CONCERT BY S.A. **ORCHESTRA**

Diversified Programme

By H. BREWSTER JONES

The South Australian Orchestra, conducted by Mr. Harold Parsons, with Miss Sylvia Whitington as leader, presented a diversified offering of orchestral music at the Adelaide Town Hall on Saturday night.

The programme opened with Beethoven's "Leonora" Overture No. 3. which is one of the finest examples of the result of self-criticism and pertinacity of purpose in musical history. Not satisfied with his earlier overtures to the opera "Fidelio," he created an art work of imperishable beauty at his third attempt, which, in every sense of the word, is "echt-Beethoven." The title "Leonora" is taken from the name of the heroine of the opera, who fights for the freedom of her husband Flores
