Sir John B. Cleland, Professor C. Stanton Hicks and Sir Charles J. Martin. Sir Mark Mitchell then served as Editor-in-Chief for 30 years until 1964 when Professor D. Rowley became Editor.

The Journal publishes papers which embody results of original research of an experimental nature in biochemistry, genetics, immunology, experimental medicine and surgery, microbiology, pathology, parasitology, pharmacology and physiology.

With the passage of time the Journal has acquired a fine international reputation for presenting scientific work of high calibre in a concise and well displayed form. Approximately 1200 copies of the Journal are sent to libraries in most countries of the world. With this large number of subscribers the Journal is now financially self-supporting.

Both local and interstate scientists are on the Editorial Board. There is also a Management Committee in Adelaide to supervise the finances of the Journal.

Editor-in-Chief and Chairman of the Management Committee: Professor D. Rowley, M.D., Ph.D.

Deputy Editor: Dr. I. Kotlarski.

The Journal is issued every two months and the subscription is \$30(Aust.) a year.

The University of Adelaide Theatre Guild

The Guild has had a continuous existence since it was founded in 1938, it was granted formal recognition as a society associated with the University in 1962, and in 1972 it was given administrative facilities within the University and its President recognised as a University Officer.

The Guild's office and full-time secretary are located in the Union Hall adjacent to the foyer.

The object of the Guild as set out in its constitution is: to contribute to the cultural life of the University and the community by the promotion of theatrical activity by

- (a) the production and the study of plays of literary value, historical plays, plays about current ideas and events, and plays showing the development of the theatre;
- (b) the encouragement of and participatory involvement in progressive theatrical developments;
- (c) the study, the practice and the dissemination of knowledge of the arts and crafts of the theatre.

The Guild has an Artistic Director, a permanent acting ensemble with members attending weekly workshops, and a technical wing of the ensemble.

Membership of the Guild is open to graduates, undergraduates, and to the general public. All members have full voting rights at any general meeting of the Guild including the election of seven of the thirteen members of the Board of Management. The President of the Guild, who will be the Chief Executive Officer and Chairman of the Board shall be a full-time member of the academic or professional staff of the University or of equivalent status.

President: Miss Jill Thomas.

Artistic Director: Mr. J. Vilé.

Secretary: Mrs. Avis Urlwin,
Theatre Guild Office, Union Hall,
The University of Adelaide. (Extension 2407).

The University Music Society

The University Music Society was founded in 1954. It was granted formal recognition as a Society associated with the University in 1963.

The management of the Society is vested in a committee appointed annually by the Faculty of Music. Funds which may accrue to the Society through subscriptions are under the control of the Management Committee, and the Committee is vested with the power to use such funds for whatever purposes it deems fit. The annual subscription for membership is determined by the Management Committee.

The aims of the Society are:

1. Through the Elder Conservatorium of Music and its staff, to develop and foster the enjoyment of music generally.
2. To arrange recitals and to hold meetings and discussions.
3. To create within the University a body designed to bring together graduates, undergraduates and staff members of the University on a series of occasions throughout the year with a view to their finding a common delight in the study and the performance of music.

Enquiries may be addressed to the Honorary Secretary, The Elder Conservatorium of Music.

The University of Adelaide Women's Club.

In 1929 the wives of members of the University of Adelaide staff established the Adelaide University Wives' Club for "good fellowship". Today this club is known as the University of Adelaide Women's Club and its principal objects are to welcome and assist women associated with the various disciplines of the University, to provide a common meeting ground for these women, and to promote their cultural, intellectual, social and sporting interests.

The activities of the Club include:

- (a) approximately five general meetings per year;
- (b) welcoming and assisting the wives of new members of staff;
- (c) a literature group;
- (d) activities group meetings open to all but particularly geared to the needs and interests of young women and women with young families;
- (e) a sports group for members interested in playing badminton and/or tennis;
- (f) luncheons involving all members of the Club at least once a year.

The University of Adelaide Women's Club is organised by a committee and further information concerning its activities during 1978 can be obtained from the President, Mrs. Catherine Loughlin (71 0904), the Secretary, Mrs. Wendy Abbott-Young (42 1400), or the Treasurer, Mrs. Lorna Provins (74 2208).
