

14 November 1930.

Professor V. Romanovsky,  
Tashkend University,  
TASHKEND,  
Russian Turkestan.

Dear Professor Romanovsky,

I am very glad to hear that my reprints have been safely received, and I shall be much interested to see more of your own researches as they are published. I have long intended to gather together the most important mathematical researches of recent years in a book on Mathematical Statistics, but so far I have not found the time to make any real progress with this task.

I am very glad you found the Library of the British Museum convenient to your work, and hope that you may again have an opportunity to visit us, and carry out the more substantial researches you have in mind.

My family is well. I hope Mrs Romanovsky and your daughter are also in good health.

Yours sincerely,
