Sir Ronald A. Fisher, Sc.D., F.R.S.,
Department of Genetics,
University of Cambridge,
Whittingehame Lodge,
44, Storey's Way,
Cambridge.

Dear Sir Ronald,

Many thanks for the opportunity
to see your paper on the Behrens' Test.
I return the paper herewith.

I have taken note of the Journal
in which this will appear and will check
whether the paper has in fact appeared by
the time we publish, and will also check
whether the new edition of Statistical
Tables has come out by then. If
neither has appeared we will describe the
references as in the press as you suggest.

Yours sincerely,

J.P.R. TOOTILL.
