EXTRACTED FROM THE PEOPLES' DAILY PLANET.

In the absence of Lois Lane our literary-review is presented by roving reporter Clark Kent.

"IDEAS FOR AUSTRALIAN CITIES" a work by HUGH STREETON.

It is no longer the policy of this paper to advertize publishers' names .  
It must suffice to report that this is the second and revised edition.

In it Hugh carefully circum-navigates development and so-called progress within Australia.

It is easy to become immersed in his long paragraphs and in so to lose track of who the "he's" are he is referring to in his attempt to define land-marks. The bluffs and the promontories are still too indistinguishable to make clear identification of correct character and line of descent. Some of the rugged little out-croppings which have been noted by Hugh do not betray any massive subterranean folds which could lie beneath the surface.

The massive movement of any of these could alter dramatically the structure of this part of the world. Hence various agencies with various orientations monitor fault lines. Some with over-seas interests.

Hugh does not attempt to pose any real answer to his own question of "What next?" but dangerously comes close to praising the schemes (and to flattering the perpetrators) of the potential (Grace) neo-national-socialist vanguard elite of the City of Monarto class.  
.....

Hugh's final lines are.....

"Between our houses and our few old city centres there is not only increasing distance, but a social void and a waste of opportunity. Into that space we should be building ways and means to enjoy more life together".

A book to be read but not to buy.

Commandeer one and donate it to your local school-library. This will have to do until a more readable and much more inclusively comprehensive text-book is issued from Hugh.

Clark.

Next weeks' review will (hopefully) be presented by our usual reporter Lois Lane who absented herself this week to help our cub-reporter retrieve his mystic wristlet-watch from the sewers of Metropolis. The cub-reporter inadvertently dropped it down a toilet while using it to perform some kind of rite in a cubicle at the Reserve-Bank during a hold-up by the dreaded League of the Seven Headed Cobra.

Much Laksmi.

THE PEOPLES' DAILY PLANET REPORTERS' ROUND-UP. (affectionately called Lilas' column which is something dreamed-up).

SUPERMAN today was reported seen walking through the streets of Metropolis dressed in light-weight sack-cloth and complaining about a persistent buzzing in his ears. Of the buzz he said that it was a call to summon him to action to which he is committed to always respond **IN THE SERVICE OF THAT OVER-ALL CAUSE.**

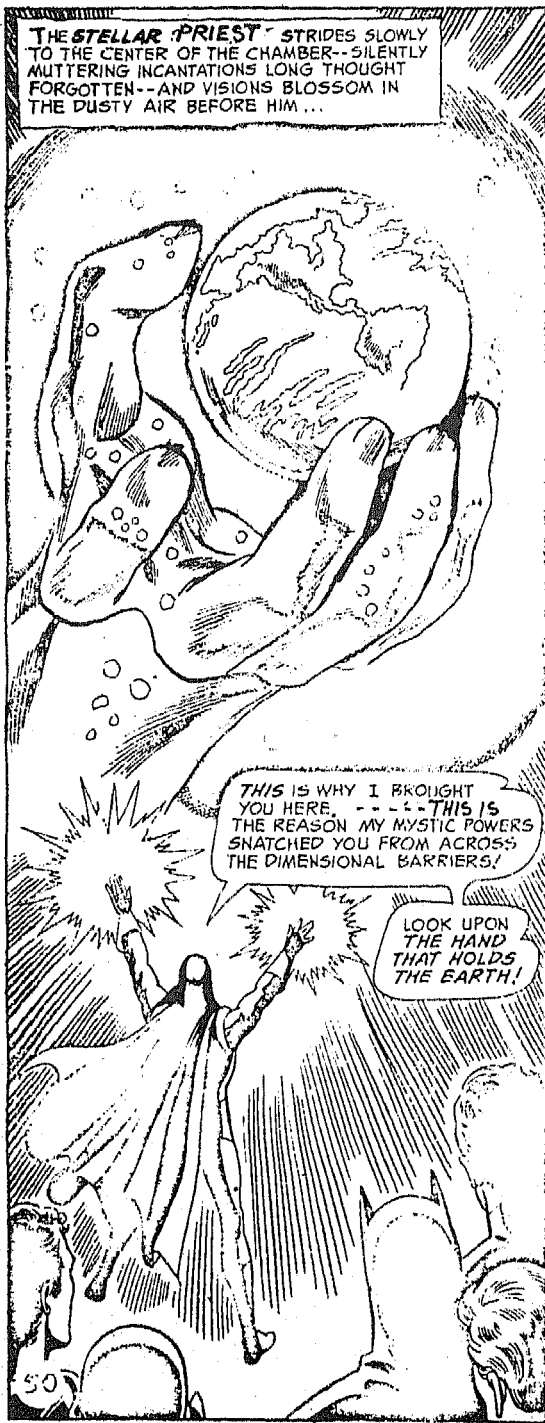

When questioned about his unusual appearance he replied that it was the only thing left to him to wear after throwing himself selflessly (as only SUPERMAN would ed.) innumerable times into the midsts of Metropolis's filth. He said that his well-known red and blue suits had not been able to withstand the effects of the substances now present in Metropolis's sewage-system which he said are **SUPER-BIO-DESTRUCTIVE** (and SUPERMAN would know ed.) and which he said should not be allowed to be produced. SUPERMAN went on to say that because of these worsening conditions an assembly of bonafide SUPER-HEROES is called for in a bid to arrest anarchistic trends and to re-orientate society for the over-all good of mankind and for the planet Earth which he said he had vowed long ago to protect and to preserve so that all may be free to enjoy its pleasures, its beauty and the well-being it can afford everyone irrespective of race, colour, gender or.....(he said that he was not sure about creed anymore and that he was going to the centre of the universe with the other SUPER-HEROES to try and solve this fundamental of all problems. SUPERMAN said sadly that to take things that far and to call an assembly of all SUPER-HEROES at the CENTRE

is grim in deed. "But this is a state of emergency!" he declared. "Suffering lotus-petals the show could even fold-up completely. How can I help it if we run the risk of ONE returning out of it? Heaven forbid it! Its not my fault that you others won't obey the LAW and won't adhere to the pre-ordained, natural-order. Its not!" He said.) When questioned closely about this side remark relating to creed he said " Naturally we have to return with something which is primarily original and when enforced into practical expression will reflect the essential and that over-all harmony.

( perhaps a void confrontation? ed. )

The Prime-Minister said today that SUPERMAN was a has-been and that he always has been.

THE **STELLAR PRIEST** STRIDES SLOWLY TO THE CENTER OF THE CHAMBER--SILENTLY MUTTERING INCANTATIONS LONG THOUGHT FORGOTTEN--AND VISIONS BLOSSOM IN THE DUSTY AIR BEFORE HIM...

THIS IS WHY I BROUGHT YOU HERE. ---THIS IS THE REASON MY MYSTIC POWERS SNATCHED YOU FROM ACROSS THE DIMENSIONAL BARRIERS!

LOOK UPON THE HAND THAT HOLDS THE EARTH!

TWICE HAVE WE TRIED TO RELEASE THE EVIL SATAN'S GRIP UPON OUR WORLD--AND TWICE HAVE WE FAILED!

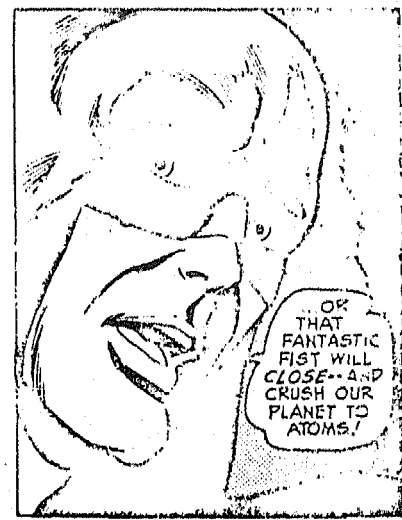

WE ARE IN SORE NEED OF HELP. MY FRIENDS THAT IS WHY WE TURN TO YOU!

I'M NOT CERTAIN WE WILL FAIR ANY BETTER, NOW ---UNLESS WE KNOW MORE ABOUT THAT WHAT'S IT MADE OF? WHERE'S IT COME FROM?

**GOD** HAS RETURNED. ---HE IS ON THE EARTH!

HE HAS GIVEN US FIVE YEARS TO TURN SUPREMACY OF EARTH OVER TO HIM.

...OR THAT FANTASTIC FIST WILL CLOSE--AND CRUSH OUR PLANET TO ATOMS!

THE  
ANSWERING  
OF  
MANY  
PRAYERS.

YOU WHO  
WALK WITH  
WORLDS AS  
YOUR STEPPING-  
STONES--HEAR  
MY WORDS!  
WE--WHO  
SPEAK YOUR  
NAME IN THE  
MOST HUMBLE  
OF VOICES--  
HAVE NEED  
OF YOU THIS  
DAY!

COME TO US,  
LORD---WE  
BESECH THEE!  
COME TO US!

THERE IS A SINGING IN THE STYGIAN GLOOM--THE VIBRANT SOUND  
OF WORLDS LONG GONE AND GALAXIES JUST A-BORNING--THE WILLFUL  
HUM OF ETERNITY AS IT SKIMS ACROSS THE FABRIC OF THE COSMOS--

-- AND THEN  
THERE COMES  
A PRESENCE  
TO THE

HIDDEN  
SANCTUM...

WHO DARES CALL  
ME FROM THE  
REALM BEYOND?

I DARE.....  
I.....  
WHO ASK NO MORE  
THAN A MOMENT'S  
INDULGENCE FROM  
ONE AS OMNIPOTENT  
AS YOU!

THE COSMIC DUO RETURNS  
DYNAMIC DEFENDERS OF MOTHER  
EARTH--BANDED TOGETHER IN THE  
CAUSE OF RIGHTEOUSNESS...

VISHNU  
SUPREME  
LORD.  
(SEHOVAH)

LAKSMI  
HIS  
CONSORT.

BENEATH THE ETERNALLY-WATCHFUL GAZE THE GREATEST HEROES OF THE WORLD SEPARATE INTO SEVEN GROUPS--SEVEN BOLD CHANCES FOR THE SALVATION OF A WORLD...

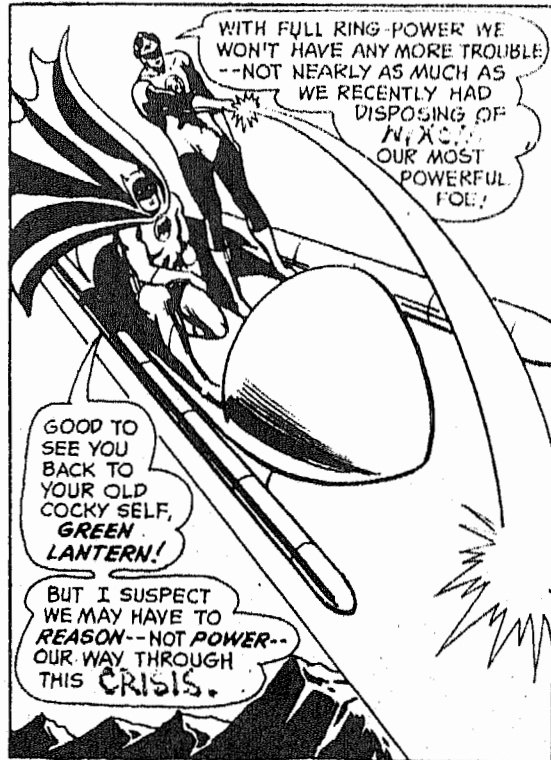

TURN YOUR MINDS BACK THROUGH THE YEARS-- TO A TIME BEFORE THE SEVEN YOU SEEK HAD MET--

--BACK TO THE HIDDEN SANCTUARY OF THE ARCH-VILLAIN WHO THEN WAS CALLED ONLY--SATAN.

WITH FULL RING-POWER WE WON'T HAVE ANY MORE TROUBLE--NOT NEARLY AS MUCH AS WE RECENTLY HAD DISPOSING OF N.I.C.'--OUR MOST POWERFUL FOE!

GOOD TO SEE YOU BACK TO YOUR OLD COCKY SELF, GREEN LANTERN!

BUT I SUSPECT WE MAY HAVE TO REASON--NOT POWER--OUR WAY THROUGH THIS CRISIS.

FLASH was just picked-up on deep-space-tracking flashing towards the centre of the universe. (Shades of mercury poisoning is there no hope? ed.)

LATE NEWS

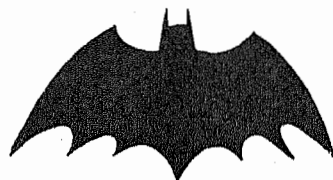

A PERSONALITY to whom we are all indeared announced today that she had already formally declared a STATE OF EMERGENCY in the area under her control and that she would remain "on hold" until help and positive direction comes through.

LATE LATE NEWS

BATMAN cannot be reached in his subterranean villa due to the failure of the Gotham administration to produce alternative energy resources. The shut-down of the badly-leaking Gotham regional nuclear-reactor has left no energy to "fire" the SUPER-EMERGENCY-RED BAT-BEAM. (Suffering lazers. ed.)

SUPERMAN made the comment today that he had first begun to suspect BATMAN

ROBIN (MY VERY FIRST PARTNER)

when one night while on patrol in his secret-identity SUPERMAN noticed on a bar-table  
coaster that the BAT-INSIGNIA was being used in association with an alcoholic  
beverage and Coca-Cola. ( Thundering voodoo drums what intrigues nestle in the  
Bahamas? Great Saints protect us. ed.) He will endeavour to undertake BATMAN  
someday, somehow. (reporters' comment ed.)

THE SPACE-TUNNEL IS LINKING THE EARTH WITH A POINT OUT IN DEEP SPACE!

THERE'S NO AIR OUT THERE! THERE'S NOTHING THAT CAN PREVENT THE TUNNEL FROM ACTING LIKE A MONSTROUS VACUUM CLEANER...

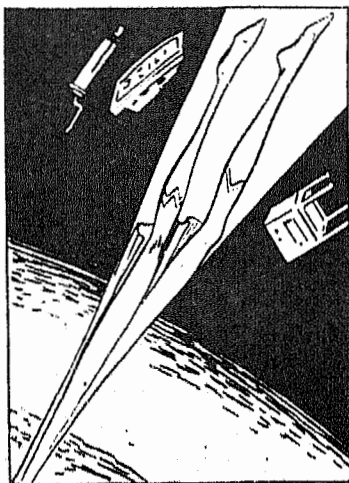

...AND SUCKING THE ENTIRE PLANET OUT THERE...SENDING IT CAREENING ACROSS THE COSMOS LIKE SOME FORTY MILLION-MILE-LONG STRAND OF DEAD MATTER!"

BY ALL THAT'S HOLY! SUPERMAN HAS HURLED HIMSELF AGAINST THE ENTRANCE TO THE SPACE-TUNNEL!

THE SUCTION POWER IS BEYOND BELIEF! HE'LL BE THE FIRST TO BE PULLED OUT INTO SPACE-- FOLLOWED BY THE ENTIRE EARTH!

HE'S... PLUGGING IT UP... LIKE THAT LITTLE BOY WITH A FINGER IN THE DIKE TO KEEP THE WORLD FROM PLUNGING OUT INTO SPACE!

BUT HE'LL NEVER BE ABLE TO KEEP IT UP LONG ENOUGH! HE'S BREAKING THE VERY LAWS OF NATURE TO SAVE THE EARTH... PERHAPS AT THE COST OF HIS OWN LIFE!

HE--HE'S DOING IT!  
THE HOLE IS CLOSING  
UP!

HE'S MANAGED TO  
KEEP THE EARTH  
FROM BEING VACUUMED  
INTO DEEP SPACE!

IT'S A MIRACLE!

SUPERMAN! ARE  
YOU... ALL RIGHT?  
SUPERMAN--?!

AND AT THE END  
OF IT ALL THERE  
DOES INDEED STAND  
A SINGLE MAN  
TRIUMPHANT... A  
MAN OF LOVE.

DAVID... HOW LONG WAS  
THE TUNNEL OPEN?

IT FELT LIKE CENTURIES!

IT WAS

THEY ARE  
IN THE

**“ORDEAL AT  
OKEECHOBEE!”**

IT'S A FUNNY THING, COURAGE... THE CORPS HAS ALWAYS HAD ITS FAIR SHARE... BUT YOU NEVER KNOW WHERE IT'S GONNA CROP UP.... IT WAS ONE OF THE TOUGHEST MISSIONS I'D EVER DRAWN... DRIVING A CANAL THROUGH A SECTOR WITH MORE ENEMY PER SQUARE FOOT THAN THE SIERRA CLUB HAS SISSIES... THE EVERGLADES!

I HAD A NEW RECRUIT ON THE PLATOON CALLED RUBBLE... HE LOOKED LIKE TOP ACE MATERIAL, BUT FROM THE START, I WASN'T QUITE SURE...

HOLY HALPTRACK, SARGE, LOOKIT THAT ECOSYSTEM! WE'LL NEVER MAKE IT THROUGH!

STOW IT, SOLDIER- WE'VE GOT A JOB TO DO!

O.K., YOU EIGHT BALLS! SECURE THE POSITION! LET'S GO!

IT WAS HELL IN THERE...

LOOK OUT, SARGE! BEHIND THAT INDIAN-A TREE!!

SQUISHH!

WE WERE SPREAD PRETTY THIN, BUT WE FOUGHT LIKE MADMEN. BY NIGHTFALL, IT LOOKED LIKE WE'D MADE ANOTHER FEW SQUARE MILES OF REAL ESTATE SAFE FOR TECHNOCRACY... THEN, SUDDENLY, I SAW RUBBLE...

WHAT THE \*R.L.G.-!!!

ARRR SQUERK

GET SOME CEMENT IN YOUR BELLY, RUBBLE. YOU LILY-LIVERED PUNK! THOSE MOTHERS WERE ASSHOLE SPON- GERS!!!

SORRY, SARGE... I DON'T KNOW WHAT CAME OVER ME... THOSE BEAKS... THAT PLUMAGE...

BY 19:00 HOURS, THE LAST SNIFE HAD BEEN CLEANED OUT, AND THERE WASN'T ONE OF THOSE BASTARDS BREEDING FOR MILES. BUT WE WEREN'T TAKING ANY CHANCES. WE STAKED OUT A POSITION HALFWAY BETWEEN THEIR LINES AND THAT GODDAMN RIVER. WE ALL KNEW THAT THE NEXT DAY WE WERE GOING TO HAVE TO TAKE THAT LITTLE BEAUTY APART, BUT IF ANYONE HAD THE JITTERS, THEY WEREN'T SHOWING IT. ALL, THAT IS, EXCEPT RUBBLE...

HEY, RUBBLE! WANNA TEAR THE EARS OFF THIS DEERT?

NO... NO THANKS...

WELL, THE CORPSE AIN'T NO KINDER-GARTEN IF A GUY'S TURNIN' YELLOW ON YOU, YOU HIT HIM WHERE IT HURTS. I SLAPPED GUARD DUTY ON RUBBLE AND LATER THAT NIGHT I PAID MR. NERVOUS NELLIS A LITTLE VISIT...

WHAT'S BATTIN' YOU, KID?

I GUESS... I GUESS IT'S THEM, SARGE. WHO KNOWS WHAT'S OUT THERE. OUT THERE IN THE DARKNESS, WAITING FOR US...? FLAMINGOS? WOOD STORKS? EPIPHYTIC ALGAE? SHRIMP? THERE'S JUST SO DAMN MANY OF THEM, SOMETIMES I DON'T SEE HOW WE CAN EVER WIN!

SO THAT WAS IT! THE KID'S BELLY WASN'T YELLOW HE JUST THOUGHT TOO GODDAMN MUCH...

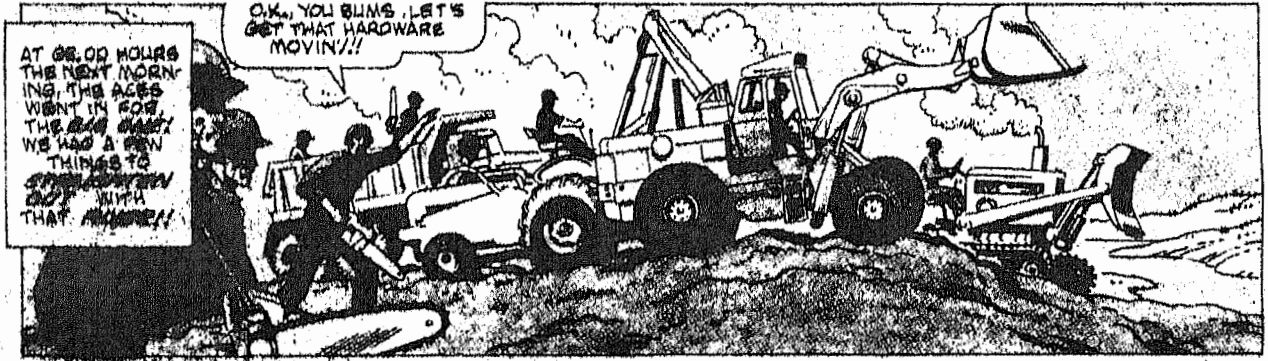

NOW, YOU HEAR THIS, PAL! I'VE SEEN INTERACTION ALL OVER, FROM GRAND COULEE TO LONG ISLAND SOUND... I'VE FACED GENETIC COMPLEXES, ESTUARINE CONDITIONS, LITTORAL DRIFT... ECOEYS TEMS THAT COULD TURN AN IBM 420 INTO SOLDER! BUT I DON'T ASK QUESTIONS- I JUST GET IN THERE AND GET THE JOB DONE. WHY DON'T YOU LEAVE THE BIG PICTURE TO THE GUYS WITH THE FRUIT SALAD? THE REST IS UP TO, MUGS LIKE US!

O.K., SARGE... AND, SARGE... THANKS!

O.K., YOU BUMS. LET'S GET THAT HARDWARE MOVIN'!!!

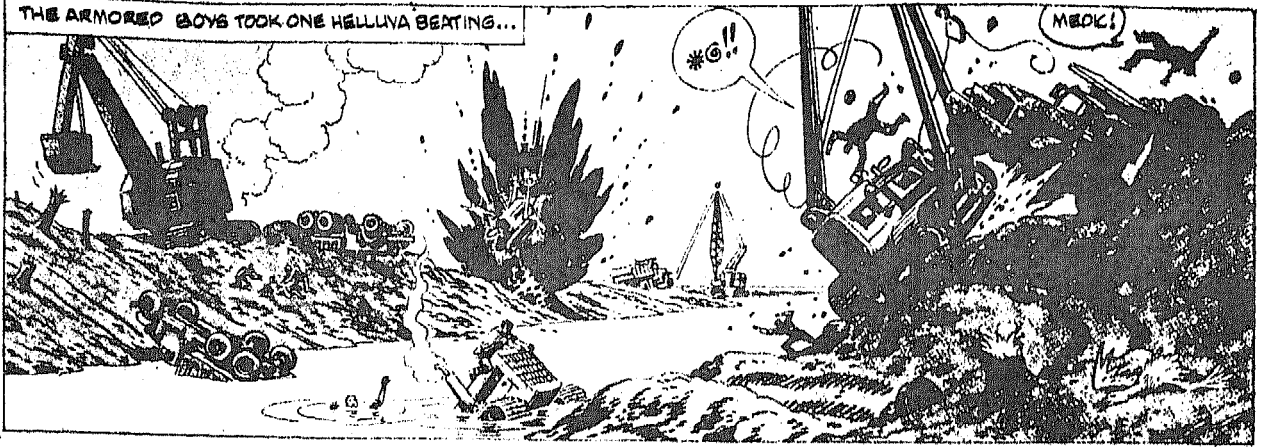

AT 08:00 HOURS THE NEXT MORNING, THE AGES WENT IN FOR THE BIG CHASE. WE HAD A FEW THINGS TO SPREAD AWAY WITH THAT HARDWARE!!!

BUDDA  
BUDDA  
BUDDA

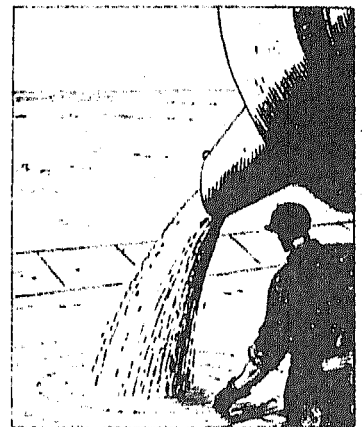

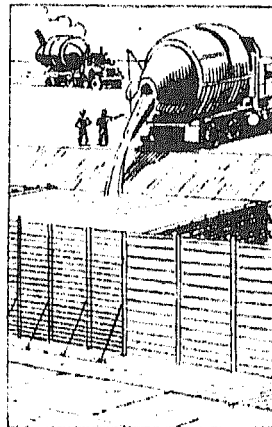

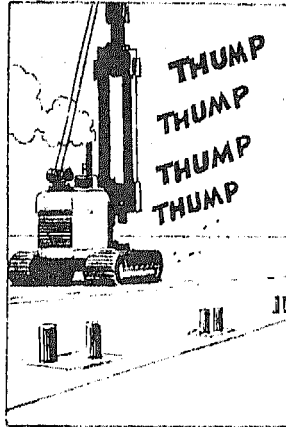

THE ARMORED BOYS TOOK ONE HELLUVA BEATING...

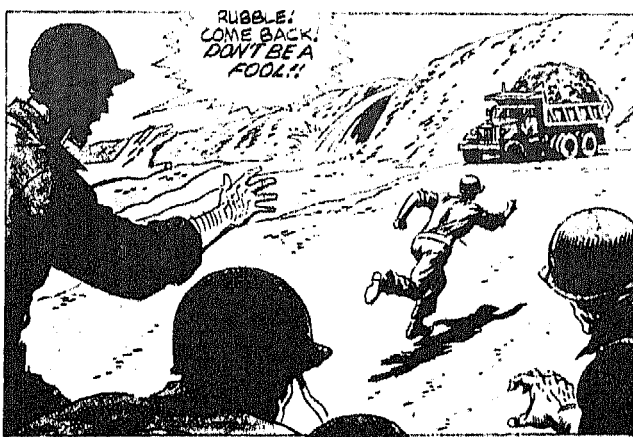

BUT THEN THE TIDE BEGAN TO TURN... IT WAS TIME FOR THE HEAVY STUFF!

GET THOSE CRANES IN HERE! AND I DON'T MEAN THE ONES THAT WHOOP!!

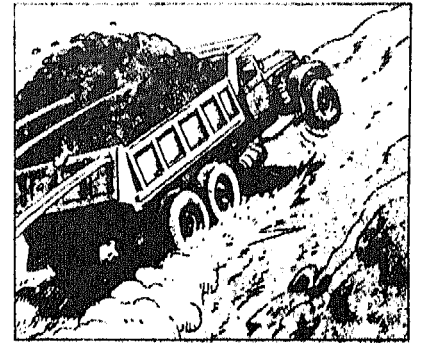

BY 18.00, IT LOOKED LIKE WE HAD OKEECHOBEE DOWN FOR THE COUNTY! BUT THAT COTTON-PICKING RIVER HADN'T GIVEN UP YET. SUDDENLY, IT JUMPED THE LEVEE AND MADE A BREAK FOR IT... IN SECONDS THE SWAMP WOULD BE FLOODED, AND THE ENEMY WOULD BE BREEDING LIKE FLIES ON A CORPSE! THAT HOLE HAD TO BE PLUGGED!!

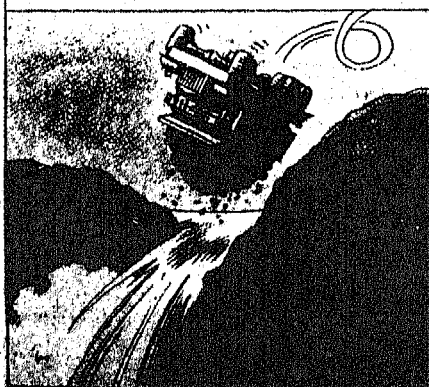

RUBBLE! COME BACK! DON'T BE A FOOL!!

THAT LEVEE WAS AS TREACHEROUS AS A FRESHMAN SENATOR! BUT RUBBLE DIDN'T CARE. HE ONLY HAD ONE THING ON HIS MIND - AND IT WASN'T HIS OWN HIDE!!!

THE RIVER DIDN'T HAVE A CHANCE IN HELL... AND NEITHER DID RUBBLE...

YEAH... COURAGE IS A FUNNY THING... YA CAN'T DO WITHOUT IT AND YA NEVER KNOW WHERE YOU'LL HIT IT NEXT!! BUT LEMME TELL YA SOMETHIN'-SO LONG AS WE GOT GUYS LIKE RUBBLE WHO ARE WILLIN' TO SACRIFICE THEIR LIVES IN THE ENDLESS FIGHT AGAINST EVERYTHING THAT MOVES, THE U.S. CORPS OF ENGINEERS WON'T HAVE NO PROBLEM KEEPIN' OUR COUNTRY STRAIGHT AND FLAT AND FREE!

# LET'S TALK SENSE ABOUT THIS HERE MODERN AMERICA

"And I saw three unclean spirits like frogs come out of the mouth of the dragon, and out of the mouth of the beast, and out of the mouth of the false prophet. For they are the spirits of devils, working miracles, which go forth unto the kings of the Earth to gather them to the battle of that great day of God Almighty... And he gathered them together into a place called in the Hebrew tongue ARMAGEDDON.

[A]ND WHAT WOULD I DO TO MAKE AMERICA A BETTER PLACE, YOU MIGHT ASK? WELL, FIRST I'D BRING BACK STREETCARS

[D]ISMANTLE ALL ATOMIC POWER PLANTS AND IMMEDIATELY STOP PRODUCTION OF PLUTONIUM!

SOME THINGS I'D MAKE JUST LIKE RED CHINA... I'D TAKE 'EM OUT AND MAKE 'EM WORK IN THE FIELDS HOEWING BETWEEN THE ROWS FOR A FEW SUMMERS... THEN THEY'D KNOW WHAT LIFE IS REALLY ABOUT!

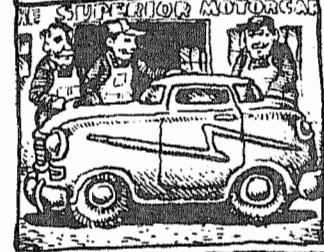

I'D BRING BACK CRAFTSMANSHIP SO PEOPLE COULD GET A FEELING OF PRIDE FROM THEIR WORK! NO MORE ASSEMBLY LINES! BETTER QUALITY GOODS, AND LESS QUANTITY! THINGS WOULD LAST LONGER!

I'D HAVE ALL THE GIANT CORPORATIONS AND CARTELS BROKEN UP... I'D PUT A STOP TO THE DEFENSE INDUSTRY AND I'D NATIONALIZE OIL, AND... HMM... I WONDER IF THE AMERICAN PEOPLE ARE READY FOR SOCIALISM???

HOW ABOUT THE AGED? WHAT COULD I DO FOR THEM? AND THE MEDICAL PROFESSION NEEDS DRASTIC REFORM... HOW 'BOUT TAX CUTS FOR THE SMALL BUSINESSMAN...? ... HMM... THIS IS GETTING COMPLICATED...

WHAT AM I GETTIN' MYSELF INTO HERE? TRYIN' TO SOLVE THE PROBLEMS OF MODERN AMERICA!!

DOES AMERICA YEARN FOR STRICT DISCIPLINE? ARE THE PEOPLE TIRED OF HEDONISM? WILL A NEW GREAT 'LEADER' EMERGE TO TELL US WHAT TO DO?

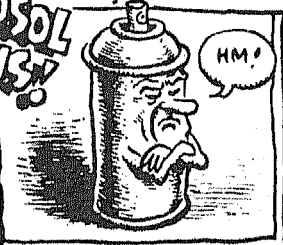

WHAT DOES THE FUTURE HOLD FOR AMERICA?

THE SCARIEST THING GOING ON RIGHT NOW OF ALL THE SCARY THINGS I'VE HEARD OF IS...

YES, ALL LIFE ON EARTH IS NOW THREATENED WITH EXTINCTION BY UNDERARM DEODORANTS, HAIRSPRAYS, AIR-FRESHENERS, SPRAYPAINT AND OTHER COMPLETELY NEEDLESS PRODUCTS IN AEROSOL CANS!

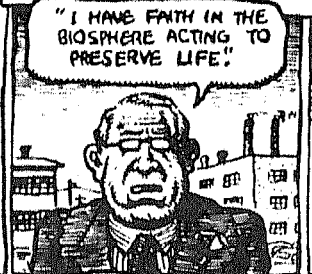

A BUNCH OF SCIENTISTS HAVE STATED THAT IF THEY DON'T STOP PRODUCING "FREON" IN SPRAY CANS, IT'S ALL OVER BY THE YEAR 2000!

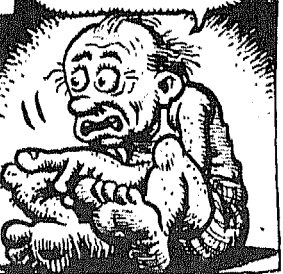

FREON DESTROYS OZONE, A THICK LAYER OF WHICH PROTECTS THE EARTH FROM THE ULTRA-VIOLET RAYS OF THE SUN. TESTS HAVE BEEN MADE. EXPERTS IN ATMOSPHERIC RESEARCH HAVE STUDIED THE PROBLEM... THEY SAY THAT FREON IS DRIFTING INTO THE UPPER ATMOSPHERE... ONE ATOM OF THE STUFF DESTROYS 10,000 MOLECULES OF OZONE! SCIENTISTS SAY THAT FROM THE AMOUNT OF FREON ALREADY IN THE AIR, 150,000, OR MORE, PEOPLE WILL GET SKIN CANCER!

DUPONT CHEMICAL COMPANY MAKES HALF OF ALL THE FREON USED IN AMERICA... A BIG DUPONT EXECUTIVE WAS ASKED RECENTLY WHAT HE THOUGHT ABOUT THE THREAT TO THE OZONE:

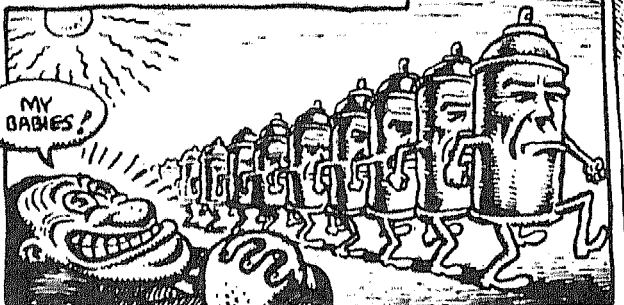

HE HAS FAITH IN THE... BIOSPHERE... ACTING... TO... PRE... SERVE... ..

OH MY GOD!

NOTHING IS BEING DONE... FREON IS BEING MANUFACTURED IN GREATER QUANTITIES THAN EVER BEFORE... THE AEROSOL CAN MARCHES ON!

IT'S MONEY, MY FRIENDS... MONEY MONEY MONEY MONEY MONEY!

NO, THERE'S MORE TO IT THAN THAT... IT'S... IT'S...

M-MAYBE IT WON'T HAPPEN! MAYBE THEY'LL FIND OUT THAT THEY WERE ALL WRONG! MAYBE THEY'RE PUSHING THE PANIC BUTTON TOO SOON!

MAYBE... YOU CAN ALWAYS HOPE FOR THE BEST!

OH EVENTUALLY, MOST CERTAINLY! WE CAN ONLY HOPE THEY'LL STOP BEFORE THE OZONE LAYER IS SO FAR GONE THAT ALL ORGANIC LIFE GETS TOTALLY SCREWED UP!

...AND THAT'S LIFE IN MODERN AMERICA!

Some of the areas being considered are:

- (1) Policy making
- (2) Publication and ratification of policy.
- (3) Implementation of policy
- (4) General running of AUS, nationally, regionally and on campus
- (5) Services to students - growth and administration
- (6) Communications - between students, student bodies and AUS.
- (7) Regional organisation, activities and policy making
- (8) Campus organisation - communication with students, determining student needs and encouraging student awareness and activity.

- (9) A.U.S. Media
- (10) Future types of activities
- (11) New classes of members
- (12) The role of AUS
- (1) Services (2) Welfare
- (3) Political & social role
- (13) Orientation

- National campaign vs campus activism  
- Resource role.

A working party has been set up within the South Australian Region to support the work of the Planning Committee. Interested students are welcome to participate in the working party.

Submissions are invited and may be sent to Peter Love c/o AUS Regional Office, Student Activities Office, University of Adelaide or David MacPherson c/o Students Association, Flinders University. Or they may be forwarded through your local AUS Secretary.

For enquiries contact Rob Bray c/o AUS Regional Office, Ph. 2232 412

Now is your chance to help change AUS so that it relates more directly to student needs.

# Oppose the march to fascist dictatorship.

Fraser, Anthony and Co. are the agents of multi-nationals. They have clearly broken a long-established parliamentary convention that an upper house in a Westminster system has no control over money nor the making and breaking of governments.

But the real meaning of this action lies in its expression of the march of these multi-nationals to rule of Australia by open naked force.

The multi-nationals and their agents Fraser, Anthony and Co. are prepared to throw overboard even the form of democratic liberty for Australian people. Democratic liberty has importance for the people. It must be fought for even though it is much more the shadow of democratic liberty than its substance.

The right of the people to freedom of the press, freedom to speak, freedom to demonstrate, freedom to organise, has not much substance when the people do not own newspapers, halls, streets or facilities for organisation. However the very existence of these freedoms has an importance. They permit at least a minimum of people's activity.

Fraser, Anthony and Co. paid agents as they are of the multi-nationals, want to trample them underfoot.

Parliament itself is the sham of democracy and not the reality. It conceals but does not alter the rule and domination of Australia by the multi-nationalists.

Still the present attack upon parliament by Fraser, Anthony and Co. is part of their overall plan to introduce open, naked, brutal right-wing dictatorship in Australia.

The Labor government in many ways has paved the way for this. It too, essentially occupies office on behalf of the multi-nationalists. It too, it need be, would throw off the parliamentary cloak. However it is tempered by a certain humanitarianism, a certain difference in tactics, softer rather than harder, a certain Australian nationalism.

Both these parliamentary parties serve and are part of the existing social system of capitalism. They are both in acute crisis. They share in the present collapse of the social system of capitalism with its unemployment, inflation, hardship and present acute crisis.

It is the Australian people, workers and working people and other patriots who are decisive in the present situation. They understand and sense the tacit basis of the move by Fraser, Anthony and Co. It is the Australian people who are acting to preserve democratic liberty, to advance beyond parliament and parliamentary parties and who are taking matters into their own hands. On all sides and in many ways, they move into action. Much of it involves supporting the Labor government against the present attack. Fundamentally that is how this mighty people's activity is expressed for the time being.

However, the significance of people's action is far greater than that. Its significance is that the present situation has called into being a mass movement of the people against the multi-nationalists and their agents Fraser, Anthony and Co. in which rich lessons indeed are being learned. The people are being given a graphic lesson in the functioning of the parliamentary machinery and of parliamentary parties, the mechanics of the very social system of capitalism in which these institutions serve. They are thieves and will find their way to throwing the multi-nationalists out of Australia and getting rid of interference or potential interference in Australia by an imperialist power like the United States or Soviet imperialism. The people are on the march. It is the people of Australia who make Australia's history and not Fraser, Anthony or Whitlam.

The Labor government, even though it might attempt to confine the fight to parliament and parliamentary procedures. It moves through Whitlam and Hay to dampen down strikes and people's activity. It has no confidence in the people. It fears precisely that the very movement of the people will get out of hand, will take a revolutionary anti-imperialist people's democratic course. To survive, the Labor government must stand up and fight, cease suppressing people's struggle, take the people into its confidence, put forward immediately a beneficial people's programme. In any event, the Australian workers, working and patriotic people will carry on the struggle. They will take up democratic liberty, uphold and develop it to the end where it has real substance. They will take up the cause of Australian independence and uphold it too to the end of time. Australia entirely of imperialist interference.

## Defend all democratic liberty. For an independent Australia.

# 'CAMELOT' PROJECT COUNTER REVOLUTION

We reprint below an article appearing in "Eureka", published by Students for Australian Independence at Flinders University. It reveals many important aspects of the incorporation of university research to U.S. counter insurgency operations. Students here should follow the good initiative set by SAU and examine their own campuses.

## EVERYBODY SHOULD LEAVE YOU.

Roger Russell's fame continues to grow. He is in fact no small fry here at Flinders University. Not only does he remain a Vice-Chancellor, he also remains a fully-studied signatory to the Panel Report on Defense: Social and Behavioural Sciences.

Project Camelot was the big daddy to the Panel Report on Defense. Camelot was introduced in mid 1964. Its aims were:

"Project Camelot is a study whose objectives are to determine the feasibility of developing a general social systems model which would make it possible to predict and influence politically significant aspects of social change in the developing nations of the world. Specifically its objectives are: first, to devise procedures for assessing the potential for internal war within national societies; second, to identify with increased degrees of confidence those actions which a government might take to relieve conditions which are assessed as giving rise to a potential for internal war."

Camelot was designed, in other words, to develop these political strategies for counter revolution which at this time were found to be sadly lacking in Vietnam.

Most of the work for Camelot was to be done by SOARO staff (Special Operations Research Office), although some professors were asked to take part in field work abroad. Ironically Chile was one country chosen for field work.

In 1965 approaches were made to professors in the Chilean University community. A month later stories began to appear in Chile's left-wing press that described Camelot as a Pentagon scheme for espionage and intervention in Chile's internal affairs. The furor that resulted in Chile forced the U.S. govt. to terminate the project in its entirety.

Recently a Psychology lecturer at Flinders, Gordon O'Brien, gave a detailed exposé of the type of research in which he was involved in Guatemala during the mid '60s. He then blew the lid of the can by saying the research was carried out for Camelot and that most Psychological research in institutions served the same purpose.

However the Dept. of Defense (DoD) social science research program did not end here with the exposure of Camelot. To put it in the words of a former U.S. Army research chief, Gen. W.W. Dick Jr.

"It was project Camelot that was cancelled. This does not mean that we have backed off in any way from the objectives that Project Camelot was designed to meet."

Dick was no liar, in fact, the DoD in 1967 produced the Report of the Panel on Defense: Social and Behavioural Sciences. Its findings and aims were almost identical with those of Project Camelot.

"The armed forces are no longer engaged solely in warfare. Their missions now include pacification, assistance, 'the battle of ideas' etc. All of these missions require an understanding of the urban and rural populations with which our military personnel come into contact in the new 'peacefare' activities or in combat. For many countries throughout the world, we need more knowledge about their beliefs, values and motivations; their political, religious and economic organisations; and impact of various innovations upon their socio-cultural patterns."

The report then gives a detailed plan for infiltration of foreign universities, an open invitation to spy on people of other countries.

Various front organisations were set up or used in order to carry out this spying. Cress, Rand and Battelle are used for this spying. Perhaps Prof. R.L. Beak of the Uni. of California Los Angeles described this transformation of Camelot best:

"Although Camelot is dead under that name, in a sense it has only gone underground. Similar types of projects have been conducted and are being planned under different names and through other types of agencies."

The Pentagon found it prudent to break up Camelot's functions into many discrete research tasks, which were then distributed to several universities and think-tanks through organisations set up such as Battelle.

Before the U.S. was kicked out of Vietnam a National Times reporter visited a Brig. Serong's Headquarters in Saigon. Serong was in the Aust. Armed Forces when they were stationed there, however, he became Commander of the U.S. Espionage and Counter-Insurgency Forces when the Australians pulled out. On the front of Serong's quarters was the Battelle agency's name. Last year it was discovered from Russell's files that Roger himself has contact with the Adelaide branch of Battelle.

Russell is also a close friend of Henry Albinski, a member of the Georgetown think-tank. This is one of the think-tanks which carries out extensive research for the DoD. Rockefeller is the head of this think-tank. Recently a questionnaire was circulated to selected academics in Aust. One of the questions was interesting. What threats were there posed for the multinational corporations and their interests in Australia? Rockefeller being one of the biggest multi-national giants would have a great interest in answers to questions such as this.

Albinski was brought out to Australia by the Aust.-American Education Foundation. Incidentally, the Aust. govt. made an agreement after WWII to finance the Foundation in repayment of the Lend-Lease loans. This agreement was made under a Chifley "Labour" govt. Russell is on the board of the Aust.-American Education Foundation - which is used to carry out another part of the Panel Report, that is the interchange of academics and the tailoring of foreign

countries' education policies to suit the requirements of U.S. interests.

This week five students at Flinders University were expelled or suspended for asking questions about Russell's activities. The admin's excuse was a different one, disrupting a so-called "discipline hearing". Evidence shows how Russell is involved, the expulsions show to what extent the admin. is prepared to go in order to silence any protests against Russell's activities.

Russell will be dining at the Madrigal Dinner tonight in his true guise of a feudal lord. While other people dine with him they should not forget his real nature, and ask themselves the questions: "Why is a person with Russell's history and known connections with the Panel Report on Defense: Social and Behavioural Sciences at Flinders University?" and "Where does Russell's loyalties lie: with the U.S. Dept. of Defense and its master the U.S. Multi-national or with developing an Aust. educational system against exploitation and oppression?"

Next year is the 200th anniversary of the American War of Independence. Australians have been asked to celebrate this as though we were part of the United States. We should show Russell and others of his ilk that what was good enough for America 200 years ago is good enough for Australia today.
