

4 November 1943

My dear Henry,

Many thanks for your note. I am afraid I must have mystified you by the postscript of my last letter. I was referring to the "Genetical" meeting on the 17th when I said I should have to catch the 3.20 train back to Cambridge because of an Agricultural Improvement Council committee visiting Cambridge that day and the following.

As to your visit, I shall be very glad to meet you at the Station whether you find ~~it~~ convenient to come at 2p.Mm or at 5.35. Of course the 2 p.m. would be better, unless

it means, as sounds only too probable, that you might get little or nothing to eat at mid-day. Apart from this, it would be a great pleasure to show you something of my present horse-colony on the Saturday afternoon.

Yours sincerely,
