1. Foraminifera, etc. Government
 Bore, Hergott----- 1
2. Section, New Graving Dock
 (Fletcher), at Glanville---- 19
3. Foraminifera (Older Tertiary),
 Muddy Creek, Vic. No. 1. 24
4. Estuarine Foram. Port-Ad. River. 46
5. New sp. of Fabularia (Schlumberger). 55
6. Foram. (Old Ter. No 2) Kent Town Bore. 55
7. Foram. (Old Ter.) Addenda and
 Corrigenda.----- 55
8. Borings at Tarkaniwa and
 Mirrabuckinna----- 68

9. Forams. Permo-Carbon. Tasmania. 72
10. Census of Fossil Foraminifera of Australia.----- 79
11. New Facts on the Glacial Features of Hallett's Cove.----- 104
12. Carboniferous Foraminifera of Western Australia.---- 113
13. New Sp. of Aust. Cretaceous Foraminifera.----- 113
14. Notes on a Boring at Enfield. 121
15. Foraminifera of Tertiary Beds at Cape Otway.----- 124
16. Glacial Evidences at Hallett's Cove. (Glac. Res. Com.). 125

17. Radiolaria in Pre-Cambrian(?)
Rocks of South Australia. 133
18. Glacial Features of Inman Valley,
and Cape Jervis Peninsula 148
19. Glacial Action in Port-Victor and
Inman Valley Districts..... 153
20. Further Discoveries of Glacial Remains
in S. Aust. - Hindmarsh Valley, et. 171
21. Anniversary Address (R. S. S. Aust.) Recent
Researches bearing on Foraminif. 178
22. The Occurrence of Lower Camb. Fossils
in the Mount Lofty Range. 193
23. Geology of Kangaroo Island: Special
Reference to Extinct Glac. Action 206

24. Extinct Glacial Action on
Southern Yorke Peninsula. 218
25. Origin of the Salt Lagoons on
Southern Yorke Peninsula 228
26. Preliminary Note on Glacial
Beds of Cambrian Age
in South Australia 237
27. Extinct Volcanoes of Mount
Gambier and Mt Schank. 241
28. Further Notes on the Geology
of Kangaroo Island. 250
29. Geology of Mount Lofty Ranges,
Part I. Coastal District- 266
30. Geol. of Mount Lofty Ranges, Pt. II. 302

31. Cambrian and Permo-Carbon.
Glaciation of S. Aus. (A.A.S.) 339
32. Foram. from a Calcar. Marlstone
at Gingin, West Aust. 348
33. General Description of the
Cambrian Series of South Aust. 355
34. Glacial Beds of Cambrian Age
in South Australia (R.F.G.S.) 364
35. Discussion on the above Paper
when Read. (Abs. Proc. G.S. Lond) 399
36. Geological Observations on Localities
visited by Cruise of Gov. Mesurier 406
37. Discovery of a large Mass of Living
Coral in Gulf St. Vincent 422.

38. Description of an Old
Lake Area in Pekina
Creek, Orreroo..... 433
39. Permo-Carboniferous Mor-
aines of Rosetta
Head and King's Point 445
