

15th. April 1949.

My dear Henry,

Thanks for your letter. I duly received one from Mayr dated April 4th., which I ~~was not sending~~ as you say you have received a copy. I notice you intended to enclose to me his letter to you, but you must have omitted to do so. I like your reply, a copy of which you sent me.

On this matter I think it only remains for us to decide just how fully we wish to discuss Wright's views in refuting the

statements that he has recently made about ours.

Yours sincerely,
