Professor R.A. Fisher,
Galton Laboratory,
University College,
Gower Street,
London, W.C.1.

Dear Fisher,

I have now sent my paper to Jeffreys and hope that he will see his way to publishing it. Before sending it to him, I tried it on Bartlett. I got a long creed from him in reply which may interest you. I am afraid I could not make much sense of it. The paper he refers to is merely a re-hash of his previous views.

I am afraid I do not know the address of Roger O. Johnson and I have written to Cliver and Boyd to that effect.

I am returning the set of tables and the accompanying letter. Please let me have Bartlett's letter back when you have finished with it.

Yours sincerely,
