JEWISH SYMPATHY.

Rabbi A. T. Boas writes:—"I and the members of my community share in the grief South Australians in particular are experiencing concerning the serious misfortune which has overtaken our beloved and good Chief Justice Way. During his long and exalted career he has evinced, among other noble qualities he possesses, liberality of thought and goodwill towards members of both church and synagogue. May I humbly suggest to my co-workers in the field of religion that special prayers be offered up in all churches on Sunday next for the speedy recovery of our revered Chief Justice? Needless to say, we shall remember him in our prayers on Sabbath next in our place of worship."

MESSAGE FROM THE INSTITUTES' ASSOCIATION.

The council of the Institutes' Association at their monthly meeting held on Monday afternoon, resolved to send a telegram to the Chief Justice expressive of their sympathy with him in his illness, pleasure at the success attending the severe operation which it had been found necessary to perform, and the hope that he would speedily recover. On Tuesday morning a reply was received by the president (Mr. L. H. IN MEMORY OF THE LATE MR. ALEXANDER CLARK.

No man during the past 40 years has done more to popularise singing and to raise the standard of music in our schools than the late Alexander Clark, and thousands of his old pupils will be delighted to learn that his memory is to be perpetuated by the establishment of a scholarship at the Conservatorium of Music. The members of the Public Schools' Floral and Industrial Society at their annual meeting in 1913 voted £100 for this object, and the 24 schools constituting the Decoration Society unanimously decided to place the profit of last year's concerts to the credit of the same fund. The committee was thus enabled to hand the University Council £250, the interest of which will be devoted to the foundation of an "Alexander Clark Memorial Prize," to be competed for early next year, and thence triennially. This prize will enable the holder to proceed to the diploma of Associate in Music at the Adelaide University. The conditions, which will be published in due course, are framed to encourage musically gifted pupils from our public schools to compete for the prize.
