**Mobilong**  
*'haven for birds'*

for string ensemble and electroacoustics

Copyright © 2016

## **Program Notes**

*Mobilong* is derived from *moopolthawong*, a Ngaralta clan (of the Ngarrindjeri Nation) word meaning 'haven for birds', and nowadays refers to a former swamp-turned-irrigation area to the north of Murray Bridge, South Australia.

The history of the place tells much as to its current circumstances: once a natural floodplain, the transformation to irrigation land in the early 20th century interrupted the flood cycles which replenished aquifers (keeping saline groundwater at bay) and rejuvenated the native ecosystem. Droughts between 2000-2010 led to wide spread acidification of soils and local water, compromising a variety of land patches and related habitats for local flora and fauna, and consequently the resultant soundscape. Recent collaborative efforts (from 2010) by SA Water, The Waite Institute and other bodies have led to implementation of remedial projects; nonetheless, the current state of the ecosystem is substantially changed and voiced through the associated soundscape.

This work explores that soundscape through the representation of a soundwalk experience at the site. Traversing an unsealed road which extends from a cliff face to the river front, the stereophonic acoustic environment evolves over time as the listener moves past contrasting land patches and habitats. Beginning with passage over a channel (disturbing a group of ducks), we become surrounded either side by open fields, with high-pitched cricket choruses underpinning sky-borne avian calls. At the halfway point, the stereophony bisects: to the left, an introduced plantation provides new habitat for perching and song birds, whilst the right continues with wide open fields. This culminates in a rhapsodic dusk chorus at the river front involving diverse avian and anuran species, evoking the very identity of the place as a haven for birds.

Transcriptions of bird calls have been from the field recordings of Fred Van Gessel and Michael Dahlem (via the Birds In Backyards website), with their permission for their respective recordings.

## Performance Notes

### **Staging Notes**

This work is for string ensemble and octophonic array. The schematic to the right is advised for staging.

The string ensemble, ideally large, is split into four separate groups, each situated between speakers on either side of the audience.

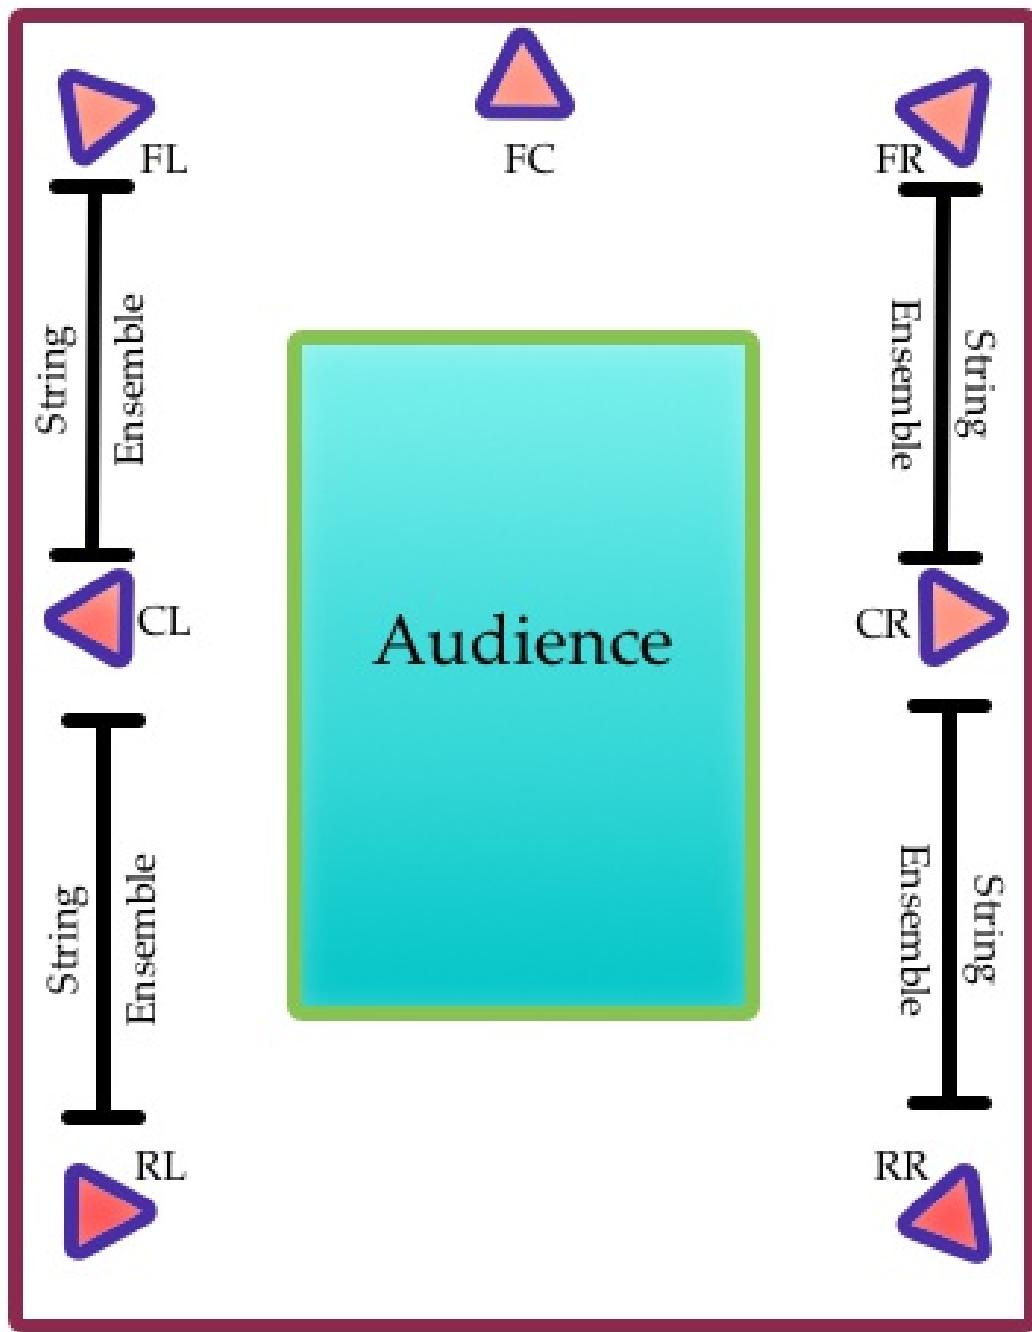

### Score layout:

The score is punctuated with time cues. With each cue, groups are presented with a variety of modules to be played. There is one module per bar, with each set of modules (grouped together as a succession of bars) representing the calls of a particular species. Any presented modules may be played at any time, at each player's discretion, and are to continue being played throughout the piece after they have presented, accumulating as new material is presented.

Performers are encouraged to listen and play/enter into dialogue with other members of the full ensemble, much alike a dawn/dusk animal chorus.

The material is presented on a variety of staves and in various registers/pitches, such that any player may perform whatever is possible for their instrument. Specific instructions for each technique is found accompanying the relevant call (see performance notes for further details).

(A) time keeping device/s should be employed to keep the ensemble synchronised with the recorded material.

## **Performance Notes**

### **Notation:**

Where clusters are presented in the score, the performer is permitted to play any note within the cluster. Intervals (double stops) are to be played as advised.

Each call is accompanied by a recommended tempo, interpreted at the performer's discretion.

The reference recordings from which the transcriptions have been made can be found at the Birds In Backyards website (contact the composer for further information).

### **Techniques:**

A variety of notations are employed to convey specific playing techniques:

#### *Reeds:*

This gestural sound is produced by bow on the body of the instrument. The bowing rate is at the discretion of the performer (as per unpredictable wind behaviour).

#### *Cricket calls:*

This sound, an evocation of field cricket chirps, is to be produced by playing *ricochet* with the tip of the bow, *sul ponticello*.

#### *Bird calls:*

As previously mentioned, each call is denoted by a singular bar, and calls are collected together with respect to each species. They are not to be played sequentially: as with all other content, each performer may play any call at their discretion.

- Dig In: this refers to the use of more bow pressure in short bow strokes, to provide a grittier, rougher sound.
- Bite: this refers to the application of more bow pressure in longer bow strokes, to provide a harsher, rough attack (and transient) to the sound.
- Chop Technique: this refers to the tango-style 'chop' technique, where one 'chops' on the short length of strings behind the bridge

poco sul tasto, dig in with bow

A musical score for Flute (FL) in G major. The first measure shows a sustained note with vertical strokes indicating bowing. The second measure shows a similar note with a 'sim.' instruction. The third measure is a blank staff with the instruction 'vary accel/rit. and length of each phrase'.

*Whistling Kite*  
rhapsodically

normale

A musical score for Flute (FL) in G major. It features a sustained note with a grace note and a 'gliss.' instruction. The next note is a sharp. The score ends with 'sim. ad lib.'

*Black Kite*  
lyrically

normale

A musical score for Flute (FL) in G major. It shows a sustained note with a melodic line above it, followed by a sharp note. The instruction 'molto vib.' is at the end.

*Nankeen Kestrel*  
moderately

sul pont.

A musical score for Flute (FL) in G major. It consists of a series of eighth-note chords played with the left hand while the right hand bows.

*Black-Shouldered Kite*  
freely (all)

sul pont., overbow

A musical score for Flute (FL) in G major. It shows a sustained note with a 'gliss.' instruction and a sharp note.

normale, poco vib.

A musical score for Flute (FL) in G major. It shows a sharp note with a melodic line above it.

sul tasto, ornament (grace notes, mordents) ad lib.

A musical score for Flute (FL) in G major. It shows a sustained note with a melodic line above it, followed by a sharp note. The instruction 'improvise rhythm' is below the staff.

etc.

*Willie Wagtail*  
rhapsodically (all)

sul pont.

A musical score for Flute (FL) in G major. It shows a sustained note with a melodic line above it, followed by a sharp note. The instruction 'chop' technique on OSB' is above the staff.

*Grey Fantail*  
moderately

poco sul pont.  
repeat either note ad lib.

A musical score for Flute (FL) in G major. It shows a sustained note with a melodic line above it, followed by a sharp note. The instruction 'repeat either note ad lib.' is above the staff.

thickest possible string

Sheet music for the Little Corella part, showing a treble clef, a key signature of one sharp, and a tempo marking of 'raucously'. The instruction 'poco sul pont.' is above the staff, and 'thickest possible string' is noted. The notation consists of eighth-note pairs with slurs and grace notes, followed by a vibraphone-like effect (indicated by double wavy lines).

*Crested Pigeon*  
moderately  
on thickest possible string  
poco sul tasto  
drop bow slightly with stroke (little ricochet)

RR

Sheet music for the Crested Pigeon part, showing a treble clef, a key signature of one sharp, and a tempo marking of 'moderately'. The instruction 'on thickest possible string' is above the staff, and 'poco sul tasto' is noted. The notation consists of eighth-note pairs with slurs and grace notes, with a specific bowing technique described.

*Magpie lark*  
moderately fast  
poco sul pont.

Sheet music for the Magpie lark part, showing a treble clef, a key signature of one sharp, and a tempo marking of 'moderately fast'. The instruction 'poco sul pont.' is above the staff. The notation consists of eighth-note pairs with slurs and grace notes.

moderately fast  
poco sul pont., moderate bow pressure

Sheet music for the Magpie lark part, showing a treble clef, a key signature of one sharp, and a tempo marking of 'moderately fast'. The instruction 'poco sul pont., moderate bow pressure' is above the staff. The notation consists of eighth-note pairs with slurs and grace notes.

freely  
poco sul pont., moderate bow pressure

Sheet music for the Magpie lark part, showing a treble clef, a key signature of one sharp, and a tempo marking of 'freely'. The instruction 'poco sul pont., moderate bow pressure' is above the staff. The notation consists of eighth-note pairs with slurs and grace notes.

10:15 (mf-f, no further crickets)  
Reeds  
freely

FL

Sheet music for the Reeds part, showing a bass clef and a tempo marking of '(mf-f, no further crickets)'. The instruction 'Reeds' is above the staff, and 'freely' is noted. The notation consists of single notes on a bass staff.

10:30 *Black-fronted dotterel*  
moderately  
on frog, with moderate bow pressure

FL

Sheet music for the Black-fronted dotterel part, showing a bass clef and a tempo marking of 'moderately'. The instruction 'on frog, with moderate bow pressure' is above the staff. The notation consists of eighth-note pairs with slurs and grace notes.

*Red knee dotterel*  
pointedly  
normale

8va

Sheet music for the Red knee dotterel part, showing a bass clef and a tempo marking of 'pointedly'. The instruction 'normale' is above the staff, and '8va' is indicated. The notation consists of eighth-note pairs with slurs and grace notes.

*Red-necked avocet*  
pointedly  
poco sul tasto

poco sul pont.  
moderate bow pressure

etc.

(long pause)

Sheet music for the Red-necked avocet part, showing a bass clef and a tempo marking of 'pointedly'. The instruction 'poco sul tasto' is above the staff, and 'poco sul pont. moderate bow pressure' is noted. The notation consists of eighth-note pairs with slurs and grace notes, followed by a long pause and then continuation.

(mf-f, no further reeds)  
*Black-fronted dotterel*  
moderately  
10:30 on frog, with moderate bow pressure

FR

Sheet music for the Black-fronted dotterel part, showing a bass clef and a tempo marking of 'moderately'. The instruction 'on frog, with moderate bow pressure' is above the staff. The notation consists of eighth-note pairs with slurs and grace notes.

*Red knee dotterel*  
pointedly  
normale

8va

Sheet music for the Red knee dotterel part, showing a bass clef and a tempo marking of 'pointedly'. The instruction 'normale' is above the staff, and '8va' is indicated. The notation consists of eighth-note pairs with slurs and grace notes.

*Red-necked avocet*  
pointedly  
poco sul tasto

poco sul pont.  
moderate bow pressure

etc.

(long pause)

Sheet music for the Red-necked avocet part, showing a bass clef and a tempo marking of 'pointedly'. The instruction 'poco sul tasto' is above the staff, and 'poco sul pont. moderate bow pressure' is noted. The notation consists of eighth-note pairs with slurs and grace notes, followed by a long pause and then continuation.

The musical score for strings includes parts for RR (Right Round), RL (Right Left), FR (Front Round), and RR (Right Round). The score consists of five staves of music. The first staff shows 'Black-fronted dotterel' and 'Red kneed dotterel' with specific bowing and dynamic instructions. The second staff shows 'Red-necked avocet' with dynamic and bow pressure instructions. The third staff shows 'Sacred Kingfisher' with dynamic and articulation instructions. The fourth staff shows 'Purple Swamphen' and 'Musk lorikeet' with specific bowing and string instructions. The fifth staff shows 'White Plumed Honeyeater' with dynamic and articulation instructions. The score uses various musical symbols like eighth and sixteenth notes, rests, and slurs, along with specific dynamics like 'poco sul pont.', 'moderate bow pressure', and 'raucously'.

The musical score for woodwind instruments (FL, RL, FR, RR) consists of four staves of music. Each staff has a dynamic marking of 'f' at the beginning and ends with a 'n' (no sound) instruction. The staves are labeled with instrument abbreviations: FL, RL, FR, and RR. The score is marked with time signatures of 15/8 and 15/16 in some sections.
