## EDUCATION CONFERENCE.

## Preparation for Citizenship"

A large number of school teachers attended at the Institute Building, North terrace on Saturday morning and evening in connection with the Education Conference.

The chair at the morning session was coupled by Miss D. Gillam, M.A., and he subject discussed was "The preparation f boys and girls for citizenship." Mr. W.

e subject discussed was "The preparation boys and girls for citizenship." Mr. W.; Adey and Miss A. Miethke, B.A., were the principal speakers. Mr. Adey said that citizenship in the east state involved loyal, devoted, and un-ifals co-operation. Every organization in the land which had anything to do with outh, be it home, church, club, workshop, """ avantiqued to the training, and office, contributed to that training, and

very cogent reasons why the subject tizenship should receive special con-ation. With the introduction of eration. With the introduction of am, machinery, electricity, and all that d followed in their wake, the whole ysical and political world had been ered with startling results. The educathe sons of humble homes might rise coupy the highest positions in the with credit to themselves and their try. The greater freedom of citizening. Family, home, and church life-in fact, all the associations which formed in modern society—must grow

taught in the school might be used to de-velop a larger citizenship.

Transformation Going On.

Already a change had come in the rela-tions between teacher and pupil, continued Mr. Adey. Nature study, elementary science, gardening, woodwork, and cookery were evidence of the transformation going on within the school. The play side of

## POLITICS AND EDUCATION. Training in Public Affairs.

It is the opinion of Mr. Duncan-Hughes, H.R., that politics and education are only related. He developed that theory the course of an address to the con-rence of Sturday night. Professor J. Georgian Sturday night. Professor J. Georgian Sturday night. Professor J. Georgian Sturday night.
