

3rd September, 1957.

Dear Professor Bancroft,

Many thanks for your note of August 16th suggesting that I might come to the A.A.A.S. in Indianapolis December 26-31.

I am afraid I shall not be able to manage this as I shall be in the East, at least from mid December. While in the mid-West, however, I certainly hope, and believe arrangements have been made for a visit to Ames.

Sincerely yours,
