40. A New and Extensive Area
of Permo-Carb. Glac. Deposits 1
41. Über die Glazialschichten
Cambriochen Alters in S. Aus. 35
42. A Disturbed Area of Cain-
ozoic Rocks in S. Aus. with
their Geological Significance 44
43. Cambrian and Permo-Carb.
Glaciation in S. Aust. 67
44. Outlier of Older Cainozoic Rocks
in the River Light 74
45. Recurrent Transgressions of
the Sea at Dry Creek 82

46. Evolution of the Physiographical Features of S. Australia 89
47. Occurrence of the Genus Cryptozoon in the (?) Cambrian of Australia 124
48. Geology and Physiography of S. Aus. [Hdbk. Brit. Ass. Ad. Sc.] 139
49. Geological Sketch-map with Descriptive Notes on the Upper and Lower Torrens-Limestone in the Type Districts 175
50. Foraminifera, etc. from Two Borings on the Lilydale Sheep-station 191

- 5.1. Geology of Mt. Remarkable 200
- 5.2. High level Occurrence of a
Fossiliferous bed of Upper
Cainozoic Age in the Neigh-
bourhood of Murray Plains 243
- 5.3. Remarkable Hailstorm near
Adelaide on May 12, 1917 248
- 5.4. Geology of Ardrossan and
Neighbourhood 259
- 5.5. Geological Memoranda, No. 1.
Sarsen Stones, 311; Pumice 311
etc. in Sea-drift, 314; Salt- 314
a cause of Disintegration of 320
Rocks, 320; Nodular Barytes 321 321

56. Aboriginal Remains at Fulham 326
57. Commemoration Address 333
58. Autoclastic and other forms of Breccia, etc. in S. Aust. 358
59. Crinoids from the Cretaceous of Australia with Description of a New Species 388
60. Geological Memoranda, No. II.
Serpentine "Atolls," 395;
Pseudo-Cryptozoon Structure, 395; Prehistoric Alluvial Fan of exceptional character, 397; Scoriaceous Boulders in River Torrens 400

61. Aboriginal Stone Implements
from Tablelands, Central Aust. 407
62. Methods of Aborigines in making
Stone Implements 464
63. Geological Traverse of Flinders
Ranges, Parachilna Gorge
to Lake Frome Plains 467
64. Recent Extinction of certain
Marine Animals of the Southern
Coast of Australia, suggesting
a Recent Change of Climate 487
65. Glacial Features (Permo-Carb-
oniferous) at Yellow Cliff and
District, The Finks, Cent. Aust. 496

66. The Sturtian Tillite in the
Willouran Range, near
Marree (Hergott). 522
67. Some References to the Literature
concerning the Extinct Fauna
of Kangaroo Island, etc. 533
68. A Find of Prehistoric Implements
in Allendale, Northumberland 564
