PERMISSIONS

<http://www.emeraldinsight.com/authors/writing/charter.htm>

Assigning copyright of your work to Emerald allows us to act on your behalf to:

- promote your rights
- facilitate dissemination of your work by granting permissions for educational use or republication
- target other Emerald journals whose readership would benefit from access to your work
- endeavour to protect your work from any infringement of your rights which are brought to our attention.

It does NOT, in any way, restrict your right or academic freedom to contribute to the wider distribution and readership of your work. This includes the right to:

1. Distribute photocopies of your own version of your article to students and colleagues for teaching/educational purposes within your university or externally. Please note, this does not refer to the Emerald branded, published version.
2. Reproduce your own version of your article, including peer review/editorial changes, in another journal, as content in a book of which you are the author, in a thesis, dissertation or in any other record of study, in print or electronic format as required by your university or for your own career development.
3. Deposit an electronic copy of your own **final** version of your article, pre- or post-print, on your own or institutional website. The electronic copy cannot be deposited at the stage of acceptance by the Editor.
