

13th. December 1946.

My dear Henry,

I am sorry the date of our party makes it impossible for you to come. I am afraid I had never clearly grasped the exact dates of your programme, but I hope you will be able to visit me in Caius not much later than your return. I have now pretty well completed the section of our paper that you left to me.

I have written to Demerec of Cold Spring Harbor and to Dunn

at Columbia, as both of these will be handy while you are in the  
New York area.

Yours sincerely,
