

PROFESSOR H.A. FISHER, DEPARTMENT OF GENETICS,
c/o DEPT. OF ZOOLOGY, DOWNING STREET, CAMBRIDGE.

20 OCTOBER 1943

MY DEAR JACKSON,

THIS IS JUST TO LET YOU KNOW THAT ALL YOUR MAIL
ARRIVED SAFELY AND THAT I WILL HOLD BACK YOUR PAPER FOR THE
NEXT NUMBER. EIGHT TEXT-FIGURES WERE RECEIVED, AS MENTIONED
IN YOUR LETTER, BUT THE LIST OF LEGENDS EXTENDS TO FIGURE 9.

IT IS QUITE EXCELLENT THAT YOU HAVE NOW DEFINITE
EXPERIMENTAL EVIDENCE ON THE DIFFICULT QUESTION OF THE EFFECT
OF MARKING ON THE LENGTH OF LIFE.

YOURS SINCERELY,
