REPLY TO PROF. HANCOCK

Referring a few days ago to the back or books, on history in the University of Adelaids and Public Library, Pref. W. K. Hancock, B.A., who occupies the Chair of History at the University, ex-pressed disappointment at the absence of such volumes as contemporary sources, active, memoirs, official records, such as mentary devices. And Parils.

e there are, so to speak, so a wolves howling round the so little with which to pli
