UNIVERSITY SENATE

New Statutes Proposed

Important modifications with regard to matriculation requirements in connection with the various faculties will be considered by the Senate of the University of Adelaide at its meeting this afternoon.

In addition new statutes are proposed to provide for an Appointments Board to assist undergraduates holders of diplomas, and graduates to obtain appointments. The establishment of a bursary in memory of the late Catherine Maria Thornber, of the Unley Park School, is proposed, the sum of £450 having been provided by the old scholars of the school for that purpose.

Included in the new regulations to be presented will be one to provide for a degree of Master of Science. Numerous alterations to the regulations governing the degree of Bachelor of Science are proposed, including a rearrangement to include a special course in surveying and special courses in chemistry. Modifications are proposed in the courses for the degree of Bachelor of Science in Forestry.

In the Faculty of Law a new subject, the elements of law and legal and constitutional history, is proposed, and regulations dealing with public examinations will be considered with a view to amending them to provide that mathematics, which at present must be taken as one subject counting as two units, may be taken in two parts.

For five vacancies on the council the following candidates have been nominated: —Dr. Jethro Brown, Mr. W. R. Bayly, Mr. F. W. Holden, Mr. W. J. Isbister, K.C., Mr. C. L. Jessop, Dr. W. Mitchell, Mr. A. G. Price, and Mr. S. Talbot Smith.

Reg. 27-11-25

Dr. W. J. Tuckfield, Editor of The Australian Journal of Dentistry, and Dr. R. B. Yule, President of the Dental Board of Victoria, arrived by the express from Melbourne on Thursday morning to take part in the annual deliberations of the Dental Society of South Australia, and to represent Victoria at the annual dinner of that body on Friday evening.
