Dear Riddell,

Many thanks for your note of December 13th, and in case my children have been remiss, I should like to thank you also for your Christmas present to them, which they enjoyed heartily. I believe the enclosed list now tallies ^{completely} with your data. The age difference used having fallen to 29.316 years, the last column has been revised accordingly.

I suppose you have not yet had a brain wave throwing further light on spots as an indication of advancing years.

Yours sincerely,
