The Hour Draws Nigh

PROCESSION ON FRIDAY

Dawn tomorrow will usher in the greatest and funniest Procession Day in the history of our fair city.

The Procession itself will depart at 1.30 p.m. tomorrow afternoon.

Floats and whatnot are to be assembled by 1 p.m., and everything must be in readiness by 1.15 p.m.

Should anyone have an eleventh hour idea for a float, go and see Bob Robertson immediately, and he will arrange for transport.

The usual police censoring will take place this year. Provided placards and other devices are reasonably subtle, we do not expect any trouble in this direction.

The Procession will follow the route outlined on this page.

During the Procession a collection will be made in aid of the Crippled Children's Association and the Aboriginal Scholarship Appeal. Collectors are urgently required, and if you feel you don't want to make a fool of yourself in the actual Big Show, your help will be gratefully received.

Don't forget to save those placards and anything else of interest for Hop decorations.

The Procession should wind up at about 2.10, and after time has been allowed for recuperation, a flour fight is

scheduled between the Medical men and Engineers.

Staff reporters were unable to contact respective Commanders in Chief, but it is rumored that reinforcements will be welcomed.

Meds. and Engineers are reminded that good clothes and flour don't mix.

There is also talk of several untested secret weapons being employed in this debacle, but Security Regulations have forbidden the Press to publish details.

A women's Mud Polo Tournament is another likelihood. The time, place, and form of this tournament are as yet top secret.

The Hop will be run by the Jazz and Footlights Club, who are expected to make

things pretty hot for all concerned.

To-night will see one of the subtlest Procession Eves ever. That is, at the moment, all we know; but be prepared for surprises!

Finally, friends, keep those floats reasonably clean, and if you have a stunt, let Bob Robertson know first. We don't want a shambles!

Procession Eve Again!

St. Mark's Debaters Win

The St. Mark's debating team won the University Inter-College Debating on Sunday night by defeating the St. Ann's team on the subject, "That We Do Not Want to be Free."

Mr. Leo Blair, Lecturer in Politics, presented the Gopal Ayer Cup to the Leader of the St. Mark's team, Mr.

Charles Stokes, after delivering his adjudication in favor of the men, who had proposed the motion.

Misses Betty Lewis (Leader), Ursula Allen, and Jacqueline Fry spoke for St. Ann's, and Messrs. Bill West and John Casley-Smith debated with Mr. Stokes for St. Mark's.

In the previous debates St. Mark's defeated Lincoln in proposing the motion "That we have enough engineers" (when Mr. Brian Coghlan adjudicated); and Mr. Robin Millhouse, M.P., awarded the other semi-final to St. Ann's, who affirmed "That this House prefers cats to dogs," against a fighting Aquinas team.

The Gopal Ayer Cup has not left the St. Mark's shelves since it was presented for Inter-College debating in 1952 by Mr. (now Dr.) Sreenevasan, the then President of St. Mark's College Club, in memory of his father.

S.R.C. NAMED

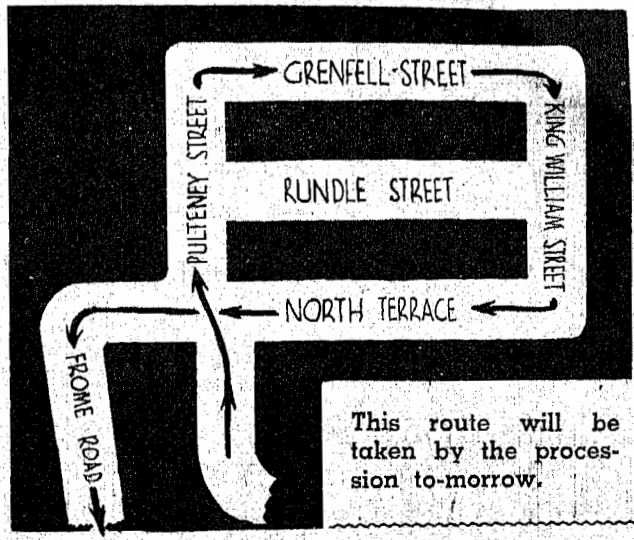

The following have been elected to the S.R.C. for 1955-56:

- | | |
|-------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Men's General:
A. Ketley, M. Schneider, J. Kelly, M. Bennett, M. Smyth, R. Robertson, I. Bettison, R. Dickson. | Grenfell, Science; B. Thomson, Dentistry; D. Cameron and W. Rogers, Economics; P. Boros and J. O'Brien, Engineering; A. Wilson, Law; S. Abraham and R. Coulthard, Medicine; D. King, Pharmacy; M. Hosking, Physiotherapy; A. Woolcock and G. Crawford, Science; M. Austin, Social Science. |
| Women's General:
M. McLachlan, A. Levy, J. Goldsworthy, F. Lokan. | |
| Faculty Representatives:
D. Eddy, Agricultural Science; B. Greet and I. | |

Executive Elected

At a meeting of the new S.R.C. on Monday night Michael Schneider was elected President of the new S.R.C., and the following executive was elected:

- Vice-President: Sam Abraham.
- Secretary: Michael Smyth.
- Treasurer: John O'Brien.
- Asst. Secretary: Graham Crawford.

This route will be taken by the procession to-morrow.

WANTED

Women to play in the Mud Polo Tournament.— Apply S.R.C. Office, or Margaret Robertson.

STUDENT HELP REQUIRED

Student Help is urgently required for the **CONVERSAZIONE.**

Programme Sellers, Guides, etc.

Apply:
 S.R.C. Office or Mr. Buchan, Registrar's Office.

WORDS, WORDS, WORDS...

Seasoned debaters Bob Moore, Michael Schneider and Charles Stokes were chosen last week as Adelaide's team for the forth-coming Inter-Varsity Debating Carnival, to be held in Adelaide from August 16-23.

The selection followed the final Inter-Varsity trial debate on the subject, "That We Should Marry for Love."

Reserves for the Adelaide team are Darlene Johnson, Nick Birchall, John Perry, and Andrew Wilson.

The preliminary debates will be held in the Lady Symon Hall, but the Bonython Hall will be the scene for the

final.

The draws and times for the debates appear elsewhere in this issue. So far, the interstate teams are unknown.

Teams will vie for possession of the Philippines Cup, at present held by Melbourne.

This Cup was brought back from the Philippines in 1937 by a victorious Australian debating team. The Melbourne team which won the Cup in the first Inter-Varsity Debating Contest in 1938 included the late Chester Wilmot.

The opening debate in this series will be between Adelaide and Perth, on the subject, "That the Parliamentary System of Government should be broken."

In a statement to "On Dit," Mr. Stokes said: "I was shocked by the pitiful attendances at last year's debates. It should be apparent that the standard of any debater is improved by the presence of an appreciative audience."

New S.R.C. President Michael Schneider agreed with this. He emphasised that Adelaide could expect "a feast of good debating" from this Carnival.

In encouraging good attendances at these debates, Bob Moore remarked: "Here the demeritocratic audience can volupt in the traumatic atavistic lure of the joust."

Anglican Society

The inaugural meeting of the Anglican Society in the University will take place on Thursday, September 8 (second week of term), at 8 p.m., in Room 4 of the Arts-Maths. Building.

The Lord Bishop of Adelaide will address the meeting, and all Church of England students in the University are asked to attend. At this meeting the Bishop will outline the aims of the Society, and a committee will be elected.

Be in it. Make a note of this meeting now.

Michael Schneider and Bob Moore (both pictured) with Charles Stokes compose the A.U. Debating Team.

YOUR DEBATES PROGRAMME

The draw and subjects for the Inter-Varsity Debates to be held in Adelaide from August 16 to 23. The first mentioned team is PRO.

- 1st—Tuesday, 16th, 8 p.m.
Adelaide v. Perth.
"That the Parliamentary party system should be broken."
- 2nd—Wednesday, 17th, 2.30 p.m.
Sydney v. Brisbane.
"That we should marry for love."
- 3rd—Wednesday, 17th, 8 p.m.
Tasmania v. New England.
"That pacifism is out of date."
- 4th—Thursday, 18th, 2.30 p.m.
Melbourne v. Loser (First Debate).
"That we regret that the factory has replaced the craftsman."
- 5th—Thursday, 18th, 8 p.m.
Loser (Second Debate) v. Loser (Third Debate).
"That the poet is worth his bread."
- 6th—Friday, 19th, 8 p.m.
Winner (First Debate) v. Winner (Second Debate).
"That Parliamentary privileges are outmoded."
- 7th—Monday, 22nd, 2.30 p.m. (Semi-Final).
Winner (Third Debate) v. Winner (Fifth Debate).
"That we should regard television with apprehension."
- 8th—Monday, 22nd, 8 p.m. (Semi-Final).
Winner (Fourth Debate) v. Winner (Sixth Debate).
"That the British Empire was a good thing."
- 9th—Tuesday, 23rd, 8 p.m. (Final).
Winner (Seventh Debate) v. Winner (Eighth Debate).
"That the individual no longer matters."

Scott—to debate to-day.

A.U.L.F. In Perth

Delegates to this year's A.U.L.F. Council and Conference in Perth agreed that nothing more could have been done to increase the tremendous success of our visit.

Representatives from New South Wales, Victoria, Tasmania, and South Australia arrived in W.A. from May 23 to May 29.

Some Melbourne delegates felt they were indispensable and had to stay to see Mr. Bolte ("Bottle") elected on May 28.

The Conference was held at the Kalamunda Hotel from Friday, 27th until Monday, 30th. It couldn't have been colder or wetter, and we couldn't have had more fun—I don't know whether there was any relation between these circumstances.

Midnight hikes were the "order of the nights"; business consisted mainly of visiting speakers.

Firstly, Mr. Atkinson, Public Relations Officer of the W.A. Division of the L.P.A., spoke of his experiences in England and Europe while travelling as an Australian reporter in 1953.

Senator Vincent (Lib., W.A.) gave an address on "The Dilemma of World Socialists."

State M.P., Mr. Court

(Lib., Nedlands) spoke on "The Kimberleys and the North-West." Eastern States delegates were not the only ones ignorant of this W.A. problem. Their contribution to this discussion stressed the necessity of adding the standard gauge railway line from Kalgoorlie to Perth to their list of essential developments.

One delegate was sufficiently fortunate to have a birthday on the Saturday of Conference, and it was celebrated that night in a most enjoyable manner—including birthday cake, "extracted" from the local baker at very short notice.

I don't know what Kalamunda thought; but we would all have liked to stay on much longer.

The Council was opened on the Monday afternoon by Sir Ross McLarty, Liberal Opposition Leader, and deliberations continued—at intervals—until 4 o'clock on the Wednesday.

The one disappointing part about Council was that the A.U.L.F. President, Mr. Jim

Bettison, had been detained in the East (we gave him the benefit of the doubt, and said unavoidably). Council was most successful, and some very interesting motions were discussed.

The climax of the week was probably the Dinner (etc.) on the Wednesday night. After the dinner we were entertained by one of the Committee members, at her home.

The Lord Mayor of Perth (Mr. Murray) held a reception for A.U.L.F. delegates, and Sir Ross McLarty invited us to Parliament House for afternoon tea on June 2.

Not all the delegates were up in time the morning after the dinner to visit the Kwinana Oil Refineries. We were shown over the refinery itself, and the harbour installations, which in many places are still under construction. The former is a marvellous structure, especially when compared with photographs of the same site only eighteen months ago.

Thank you for a very successful Conference and Council, Perth; I hope that delegates will enjoy themselves as much in Adelaide next May.

—Margaret McLachlan.

W.U.S. SEMINAR IN JAPAN

During the last month 61 academic staff and members of Universities located in Burma, Israel, Canada, Ceylon, Hong Kong, and other Asian countries, as well as the U.S., have been touring Japan prior to their participation in the 16th W.U.S. Seminar, which commenced on Monday at the International Christian University, near Tokio.

Theme: "The Responsibility of Higher Education."

In addition to their tours, the WUS representatives attended formal orientation at a Buddhist Monastery near Osaka. They also gained practical experience of working conditions in Japan through participation in a week-long work camp to build a children's playground at Adachi Ward, in Tokyo.

The site of the Seminar is to be the International Christian University, set in a big reserve at Mitaka, about 20 miles from Tokyo. The WUS representatives will be quartered on the campus. They will no doubt be intrigued by the fact that the students provide the bulk of their own food by operating a dairy, vegetable and rice farm, on the University reserve.

The theme should provide an abundant source of discus-

sion, particularly in a country like Japan, where the gulf between the public administrator and the intellectual is visibly wide.

Students in Japan, along with the rest of the population, participate in a battle for life in the face of grave economic difficulty. Most students consequently have to work "part-time," often nine or ten hours daily, to obtain the necessary wherewithal to live. College hostels are insufficient in number, and students are predominantly badly accommodated and undernourished. With a Government struggling to reconstruct Japan's economy, to defeat inflation, and to restore the three self-defence forces, little financial aid is forthcoming from official sources. Government responsibility is discharged by the provision of a token number of direct student subsistence scholarships.

Japan is a country that benefits materially by the institution of WUS. Through WUS aid it has been possible to provide relief for students faced with ruined careers through sickness or emergency economic situations. Japanese students, afflicted with a high incidence of disease caused by over-work, bad conditions, and mental strain, now rest a little easier in the knowledge that their Universities are developing health services, assisted by WUS guidance and aid.

Out of the discussions to be held during the Seminar in Japan will come more ideas for aid and guidance to students in need throughout the world. Further, the Seminar, the tours of Japan, the meetings with leaders of Japanese life, have provided and will further provide an opportunity for mutual adjustment between student nationals of many nations.

Principal of St. Anne's, Miss Bush (pictured), has refused women S.R.C. members late leave to attend S.R.C. meetings. St. Anne's girls will now be forced to leave meetings early.

—Photo Roy McDonald.

Science Association A.G.M.

The Science Association annual general meeting was held in the Lady Symon Hall on July 26.

The A.G.M. was opened at 8, about half of the Association being present. Mr. Rex Le Page, retiring president, was in the chair. The secretary's and treasurer's reports were read and adopted, and the present editor of the Association Journal, Mr. W. Goodes, outlined his editorial policy. This was approved in substance.

Election of officers resulted in:

- Patron—Dr. West.
- In nominating Dr. West, the outgoing secretary (Mr. W. Ewers) pointed out that we had "done the rounds" of the professorial staff, while Dr. West was a past president and a fellow of the Association.
- Vice-Patrons—Prof. Jordan, Prof. Rogers, Dr. Creeth.
- President—Mr. Colin McGee.
- Vice-President—Mr. Rex Le Page.
- Secretary—Mr. I. N. Clapton.
- Committee (from which a treasurer is to be appointed)—Misses P. A. Black, G. Dixon, J. Symons, M. Ewens,

Messrs. J. A. Munro and J. Patterson.

After discussion of next year's programme, Mr. C. McGee closed the meeting at 9.45.

Messrs. J. Buxton, W. Goodes, D. Dowling,
Editorial Assistants —

Jim Webb On Indonesian Scheme

The vital need for trained people in Indonesia is a challenge to all Australians, the secretary of the N.U.A.U.S. Committee for the Indonesian Graduate Employment Scheme, Mr. Jim Webb, said in an address to students.

After only five years of freedom from Dutch control, Indonesia is far from adjusted to the modern world, and though much has been done, there still remains a vast gap between her standards and ours. One doctor serves 70,000 people, compared with the Australian standard of one to 1,000. There are only 220 engineers, and in five years 7,500 will be necessary for national development.

Since 1951 16 graduates

have lived with these people under their conditions and their rates of pay. Salaries allow graduates to live at middle-class level by Indonesian standards, and the simply constructed language is easy to learn. It is up to us to prove our belief in racial equality, to foster goodwill, and share our technical skill. We can help keep alive the present progressive spirit, backed up by its 90 per cent. security.

MILLHOUSE LIBERAL LIFE MEMBER

At the annual general meeting of the Liberal Union last Friday, a motion was passed making Mr. Robin Millhouse, M.P., a life member.

This was in view of his excellent work for the Union during his University career, and his recent election to Parliament.

Reports of last year's officers were read and ratified. The president, Mr. Malcolm Cockburn, said that although in the past enthusiasm has been lacking, a brighter future is expected.

Discussion groups will be formed, and an attempt will be made "to carry out the aims of the Union to a logical conclusion."

Nominations were then called for the Union officers

and committee for the next year.

Miss M. McLachlan was elected president, and Messrs. A. Wallace and I. Wilson vice-president and secretary. The treasurer will be Mr. G. Moffatt, and Mr. J. Young will organise publicity.

Members of the committee will be Miss J. Downing and Messrs. Cockburn, Bennett, and Taylor.

It is expected that the Union paper, "Liberal Opinion," will commence publication shortly.

The Union also donated £10 to the Building Appeal Fund.

S.R.C. GENERAL ELECTION RESULTS

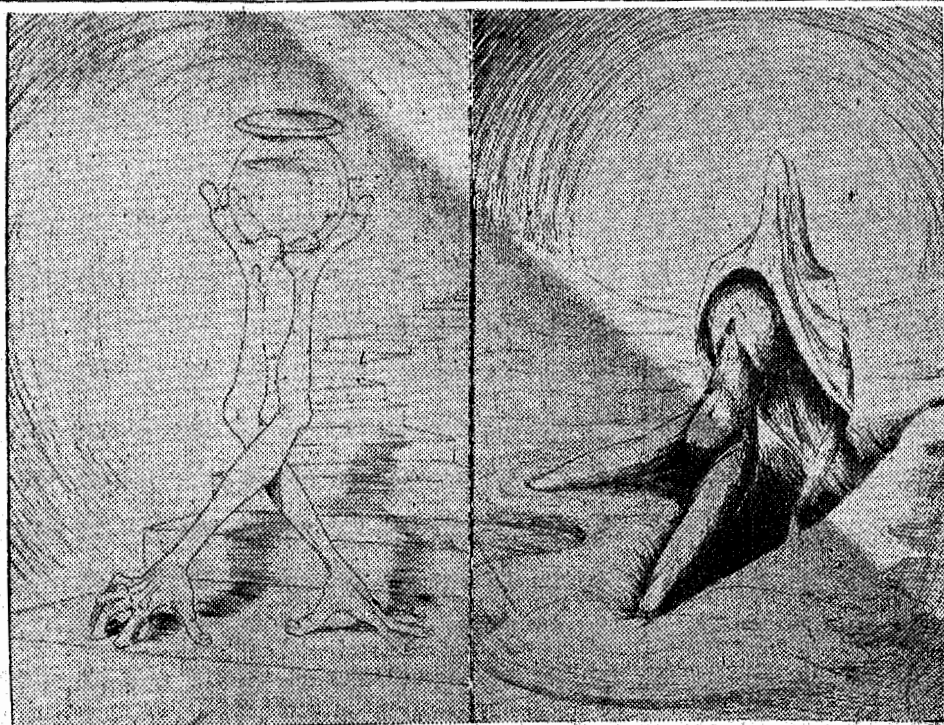

Men's General:	P. Stewart	91
I. Bettison	F. Symons	97

—"NEWS" BLOCK

A's REACHING TOP FORM

E's Do It Again

In keeping with the general air of triumph that surrounded the E team a week or so ago, headlines celebrating their first win were deemed appropriate. But, confounding all the critics, they have done it again, this time humbling the top team with a burst of football which their astute leader described as "brilliant and over-powering."

Apparently the E's were rather gloomy at half-time, for they faced a six-goal deficit. But, to their amazement, St. Raphael's found themselves floundering against "this brilliant and over-powering" third quarter, when the E's raced on seven goals, and hit the front. Giffen was best, followed by

Luke, Lill (six goals), and Smith.

Having been scarcely extended by Flinders Park, the A's were prepared to expect a hard fight from Exeter, the second team. Discerning critics in the press forecast a hard match, and pointed to Exeter's recent string of victories. But it turned out to

be a ten-goal win for 'Varsity, leaving them way out in front on the premiership list, and the minor premiership seems safe. "Jack" Tuckwell held centre half-back strongly in his typically vigorous fashion, Marty Kitchener was as speedy as ever on one wing, Charlie Akkermans got seven goals and continued to play well. Others to do well and earn George's votes were Jack Bishop, Geoff Wilson, and Ripper Johnson.

The B's disappointed rather in going down to Colonel Light Gardens. They led well for three quarters, but when the time came for the final effort it seemed that they were all weighed down by the mud, and the opposition won in a canter. Barry Kidd had a good day on the wing, most others played well at some stage or another, but the last quarter was such a disappointing surrender that it seemed to wipe off all the good points earned in the first three.

LACROSSE TEAM WINS

"A" RESERVE

Goal-throwers — Deland (2), McCormick, Offer, and Clark (each 1).

Best players—Rogers, Biggins, Pierce, Taylor, McCormick.

Score—University, 5, d. Sturt, 4.

Quarterly scores—

	1st	2nd	3rd	4th
University	2	3	3	5
Sturt	--	--	2	3

Having defeated Sturt for the second time this year, the A's now are in second position on the premiership list, with a 4-point lead over East Torrens. They are very lucky to be there, however, after their match last Saturday, for the result of the game was always in doubt. This was the closest game they had fought since their duel with Glenelg, and was very much more vigorous. In the first quarter the forward line broke down continuously through bad passing—an error which kept down their scoring throughout the match. About ten minutes before the end of the first quarter they broke through, scoring two beautiful goals. If only they could play like that more

often, and concentrate on snappier passing, which, after all, is the way Lacrosse should be played, then there would be no chance of them losing another match this year.

The second and third quarters proved to be much closer and more vigorous still, with both goalkeepers saving well.

The last quarter, however, was by far the most exciting of them all. With the score at three all, each team tried vainly to throw that elusive winning goal. The Double Blues were the first to be successful in this feat, and appeared to have the game won. But in the dying stages of the game Uni rattled on two very much needed goals, one of which Sturt disputed very heatedly.

B GRADE

Score—Glenelg, 8, d. University, 5.

Goal-throwers — Haslam (4), McMutrie (1).

Best players — Haslam, Goode, Wilson, McMutrie.

GOLF

The University Golf Championship will be held on August 12, 17, and 18, at Koo-yonga, with the 36-hole final on the 18th.

The leading contender for the title this year is the present Australian Universities golf champion, big-hitting Brian Nolte, who has been playing well for Glenelg in B Pennant matches. Those most likely to extend him are Barry Payne, who has been playing A Pennant for North Adelaide, Doug Stott, and Geoff Heithersay (if he can find time for some practice). In fact, even Dean Southwood could be given an outside chance.

This year there will also be a pairs championship, which is to be held at Grange on the 9th. All those wishing to enter in the above events are asked to place their names on the notice board.

Wholly set up and printed in Australia by E. J. McAlister & Co., 24 Blyth Street, Adelaide, and published by the Adelaide University Students' Representative Council.

Shelley Gunning and the celebrated "thing" attracted attention in last year's procession.

"Woroni" Editor Censured

Following S.R.C. reaction to the editorial on local liquor licensing regulations and their application to the Canberra University College Students' Association, the issue of "Woroni," the Canberra student paper, for July 22 was withdrawn from circulation after a number of copies had been distributed.

When the newspaper was released again later the same day, it contained an additional statement in which SRC president John L. Carroll sought to dissociate both the SRC and the Association as a whole from the views expressed in the editorial.

Although the editor considered the SRC announcement quite unnecessary, and in certain respects misleading, the withdrawal and additions were made with his consent.

For a time there was some ill feeling between one member of the SRC executive and the editor concerning the rights and duties of the latter. It was also reported by the secretary that the SRC had at one stage considered banning the entire issue. Such an action might well have involved the immediate resignation of the editor.

The editors of other University newspapers have been assured that, despite this incident and any attempts at moral coercion that arise from it, the present editor of "Woroni" will continue to write as he thinks fit, in accordance with his own standards of conduct and his own interpretation of student

opinion, regardless of whether official SRC views or SRC or not these coincide with policy.

WANTED—MORE MONEY FOR UNIVERSITIES

Are Australian Governments really doing enough for the Universities of Australia?

With grateful acknowledgments to the National Bank of Australasia Limited, we reprint from that bank's July "Summary of Australian Conditions," the following statistics, which compare the expenditure of representative Australian and United Kingdom Universities. (Latest available figures: Australia, 1953; United Kingdom, 1953-1954):—

University	Equivalent Students Full-time (a)	Total Expenditure £A	Expenditure per Student £A
Sydney	6,364	1,542,703	242
Melbourne	5,578	1,391,074	249
Adelaide (b)	2,992	695,886	233
Queensland	2,684	771,233	287
W. Aust.	1,347	472,957	351
Tasmania	520	231,353	445
Total Aust. Universities	23,449	6,292,953	268
Birmingham	3,120	1,409,790	452
Bristol	2,775	1,331,569	480
Leeds	3,455	1,512,256	438
Manchester (c)	4,158	1,670,560	402
Nottingham	2,074	674,240	325
Sheffield	2,029	915,721	451
Edinburgh	5,101	1,750,643	343
Total U.K. Universities	88,480	37,377,432	422

- (a) The figure for full-time equivalent students has been calculated counting a full-course or full-time student as one student unit, and a part-course part-time or external student as a half-student unit.
 (b) Includes the Waite Institute.
 (c) Does not include Manchester College of Technology.

The conclusion reached is that for every £268 which is spent per University student in Australia, the United Kingdom spends £422. Facts speak louder than words.

Squash Racquets

A University Squash Racquets Club was formed at the beginning of this year. Arrangements have been made under which members of the University club may use courts at the Savings Bank and the Amateur Sports Club. For details, consult the notice board at the back of the Refectory.

A team has been entered in the B Grade Association matches for this season, and it is hoped to enter more teams next year. Those who wish to play squash should consult a member of the committee—Alistair McLeod (St. Mark's), Ian Gulland (Medicine), or Geoff Pridham (Arts). The membership fee is only 2/6, and the forthcoming vacation should provide a good opportunity for play. Racquets and balls are obtainable from the Union Office.—G.I.P.
