## PREFACE

The University of Adelaide owes its origin to an act of far-seeing and generous self-denial. In 1872, Mr. (afterwards Sir) Walter Watson Hughes offered an endowment of \$40,000 to Union College, an institution then established in Adelaide for the better education of Presbyterian, Congregational, and Baptist clergy. The Council of the College generously suggested to Mr. Hughes that his gift should be devoted to the more general object of founding a University. Mr. Hughes agreed to the proposal, an association was formed to further the project, the Honourable (afterwards Sir) Thomas Elder offered another \$40,000, and as a result the University of Adelaide was established in 1874 by Act of Parliament passed by the South Australian Legislature.

The Act of Incorporation provided, *inter alia*, for an annual subsidy of five per cent. on the capital funds of the University up to a maximum in any one year of \$20,000, an endowment of 50,000 acres of land, and a grant of 5 acres in the City of Adelaide as a site for the University buildings. The country lands were subsequently repurchased in 1915 by the Government for \$80,000; the limit of the subsidy on endowments was raised from time to time by Parliament until it became \$80,000 a year, but this element is no longer significant in the State's financial support of the University; and the University site has been added to until it now comprises 33 acres.

The academic work of the University began in March, 1876, with four professors, three part-time lecturers, a registrar-librarian, and 8 matriculated and 52 non-graduating students attending classes in Arts and Science subjects. But very early in its existence the University sought to meet, as far as it could, the needs of South Australia in the training of men for the professions. Beginning with Law in 1883 and Medicine in 1885, courses of professional training in various fields have been added from time to time to the curriculum, so that the University now grants first degrees in Agricultural Science, Applied Science, Architecture, Arts, Dental Surgery, Economics, Engineering, Law, Mathematical Sciences, Medicine, Medical Science, Music, Pharmacy, Science, Science in Dentistry, and Technology. Higher degrees are offered in all these fields except Pharmacy and Technology, and also in Business Management, Education and Town Planning, together with postgraduate diplomas in Applied Psychology, Business Management, Computing Science and Education. Teaching for the degrees in Applied Science, Pharmacy and Technology is provided by the South Australian Institute of Technology. With the development of the Institute as a College of Advanced Education the arrangements between the University and the Institute are being phased out, and no new students have been enrolled by the University for the three degree courses since 1969.

In 1880 the University was authorised by Act of Parliament to grant degrees to women, and in 1881 Her Majesty Queen Victoria issued letters patent declaring that the degrees granted by it should be recognised as academic distinctions and rewards of merit and be

entitled to rank, precedence, and consideration throughout the British Empire as if granted by any University in the United Kingdom. A supplementary charter was granted by letters patent in 1913.

By the end of 1973 the University had conferred 23,045 degrees and 7,506 diplomas by examination, and 980 degrees and 15 diplomas by admission *ad eundem gradum*.

Teaching began in a city building. The foundation stone of the first University building was laid in 1879 and the building was opened in 1882. The only additions during the next twenty years were extensions to the original building; but early in the new century came the Elder Conservatorium of Music, the Prince of Wales building (then used for Science and Engineering) and the Anatomy school. In the interval between the two great wars the Darling building, the Physics building, the Union buildings (including the Lady Symon and the George Murray), the Johnson Chemistry laboratories, the Barr Smith Library, and the Benham laboratories were added on the University site, and the Waite Agricultural Research Institute was established at Glen Osmond.

The war of 1939-45 brought with it new obligations for the University, first in training enough professional men to meet the needs of the services and ancillary industry, and then in training for the professions the large numbers of ex-service men and women who were eligible to enrol under the Commonwealth Reconstruction Training Scheme. To discharge these obligations fully, the University needed greatly expanded accommodation, equipment and staff. Established by the Commonwealth Government in 1942, and charged with administering the Commonwealth Reconstruction Training Scheme so far as students training for the professions were concerned, the original Universities Commission greatly helped the University in securing the necessary finance from the Commonwealth Government. With capital advances amounting in all to about \$686,000 thus provided, extensions were made to the laboratories for physics, chemistry and agricultural science, new buildings for mathematics, for mechanical engineering, for civil, electrical, mining and metallurgical engineering, and for the medical school were erected, and extensive equipment for the engineering and science departments was obtained. Under an Act of the State Parliament in 1946 the Treasurer, with the approval of the Governor, guaranteed payment by the University to the Commonwealth for all or any of the extensions and additions to the buildings and plant of the University, the cost of which had been provided by the Commonwealth. And over three financial years beginning in 1947 the State Parliament granted a further \$420,000 to enable the University to complete the final unit—the Mawson laboratories for geology—in a building programme which affected every faculty. In 1954 it gave another \$100,000 to enable another floor to be added to the medical school for the accommodation of the department of bacteriology (now microbiology).

In 1950 the State Government undertook to ask Parliament to provide for the University each year an annual grant sufficient to enable the University to maintain its work on a basis equivalent to that of the Universities in the eastern states of Australia.

The report of the Murray Committee on Australian Universities in 1957 marked the beginning of a new era of rapid expansion of the University, an expansion fostered by the Australian Universities Commission in 1960 and 1963. The building programme approved for the nine years from 1958 at a cost exceeding \$6,000,000, to be met jointly by the Commonwealth and the State, provided for new buildings for arts and economics, biological sciences, physics, chemistry, and physical education, and for substantial additions to the library, the medical school, the engineering school and the Union buildings. At the Waite Institute a separate building was provided for the library and substantial additions made to the central laboratories. The reports also made provision for an increasing annual income to the University designed to provide for the rapidly growing demands upon it.

Provision for building in the 1967-9 triennium included a new building for the law school, completion of reconstruction of the dental hospital which includes the dental school of the University, the first stage of expansion of the library and accommodation for the department of architecture, and the first stage of an annex to the physics building to accommodate the Mawson Institute for Antarctic Research, the department of mathematical physics and advanced work in physics. Grants from non-government sources provided ancillary laboratories and facilities at the Waite Agricultural Research Institute.

The Fourth Report of the Commission provided for Stage II of the library complex (which in addition to providing for the expansion of the library houses the departments of architecture and computing science, the computing centre, the University club and other facilities of the University), for reconstruction and expansion of the Union buildings (to which the Union itself is contributing the greater part of the cost) and for expanded accommodation for the engineering school, physics and its associated disciplines, and for the Waite Institute. For the triennium 1973-75 provision has been made by the Commission in its Fifth Report for two new buildings to replace the Prince of Wales Building, a substantial expansion of the Mawson Laboratories (for geophysics), completion of the rebuilding of the Union, and a number of smaller modifications and extensions of existing accommodation and facilities. The two new buildings will house part of the administration, the department of psychology and a series of service units, and provide additional accommodation for some academic work; and they will be occupied early in 1974.

In addition to such Government support, the University from its foundation has been fortunate in the number and extent of the benefactions it has received from private citizens and public companies, and many important developments within the University, both in buildings and in staff, have been the outcome of such private support.

The principal benefactors of the University have been:—

Sir Walter Watson Hughes—\$40,000 to endow chairs in classics and philosophy;

Sir Thomas Elder—\$40,000 to endow chairs in mathematics and natural science, \$62,000 to endow the medical school, \$43,000 to endow the school of music, and \$52,000 as an endowment for general purposes;

- R. Barr Smith and family—\$40,000 as an endowment for the purchase of books for the University library; T. E. Barr Smith—\$68,000 for a building for the library, and \$20,000 for the purchase of books; Sir Tom Barr Smith—\$60,000 to endow two scholarships, one in agricultural science and the other for cancer research;
- Mr. Peter Waite and his daughters Elizabeth Macmeikan and Lily Waite—an estate and gifts valued nearly 50 years ago at about \$258,000 to advance the cause of education in agriculture, forestry and allied subjects;
- Mrs. A. M. Simpson and Miss A. F. Keith Sheridan—property realised for \$210,000 in 1966 for the advancement of medical research;
- The Hon. Sir Langdon Bonython—\$40,000 to endow a chair of law, and \$104,000 for a Great Hall;
- Miss M. T. Murray—\$106,600 (estimate) for general purposes;
- Sir George Murray—\$20,000 for a Men's Union building, and \$159,400 (estimate) for general purposes;
- Mrs. R. F. Mortlock and Mr. J. T. Mortlock—\$50,000 for research into soil erosion and the regeneration of pastures; a bequest of \$10,000 from Mrs. R. F. Mortlock for cancer research; \$40,000 from Mr. J. T. Mortlock for scientific research in the medical school; \$20,000 from Mrs. J. T. Mortlock for pastoral research; and the Mortlock Experiment Station (some 700 acres) and Martindale Hall and environs (some 200 acres) from Mrs. J. T. Mortlock;
- F. Lucas Benham—\$102,800 (estimate) to encourage the study of natural history;
- Mrs. G. Hastings—\$100,000 for the promotion of medical research with a bequest (in 1955) of another \$200,000 and the residue of her estate for the same purpose;
- Mr. and Mrs. S. McGregor Reid—more than \$180,000 for cancer and medical research;
- Miss Hilda Farmer—\$130,000 for medical research;
- John S. Davies—\$1,500,000 (preliminary estimate) for research to improve the quality of animals, especially beef-producing animals;
- E. W. Benham—\$258,000 for prizes and general purposes;
- A. Hannaford—\$372,000 for research into pastures and grain production;
- K. G. Stirling—\$100,000 to establish a radio station under the aegis of the Board of Adult Education;
- Mrs. E. S. Everard—\$266,000 for prizes in agricultural or horticultural science.

The present size of the University may be gauged from the fact that in 1973 it spent about \$18.0 million on general running costs, about \$2.6 million on building expansion, about \$1.2 million on equipment, and about \$1.8 million of special grants to support specific research projects. Its full-time staff numbered about 1,750 and its students nearly 9,000.

From its foundation until 1911 the University was governed by a Council of 20 members elected by the Senate; in that year Parliament assumed power to add five of its members. University-wide consideration of a root-and-branch reconstitution of the administrative organisation of the University began in 1968, and a new University Act was passed in 1971. The new Act continued the provision for the Chancellor and the Vice-Chancellor to be *ex officio* members of the Council and for Parliament to appoint five members. The Senate (previously confined to the University's own graduates of three years' standing or holding a degree of Master or Doctor) was expanded to include all graduates, all full-time graduate members of the staff, and all postgraduate students; and it ceased to be the electorate of the Council. The Act established a Convocation of Electors comprising all the University's graduates and postgraduate students and all persons in the full-time employment of the University. The Convocation elects 22 members of the Council of whom eight must be members of the academic staff, one a member of the full-time non-academic staff, one a postgraduate student, and 12 not engaged in the employment of the University. The Act also provides for the undergraduates to elect four members of the Council, which thus comprises a total of 33 members.

All statutes and regulations must be passed both by the Council and by the Senate and be approved by the Governor of South Australia, who is *ex-officio* Visitor to the University.

#### Chapter IV.—Of the Academic Staff

1. For the purposes of this statute the academic staff shall consist of such professors, readers, senior lecturers, lecturers, senior tutors and senior demonstrators as are wholly engaged in the service of the University, and of such other persons as the Council may determine.

2. There shall be such professors, readers, senior lecturers, lecturers, senior tutors and senior demonstrators as the Council may decide.

3. Every member of the academic staff shall hold office under the terms of this statute and upon such terms of his contract of employment as are not inconsistent with this statute.

4. Any person who is for the first time appointed a member of the academic staff may if the Council so decides be appointed for a limited period not exceeding three years. Every such person who is thereafter re-appointed as a member of the academic staff and every other member of the academic staff shall, subject to the provisions of clauses 5 and 9 of this statute hold office until, and no longer than, the 31st day of December of the year in which he attains the age of 65 years. A member may resign his office by giving six months' notice in writing. Provided always that if a financial emergency shall arise necessitating retrenchment of staff (of which the Council shall be the sole judge) the Council may dispense with the services of any one or more members of the academic staff by giving to each of those members six months' notice in writing.

5. The Council may terminate the appointment of any member of the academic staff who shall have become permanently incapacitated from performing the duties of his office by reason of physical or mental illness. Where a member of the academic staff shall be from illness or any other cause temporarily incapacitated from performing the duties of his office the Council may appoint a substitute or substitutes to act in his stead during such incapacity and the member shall during such time receive such salary as the Council shall direct.

6. No member of the academic staff shall take any outside employment, regular or casual, without the permission of the Council.

\*7. If any member of the academic staff shall be elected or otherwise become a member of Parliament, he shall vacate his office on the day on which his parliamentary salary commences.

Other members of the academic staff shall work under the general direction of the Head of their Department, and shall give such lectures, perform such other teaching work, conduct such examinations and perform such administrative duties as the Head of their Department may determine and properly require.

9. Every member of the academic staff shall diligently perform the duties lawfully to be required of him. Should any member have grossly or persistently neglected his duties or have been guilty of serious misconduct in or about the performance of his duties or have been convicted by any Court of any felony or misdemeanour in circumstances which are such as to show serious moral turpitude on his part he may after such inquiries as are hereinafter prescribed be dismissed from his office by the Council.

10. Any complaint of such neglect or misconduct on the part of any member of the academic staff and any report of any such conviction shall be in writing and shall, unless the Vice-Chancellor himself make such complaint or report, be made to the Vice-Chancellor. Should the Vice-Chancellor, after such consultations as he deems expedient, decide that any complaint or report should be brought to the attention of the Council he shall, at least seven days before the meeting of the Council at which the complaint or report is first considered, send a copy of the complaint or report to the member concerned and shall inform him in writing that the complaint or report will be considered by the Council on a day stated.

11. The Council shall inquire into any complaint or report placed before it under clause 10 hereof. The Council may and shall if requested by the member concerned or by any three members of the Council refer the complaint or report to a Commission of Inquiry consisting of not less than five nor more than seven members. Subject to the provisions of clause 12 hereof, the Commission shall consist of the Chairman and Deputy Chairman of the Education Committee and of such of the Deans and of such other members of the academic staff as the Council shall appoint. Pending the determination of the matter the Council may if it thinks it necessary in the best interests of the University temporarily suspend the member from his office without loss of salary. In a case where the complaint or report is not referred to a Commission of Inquiry the Council shall nevertheless before reaching any decision to dismiss the member concerned consider any written representations submitted by or on behalf of the member and shall if the member so requests grant him an opportunity to appear before and address the Council either in person or by a representative.

\* Amended 28 February, 1974.

12. No person who initiates or makes a complaint or report to the Vice-Chancellor shall be present during any consideration by the Council of that complaint or report or of any report of the Commission of Inquiry thereon. No such person and no person who has been present during any consideration by the Council of a complaint or report shall be a member of the Commission thereon nor shall any member of the Commission of Inquiry be present during any consideration by the Council of the report of the Commission of Inquiry. Where the Vice-Chancellor himself makes the report or complaint he may at his discretion be present at Council meetings relating thereto or to any report thereon.

13. The Council shall make regulations governing the conduct of proceedings in any matter which it shall refer to any Commission of Inquiry established under the provisions of section 11 of this Statute.

14. The existing Chapter IV is hereby repealed.

Statute allowed 16 December, 1965.

Statute allowed 9 January, 1969.

FOOTNOTES (which do not form part of the Statute):

1. *Pre-requisite knowledge*

The attention of intending candidates is drawn to the fact that in some first-year subjects at the University a knowledge of certain work at matriculation standard is assumed, as follows:

*Mathematics*: There are two full first-year courses in Mathematics, namely Mathematics IM and Mathematics I. The former is intended for students who have studied only one Mathematics subject at Matriculation (Mathematics IS), of which it assumes a knowledge; the latter assumes a knowledge of Matriculation Mathematics I and II.

There is also a first-year half-subject, Mathematics IH, intended for students who do not wish to proceed to further courses in Mathematics. It assumes a knowledge of Matriculation Mathematics IS.

Mathematics (Economics) is an optional subject in the course for the degree of Bachelor of Economics. It assumes a sound knowledge of Leaving Mathematics; and a knowledge of Matriculation Mathematics IS is desirable, though not required.

*Physics*: The course in Physics I assumes a knowledge of the Matriculation courses in Physics and Mathematics IS. Students attempting University Mathematics I, which is a prerequisite for Physics II, will be assumed to have a knowledge of Matriculation Mathematics I and II.

*Chemistry*: The course in Chemistry I assumes a knowledge of Chemistry, Physics and Mathematics IS at the Matriculation Examination. Students proceeding to second-year courses in Physical and Inorganic Chemistry will be required to pass also in either University Mathematics IM, which assumes a knowledge of Matriculation Mathematics IS, or in University Mathematics I which assumes a knowledge of Matriculation Mathematics I and II. Students who intend to proceed to third-year courses in Organic Chemistry are also advised to take either University Mathematics IM or University Mathematics I.

*Biology, Botany, Geology and Zoology*: It is advisable for every student taking any of these subjects or half-subjects to have a knowledge of Matriculation Mathematics IS, Physics and Chemistry.

*Languages*: The courses in English I, French I, Greek I and Latin I assume a knowledge of the course in the corresponding subject at the Matriculation Examination; and the course in German I assumes a knowledge of German at the Leaving Examination.

*Music*: A candidate who wishes to enrol for a course in Music and who is unable to submit evidence of musical achievement satisfactory to the Faculty of Music may be required to pass in a special entrance examination before being permitted to enrol.

## 2. *Grades*

Results in each subject are classified in the grades A, B, C, D, E, F and G, in descending order of merit.

The method of determining the grades in each subject is as follows:

The chief examiner, in consultation with the other examiners in the subject, determines a minimum mark for the award of grade D.

Of the candidates who achieve that mark or better, the first 10 per cent are awarded grade A, the next 25 per cent grade B, the next 45 per cent grade C, and the remaining 20 per cent grade D.

Of the remaining candidates the first 30 per cent are awarded grade E, the next 50 per cent grade F, and the remaining 20 per cent grade G.

It should be noted that the stated percentages cannot in general be achieved exactly, since a number of candidates at about the calculated division between two grades may obtain the same mark and must accordingly be awarded the same grade.

Gradings for subjects with fewer than 500 candidates will be determined by the Chief Examiner and the Secretary of the Public Examinations Board of South Australia.

## 3. *Scaling of marks*

For the purpose of comparing candidates' achievements in different groups of subjects and thus obtaining aggregates to be used, for example, as a basis for matriculation, for University admission and for the award of Commonwealth Open Entrance University Scholarships, the marks awarded by examiners in each subject are scaled. The scaling is carried out in two steps:

- (a) To ensure that the distribution of marks is approximately the same for all subjects, the examiners' marks in each subject are first scaled so that the top score is 100 and the 5th, 25th, 50th and 75th percentiles are allotted scores of 75, 55, 45 and 35 respectively (the scaling being linear within the resulting intervals).
- (b) Since the above process takes no account of possible differences of quality between the groups of candidates taking different subjects, the scores in each subject are now adjusted within the range of 0-100 so that, to a close approximation, the average score of the candidates in each subject is equal to the average score obtained by those candidates in all other subjects taken by them.

Scaling of marks for subjects with fewer than 500 candidates but more than 100 candidates will be determined by the Chief Examiner and the Secretary of the Public Examinations Board of South Australia. Scaling of marks for subjects with less than 100 candidates is impracticable and a percentage mark is used in these cases.

## 4. *Prescribed aggregate mark*

Students who obtain a total of at least 225 "scaled" marks in five required subjects at the Matriculation Examination will qualify to matriculate at the University.

Under the system of scaling, which ensures a comparable distribution of students' performances in the various subjects of the Matriculation Examination, the median mark in each subject is 45.

If a candidate presents more than five subjects the aggregate of his five highest scaled marks in subjects which comply with the Statute will be used to determine whether he has qualified to matriculate.

### 5. *Candidates for degrees*

Under the provisions of clause 2 of Chapter XI of the Statutes, a candidate for a degree must matriculate before entering upon the course of study for the degree; except that a candidate for a higher degree who is not already a matriculated student of the University shall matriculate as soon as possible after being accepted as a candidate.

### Chapter XIII.—Of The Angas Engineering Scholarship and the Angas Engineering Exhibitions.

Whereas on the 4th day of January, 1878, the Honourable John Howard Angas, M.L.C., paid the sum of £4,000 to the University for the purpose of permanently founding (with the income thereof and the annual grant payable in respect thereof under the fifteenth section of the Adelaide University Act), the Angas Engineering Scholarship and the Angas Engineering Exhibitions, to encourage the training of scientific men, and especially engineers, with a view to their settlement in South Australia: Now it is hereby provided as follows:

#### A. The Angas Engineering Scholarship.

\*1. There shall be a scholarship called "The Angas Engineering Scholarship" of the value of £400 (\$800), with an additional allowance of £100 (\$200) for travelling expenses.

‡1A. The tenure of the scholarship shall normally be for two years, but if the scholar wishes to follow an approved course of study or research work at a university the Council may allow the whole value of the scholarship to be paid to the scholar in a shorter period than two years.

‡ Allowed 30 November, 1933.

\* Allowed 23 January, 1947.

2. Each candidate for the scholarship must be under twenty-five years of age on the first day of the month in which he shall compete for it, and must have resided in South Australia for at least five years. He shall produce such evidence of good health as shall be satisfactory to the Council.

3. Candidates for the scholarship must have graduated in arts or science, or have passed all the examinations necessary for graduating in engineering at the University of Adelaide.

4. The scholarship shall be competed for biennially, in the month of June. If on any competition the examiners shall not consider any candidate worthy to receive it, the scholarship shall for that year lapse, but shall be again competed for in the month of June next ensuing.

5. The scholarship shall be awarded by the examiners on a comparison of the academic records of the candidates, and also on the merits of an original thesis, design, or investigation, as set forth in the next paragraph.

† Each candidate for the scholarship must send in to the examiners, on or before 1 June of the year in which the competition is held, either an original engineering thesis or design, or a paper setting forth the results of an original scientific investigation made by the candidate in some subject allied to engineering. The subject of the thesis, design, or investigation, must have been submitted at least two months previously to the Faculty of Engineering, and approved by it. Each candidate must adduce, if required, sufficient evidence of the authenticity of his thesis, design, or investigation. He may, if the examiners think fit, be required to pass an examination in that branch of the work from which the subject of his thesis, design, or investigation, is taken.

‡ Either the original or an approved copy of each thesis, design, or report of an investigation submitted by a successful candidate for the scholarship shall be deposited by the scholar in the University library before payment of any portion of the scholarship is made.

6. Within such time after gaining the scholarship as the Council shall in each case allow, the scholar shall proceed to the United Kingdom and there spend the whole of the time during which the scholarship is tenable in gaining engineering knowledge and experience in such a manner as may be approved by the Council; provided that the scholar may by special permission of the Council spend the whole or part of his time in study or practical training outside the United Kingdom.

7. The allowance for travelling expenses shall be paid to the scholar upon approval of his proposed date of departure. Payment of the balance of the scholarship shall be made quarterly, at the office of the Agent-General in London, or at such other place or places as the Council shall from time to time direct, subject after the first payment

to the previous receipt of satisfactory evidence of good behaviour and continuous progress in engineering studies, according to the course proposed to be followed by the scholar.

8. Whenever such evidence is not satisfactory, the Council may altogether withhold, or may suspend for such time as it may deem proper, payment of the whole or of such portion as it may think fit of any moneys due, or to accrue due, to the scholar on account of the scholarship, or may deprive him of his scholarship.

9. Should any successful candidate not retain the scholarship for the full period of two years, notice of the vacancy shall be published by the Council in the Adelaide daily papers, and an examination shall be held in the month of June next ensuing.

### B. The Angas Engineering Exhibitions.\*

10. There shall be four Angas Engineering Exhibitions, of which one may be awarded each year. Each exhibition shall be of the annual value of Thirty dollars, and be tenable for four years.

†11. (a) One Angas Engineering Exhibition shall be offered for competition in the month of November or December of each year, and shall be awarded on the results of candidates at the Matriculation Examination in such subjects as may be prescribed by the Council from time to time; but no award shall be made unless there is a candidate of sufficient merit.

(b) A candidate for an exhibition shall enter for it on a form to be obtained from the Registrar, not later than the first day of October in the year of competition.

†(c) A candidate who fails to enter by the prescribed date may be permitted to do so later on payment of a fee of 50 cents, provided that no entry shall be accepted later than seven days before the first day of the Matriculation Examination.

12. A candidate shall not be more than eighteen years of age on the 31st December in the year in which the examination is held, and, before being awarded an exhibition, shall have fulfilled the requirements for matriculation in the Faculty in which he desires to enrol.

13. (a) Each exhibitioner shall, within such time as may be approved in each case, enrol himself as a matriculated student in engineering or science at the University of Adelaide, and shall thenceforward prosecute continuously and with diligence his studies for the degree of Bachelor of Engineering or Bachelor of Science.

(b) At the time of enrolment each year the exhibitioner shall submit his proposed course of study for approval by the appropriate officer of the faculty concerned; and he shall not undertake, either in the University or elsewhere, studies not so approved.

(c) The exhibition shall be forfeited if the holder fail to make satisfactory progress in any year, unless such failure shall, in the opinion of the Council, have been caused by ill-health or other un-

avoidable cause. The decision of the Council as to such forfeiture shall be final.

14. Payment of an exhibition shall be made in three equal instalments, one at the beginning of each academic term, but payment shall not be made to any exhibitor whose conduct and diligence as a student throughout the preceding term have not been satisfactory to the Council. The decision of the Council on any such question shall be final.

15. Except by permission of the Council, an exhibitor shall not hold concurrently with his exhibition any other exhibition, bursary, or scholarship.

### C. General.

16. The sum of £4,000, paid to the University as aforesaid by the said John Howard Angas, shall be invested in such a manner as to entitle the University to the annual grant, equal to five pounds per centum per annum thereon, under the fifteenth section of the Adelaide University Act. ## Chapter XIV.—Of The John Howard Clark Prize and the John Howard Clark Scholar.

Whereas the University of Adelaide has received and has invested the sum of £500 for the purpose of perpetuating the name of John Howard Clark: And whereas it was agreed with the donors that the word "income" in these statutes should include not only the interest to accrue from the said sum, but grants to be received from the Government in respect thereof:

3. If more than one candidate shall be considered by the examiners to have attained a standard worthy of the prize, the name of the second in order of merit shall be reported to the Council.

4. If the examiners shall consider no candidate worthy of the prize, they shall so report, and no award shall be made for that year; but there shall not, by reason of that lapse, be more than one prizeman in the following year.

When the thesis has been accepted as fulfilling the requirements for the degree of Master of Arts, the prizeman shall deposit an approved copy of it in the University library; he shall then receive a further payment of one-half of the income available from the fund, and shall be granted the title of "John Howard Clark Scholar." If the thesis be not accepted as fulfilling the requirements for the degree of Master of Arts, such payment and such title shall be withheld.

6. The prizeman may at any time during the year following the original award be called upon by the Council to give proof that he is devoting himself to the study of Literature, with a view to producing a sufficient thesis. If he fails to give such proof when called upon, or if in any respect he fails to comply with the conditions of these statutes or to comport himself to the satisfaction of the Council, he may, by resolution of the Council, be deprived of all further rights as prizeman. In such case, or in case of resignation by the prizeman of his rights, the candidate who was placed second to him in the original award may be allowed, on such conditions as the Council may approve, to prepare and present a thesis and to qualify for the title of scholar.

*System of Voting—Rules made by the Council under the authority of Clause 10 of Chapter LXXXV of the Statutes.*

A. VOTING SYSTEM.

The system of voting in any election of members of the Council shall be the adapted Nanson-Baldwin system, as follows:

1. Every voting paper shall be in the form following or to the like effect that is to say:

“DIRECTIONS

- \*i. The voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates.
- \*ii. No number used shall be greater than the total number of candidates.
- iii. A number opposite the name of a candidate shall indicate a preference for that candidate over each candidate opposite whose name a higher number or no number is written.
- iv. Candidates against whose names the same number is marked shall be regarded as being equally preferred by the voter.
- v. All candidates against whose names no number is written shall have the lowest degree of preference.
- vi. An elector who spoils a voting paper may, on returning the spoilt paper to the Returning Officer, receive another voting paper.
- vii. Do not put opposite the name of any candidate a tick ✓, a cross ×, a dash —, a zero 0, or any mark which is not a whole number.

Preference

(Names to be inserted in  
alphabetical order of surnames)

---

Do not sign this Voting Paper.”

\* In any election by the Convocation of Electors, i.e. one in which more than one group of candidates is involved, these two directions shall be replaced by the following:

- i. It is not necessary for a voter to vote in both groups A and B below. In each group in which he desires to cast an effective vote, the voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates.
- ii. No number used in a group shall be greater than the total number of candidates in that group.

2. (1) The voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates. A number opposite the name of a candidate shall indicate a preference for that candidate over each candidate opposite whose name a higher number or no number is written. Candidates against whose names the same number is marked shall be regarded as being equally preferred by the voter. All candidates against whose names no number is written shall have the lowest degree of preference.

(2) A vote shall be informal if:—

- (a) a mark other than a whole number is shown opposite the name of any candidate; or
- (b) a number is used which exceeds the total number of candidates.

3. (1) The number of preferences for each candidate over each other candidate shall be ascertained in the manner hereinafter set out.

(2) Each ballot paper shall be allotted points in accordance with the formula  $0 + 1 + 2 + \dots + (N-1)$ , where  $N$  is the number of candidates. If, on a given ballot paper, no two candidates are grouped together as having the same merit, the candidate of last preference receives no points, the one of penultimate preference one point, and so on, so that the most preferred candidate receives  $(N-1)$  points. If, however, several candidates are grouped together, then the corresponding points are added, and distributed equally between them. For the purpose of this rule two or more candidates for whom no preference is shown shall be regarded as comprising the least preferred group and shall share equally the corresponding points.

(3) The candidate with the highest total number of points shall be elected. If two or more candidates tie for top place, and there are at least the same number of vacancies then both or all shall be elected. If the number so tying exceeds the number of vacancies the result shall be determined by lot.

(4) When one or more candidates has been elected and there remains a further vacancy to be filled all references to the successful candidate or candidates is notionally eliminated from every ballot paper and the process described in sub-paragraphs (2) and (3) hereof shall be repeated.

#### B. PROCEDURE FOR VOTING BY THE CONVOCATION OF ELECTORS

4. (1) The Returning Officer shall establish three registers.

(2) One register shall comprise those graduates of the University whose last known address is in the State of South Australia, and all other graduates who ask to be placed upon the register: provided always that any graduate may at any time, by notice in writing addressed to the Returning Officer, have his name either added to or removed from the register.

(3) A second register shall comprise all postgraduate students who on the first day of the month in which the appointed day for the election falls are enrolled for a postgraduate degree or diploma of the University.

(4) The third register shall comprise all persons who on the first day of the month in which the appointed day for the election falls are in the full-time employment of the University.

5. (1) When the number of candidates in any election or in any category of any election exceeds the number of places to be filled the Returning Officer shall, at least ten clear days before the appointed day for the election, cause a voting paper and other documents to be posted or otherwise sent to the last known address of (a) every person on the Register of Graduates; (b) every person on the Register of Postgraduate Students whose name is not on the Register of Graduates; and (c) every person on the Register of persons in the full-time employment of the University whose name is not on the Register of Graduates or the Register of Postgraduate Students; provided that in the case of any elector who is registered as an internal full-time higher degree student of the University, or any person who is in the full-time employment of the University the Returning Officer may, at his discretion, regard the relevant department of the University as being the last-known address.

(2) Any person who satisfies the Returning Officer that he was entitled on the first day of the month in which the appointed day falls to be on one of the foregoing registers but had not received or had irretrievably lost a voting paper may, on request to the Returning Officer before or on the appointed day, obtain a voting paper; and his vote will be valid if it complies with these rules.

6. (1) A voter shall (a) place his voting paper inside the smaller envelope provided by the Returning Officer, seal the smaller envelope, place it inside the distinctive outer envelope provided by the Returning Officer, and seal the distinctive outer envelope; (b) give, on the back of the distinctive outer envelope, his name, address and signature; and (c) *either* place the envelope in a ballot box in the University grounds, *or* post or deliver it to the Returning Officer at the University.

(2) No vote shall be counted unless the distinctive envelope containing it is placed in the ballot box before 8.00 p.m., or otherwise reaches the Returning Officer before 5.00 p.m., on the appointed day for the election.

### C. PROCEDURE FOR VOTING BY UNDERGRADUATES

7. (1) Whenever an election of members of the Council by undergraduates is to be held the Returning Officer shall at least ten clear days before the appointed day for the election send a voting paper and other documents to each undergraduate duly enrolled, whether as an internal or as an external student, on the first day of the month in which the appointed day falls.

(2) The voting paper shall be addressed to the residential address of the student recorded in the University Administration Building.

(3) Any undergraduate duly enrolled on the first day of the month in which the appointed day falls who satisfies the Returning Officer that he had not received or had irretrievably lost a voting paper may, on request to the Returning Officer before or on the appointed day, obtain a voting paper; and his vote will be valid if it complies with these rules.

8. (1) A voter shall (a) place his voting paper inside the smaller envelope provided by the Returning Officer, seal the smaller envelope, place it inside the distinctive outer envelope provided by the Returning Officer, and seal the distinctive outer envelope; (b) give, on the back of the distinctive envelope, his name, address and signature; and (c) *either* place the envelope in a ballot box in the University grounds, or post or deliver it to the Returning Officer at the University.

(2) No vote shall be counted unless the distinctive envelope containing it is placed in the ballot box before 8.00 p.m., or otherwise reaches the Returning Officer before 5.00 p.m., on the appointed day for the election.

#### D. PROCEDURE FOR PROCESSING THE VOTING PAPERS

9. At some convenient time after the voting has closed the Returning Officer assisted by the scrutineers will:

- (a) examine the details on the back of each distinctive envelope, check them against the electoral roll, and satisfy himself that the voter is entitled to vote and that he has voted once only;
- (b) open each distinctive envelope, and remove the inner envelope containing the voting paper;
- (c) place and mix each distinctive envelope with other similar envelopes.

10. When all the distinctive envelopes have been opened and mixed with other similar envelopes, the Returning Officer assisted by the scrutineers will:

- (a) open the inner envelopes and remove the voting papers;
- (b) examine each voting paper to ensure that it represents a formal vote, and that each number is clear and unambiguous. (If, in any election in which there is more than one group of candidates, the voter's action in regard to any group contravenes the instructions, his vote shall be regarded as informal in the election or group concerned, but formal in the group(s) in which he votes correctly.);
- (c) number each formal voting paper in the space in the top left hand corner, using the automatic numbering machine that will be provided;
- (d) count the formal voting papers and the informal papers (if any), placing informal papers in a marked envelope;
- (e) arrange the formal voting papers in numerical order, and clip or tie together;
- (f) deliver the formal voting papers to the Computing Centre, where each formal vote will be punched and verified.

11. The calculation and counting of the formal votes, and the procedures to be followed and the action to be taken by the scrutineers and the Returning Officer, will be in accordance with Chapter LXXXV of the Statutes.

If, on a given ballot paper, no two candidates are grouped together as having the same merit, the candidate of last preference receives no points, the one of penultimate preference one point, and so on, so that the most preferred candidate receives  $(N-1)$  points. If, however, several candidates are grouped together, then the corresponding points are added, and distributed equally between them. For the purpose of this Standing Order two or more candidates for whom no preference is shown shall be regarded as comprising the least preferred group and shall share equally the corresponding points.

(3) The candidate with the highest total number of points shall be elected. If two or more candidates tie for top place, and there are at least the same number of vacancies then both or all shall be elected. If the number so tying exceeds the number of vacancies the result shall be determined by lot.

(4) When one or more candidates has been elected and there remains a further vacancy to be filled all reference to the successful candidate or candidates is notionally eliminated from every ballot paper and the process described in sub-paragraphs (2) and (3) hereof shall be repeated.

98. (1) When the number of candidates in any election or in any category of any election exceeds the number of places to be filled the Clerk shall, at least ten clear days before the appointed day for the election, cause a voting paper and other documents to be posted or otherwise sent to the last known address of (a) every person on the Register of Graduates maintained by the Returning Officer of the University appointed pursuant to Statutes Chapter LXXXV.—*Of election of members of the Council*; (b) every person on the Register of Postgraduate Students, maintained by the Returning Officer of the University, whose name is not on the Register of Graduates; and (c) every person on the Register of Persons in the full-time employment of the University, maintained by the Returning Officer of the University, whose name is not on the Register of Graduates or the Register of Postgraduate Students but who is a graduate of a university recognised by the University or who has attained at another institution of higher learning qualifications considered by the University to be of a status equivalent to that of a degree of the University; provided that in the case of any elector who is registered as an internal full-time higher degree student of the University or any person who is in the full-time employment of the University the Clerk may, at his discretion, regard the relevant department of the University as being the last-known address.

(2) Any person who satisfies the Clerk that he was entitled on the first day of November to be on one of the foregoing registers but had not received or had irretrievably lost a voting paper may, on request to the Clerk before or on the day the election for that year is to be held, obtain a voting paper; and his vote will be valid if it complies with these Standing Orders.

99. (1) A voter shall (a) place his voting paper inside the smaller envelope provided by the Clerk, seal the smaller envelope, place it inside the distinctive outer envelope provided by the Clerk, and seal the distinctive outer envelope; (b) give, on the back of the distinctive outer envelope, his name, address and signature; and (c) *either* place the envelope in a ballot box in the University grounds, *or* post or deliver it to the Clerk at the University.

(2) No vote shall be counted unless the distinctive envelope containing it is placed in the ballot box before 8.00 p.m., or otherwise reaches the Clerk before 5.00 p.m., on the day the election for that year is held.

100. (1) Each candidate may appoint a scrutineer to assist the Clerk.

(2) If the number of scrutineers appointed by candidates is insufficient, the Clerk may appoint other persons to act as scrutineers.

101. At some convenient time after the voting has closed the Clerk assisted by the scrutineers will—

- (a) examine the details on the back of each distinctive envelope, check them against the electoral roll, and satisfy himself that the voter is entitled to vote and that he has voted once only;
- (b) open each distinctive envelope, and remove the inner envelope containing the voting paper;
- (c) place and mix each distinctive envelope with other similar envelopes.

102. When all the distinctive envelopes have been opened and mixed with other similar envelopes, the Clerk assisted by the scrutineers will—

- (a) open the inner envelopes and remove the voting papers;
- (b) examine each voting paper to ensure that it represents a formal vote, and that each number is clear and unambiguous;
- (c) number each formal voting paper in the space in the top left hand corner, using the automatic numbering machine that will be provided;
- (d) count the formal voting papers and the informal papers (if any), placing informal papers in a marked envelope;
- (e) arrange the formal voting papers in numerical order, and clip or tie together;
- (f) deliver the formal voting papers to the Computing Centre, where each formal vote will be punched and verified.

103. (1) The calculation and counting of the formal votes shall be performed by computer, using an adequately tested programme, which shall provide an appropriate print-out.

(2) At a convenient time the scrutineers appointed by the candidates shall be given the opportunity, in the presence of the Clerk, to satisfy themselves that the votes have been correctly recorded and correctly calculated. For this purpose they shall have available the voting papers and such computer print-out as they, after consultation with the Clerk, may consider necessary.

104. When the scrutineers or such of them as attend, and the Clerk, are satisfied that the votes have been correctly calculated and counted, the Clerk shall declare the result of the election. He shall do this:

- (a) by written report to the Warden following the election;
- (b) by public statement, by such means as he may decide;
- (c) by circular sent as soon as feasible to each candidate.

105. The Clerk shall, subject to the Standing Orders, determine finally on questions of detail concerning the election.

106. Neither the Clerk nor any scrutineer shall in any way whatever directly or indirectly divulge or disclose or aid in divulging or disclosing for what candidate or in what manner any voter has voted at any election.

#### VIII. SUSPENSION OF STANDING ORDERS

107. Any of these Standing Orders may be suspended for the time being on motion made with or without notice, provided that a quorum shall be present, and that such motion shall have the concurrence of at least two-thirds of the members present.

---

These Standing Orders were adopted by the Senate on 1 September, 1971. They were based on Standing Orders originally adopted by the Senate on 2 December, 1885, and subsequently amended from time to time as shown by the footnotes to the Standing Orders as published in the Calendar for 1971. Provisions relating to the Standing Committee of the Senate were originally adopted on 22 November, 1961; and those relating to the current voting system—which is an adaptation of the Nanson-Baldwin voting system, used in the University of Melbourne since 1926—were adopted on 26 November, 1969, and amended on 1 September, 1971. The Standing Orders were further amended on 22 November, 1972, and on 28 November, 1973.

### Elder Overseas Scholarship

The scholarship, which is open for competition amongst South Australian residents of at least five years' standing, was established by a bequest of \$6,000 by Sir Thomas Elder to the Royal College of Music, London. The scholarship is tenable at the Royal College for a period of three years which in some cases may be extended to four years.

In 1965 Elder Smith Goldsbrough Mort. Ltd. agreed to supplement the Elder Overseas Scholarship by a sum of \$1,230 a year in order to maintain the scholar while he or she is actually engaged in studies, under the provisions of the scholarship, at the Royal College of Music.

In 1966, Mrs. C. M. Macgregor gave to the University the sum of \$20,000 as an endowment, the income from which should be applied for the benefit of the person who for the time being held the Elder Scholarship awarded by the Royal College of Music. The income from this fund is \$1,000 a year. Scholars are required to submit annually a statement of expenditure of moneys paid from this fund, such a statement to be endorsed by the Registrar of the Royal College of Music, or his nominee.

The income for the Guli Magarey Fund, \$50 a year, is also paid to the current holder of the Elder Overseas Scholarship.

These supplementary allowances are payable in monthly instalments subject to submission of evidence of enrolment and satisfactory progress at the Royal College of Music each year.

The scholar must pay from the supplementary grant the difference between fees due to the Royal College and the current income from the Thomas Elder bequest. It is also intended that from the supplementary grant the scholar should pay his fares to and from London and the expenses of travel from London to various centres in Europe undertaken to improve his general musical education.

The scholarship is offered for competition every three or four years, the scholar being chosen on the results of a special examination. Entrants should normally be between sixteen and twenty-five years of age.

## INSTITUTES AND FOUNDATIONS OF THE UNIVERSITY

---

### The Waite Agricultural Research Institute

The Waite Agricultural Research Institute was established in 1924 as a result of the gift of Mr. Peter Waite to the University of Adelaide for the purpose of furthering teaching and research in agriculture and allied subjects. The original endowment comprised a mansion house, a Trust Fund of \$117,000 and an estate of 299 acres of agricultural and grazing land.

To the original gift has been added about 100 acres by purchase, bringing the total area to nearly 400 acres. Of this total, only about 10% is suitable and available for experimental work and large scale projects, such as production studies with sheep and cattle, are carried on at the Mortlock Experiment Station near Mintaro. The station, comprising 680 acres of first class land, was established in 1966 through the generosity of Mrs. J. T. Mortlock.

The original laboratories were built between 1928 and 1940 and were made possible through the generosity of Sir John Melrose and the families of Mr. John Darling and Frederick Ranson Mortlock.

In 1959 the Departments of Entomology and Plant Pathology were housed in a new east wing and in 1965 a separate building was provided for the Institute Library. Finally, an extension to the Library which also serves as a link with a new undergraduate teaching block was completed in 1972.

The latter building replaces laboratories and lecture rooms which were provided in the immediate post-war period under the Commonwealth rehabilitation training scheme and which are now quite inadequate for present student numbers.

In addition to the main laboratories, there is a whole range of ancillary buildings including glass houses, workshops, farm buildings, housing for domestic animals, an insectary and a small animal house.

Bequests and endowments in addition to those already mentioned, have added much to the effectiveness of the Institute's programme. Benefactors include the children of Mr. Peter Waite, viz. Mrs. Elizabeth McMieken, the Misses Lily and Eva Waite and Mr. James Waite; Messrs. H. Hughes, W. H. Sandland, W. D. Grigg and Alfred Hannaford. The Institute will also be a beneficiary under the will of Mr. J. S. Davies.

Interest on the original and subsequent endowments contributes little to the running costs of the Institute which derives the greater part of its income from grants to the University by the Government of South Australia. However, grants from a wide variety of foundations, primary industries and private firms are of major assistance in the research programme. Grants are or recently have been received from, amongst others, the Rural Credits Development Fund of the Reserve Bank, the Commonwealth Development Bank, the Australian Wool Board, the Wheat Industry Research Council, the Wheat

Industry Research Committee of South Australia, the Australian Honey Board, the Barley Improvement Trust Fund, the Meat Research Committee, and the Quarantine Section of the Commonwealth Department of Health. The Institute has also derived substantial grants from the Australian Research Grants Committee which was established in 1965.

The catalytic effect of Peter Waite's bequest is not confined to gifts of various kinds. It is also reflected in the group of other scientific institutions on the Waite Institute Campus. Up till 1957 the main Institute building housed both the Australian Wine Research Institute and the CSIRO Division of Soils. Expansion inevitably led to a separation and both institutions have now moved to separate accommodation east of Waite Road on land leased from the University. More recently, the headquarters of the CSIRO Divisions of Horticultural Research and Mathematical Statistics have joined the original two.

The Institute provides facilities for teaching in the third, fourth and honours years of the degree of B.Ag.Sc. There is also a strong postgraduate school which draws its students from a wide range of countries.

The scientific work of the Institute is centred round the study of the principles of crop, pasture and animal production and of the scientific disciplines associated with these aspects of agriculture. Research and teaching is carried out in six departments:

AGRICULTURAL BIOCHEMISTRY AND SOIL SCIENCE.

AGRONOMY (which includes Crop Ecology, Genetics and Plant Breeding, Animal Husbandry and Systematic Botany).

ANIMAL PHYSIOLOGY.

ENTOMOLOGY.

PLANT PATHOLOGY (which includes Nematology and Soil Microbiology).

PLANT PHYSIOLOGY (which includes Horticulture).

There is also a section of Biometry.

### The Mawson Institute for Antarctic Research

The Institute was formally established by the University Council in November, 1959, in honour of the late Professor Sir Douglas Mawson, F.R.S.

The Institute provides facilities for postgraduate training and research related to the Antarctic regions. At this stage research is being carried out in the fields of atmospheric physics and theoretical plasma physics.

The Institute maintains a library of Antarctic literature and a collection of photographs and objects associated with the expeditions of Sir Douglas Mawson.

The Institute was inaugurated by the Right Honourable the Prime Minister on 15 April, 1961. The Director is Dr. F. Jacka.

### The Anti-Cancer Foundation

In 1928 the University formed an Anti-Cancer Campaign Committee to aid research into problems of cancer, and to provide and extend modern methods of treatment of cancer in South Australia. In that year the Commonwealth Government had lent to the Adelaide Hospital half a gram of radium in the form of needles and tubes, and as there was no radiotherapy department at the hospital the early efforts of the Committee were devoted to the provision of a medical officer, a deep X-ray plant and the necessary clerical and technical personnel to establish a Radiotherapy Department. As demands on the Radiotherapy Department grew, the Committee's expenditure on the Department also increased until the Committee was responsible for four salaried medical officers and four physicists employed there. It was then agreed with the Hospital Board that the Committee should be financially responsible for the research activities of the Radiotherapy Department, and the Board for the routine treatment of patients; as a result three of the Committee's medical officers were transferred to the Public Service.

In 1962, the Anti-Cancer Campaign Committee was reorganised and was renamed the Anti-Cancer Foundation of the University of Adelaide. The board of Governors, which decides matters of major policy, is the governing body of the Foundation. About 30 prominent citizens representing a wide cross-section of the community have been appointed as Governors of the Foundation. For the conduct of the Foundation's affairs, an Executive Board, a Finance and Fund-raising Committee, a Public Education Committee, a Patient Care Committee and a Scientific Advisory Committee have been appointed.

In 1965 the Foundation was admitted to membership of the Australian Cancer Society and in 1970 became a member of the worldwide anti-cancer organisation, the Union Internationale Contre le Cancer.

A full-time Secretary was appointed in 1968. This has made it possible to extend the Foundation's services to remote parts of South Australia and the Northern Territory.

**FINANCE:** The Foundation's funds are derived from the following sources: (a) Gifts and bequests; (b) Income from gifts and bequests which have been invested; (c) Government grants and subsidies; (d) Public appeals.

Five public appeals for funds have been made: the first in 1928 realised about \$12,000, the second in 1939 about \$6,000, the third in 1950 more than \$200,000, the fourth in 1962 about \$220,000 and the fifth in 1970 more than \$136,000. The last three were conducted under the aegis of the Lord Mayor of Adelaide. Part of the proceeds of the third appeal was used to pay for a 4 million volt X-ray machine which was installed in the Royal Adelaide Hospital.

Government grants and subsidies have been received since 1929. In addition, the State Government gave \$32,000 towards the purchase of the high-voltage plant, and met the large expense of housing the plant at the Royal Adelaide Hospital.

**RESEARCH:** With its funds and facilities limited, the original Committee decided to support clinical research as likely to be the most rewarding; to that end it employed two part-time medical officers and a stenographer to record the cases of cancer in the Royal Adelaide Hospital, the Adelaide Children's Hospital, the Queen Elizabeth Hospital and the Queen Victoria Hospital for statistical analysis in due course. It also, from its beginning, enabled its physicists to give much of their time to fundamental research, some of which has been of considerable value to radiotherapy, and has gained world-wide recognition.

The Anti-Cancer Foundation has made grants totalling \$44,039 to various South Australian cancer projects being carried out in 1974. These include work being undertaken by the departments of Medicine, Surgery and Obstetrics and Gynaecology in the University of Adelaide and by the schools of Physical and Biological Sciences at the Flinders University.

**CYTOLOGY SERVICE:** In 1960 the Foundation established a Cytology Laboratory at the Queen Elizabeth Hospital for the examination of cervical and vaginal smears. The laboratory examined some 3,000 smears during the first year of operation. The work of this laboratory has rapidly increased and in 1973 more than 34,000 smears were processed.

**EDUCATION:** The Foundation encourages scientific personnel to attend overseas conferences to keep them in touch with the most recent developments in their fields. It supports the attendance of members of its staff at approved scientific conferences in Australia. From time to time leading overseas cancer specialists are invited to Adelaide to address meetings of surgeons, pathologists and other professional groups. Public education campaigns began in a small way in 1950 and a Public Education Committee has been active in cancer education since 1965, when an Honorary Medical Adviser was appointed. Since that time thousands of people throughout the metropolitan and country areas have attended lectures and learnt about breast, uterine and other cancers as well as the hazards of smoking. A small panel of doctors has been recruited to assist with the presentation of lectures and films at schools and many other organisations.

**PATIENT CARE:** A Patient Care Committee was appointed in 1965. The work of this Committee began with the appointment of a Visiting Nurse, and later, a part-time Social Worker and a second Visiting Nurse. At the end of 1968 the Committee decided that the needs of the cancer patient could best be served by an expansion of its social welfare work and a curtailment of the nursing service. In 1970 a second experienced social worker was appointed.

The generosity of Mr. J. A. Martin has enabled the Foundation to establish Martin House at 429 Gilles Street, Adelaide. This hostel, which is administered by the Board of the Royal Adelaide Hospital, accommodates any patient suffering from cancer, or thought to have cancer, and requiring any form of treatment or investigation in Adelaide. Provision is made in the well-equipped flats for the patient to be accompanied by a relative.

**The Animal Products Research Foundation****RULES**

### ST. MARK'S COLLEGE

St. Mark's College, the first residential college in the University of Adelaide, was founded by a committee formed at a public meeting held under the chairmanship of the Bishop of Adelaide on 29 May, 1922. The Committee obtained some \$24,000 by public subscription, bought the residence of the late Sir John Downer on Pennington Terrace, North Adelaide, and secured two acres of land adjoining, thus providing room for the foundation of a College of 150 men. The College was affiliated in 1924, and opened for students in March, 1925. It was immediately found necessary to provide additional accommodation, and in 1925-6 and in 1926-7 a three-storey building of thirty rooms was erected as the first portion of a main quadrangle on the vacant land. During the years 1941 to 1945 the property was leased to the Royal Australian Air Force. Since then the College has acquired additional properties and buildings and now provides residence for about 150 tutors and undergraduates with facilities which include large Junior and Senior Common Rooms, Chapel, Library, Tutorial Rooms, Recreation and Music Rooms, and five grass tennis courts.

The College is governed by a Council including representatives of the Church of England, the Council of the University, the Governors of St. Peter's College, and the Old Collegians. The Archbishop of Adelaide is *ex officio* President and the Chairman is Mr. Gavin Walkley. Although the College is primarily under the sponsorship of the Church of England, it is freely open to men of all religious denominations.

The College provides its members with the advantages of corporate life in close proximity to the University, the University sports facilities, and the other Colleges of the University. Students have all their meals at the College, and incur a minimum of time and expense in attending lectures and other University activities. As a supplement to University teaching, tutorials are provided in most of the basic subjects of the University curriculum, and non-resident students are admitted to tutorial classes. Since its foundation the College has built up a fine all-round record in academic and other fields, with many winners of important prizes and scholarships.

Members of the Senior Common Room serve as academic or house tutors or both. They come for the most part from the teaching or research staffs of the University.

The College provides religious services for its members, and through the Student Club encourages literary, dramatic, social and athletic activities.

Applicants should be matriculated in the University and must furnish evidence of good character. No member of the College may be permitted to remain in residence unless the Master and Tutors are satisfied with his diligence and conduct.

Further particulars are available from:

The Master—Rev. M. McKenzie, B.A., St. Mark's College, Pennington Terrace, North Adelaide; Telephone 267 2211.

### ST. ANN'S COLLEGE

St. Ann's College was founded as the result of bequests by the late Mr. Sidney Wilcox of his house and grounds at Brougham Place, North Adelaide, and of a substantial sum of money to establish an undenominational college for women students attending the University. The College was incorporated and affiliated with the University in 1939. Owing to the outbreak of war in that year and for other reasons the College did not open until 1947. In September 1972 the College Council agreed that men students be admitted to residence in 1973.

The College consists of 107 modern single study/bedrooms plus Plummer, an older building that accommodates approximately 15 students. Future planning allows for the College to accommodate finally approximately 125. In addition, the College has a spacious dining hall and common room, small common rooms, music rooms, a library, a tennis court and an oratory. St. Ann's provides university students with the opportunity to live in a community of graduates and undergraduates where academic excellence is stressed, but at the same time allows for considerable extra-curricular activities. These activities and the College tutorials are open to non-resident students who wish to become affiliated with the College.

The College is situated in pleasant surroundings with a view to the Mount Lofty Ranges and is within ten minutes walk of the University of Adelaide.

St. Ann's provides an undergraduate scholarship and a postgraduate fellowship. The Doris Simpson Fellowship (value \$500 or such sum as the Council of the College may from time to time determine) is awarded to an Honours graduate of any recognised University and is available for one year. The Constance Finlayson Scholarship (value \$600 p.a. or such sum as the Council of the College may from time to time determine) is awarded to a first-year student enrolled in the University of Adelaide; the award is based primarily on the results of the Matriculation Examination, but character and extra-mural interests are also taken into account. Tenure may be renewed for a second and third year. The Collegians' Award, value approximately \$150, takes the form of a remission of fees at the College. It is awarded annually, for one year only, to a first-year woman student of ability and in financial need. Bursaries are also awarded annually. Applications should be sent to the Principal of the College not later than 31 January.

Further details can be supplied by the Principal, Mrs. N. T. Feather, St. Ann's College, Brougham Place, North Adelaide, telephone 267 1478.

### AQUINAS COLLEGE

Aquinas College was incorporated in 1946 and by a statute of the University in 1947 was affiliated to the University as a Residential College under the auspices of the Roman Catholic Church for students of the University. In 1948 "Montefiore", just behind Colonel Light's Statue in North Adelaide, was purchased as a site for the College. This house was, for many years, the residence of the late Sir Samuel James Way, Chief Justice of South Australia for 40 years, and for 33 years Chancellor of the University. In 1953, Sir Collier Cudmore's home, 24 Palmer Place, was purchased and in 1968 the property belonging to the Darling family, 19 Palmer Place.

The College now has accommodation for 103 students in single bed-study rooms. In addition, the College has spacious common rooms, a chapel, libraries, television rooms, a tennis court and two squash courts.

Students of the College enjoy the advantages of residence close to the University, corporate life in an academic community, the influence of the doctrine, ideals and sacramental life of the Church and tuition supplementary to University lectures.

Tutorial classes and individual tuition are given in the College with the special object of assisting students in their University work. Non-resident students, men and women, are admitted to all College classes.

The College Council is presided over by the Archbishop of Adelaide, The Most Reverend J. W. Gleeson, D.D. The Vice-President is the Most Reverend B. Gallagher, D.D., Ph.D., Bishop of Port Pirie.

The Council decided to admit women students to residence from the beginning of 1974.

Applications for admission are made to the Rector.

The Rector is the Very Revd. Father James McInerney, S.J., B.A., and The Dean is Rev. Fr. Ian Howells, S.J., B.E., Ph.D.

### LINCOLN COLLEGE

Lincoln College offers residential facilities for male and female students undertaking tertiary studies in Adelaide. The College is situated at 45 Brougham Place, North Adelaide on a site which provides a beautiful view of the City and the hills. It is within 15 minutes walking distance of the University of Adelaide and the City and is very close to frequent bus services.

Lincoln College was founded in 1952 by the South Australian Conference of the Methodist Church of Australasia. The aim of the founders was to provide the opportunity for Christian students to enjoy the experience and privileges of corporate life whilst undertaking tertiary studies.

The late Dr. W. F. Hambly was the foundation Master of the College and guided the College through its first twenty-one years until his death in 1972. Under his leadership the College grew from small beginnings with twenty-two students. With Government and private financial assistance two modern buildings have been erected and the College now has accommodation for 160 students. The College has enjoyed considerable academic success and three Rhodes Scholars have graduated from the College.

The College is governed by a Council appointed by the Methodist Conference. It is affiliated with the University of Adelaide which appoints two representatives to the College Council. The Chairman of the College Council is Mr. V. A. Edgeloe, B.A. The Master of the College is Dr. John W. Whitehead, Ph.D. (Vanderbilt), B.A. (Melb.), B.D. (Melb.).

Whilst the College was established by the Methodist Church, admission is not restricted to Methodists. Application forms for admission and information sheets about the College are available from the College. In 1974 the annual fee for residents for the 32 weeks of the College Academic Year is \$720. The College offers a limited number of Bursaries for students in difficult financial circumstances.

#### KATHLEEN LUMLEY COLLEGE

The College was founded in 1967 with the aid of a gift of \$60,000 from Mrs. Kathleen Lumley and the support of the State and Federal Governments through the Australian Universities Commission. The University made a site available for the College at Mackinnon Parade, North Adelaide.

The aim of the College is to provide residential accommodation for men and women postgraduate students of The University of Adelaide together with educational, cultural, social and recreational facilities for all postgraduate students of the University.

The College provides living accommodation for 56 postgraduate students, as well as a dining-room, common room and reading room for the use of both resident and non-resident members of the College.

The College is governed by a Council, which includes members nominated by the Council of the University, and by the residents of the College, together with representatives of the Lumley family. ### ADULT EDUCATION COURSES

In 1914, the University established a Joint Tutorial Classes Committee (T.C.C.) to work with the newly-established Workers' Educational Association. However, it was not until the end of the war in 1917, that the T.C.C. was in a position to provide evening classes in Adelaide, mainly in liberal arts subjects. In the 1920s and 1930s, classes and written courses were offered as well to country groups. This pattern of joint W.E.A.-University provision of evening courses continued until 1956 when the University appointed a Director of Adult Education. In 1958, following a report by the Director on the future of adult education in the University, a Board of Adult Education was constituted by the University Council with responsibility for the administration of adult education. This Board consisted of six representatives of the academic staff of the University and six from other organisations (including three from the W.E.A.). Evening classes of 20 to 30 meetings each year have continued as part of the Board's programme, but in recent years, there has been an increasing number of extension courses for engineers, teachers, industrialists, bankers, farmers, social workers, police officers and many other professional and specialist groups. Residential courses and short schools and seminars have also increased in number and scope in recent years. The Department has published over 40 publications arising mainly from seminars on social, political, educational and scientific questions; it has published two regional studies on the natural history of South Australia, and publishes a quarterly publication *Issue*—a journal of political, social and literary comment. Thanks to a generous donation of \$100,000 by an Adelaide University graduate, the late Mr. K. G. Stirling, an educational radio station, VL5UV began transmissions in 1972. In the first year almost 2,000 students enrolled in 17 systematic courses in liberal studies and for professional bodies. As well, 40% of the station's time was devoted to general programmes of an educational and cultural nature. The station is just off the broadcast band but can be heard on most ordinary receivers. During its first year's operation it was not allowed to broadcast programme music but this ban has now been lifted.

Syllabuses and further information about University adult education work may be obtained on application to the Director of Adult Education, The University of Adelaide, Adelaide.

### EVENING LECTURES

Originally established under a special grant from the Government, courses of evening lectures in Arts, Economics and Science subjects are provided each year for the benefit of teachers and others. An evening class is held only if sufficient students enrol for it. A list of the evening courses offered in 1974, and their times, will be found in Volume II of this Calendar.

mended to the Council by the Headmaster of King's College and has enrolled in the course for the degree of Bachelor of Science or for the degree of Bachelor of Engineering. ### Australian Government Tertiary Allowances Scheme.

#### GENERAL

For particulars of the Tertiary Allowances Scheme enquiries may be made to the Australian Government Department of Education, Red Cross House, 228 North Terrace, Adelaide, S.A. 5000 (telephone 223 2416).

As from the beginning of 1974, the Government has abolished tuition and certain other compulsory fees at universities, colleges of advanced education and approved teacher training colleges and technical colleges. It also provides means-tested living and other allowances to all full-time, non-bonded Australian students admitted to these courses.

#### BENEFITS

The following benefits are available in 1974 to students who qualify under the means test:

##### (i) *Living allowances*

The maximum rates of living allowance payable are \$850 per annum for students living at home and \$1,400 per annum for students living away from home. The latter rate is payable to students who:

- (a) because of distance and time involved in daily travel must live away from home in order to attend the institution of their choice; *or*
- (b) who are 21 years of age and wish to live away from home; *or*
- (c) who are "independent" of parental support in that they are married, orphans, wards of the State, are 25 years of age or have maintained themselves without parental support for at least two of the previous five years.

(ii) *Incidentals allowance*

Students qualifying for living allowance are also granted an incidentals allowance which will assist them in meeting fees such as Union fees. The balance of the allowance will assist students in meeting expenses associated with the purchase of books and equipment.

This allowance is:

- (a) \$100 per annum for students in universities;
- (b) \$70 per annum for students in colleges of advanced education, teachers' colleges and similar institutions.

(iii) *Dependants' allowances*

A student who qualifies for a living allowance may also receive an allowance of \$8 per week for a dependent spouse. Students with dependent children may also receive an allowance of \$5 per week for each child.

(iv) *Travel allowance*

Students living away from their normal places of residence in order to undertake their courses of study, and who qualify for assistance under the means test, may be reimbursed the cost of three return trips per annum between their homes and the institution.

#### THE MEANS TEST

(i) *Ordinary students*

The maximum rates of living allowance will be paid where the adjusted family income is equal to *or* less than \$5,300 per annum. The adjusted family income is assessed by subtracting from the gross income of both parents business expenses and an amount of \$450 for each dependent child other than the student.

When the adjusted family income exceeds \$5,300 per annum the amount of living allowance will be reduced by \$2 for every \$10 of income until the family income exceeds \$10,600 per annum. After this level, the living allowance will be reduced by \$3 for every \$10 of income.

Students receiving income from casual employment and other sources may receive up to \$1,500 per annum without affecting their entitlement to living allowance. If their income exceeds this level their living allowance will be reduced on a \$ for \$ basis. Income from employment during the long vacation will not be taken into account in the assessment of a student's living allowance.

If a student receives income from other scholarships in excess of \$600 the living allowance will be reduced by one dollar for every dollar of income above \$600.

(ii) *Married and other independent students*

A special rate of living allowance and a separate means test are applied to married and other independent students.

ELIGIBILITY

(i) *On personal grounds*

Assistance will be available to students whose parents are ordinarily permanent residents of Australia or who are themselves permanent residents or *bona fide* migrants.

Bonded students are not eligible for living allowance, although students who are under a bond or similar agreement may become eligible for assistance by arranging to meet the obligations under a bond to the satisfaction of the authorities concerned.

There will be no restrictions placed on the age of applicants.

(ii) *On academic grounds*

For 1974 the following conditions apply, subject in all cases to the means test:

- (a) benefits are available to all students entering an approved course to commence a first qualification;
- (b) students who have completed one full-time year or more (or its part-time equivalent) are eligible for assistance in 1974 provided they have passed 50% or more of their subjects in the last year in which study was undertaken.

CURRENT COMMONWEALTH SCHOLARSHIP HOLDERS

Current holders of awards who undertake full-time study in 1974 will be transferred to the new Scheme. Arrangements will be made to pay statutory fees on behalf of continuing students who do not qualify for living allowance under the new Scheme. Scholarship holders proceeding on a part-time basis are covered by a similar arrangement.

APPLICATIONS

Applications must be made on the prescribed form which should be lodged with the Australian Department of Education.

**The William Donnithorne Awards.**

Whereas the late William Donnithorne has bequeathed to the University the sum of \$4,100, the income of which shall be applied annually "to assist one medical student and one law student to continue their studies as the Chancellor of the University may decide," the following rules are hereby made:

1. Two awards, each to be known as "A William Donnithorne Award", shall be available each year.
2. The value of each award shall be determined by the Chancellor when he makes it.

3. Each award shall be tenable for one year, but a candidate shall be eligible to receive an award for more than one year.

4. To be eligible for an award an applicant must have completed at least one full year's work in his course.

5. Both academic record and financial need will be taken into account in determining awards. A candidate must therefore give particulars of all other monetary awards (if any) that he holds and of his own and his parent's financial circumstances.

6. In the absence of any suitable candidate wishing to continue undergraduate studies an award may be made to a graduate to enable him to undertake studies in the faculty concerned.

7. Applications in writing shall be lodged with the Academic Registrar not later than 1 March in the year for which the award is sought. Applications must give the particulars referred to in rule 5 above and in the case of candidates wishing to undertake graduate studies particulars of the studies proposed.

#### **The Gowrie Scholarship Trust Fund.**

The Gowrie Scholarship Trust Fund offers annually a number of tertiary scholarships, each of the value of \$150 a year, tenable at an Australian University for the normal length of the course undertaken (with a possible extension in special circumstances for a further period not exceeding one year).

A candidate must be, or have been, a member of one of the forces with service in the war which began in September, 1939, or be the child or other lineal descendent of such member as defined under the Trust Deed.

Further particulars may be had on application at the Office of the Academic Registrar.

#### **The St. Alban Scholarship.**

The scholarship was founded by the Masonic Lodge of St. Alban of South Australia with a gift of \$300 in 1890; and its value is \$30 a year. The scholarship may be awarded to the son or daughter of a past or present member of the Lodge, and is tenable in the Faculty of Arts, Economics, Engineering, Law, Medicine, Music or Science.

Full details of eligibility, and of conditions of award, are set out in the Calendar of the University for the year 1969.

#### **The Eric Smith Bursary**

Whereas in the year 1879 the South Australian Commercial Travellers' and Warehousemen's Association Incorporated (later known as the Commercial Travellers' Association of South Australia (Incorporated)) paid to the University a sum equivalent to \$300 for the purpose of establishing the scholarship hitherto known

as "The Commercial Travellers Association Scholarship", and whereas, through the liberality of Sir Edwin Smith, the Association has been enabled to pay to the University the further sum of \$1,000 for the purpose of extending the benefits conferred by the scholarship, and has requested the University to change the name of the scholarship to The Eric Smith Scholarship, in memory of Lieutenant Eric Wilkes Smith, a grandson of Sir Edwin, who was mortally wounded in the attack upon the Dardanelles on 25 April, 1915, and has further requested that from 1967 the scholarship be converted to a bursary; the following rules are hereby made:

1. A bursary, to be called "The Eric Smith Bursary", shall be awarded by the University on the nomination of the Commercial Travellers' Association of South Australia (Incorporated).

2. The bursar must, prior to the award, have satisfied the requirements of the University for entrance upon the degree course which he proposes to take at the University.

3. Unless the Council of the University, with the consent of the Association, decides otherwise the bursary shall be of the value of \$60 a year payable in three equal terminal instalments. Each instalment shall be paid early in the respective term provided that payment for the second and third terms of any year shall not be made unless the bursar is continuing with his studies and is showing diligence satisfactory to the Dean of his Faculty.

4. The bursar shall be in all respects subject to the discipline and to the statutes and regulations for the time being of the University.

5. Save by permission of the Council of the University, the bursar shall not retain the bursary for a longer period than that reasonably required in the opinion of the Council for proceeding to the degree in the course selected.

6. The Association may at any time, with the permission of the Council of the University, substitute another student for the then holder of the bursary, and the privileges of the then holder shall thereupon be at an end.

- (c) be accompanied by a list of the sources from which the material for it was obtained.

5. The prize shall not be awarded more than once to the same person; nor shall an award be made in any year if in the opinion of the examiners no essay of sufficient merit has been submitted.

6. The examiners shall be appointed annually by the Faculty of Arts and shall convey their decision to the Academic Registrar not later than 1 December in the year of competition.

7. Whenever the credit balance of the income from the endowment will permit the value of the prize shall be increased to \$20.

8. These rules may be varied by the Council from time to time, provided only that the general purpose of the endowment be fulfilled.

2. The annual value of each scholarship shall be \$450 or such other sum as the Council may from time to time direct.

3. One such scholarship shall be tenable by a man and the other by a woman; and during each academic year of tenure a scholarship holder shall reside at one of the Colleges affiliated with the University.

5. A candidate for the scholarship for men shall have come from the country or have been resident for at least twelve months continuously in the country or have served actively for at least twelve months in one of Her Majesty's military services. The University also has available two leaflets listing major awards tenable in Australia and overseas respectively; copies may be obtained on application to the Office of the Academic Registrar.

#### A. TENABLE WITHIN THE UNIVERSITY.

##### The Baillieu Research Scholarships.

Whereas the University has received a sum of money under the provisions of the Repatriation Fund (Baillieu Gift) Act, 1937, for the purpose of establishing and maintaining in perpetuity within the

University a scholarship or scholarships, the following rules are hereby made:

1. Two scholarships, to be known as "The Baillieu Research Scholarships", shall be available annually.

2. The value of each scholarship shall be \$400 a year, or such other sum as the Council may from time to time determine, and shall be paid to the scholar in three equal instalments, one at the beginning of each term.

3. Each scholarship shall be tenable for one year in the first instance, but may be renewed for a second year and, in exceptional cases, for a third year, but not longer.

5. Where a candidate, eligible under rule 4, is the lineal descendant of an Australian soldier, sailor or airman who, as the result of an occurrence happening during the period he was a member of the forces, has died or has been blinded or has been permanently and totally incapacitated, he shall be awarded a scholarship without regard to the merits of other candidates.

For the purposes of this rule:

- (a) a member of the forces shall be deemed to have been blinded if his eyesight is so defective that he has no useful sight; and
- (b) a member of the forces shall be deemed to have been permanently and totally incapacitated if he has been incapacitated for life to such an extent as to be precluded from earning other than a negligible proportion of a living wage.

6. Every application for an award—including, in the case of a scholarship holder, any application for renewal—must be made through the Head/Chairmen of the candidate's Department, and should reach the Registrar by 31 October. It should include full details of the proposed research and of the arrangements made or to be made for carrying it out.

7. All awards shall be made by the Council, on the recommendation of the Research Executive Committee. If at any time there are more recommendations than available scholarships, the Council shall choose between the recommended candidates.

### Commonwealth Postgraduate Research Awards.

The Commonwealth Department of Education provides each year a number of awards for postgraduate research in any faculty.

The basic stipend attached to an award is \$3,050 a year. Special allowances may be granted for dependent children, transfer from interstate and production of a thesis, and an incidentals allowance of \$100 a year is paid to all award holders. The award holder is required to pay the Statutory Annual Fee of \$33 for membership of the University Union. A graduate from another university may also be required to pay a Union Entrance Fee of \$20 unless he paid a corresponding fee in his original university.

To be eligible for an award, a candidate must be permanently resident in Australia and must have qualified for a good Honours degree; or be about to take his final Honours examination. A student may apply for an award in more than one university provided that he lodges a separate application with each university concerned. He should consult the relevant Head/Chairman of department in each such university about his proposed field of study before lodging his application with that university.

An award is initially granted for one year from the date of beginning study under it. Thereafter, subject to satisfactory progress, it is renewable for a second year in the case of a candidate for a degree of Master and for a second and third year in the case of a candidate for the degree of Ph.D. In exceptional circumstances an award may be extended into a fourth year for a Ph.D. candidate.

Applications, on the prescribed form which is obtainable from the Academic Registrar's Office, close with the Academic Registrar on the last day of October in each year.

### Commonwealth Postgraduate Course Awards.

The Commonwealth Department of Education introduced in 1971 a scheme of awards for postgraduate study by course work. Information about eligible courses is available on request to the Registrar of any Australian university. Part II of the course for the degree of M.B.M. and the course for the degree of M.Ed. are eligible at the University of Adelaide.

Benefits and conditions are similar to those of Commonwealth Postgraduate Research Awards. Tenure of an award normally begins with the academic year and is granted for the minimum length of time required to complete the course for which the award is made.

Applications on the prescribed form close with the Academic Registrar on the last day of September in each year.

Paech, Paul H., B.A., Dip.Ed.

### The William Culross Prize for Scientific Research.

In 1952 the late Mrs. Gertrude Culross bequeathed to the University the sum of \$500 for the purpose of providing an annual prize for scientific research. Over the years the prize, though of small monetary value, acquired high prestige, and in 1971 the Research Executive Committee decided to supplement the income from the bequest to the extent necessary to provide three prizes, each of the value of \$100, a year.

The following rules now govern the awards:

1. Each prize shall be called "A William Culross Prize for Scientific Research."

2. The value of each prize shall be \$100 and shall be paid to the prizewinner in one sum.

3. A prize shall be available each year for competition in each of the following fields of science within the University:

Group I—The biological sciences.

Group II—The physical sciences and engineering.

Group III—The sciences studied at the Waite Agricultural Research Institute.

4. To be eligible for consideration for a prize an applicant must (a) have been registered as a full-time candidate for a higher degree in science or engineering in the University of Adelaide for at least one year and (b) have submitted his thesis for such higher degree during the calendar year of competition.

5. Subject to rule 6 a prize shall be awarded to the candidate deemed, by reason of the thesis submitted, to have most distinguished himself in that year in scientific research in the relevant group as listed in rule 3. Awards shall be made by the Council on the advice of the Research Executive Committee.

6. If in any year no candidate in any group is considered by the Research Executive Committee to be of sufficient merit the prize for that group shall lapse for that year.

#### General Motors-Holden's Postgraduate Research Fellowships.

General Motors-Holden's are operating a fellowship plan to provide additional opportunities for graduates to pursue higher qualifications in Australia, and to assist in the development of research facilities in Australian universities. Following are the conditions which govern the Plan:

1. Eight fellowships are offered throughout Australia: two in New South Wales and in Victoria, and one in each of the remaining four States.

2. All graduates of Australian universities are eligible, but preference may be given to graduates in the faculties of science, engineering and economics, who on completion of their fellowships intend to follow a career in Australia.

3. A fellowship provides a basic value of \$3,000-3,400 a year plus certain allowances in appropriate cases.

4. Each fellowship is tenable for a maximum period of three years.

5. Qualities of leadership as well as academic achievements will be taken into consideration in making fellowship awards.

6. Applications for both new awards and renewals should be lodged with the Registrar or Academic Registrar of the particular university at which postgraduate study is desired. Applications at the University of Adelaide close on the last week-day in October each year, and the appropriate forms are obtainable from the Academic Registrar's Office.

For rules applicable between 1957 and 1968, see Calendar for 1968.

#### C.S.I.R.O. Postgraduate Studentships.

The Commonwealth Scientific and Industrial Research Organization awards each year a number of studentships to high quality Honours graduates for study and research leading to the degree of Ph.D. in an Australian university. A limited number may also be available for study in an overseas university.

A studentship is awarded initially for two years. It may be renewed for a third year, and in approved circumstances for part of a fourth year. Research carried out must be in a field of interest to the Organization. Awards tenable in Australia carry a living allowance of \$3,100 a year and provide for the reimbursement of all compulsory fees and of thesis costs up to \$100.

Applications normally close with C.S.I.R.O. at the beginning of November.

#### The Doris Simpson Fellowship.

The Council of St. Ann's College awards this fellowship to a graduate who will enrol as a full-time candidate for a higher degree and will reside in the College during the academic year. The final Honours result for the degree of Bachelor is the main criterion of selection.

The fellowship is tenable for one year, and the successful candidate will be granted a rebate on College fees to the extent of \$500

or such sum as the Council of the College may from time to time determine.

Applications on the prescribed form must be submitted to the Principal of St. Ann's College not later than 15 January in each year.

### The David Murray Scholarships.

These scholarships, of the value of \$100 each, were founded by the late David Murray, a former member of the Council of the University.

For conditions, see Statutes, Chapter XXXI.

#### ARTS.

In order to assist students who intend to undertake work of an advanced character a David Murray Scholarship will be awarded on the result of the examination for the Honours Degree of Bachelor of Arts, in Anthropology or Classics or Classical Studies or Geography or Latin or Mathematics or Philosophy to a candidate whose work is considered to be of sufficient merit.

#### SCIENCE.

This scholarship is awarded to enable the recipient to carry out some scientific investigation. The successful candidate, who must have satisfied all the academic requirements for a degree in either pure or applied science, is required to submit the subject of his work for approval by the Faculty and the Council.

Payment will be made in two instalments, the first on approval by the Council of the subject of the scholar's work, and the second on receipt of a satisfactory report of progress.

#### LAW.

A David Murray Scholarship of \$100 will be awarded each year to a candidate for the Honours degree of Bachelor of Laws who has maintained a consistently high standard in his work throughout the course, and has demonstrated his ability to undertake advanced work and original investigation.

#### MATHEMATICAL SCIENCES.

This scholarship is awarded to enable the recipient to carry out some investigation in mathematical science. The successful candidate, who must have satisfied all the academic requirements for the degree of Bachelor of Science in the Faculty of Mathematical Sciences, is required to submit the subject of his work for approval by the Faculty and the Council.

Payment will be made in two instalments, the first on approval by the Council of the subject of the scholar's work, and the second on receipt of a satisfactory report of progress.

#### MEDICINE.

Facilities for higher work will be offered to any graduate or undergraduate who desires to pursue a subject of research. A scholarship

of the value of \$100 may be awarded every year for such work, provided it is of high quality. Undergraduates of not less than three year's standing and graduates of not more than two years' standing will be eligible to compete.

### The University Research Grant.

The University Research Grant serves two purposes: to enable suitable young graduates to be trained in the principles and methods of original research and to promote research itself. The grant therefore provides for the support of both trainee and qualified research workers and for the purchase of maintenance materials and costs associated with travel, and for other expenses associated with the prosecution of approved research projects. Except as specifically provided otherwise below, all awards under the grant are made on an annual basis.

An *Honours Year Scholarship* may be awarded to a graduate with a good Ordinary degree to enable him to proceed to an Honours degree. An applicant must establish substantial financial need, and attain at least credit standard in the third-year course of the subject in which he wishes to proceed to Honours. Very few awards are made.

A *Senior Postgraduate Scholarship* may be awarded to a graduate with a good Honours degree, or the equivalent, to enable him to proceed to a Master's or a Ph.D. degree. A potential candidate for a scholarship should consult the Head/Chairman of his Department in *August or September* as applications for scholarships must be lodged with the Registrar by the end of October.

A *Postdoctoral Research Fellowship* may be awarded to a graduate who has received, or has qualified to receive, the degree of Ph.D. Such a fellowship may be renewed annually, but tenure shall not exceed three years. Applications on the appropriate set of forms, listing age, marital status, qualifications, publications, referees, and the field of research, should be sent to the Registrar.

The grant also makes provision for distinguished scholars to be invited to the University as *Visiting Professors*. The minimum period which a Visiting Professor must agree to spend in Adelaide is 28 days.

Scholarships and fellowships are open to graduates of other Australian and overseas universities, and an enquirer should supply a full statement of his academic record and of the field in which he would like to work so that the University may determine whether he is eligible for detailed consideration. Overseas candidates are expected to hold qualifications equivalent to a first class Honours degree of an Australian University, and local candidates are required to hold, or attain, a good class IIA Honours degree.

## B. POSTGRADUATE AWARDS TENABLE OVERSEAS

### Commonwealth Scholarship and Fellowship Plan.

Each year a number of awards are made under this plan to Australian graduates for postgraduate work in the universities of the following member countries of the British Commonwealth of Nations: Canada, Ceylon, Ghana, Honk Kong, India, Jamaica, Malaysia, New Zealand, Nigeria, Pakistan, Sierra Leone, the United Kingdom, and Trinidad and Tobago.

Scholarships are normally tenable for a programme of study or research leading to a university degree or similar qualification; for some countries applications are also considered from postdoctoral candidates. The emoluments are intended to cover expenses of travel, living and study during the period of tenure. (The personal maintenance allowance in the United Kingdom, e.g., is at the rate of £S81 a month). Scholars are expected to return to Australia on completion of tenure.

Applications for awards tenable in the various countries close at different times during the year; they must be submitted, on seven copies of the prescribed form, to the Registrar or Academic Registrar of the university of graduation.

### Senior Hulme (Overseas) Scholarship.

Brasenose College, Oxford, offers annually a scholarship for a male graduate from Australia or New Zealand under the age of 35 years. It is expected that candidates who are already establishing themselves as scholars in their chosen subject will be more likely to be successful than recent graduates; and a junior member of staff may apply. A

scholar will be expected to proceed to a postgraduate degree or diploma or to undertake a recognised course of postdoctoral study. The maximum period of tenure is three years.

The stipend will be £S1,000 a year plus, if appropriate, the scholar's contribution as an employee to F.S.S.U. or comparable academic pension scheme. In addition, all university and college fees and dues will be paid by the College.

The academic year at Oxford begins in October. Applications, on the appropriate form, close with the Academic Registrar, The University of Adelaide, on 31 October of *the preceding year*.

### 1851 Exhibition and Rutherford Scholarships.

The Royal Commissioners for the Exhibition of 1851 offer annually ten scholarships, and the Royal Society offers one known as the Rutherford Scholarship, for graduates in pure or applied science of universities within the British Commonwealth. Each scholarship is worth about £S1,200 a year, is tenable for two or three years, and must be held in a country other than the scholar's country of graduation. Applicants should be under 26 years of age (or 28 years for a candidate for the Rutherford Scholarship who holds a Ph.D.) on 1 May of the year of application.

Application forms and more detailed information may be had on request to the Academic Registrar's Office, where applications (on the printed form) must be lodged by the end of February.

The Gowrie Scholarship Trust Fund offers annually one or two postgraduate travelling research scholarships, each of the value of up to \$2,500 a year, tenable for two years at a university or other approved institution abroad.

Applications for the research travelling scholarships close with the Academic Registrar on 31 October each year; a duplicate copy of each application is to be forwarded to the trustees.

### Graduate Awards for Women

The International Federation of University Women (I.F.U.W.) and the American Association of University Women (A.A.U.W.) offer annually a number of fellowships and grants for postgraduate research or study overseas. The I.F.U.W. Awards and some of the A.A.U.W. Fellowships are open only to members of the I.F.U.W. In Australia, members of the State Associations of University Women are automatically members of the Australian Federation of University Women (A.F.U.W.) and of the I.F.U.W. Awards offered by the I.F.U.W. and the A.A.U.W. are advertised each year by the A.F.U.W. and within the universities. The advertisements include addresses to which enquiries should be made.

### The George Murray Scholarships.

#### RULES.

Enabled to do so by the bequests (amounting to about \$280,000) of the late Sir George Murray, K.C.M.G., Chancellor of the University from 1916 to 1942, and of his sister, the late Miss Margaret Tinline Murray, the Council has established a number of scholarships and made the following rules relating to them:

1. The scholarships shall be known as "George Murray Scholarships".

2. The purpose of the scholarships is to enable graduates of the University of Adelaide to undertake further study or research in approved universities or other institutions outside the Commonwealth of Australia.

3. Until otherwise determined by the Council the number of scholarships available for award in each year shall be four.

4. (a) There shall be two categories of awards, the minimum qualifications for award in each category being as follows:

Category A: The degree of Ph.D.: provided that a candidate who expects to submit his thesis for the degree of Ph.D. by 31 July in the year for which the award is sought shall be eligible to apply in this category.

Category B. An Honours degree, or other qualifications judged by the University to be equivalent, in Arts, Economics, Science, Agricultural Science, Engineering, Law, Mathematical Sciences, Medical Science, Music, Architecture, or Applied Science; the degrees of M.B., B.S., followed by at least one year of hospital practice or research; the Honours degree of B.D.S., or the degree of B.D.S. followed by at least one year's postgraduate study; a Master's degree.

(b) There shall not be more than two new Category A awards in any one year.

5. The normal period of tenure of a Category A award shall be one year only, and the award will not be renewed for a second year except in very special circumstances. The normal period of tenure for a Category B award shall be two years, with the possibility of an extension for a third year only to enable the scholar to complete a course of study which has been approved.

6. (a) Until the Council decides otherwise, and subject to clause (d) below, the value of a scholarship will be:

	Yearly.
In Category A: Tenable at Oxford or Cambridge - -	\$A2,700
Tenable in the University of London -	\$A2,600
Tenable in any other university in the United Kingdom - - -	\$A2,500
In Category B: Tenable at Oxford or Cambridge - -	\$A1,800
Tenable in the University of London -	\$A1,700
Tenable in any other university in the United Kingdom - - -	\$A1,600

In addition, a Category B award will carry the cost of approved compulsory university fees up to a maximum of \$535 a year.

At universities other than those mentioned above, the values will be within the range \$A2,500-2,700 in the case of Category A awards, and \$A1,600-1,800 plus fees up to \$A535 in the case of Category B awards, as recommended by the Scholarships Committee.

(b) The attention of candidates is drawn to the George Murray Overseas Travel Grants, the rules for which are published immediately after these rules.

(c) A scholar may hold, concurrently with his George Murray Scholarship, any grant for travel purposes only.

(d) A scholar who obtains any other award (whether it be scholarship, fellowship, salary, living allowance, or other emolument) shall at once inform the Academic Registrar. He will normally be required to retain such other award; and subject to the approval of the Council the Scholarships Committee, after considering all the circumstances, will decide what adjustment shall be made in the annual value of his George Murray Scholarship.

(e) One quarter of the annual value of each scholarship will be paid to the scholar before his departure from Australia. Thereafter, for the period of tenure of the scholarship, payments will be made in equal quarterly instalments in advance.

Approved university fees in the case of Category B awards will normally be paid, on receipt by the Academic Registrar of an appropriate account, direct to the overseas university concerned.

(f) Payment of a Category B award for the second year will be contingent upon receipt by the Academic Registrar, from the candidate's supervisor or from the Head/Chairman of the Department in which he is studying, of a satisfactory report on his work during the preceding year.

7. (a) Applications must be lodged with the Academic Registrar not later than 31 October in the year preceding that for which the award is sought.

(b) Every candidate should consult the Head/Chairman of his Department in advance and should state in his application his proposed field of study and the university or other institution in which he desires to work.

(c) Confirmation of the award of a George Murray Scholarship will be dependent upon the scholar's giving evidence that he has been accepted by the university or other institution concerned and that he is able to make suitable arrangements to proceed there.

(d) Application for extension of tenure of a scholarship for a second year in Category A or for a third year in Category B must be made in writing to the Academic Registrar *before payment of the final quarterly instalment under the original award is due to be made*; and the application shall include a statement of the grounds on which the extension is sought together with a recommendation from the candidate's supervisor or Head/Chairman of Department.

8. Awards will be made by the Council on the recommendation of the Scholarships Committee which will base its assessment of applicants primarily on their undergraduate achievements.

9. The holder of a George Murray Scholarship shall submit to the Academic Registrar, at the end of each year of tenure, a report on the work he has done during that year.

#### The George Murray Overseas Travel Grants.

1. The Council may award each year a number of Overseas Travel Grants for the purpose of facilitating overseas postgraduate study or research by graduates of the University of Adelaide. The number of such grants that may be made in any year shall be determined in the

light of the money available from the income of the George Murray Bequest after provision has been made for the George Murray Scholarships tenable during part or the whole of that year; but a grant shall not be made unless the applicant be deemed of sufficient merit and in need of assistance towards travel.

2. An applicant for a travel grant must have received a post-graduate award for further study or research in a university or other institution outside the Commonwealth of Australia; and the proposed course of study or research and the university or other institution in which it is to be undertaken shall, for the purpose of these grants, be subject to approval by the Council.

3. Applications for grants shall be made to the Academic Registrar on the prescribed form not later than 15 May in any year.

4. The value of a grant shall be determined in each case by the Council on the advice of the Scholarships Committee, which shall take into consideration the financial and other circumstances of the applicant; but until otherwise determined by the Council the value of a grant for travel from Australia to another country shall not exceed \$400, payment being made before the recipient's departure from Australia.

5. A grant holder may apply for a similar grant for the return journey to Australia. Any such application will be considered in the light of finance available from the George Murray Bequest, and to be eligible for consideration the candidate shall:

- (a) apply to the Academic Registrar not later than 28 February of the calendar year in which he intends to return;
- (b) have completed the tenure of his scholarship and have spent not more than four academic years abroad; and
- (c) not have received any other award or appointment which provides for his passage to Australia.

#### **Commonwealth University Interchange Scheme.**

The British Council awards each year a number of travel grants to facilitate visits of at least six months duration between universities in different parts of the Commonwealth.

Grants are made in the form of block payments which in the case of the United Kingdom amount to £8650. They are available to persons in the following three categories:

Category A—University teachers or officers on recognised study leave;

Category B—Distinguished university scholars invited by universities for short visits;

Category C—Postgraduate students and research workers holding overseas awards.

Applications in triplicate and on the prescribed form close with the Academic Registrar in mid-November for Category A grants, and in mid-February for Category C grants. Departure for the Commonwealth country concerned should be proposed for the ensuing British financial year (1 April to 31 March).

### **Australian-American Educational Foundation Travel Grants.**

The Australian-American Educational Foundation offers each year a number of economy-class return flights to Australian citizens who have secured financial support for study, research or lecturing at universities or other recognised institutions in the United States.

The grants are available to persons in the following three categories.

- (a) Senior scholars, i.e. generally members of the academic staff who intend to pursue research or give lectures at American universities for at least one semester; applications close in mid-November.
- (b) Postdoctoral fellows, i.e. persons under 35 years of age who are of postdoctoral or equivalent standing of not more than two years and who plan research projects at American universities for at least one year; applications close in late November.
- (c) Postgraduate students, i.e. graduates who plan a regular course of postgraduate study at an American university; applications close in late January.

Grant holders are expected to spend a specified minimum period of time in the United States and to return to reside permanently in Australia.

The prescribed application forms may be obtained from, and must be returned to, the Secretary of the Commonwealth Department of Education, P.O. Box 826, Woden, A.C.T. 2606.

### **Canadian Pacific Airlines Award for Travel to Canada.**

Canadian Pacific Airlines offer each year one economy-class return flight to a graduate of an Australian university intending to pursue postgraduate studies at a Canadian university.

A successful candidate is expected to study in Canada for at least one academic year and to return to Australia on completion of his studies. Postdoctoral candidates are not eligible.

Applications on the prescribed form close with the Academic Registrar on 15 May each year.

### **The Rhodes Scholarship.**

#### **GENERAL REGULATIONS.**

A Rhodes Scholarship is tenable at the University of Oxford and may be held for three years. Since, however, the majority of Rhodes Scholars obtain standing which makes it possible for them to take a degree in two years, appointments are made for two years in the first instance. During the course of his second year every Rhodes Scholar will be invited to state whether he wishes to apply for a third year at Oxford, and, if so, what work he proposes to undertake. The Rhodes Trustees will not consider granting a third year unless (i) it can be shown that a third year is eminently in the

interests of (a) the scholar's immediate studies and (b) his future career, and (ii) his work, conduct and general record have been satisfactory.

The value of a Rhodes Scholarship is about £S1,500 a year. The stipend should be sufficient to enable a scholar, with care, to meet his necessary expenses for term time and vacations, but those who can afford to supplement it to a modest extent from their own resources are advised to do so.

As from October, 1959, a scholar *in his third year* may be permitted to marry without being deprived of his stipend. The regulations governing permission to marry will require evidence to be shown that the joint income of husband and wife is likely to be sufficient to keep them in adequate comfort, and that suitable accommodation has been found.

The scholarship makes no provision for the cost of the voyage to and from England.

#### METHOD OF APPLICATION.

Each candidate for a scholarship is required to make application to the Secretary of the Committee of Selection of the State in which he wishes to compete, using the prescribed application form, and furnishing the material therein specified. The closing date is 1 September each year.

Detailed information and forms of application may be obtained from the Secretary to the Rhodes Scholarship Selection Committee for South Australia, The University, Adelaide.

#### Shell Postgraduate Scholarships.

The Shell Company of Australia offers annually one scholarship for postgraduate study in science-type disciplines and one for postgraduate study in arts-type disciplines.

The scholarships are tenable at Oxford, Cambridge, London or such other university in the United Kingdom as may be justified by the specialist nature of the studies. Tenure is normally granted for a period of two years but may be extended into a third year in special circumstances. Each scholarship carries a living allowance of £S1,750 a year and the cost of a return passage to the United Kingdom.

Candidates should be graduates under 25 years of age who have qualified for a first-class Honours degree of Bachelor in an Australian university. Candidates for a science-type scholarship should preferably have had at least one year's experience in research. Consideration is given both to academic ability and to achievements or distinct-

tions which indicate that a candidate may ultimately have an important contribution to make to the community outside the purely academic field.

Applications, on the prescribed form which may be obtained from the Academic Registrar's Office, close with the Company at the beginning of October.

#### British Overseas Civil Service Appointments.

The Australian universities help in the appointment of graduates or others in the British Overseas Civil Service. The appointments are made in London but there are State Advisory Committees and a Central Committee of the Australian universities.

The main fields in which there may be opportunities of employment are administration; medical services; appointments in agriculture, education, police, surveying, geology and finance.

Apart from academic and technical attainments, the greatest importance is attached to character and personality. The qualifications necessary for recommendation may be considered as similar to those of an applicant for the Rhodes Scholarship in this State.

Further particulars may be obtained from Mr. J. R. Robbins, Department of Politics, The University of Adelaide.

### Mining and Metallurgical Bursaries and Scholarships.

The principal Australian base-metal mining companies have created a trust for the award of bursaries to selected candidates likely to enter the mining and metallurgical industries. A bursary is worth \$100.

A candidate must be a British subject and have completed or received credit for the first two years of the course for the degree of Bachelor of Engineering in Mining Engineering or in Metallurgical and Chemical Engineering, or for the degree of Bachelor of Science with Geology as a major subject.

Applications must be lodged with the Academic Registrar of the University not later than 31 March and should contain evidence of personality and scholarship.

Awards are made only when there are candidates of sufficient merit. More detailed information can be had on request to the Academic Registrar.

### **Soldiers' Children Education Board.**

In the case of the child of a deceased or permanently incapacitated soldier whose education has been supervised by the Soldiers' Children Education Board or any other body approved by the Council and who has qualified for admission to the University, the Council at its discretion may remit all or any of the fees payable to the University.

### **The A. R. Riddle Bequest.**

In 1968 the late A. R. Riddle bequeathed the residue of his estate to the University of Adelaide as a fund to help indigent students who might otherwise be prevented by financial circumstances from completing their courses of study at the University. The income from the bequest will exceed \$2,000 a year.

The fund, which may be used to provide both loans and grants, up to half the annual income being available as grants, is administered by a committee comprising the Vice-Chancellor, the Registrar and the President of the Students' Association of the University of Adelaide; the President of the Students' Association is not empowered to nominate a deputy to act in his place.

Applications for loans and grants from the fund must be lodged in writing with the Registrar. Before submitting his written application, an applicant should interview separately the Warden of the Union and the Registrar. The application must set out the applicant's financial circumstances. There is no closing date for applications.

### **Students' Loan Fund.**

On the suggestion of Dr. Leon Jona, who contributed \$200, the Council has established a loan fund for the benefit of students in temporary financial difficulty. The fund is administered by a Board consisting of the Vice-Chancellor, the Registrar and the President of the Students' Association of the University of Adelaide; the President of the Students' Association is not empowered to nominate a deputy to act in his place. A student contemplating an application for a loan should consult personally the Registrar, the President of the Students' Association and the Warden of the Union. He must then submit to

the Registrar a written application, which should be supported *by a confidential letter sent direct to the Registrar* by the Warden.

The Registrar furnishes a report annually to the Council in November, and the report does not include the name of any applicant.

### The "Wales Uni-loans"

The Bank of New South Wales operates a loans scheme for university students who (a) are permanent residents of Australia or New Zealand (b) are of legal contractual age, and (c) have successfully completed at least two years of a full-time course.

Undergraduates whose applications are approved may borrow up to \$250 a year, with a maximum of \$750 for a full course. There is also provision for loans to graduates undertaking full-time study for a higher degree. Further particulars may be obtained by enquiry at any branch of the Bank of New South Wales.

### Scholarships at Other Australian Universities for which Adelaide Students or Graduates May Compete.

There are, in the University of Melbourne, a number of awards for which students or graduates of other universities are eligible to compete.

They are:

- The Argus Research Scholarship in Engineering.

- The Harbison-Higinbotham Research Scholarship.
- The John Melvin Memorial Scholarship.
- The Ernest Scott Prize.

The regulations governing the awards listed above either specifically include members of other universities in the field of eligibility, or clearly contemplate such inclusion. There are, however, a number of others which do not exclude competition by members of other universities, and for which applications from such persons would be considered. Scholarships in this class are in the main awarded to enable the scholar to undertake research work in the University of Melbourne. They include:

## SOCIETIES ASSOCIATED WITH THE UNIVERSITY

Note: Enquiries as to the office-bearers of all student societies should be made of the Secretary of the University Union.

### Adelaide University Graduates' Union.

In 1920 the Graduates' Association was formed for the purpose of promoting a spirit of corporate unity amongst members of the University. From this beginning the present Adelaide University Graduates' Union has developed as an association of graduates and diplomates of this and other universities.

#### *The Graduates' Union Aims—*

(a) To establish and maintain contact between graduates, between graduates and students, and between graduates and the staff of the University.

(b) To assist the University; by increasing the public's awareness of the many services—cultural, educational and research—provided by the University and in turn by bringing the University's needs before the public and governments, and by gifts and personal service.

The Graduates' Union provides a common meeting ground for all university graduates in the community and to this end membership is extended to graduates and diplomates of other universities. The Graduates' Union is a foundation member of the Australian Federation of University Graduates and through this our interest is becoming world-wide. The University is keenly aware of the contribution which is being made by the Graduates' Union and gives it strong encouragement, providing a shared office in the University with a Secretary and staff.

#### *Monthly Newsletter and Gazette*

The A.U.G.U. Monthly Newsletter and Gazette, is sent to all financial members and gives details of the University functions which graduates may attend. It also includes Council news, departmental news and sports news, articles on research, details of building and other developments and some account of the activities of graduates in different parts of the world.

#### *Membership*

The full annual subscription is \$4 and for graduate members of University staff the subscription is \$1.00. (For women who wish to join the S.A.U. Women Graduates' Association as well, the combined annual subscription is \$5). Details may be obtained from the Secretary, Mr. M. C. Kerby, telephone 223 4333, extension 2250 at the University.

### Adelaide University Union.

The Union is the main social and cultural centre for University activities not specifically included in the academic syllabus. It endeavours to provide a common ground for staff, graduates and students.

It promotes social, cultural and recreational activities, provides welfare services, represents its members on matters affecting their interests and often provides a useful means of communication between its members and the University.

The affairs of the Union are conducted by a fully elected Council and various committees appointed by the Council: the House Committee, the Theatre Committee, the Finance Committee, and the Planning Committee, the Board of the Adelaide University Union Bookshop Pty. Ltd., and the Refectory Management Board.

The major associated bodies are the Students' Association, the Postgraduate Students' Association, the Sports Association and the Clubs and Societies Council. Each shares in the Union fee income, but directs its own activities and may administer other subsidiary associations e.g. political societies, sports clubs, etc.

The Union's Welfare Services include an accommodation service listing available rooms and board, an employment service for both part-time and vacation jobs and a loan referral service, all of which are maintained by the Welfare Officer and available to any member of the University Community.

The Union buildings contain refectories, a lounge, a private dining room, a games room (billiards and table tennis), the Little Theatre, club offices and meeting rooms. The Union Hall also contains the Cellar Coffee Lounge under the foyer. Meals and refreshments are available from early morning until late evening during term in either the Cellar or the Refectories.

In 1926 the Hon. Sir Josiah Symon, K.C.M.G., K.C., gave \$19,000 to provide the Lady Symon Building for the Women's Union. His objects were to secure a social and academic centre for University women; to encourage their intellectual development and otherwise to foster the growth of a corporate spirit among them.

In 1936 the Hon. Sir George Murray, K.C.M.G., Chancellor of the University, gave \$20,000 for a building for the Men's Union.

The other early Union buildings were provided by gifts through public appeal in 1927, and the Cloisters between the Helen Mayo Refectory and the Lady Symon and George Murray Buildings are a war memorial to the members of the University who served in the 1914-18 War.

A further public appeal launched in 1955 raised over \$200,000 and with a similar contribution by the University, the Union Hall was built and extensions made to the Union buildings, including the Wills Refectory.

The Union in the last few years has embarked on an ambitious re-development programme which has already transformed the building. Stage I of the building programme is complete and Stage II will begin early this year, to be completed by mid-1974, with considerable financial support from the Australian Universities Commission. The Lady Symon wing and the George Murray wing remain, housing the Union, Sports Association and Student Activities offices and the Student Counselling Service. The Cloisters will be retained substantially in their present form.

The Union initiated in 1946 and sponsored until 1962 the University Health Service, the first of its kind in Australia. The service is now housed in the Library Complex, and its administration was taken over by the University at the beginning of 1963.

In 1969 the Union bought out the W.E.A. Bookroom, now known as the Union Bookshop. In 1970 it was rehoused in new premises, forming part of Stage I of the new building programme, and subsequently winning an architectural award.

### **Students' Association of the University of Adelaide.**

The Association, as one of the 5 constituent bodies of the University Union (see above), has a budget of about \$50,000 as its share of the money paid by students to the Union in Statutory fees.

It consists of 5 autonomous committees which are directly elected from the student body. As such the Association officially represents student ideas and opinions on campus.

The Central Executive Committee (CEC)—an administrative and coordinating body of 5;

The Public Affairs Committee (PAC)—5 initiators and enablers on social and political issues;

The Australian Union of Students Committee (AUSC)—the Students' Association is a constituent of the Australian Union of Students (over 195,000 members) and the local officers cover such fields as Education and Welfare, Social Action and Abschol, Overseas Students, New Guinea, Travel, Aquarius and Conservation. (At the national level AUS covers these same fields and also acts as a trade union.);

The Social Activities Committee (SAC)—5 elected members plus co-opted members who organise Orientation, Prosh, etc.;

The Publications Committee (PC)—5 members who publish "On Dit", the Union Diary, Orientation Handbook, etc.;

The Education and Welfare Committee (EWC)—This committee is an open committee consisting of members from "off campus" welfare groups, e.g. South E.C. Project, Friends of Earth, Social Action, Abschol. It also organises Freshers Camps.

The Association Office is in the north-east corner of the Cloisters. Secretaries, student politicians and constitutions are found within.

### Clubs and Societies Council.

The Clubs and Societies Council (formed in 1971) exists to co-ordinate, administer and encourage the activities of clubs and societies on campus. Its affairs are managed by an executive of seven and three proxy executive members. The C.S.C. receives a grant from the Union each year which it distributes to the clubs. Grants are made for club administration, for publishing papers and broadsheets, to subsidise travel to conventions and intervarsities, for capital items, and for the activities of clubs and societies generally. There are over 50 active clubs on campus, and more being formed. Though the C.S.C. is primarily a body for distributing money to clubs, one of its aims is to improve the environment for club activity on campus.

The C.S.C. shares with the S.A.U.A. the Student Activities Office on the ground floor of the George Murray building, at the north-eastern corner of the cloisters. The executive can help with any enquiry about club activities.

**Adelaide University Sports Association.**

The Sports Association was formed in 1897, and now includes, as amalgamated clubs, lacrosse, boat, pennant tennis, table tennis, athletics, football, cricket, rifle, baseball, golf, hockey, rugby, soccer, men's basketball, badminton, judo, squash, winter pennant tennis, weightlifting, fencing, yachting, swimming, mountaineering, water skiing, women's tennis, women's hockey, women's athletics, women's cricket, women's basketball, snow skiing, surfing, SCUBA diving, tae kwondo and car. In addition volleyball, horse riding and trampoline clubs have been formed amongst University members but have not yet been granted amalgamation.

Its objects include the furtherance of the interests of amateur sport and of University life in general, the care and management of the University Oval and other playing fields, and the control of the constituent clubs. The inter-University sports and the award of Blues are its special province.

The management of the Association is vested in a General Committee, consisting of a President, Deputy-President, Honorary Treasurer, Honorary Assistant Secretary, two representatives appointed by the Council of the University, one representative appointed by the Graduates' Association, four representatives of the Colleges (one appointed by each of St. Mark's, St. Ann's, Aquinas and Lincoln Colleges), a representative of the students enrolled for the Diploma in Physical Education, the honorary secretary of each amalgamated club, the Registrar or some permanent officer of the University appointed by the Council and the Warden of the University Union *ex officio*. There is also a permanent Secretary, who attends at his office at the Union Building from 9 a.m. to 5 p.m. daily, Saturdays excepted.

Membership is open to graduates of the University of Adelaide, or of any other recognised university, and members of the ancillary staff, on payment of a Sports Association membership fee, and under-

graduates of the University of Adelaide, or any person who has taken, or is attending lectures for the purpose of taking a diploma or certificate of the University of Adelaide and who are members of the Adelaide University Union.

Membership of the Association entitles the member to take full part in the activities of any or all of the Association's constituent clubs. The Association thus provides ample facilities for participating in an important aspect of student life.

### University Sports Grounds.

The Adelaide City Corporation leases a total area of about 44 acres of park lands to the University for use as recreation grounds by students taking part in the activities of the University Sports Association. All the area so leased is in constant use by the various clubs of the Association.

A boathouse and a pavilion were erected in 1910. Mr. Barr Smith gave \$1,500 for the erection of the boathouse, which in 1963 was extended and modernised by the University Sports Association at a cost of approximately \$16,000, and 12 donors (R. Barr Smith, T. E. Barr Smith, F. J. Fisher, Chas. Goode, John Gordon, R. T. Melrose, C. H. Angas, A. J. Murray, Sir George Murray, S. S. Ralli, T. Scarfe, Sir Ernest Shackelton, C.V.O., and the Right Hon. Sir Samuel Way, Bart.) gave \$200 each towards the erection of the pavilion. Many members of the University and other friends also subscribed to the fund for general purposes.

A footbridge across the River Torrens, provided in 1937 by the Misses Lily and Eva Waite, gives direct access from the Union buildings to the recreation grounds.

During 1965 the University pavilion was modernised and extended at a cost of approximately \$4,000 and in 1966 a new pavilion was erected on the Graduates Oval at a cost of \$14,000 and the "Park 9" ground further developed to provide ten lawn tennis courts, three hard tennis courts, a floodlit sports ground, modern athletic facilities and a store room in addition to a pavilion erected in 1961, totalling a cost of approximately \$42,000. In 1970, the University gymnasium was extended to include four squash courts and ancillary facilities at a cost of \$40,000. The courts were opened for play on 1 December, 1970.

The Sports Association also controls, with the Director of the Waite Agricultural Research Institute, a recreation reserve of fifteen acres at Waite Park, Glen Osmond. An oval, a lacrosse, two hockey fields and a floodlit rugby ground have been established in this reserve, and modern changing rooms erected.

During this year, 1974, a further 50 acres of playing fields will come into use on land situated at West Beach and leased from the Department of Civil Aviation. The development costs, initially \$55,000, have been financed from funds provided by the A.U.C. (\$25,000) and the University Union (\$30,000).

## The Australian Student Christian Movement in The University of Adelaide.

Founded 1890. Reorganised 1896.

The Australian Student Christian Movement is an Australia-wide community of students, teachers and others who seek the truth by which to live; it is a member body of the World Student Christian Federation (WSCF).

All are welcome to participate in the Movement's life of study, worship and service.

Our commitment to seeking the truth by which to live is firmly grounded in the historic Christian faith. Hence we look to the witness of the Scriptures, to the wisdom and experience of the Church, and to the activity of the living God in the world.

The ASCM arranges public lectures, conferences and seminars on matters of religious, social or political concern—at national and local levels—and acts of worship within the University. Many of these activities are undertaken in co-operation with other student groups.

The ASCM also publishes a national journal "Cruz", national newsletters "ASCM Newsletter" and "Political Concern", and a local journal "Ichthus". It also receives many overseas publications via the WSCF.

The Chaplain is the Rev. Rod Jepsen (Scots Church, 223 1505). Enquiries may be made at the Student Activities Office.

### Adelaide University Anglican Society.

The purpose of this small but growing group is to conduct services in the University Chapel for all interested students. For those who feel they have the time, other activities are organised, such as papers presented by leading authorities, camps, and other social activities.

We believe that, although the main objective of a University course is the attainment of knowledge in a chosen field, spiritual endeavour and fulfilment is an integral part of life and hence should not be neglected while 'on campus'. Naturally however, with Father John Fleming as our chaplain, we tend to use new liturgies and ideas oriented toward the open-minded, young congregation.

In 1974 we plan to celebrate Holy Communion twice weekly, probably on Mondays and Wednesdays at 1.10 p.m., and also to hold a camp after Orientation Week to meet new members.

Enquiries may be made at the Student Activities Office.

### **Adelaide University Newman Society.**

The Newman Society is the focus of the Catholic Community in the University. It aims to provide a forum for moral, philosophical and social interests of its members and to participate in everything which concerns the welfare of the University and society.

Communal Mass is offered each Tuesday, Wednesday and Thursday at 1.05 p.m. in the University Chapel, situated at the top of the Lady Symon stairs. Nearby the University Chaplain is always available during prescribed hours of the day in the Society rooms, and anyone who so desires is urged to visit him.

During Orientation Week an Inaugural Mass is celebrated by the Bishop of the diocese and a social evening is enjoyed afterwards. All interested undergraduates are invited to take part in these and other functions; freshers are especially urged in Orientation Week to look for the Chaplain's and the Society's rooms and to meet the Chaplain and as many members as they can.

General meetings of the Society are held at monthly intervals at Aquinas College where lively discussion is combined with the opportunity to celebrate a Communal Mass and make friends. Other activities include a Freshers' Camp and a Freshers' Welcome Function, various seniors' camps, informal outings and special functions at Christmas and Easter. In addition, a convention in conjunction with the University Catholic Federation of Australia is held annually interstate.

The Chaplain is Fr. M. Kennedy (phone 267 2944). Enquiries may be made at the Student Activities Office.

### **The Adelaide University Evangelical Union.**

The Evangelical Union is an autonomous interdenominational fellowship of Christian students within the University. It is affiliated with the Australian Inter-Varsity Fellowship (I.V.F.), and is represented overseas through I.V.F. as part of the International Fellowship of Evangelical Students (I.F.E.S.). The objects of A.U.E.U. are to stimulate personal faith in the Lord Jesus Christ, and to further evangelistic work among students by upholding and proclaiming the fundamental truths of Christianity. Consequently, there is an emphasis on involvement with missionary work overseas. Members have a personal knowledge and faith in Jesus Christ as Saviour, Lord and God; and claim his knowledge and faith to be the only sure anchorage of life and thought in an uncertain world. They believe His Gospel to be clearly set out in the Bible, and turn to the Scripture for guidance in all matters of Christian faith and conduct.

Weekly Bible study circles, lunch-hour addresses, and daily prayer meetings are held throughout the academic year. The Union also arranges missionary meetings during term and occasional camps.

The Annual Conference of the Inter-Varsity Fellowship in Australia is held in one of the State capitals in January. All students are welcome at any of these activities. Further inquiries can be made at the Evangelical Union Room or at the Student Activities Office.

### Lutheran Student Fellowship.

LSF is a rather informal but happy bunch of Christians who aim to combine study and practice of faith with fun and academic life. Members are particularly interested in applying enlightened Christian belief to their whole life-action. Their faith frees them from social judgement, but not from social responsibility. Lunch-hour meetings, held on Thursdays, alternate with Bible study and topic discussions with invited speakers. Modern worship services are held fortnightly, on Thursday evenings; other functions include the LSF Ball, day and weekend camps, and an interstate conference in May, this year in Canberra. New students are welcomed in Orientation Week and that weekend are initiated at Freshers' Camp. The Fellowship publishes a magazine, "Lutheran Student".

### Adelaide Union of Jewish University Students.

The Adelaide Union of Jewish University Students (A.U.J.U.S.) was founded by Jewish students of this University in 1956.

The objects of A.U.J.U.S. are:

- (a) To foster cultural, spiritual, intellectual and general interests of the Jewish undergraduates of the University of Adelaide;
- (b) To promote goodwill and tolerance between Jewish and non-Jewish students;
- (c) To speak on behalf of Jewish students on all matters appertaining to them.

A beginning of term service is held during the first week of every academic year.

All Jewish undergraduates are invited to take an active part in all the functions of A.U.J.U.S.

Enquiries may be made at the Student Activities Office.

### Adelaide University Regiment.

Adelaide University Regiment is an Infantry Training Unit of the Citizen Military Forces and is allied with the Royal Irish Rangers of the British Army. It includes the Flinders University Company which was raised in 1968.

The role of the Regiment is to train officers for the Citizen Military Forces, and also to provide military training for tertiary level education students. Its training programme is specially arranged to minimise the interference with University studies and activities. Students and members of any of the tertiary education establishments, Adelaide University, Flinders University, the South Australian Institute of Technology or the Colleges of Advanced Education, are welcome to join the Regiment.

The training requirement is thirty-three days per year divided into a twenty-one day camp in January, and various weekends and nights throughout the first half of the year. Additional training may be undertaken at courses held mainly during the vacations. Members of the Regiment may also attend interstate Army Schools in Victoria, New South Wales and Queensland, or may be attached to Regular Army Units, including the Pacific Islands Regiment in New Guinea.

AUR is based at Torrens Training Depot. The Commanding Officer is Lieutenant-Colonel R. R. Millhouse and the Adjutant is Captain W. J. Edwards.

It has also been active in the initial formation and organisation of F.A.P.A. (Federation of Australian Postgraduate Student Associations).

Ordinary membership of A.U.P.G.S.A. includes all graduates proceeding to higher degrees and postgraduate diplomas; final-year honours students, postdoctoral fellows and members of the academic staff may be elected as Associate members. Meetings are held at intervals during the year, March to October inclusive, at which interesting and controversial medical or non-medical topics are presented. Clinical meetings are also held during the year at which cases of value to students are presented and discussed. Various periodicals of interest are taken by the Society which also publishes its own "Review".

The medical students' ball and dinner are annual events held under the auspices of the Society, which also arranges various sporting fixtures, as well as supporting inter- and intra-faculty events.

During the May vacation an Australia-wide Medical Students' Convention is held and in 1974 this is being held in Adelaide.

All students of medicine at the University of Adelaide are eligible for membership, the annual subscription being one dollar for all years. Each year is represented on the Committee of the Society and these officers are elected annually.

### The Economic Society of Australia and New Zealand (South Australian Branch).

The Society was founded as a result of a resolution of Section C of the Australasian Association for the Advancement of Science at its Adelaide meeting in 1924. The South Australian Branch was founded at the University on 21st August, 1925.

Its chief object is the advancement of economic knowledge by

- (a) the publication of research work;
- (b) the discussion of economic problems.

The Central Council of the Society publishes a journal four times a year called *The Economic Record*.

The Society holds about six meetings a year, at which lectures are given, papers are read, or discussions on current economic topics are held. Questions are invited at the conclusion of all lectures, and discussion is encouraged on every occasion. The annual meeting is held in March.

Members receive a copy of each number of *The Economic Record* and may also receive a copy of *The Australian Quarterly* and *Australian Economic Papers* on payment of a subscription for each publication. Details of current membership fees and subscriptions for publications are available from the Departments of Economics and Commerce at the University.

### The Medical Sciences Club of South Australia.

This society was founded in 1920 for the purpose of enabling those interested in the sciences fundamental to medicine to meet together from time to time to discuss communications by members.

*The Australian Journal of Experimental Biology and Medical Science* was founded by the Club in 1924, but since its endowment in 1926 by Sir Joseph Verco, responsibility for the Journal has been accepted by the University.

Meetings are held at 8 p.m. in the Department of Dental Science of the Dental Hospital on the second Friday of every month, April to December inclusive, except those which fall on a public holiday, and at such other times as the committee may decide.

The members of the executive committee, consisting of the President, Vice-President, Secretary and Treasurer, and five Councillors are elected by nomination and ballot at the first meeting of each year. The amount of the annual subscription is \$2. Members receive *The Australian Journal of Experimental Biology and Medical Science* if they desire it, on payment of an additional fee of \$7. The subscription to the Journal for non-members is \$25(Aust.) per annum.

New members must be proposed by two members in writing to the Secretary, and such nominations, after approval by the committee, are announced by the Secretary at the next general meeting. The names of new members thus nominated are submitted by the Secretary, with the notifications of the next succeeding meeting, at which the nominations are confirmed or rejected by ballot, a three-fourths majority of members voting being required to elect.

President: Professor J. Ludbrook.

Vice-President: Professor H. R. Wallace.

Hon. Secretary: Dr. P. M. Ronai.

Hon. Treasurer: Mr. T. D. Geary.

### **The Australian Journal of Experimental Biology and Medical Science.**

This Journal was founded in 1924 by the Medical Sciences Club for the purpose of publishing the results of original work in sciences ancillary to medicine. The pioneering work in connection with the establishment of the Journal was done mainly by the late Professor T. Brailsford Robertson, who was also its first editor.

The Journal was financed originally by a grant from the University and from the revenue of the Club, but, as the scope of the Journal extended, further finance became desirable. In 1926 Sir Joseph Verco made a gift to the University ". . . to be applied to or towards the encouragement of research in the medical sciences and the promotion of education therein within the University by maintaining or supporting the publication of *The Australian Journal of Experimental Biology and Medical Science* or such other journal established or to be established for the same or similar purposes or for the publication of research work in the said sciences in such other manner as the Council may determine. . . ." The University then assumed responsibility for the Journal, the Medical Sciences Club maintaining a general interest in it.

The Journal publishes papers which embody results of original research of an experimental nature in biochemistry, genetics, immunology, experimental medicine and surgery, microbiology, pathology, parasitology, pharmacology and physiology.

With the passage of time the Journal has acquired a fine international reputation for presenting scientific work of high calibre in a concise and well displayed form. Approximately 1200 copies of the Journal are sent to libraries in most countries of the world. With this large number of subscribers the Journal is now financially self-supporting.

Both local and interstate scientists are on the Editorial Board. There is also a Management Committee in Adelaide to supervise the finances of the Journal.

Editor-in-Chief and Chairman of the Management Committee: Professor D. Rowley, M.D., Ph.D.

Deputy Editor: Dr. I. Kotlarski.

The Journal is issued every two months and the subscription is \$25(Aust.) a year.

### The University of Adelaide Theatre Guild

The Guild has had a continuous existence since it was founded in 1938, it was granted formal recognition as a society associated with the University in 1962, and in 1972 it was given administrative facilities within the University and its President recognised as a University Officer.

The Adelaide University Union has also formally recognised the Guild by granting it representation on the Union Hall Committee and by enabling accommodation for the Guild's office within the Union Hall.

The object of the Guild as set out in its constitution is: to contribute to the cultural life of the University and the community by the promotion of theatrical activity by

- (a) the production and the study of plays of literary value, historical plays, plays about current ideas and events, and plays showing the development of the theatre;
- (b) the encouragement of and participatory involvement in progressive theatrical developments;
- (c) the study, the practice and the dissemination of knowledge of the arts and crafts of the theatre.

Membership of the Guild is open to graduates, undergraduates, and to the general public. All members have full voting rights at any general meeting of the Guild including the election of seven of the thirteen members of the Board of Management. The President of the Guild, who will be the Chief Executive Officer and Chairman of the Board shall be a full-time member of the academic or professional staff of the University or of equivalent status.

President: Dr. Baden Teague

Secretary: Mrs. Avis Urlwin,  
Theatre Guild Office, Union Hall,  
The University of Adelaide. (Extension 2407).

### The University Music Society

The University Music Society was founded in 1954. It was granted formal recognition as a Society associated with the University in 1963.

The management of the Society is vested in a committee appointed annually by the Faculty of Music. Funds which may accrue to the Society through subscriptions are under the control of the Management Committee, and the Committee is vested with the power to use such funds for whatever purposes it deems fit. The annual subscription for membership is determined by the Management Committee.

The aims of the Society are:

1. Through the Elder Conservatorium of Music and its staff, to develop and foster the enjoyment of music generally.
2. To arrange recitals and to hold meetings and discussions.

3. To create within the University a body designed to bring together graduates, undergraduates and staff members of the University on a series of occasions throughout the year with a view to their finding a common delight in the study and the performance of music.

Enquiries may be addressed to the Honorary Secretary, The Elder Conservatorium of Music.

#### The University of Adelaide Women's Club.

In 1929 the wives of members of the University of Adelaide staff established the Adelaide University Wives' Club for "good fellowship". Today this club is known as the University of Adelaide Women's Club and its principal objects are to welcome and assist women associated with the various disciplines of the University, to provide a common meeting ground for these women, and to promote their cultural, intellectual, social and sporting interests.

The activities of the Club include—

- (a) approximately five general meetings per year;
- (b) welcoming and assisting the wives of new members of staff;
- (c) a literature group;
- (d) a current affairs group;

- (f) a sports group for members interested in playing badminton and/or tennis;
- (g) luncheons involving all members of the Club at least once a year.

The University of Adelaide Women's Club is organised by a committee and further information concerning its activities during 1974 can be obtained from the President, Miss Helen Brookes (71 9241—home; 79 7901 ext. 265—work), the Secretary, Mrs. P. C. Abbott-Young (42 1400), or the Treasurer, Mrs. I. J. Forbes (31 1040).
