

12th. October, 1929.

Dr Marc. J. Feldstein,
2173 Cumington Road,
Cleveland, Ohio, U.S.A.

Dear Dr Feldstein,

I am obliged for your interesting letter of
Sept. 30th. The interest taken in my book ^{materially} ~~materially~~
concerns me very much, and I should be happy to comment on
the notes you mention. I like "Transcendental heresies".
What do you think of a Russian account of my work which
makes me responsible for an 'Anglo-American school of
Empirics'?

Yours sincerely,
