

April 26, 1938

Dear Sir,

I am enclosing Bliss's/<sup>American</sup>address, so that you can send the galley proofs to him if you think this is worth the delay in postage.

I am glad you are publishing the paper, as I think it is important that your readers should know of the recent statistical work, largely connected with Bliss's name, which has added greatly to the precision of the comparisons which are possible.

Yours sincerely,

The Editor,  
Quarterly Journal of Pharmacy.

Address: Dr C.I.Bliss,  
413 Columbus Avenue, Sandusky, Ohio, U.S.A.
