

5th November, 1958.

Dear Bradford Hill,

There was more than a suggestion that the original facts should be revealed when I spoke with Doll now a considerable time ago. No doubt this was not revealed to you, and I think you are old enough not to want to pose at being insulted when nothing of the kind has occurred.

Yes, I should like exactly what I asked for, though, of course, I should be happy to receive any other information in addition.

Sincerely yours,

Prof. A. Bradford Hill, C.B.E., F.R.S.
