December 16th 1946.

My dear Ron,

How particularly kind of you to have written to Dunn and Demerec. I do much appreciate your doing so.

Yes, I am most awfully sorry that I shall be in the States at the time of your party at Cairns. However, it will be delightful

to see you, all well, soon after my return. I
will write when I get back. I am proposing
to fly on the 29th and to come back by
sea, reaching England somewhere between the
16th of 26th - the exact day is not yet fixed.

Yours ever,

Henry
