1999 ROCA AWARD OF MERIT

Donald Wheaton Moyle

1999 ROCA Award of Merit recipient, Don Moyle, with ROCA President, Brian Hannaford

Don Moyle (RDA 1948) started with a city upbringing, but a desire to “be on the land” and to make a success of it. With no capital base from which to “springboard” this ambition, his two great personal attributes of intelligence and dogged determination saw him become a truly great South Australian agriculturalist. Although set-backs were numerous and to an average individual some would have been insurmountable, Don applied himself with even more enthusiasm to any project which faltered.

Upon graduation from Roseworthy Agricultural College with Second Class Honours in 1948, Don worked on a wheat/sheep farm at Riverton before commencing a share farming operation at Lameroo. In 1951, he joined the AMP Land Development Scheme, based at Brecon in the South East of S.A. After obtaining 560 hectares of land by ballot in 1955, Don established his original property, “The Basin” south of Keith.

From the original 560 hectares, Don increased his holding to 2,250 hectares, running one of the largest and best recognised herds of Angus cattle in Australia.

In the mid 1970's, he complimented his on-property agricultural enterprises by commencing a joint venture with an export company to buy and assemble sheep & cattle for live export. Don was successful in obtaining his own export licence in 1983, enabling him to purchase cattle and charter ships for his own contracts. He has since exported cattle to South Korea, Thailand, The Philippines, Indonesia and Western Samoa.

In 1992 to facilitate the collection and quarantine of export cattle, Don leased the 145,700 hectare Dotswood property in Queensland from the Australian Property Group. He has been an extremely hard disciplined worker and set an example to all who worked with him. Don "took on" numerous young people, including his own children and assisted them to become excellent managers in their own right.

Don Moyle's perceptive insight enabled him to recognise the true ethos that Roseworthy Agricultural College instilled into its graduates. This was the encouragement of youth to build upon a scientific base in order to undertake an agricultural pursuit in which they could apply their acquired skills "to make it happen". He accepted that challenge and surely "made it happen".

Throughout his career in agriculture, Don was always ably backed by his wife Diana and four children.

Eyre Peninsula Roseworthy Old Collegians Dinner.

In March this year the Eyre Peninsula branch of the Roseworthy Old Collegians Association held its annual dinner and AGM at the Hilton Hotel in Port Lincoln. The E.P. Branch dinner has been an annual event for over 50 years and is still going strong. This year there were 35 people present at the dinner, including members and partners.

The main role of the EP ROCA Committee is to organise the dinner from year to year and act as a voice for the EP region. Resulting from the A.G.M., President Barry Lawes will continue in that position for another year, with the Secretary being Rachel May. Other Committee members include; Brian Ashton, Mark Stanley, Greg Scholz, Craig Williams, Craig James, Neil Cordon, Phil Shane, and Ben Ranford.

With Neil (Fish) Cordon as MC for the evening, the dinner kicked off at around 7:30pm. During the dinner all members were asked to stand up and talk briefly about their days at Roseworthy. We heard a number of stories ranging from tangled toga parties, to cars in dams and the killer sheep show.

Following dinner, Dr Annie McNeill, currently a lecturer at Roseworthy and researcher with the Minnipa Agricultural Centre, gave an interesting account of her various trials and tribulations in the agricultural field. She also presented a number of interesting slides to those present. Dr McNeill was the first female guest speaker to ever address the ROCA E.P. Dinner.

Dale Manson provided an account of the activities of the parent ROCA body and outlined the improved range of amenities, courses and services developed at Roseworthy Campus since becoming part of The University of Adelaide. After various toasts to the College and remembering the good times of life at Roseworthy, the night ended successfully.

Throughout the evening there was much discussion about the venue and timing of next years dinner. Next year could see the dinner being held outside of Port Lincoln for the first time in many years. If this is the case, please try and support the dinner if it is going to be held in your area.

The EP Branch of ROCA is very strong and has been so for many years and is something all EP Roseworthy graduates should be proud of.

Throughout his career in agriculture, Don was always ably backed by his wife Diana and four children.

VALE - Andrew Michelmore (RDA 1940) (Funeral eulogy presented by ROCA President, Brian Hannaford)

Andy died peacefully at home on the 11th June, 2000. He held the offices of President 1978/80, Secretary, Digest Editor, General Committee and was the Eyre Peninsula representative on the ROCA Committee for many years. In 1981, Andy was the recipient of our highest honour, the ROCA Award of Merit.

I first met Andy in 1958, when our paths crossed in the then Department of Agriculture in Gawler Place, Adelaide. I can recall his personal traits of thoughtfulness and helpfulness to me a newcomer in the State Public Service. However my career path in the Dairy Industry took me to Victoria for some years and I lost contact with Andy, until I was appointed Treasurer of ROCA in 1993.

I must say it has been a rewarding experience working alongside Andy over these past eight years. Andy's knowledge of the machinations of ROCA and its members was very illuminating. But his goal as I saw it, was for ROCA to be a financially conservative, well run organisation, meeting the needs of its members. I must add that Andy's wife has also been a strong supporter, often behind the scenes and I place on record ROCA's thanks for your endeavours, Elizabeth.

Andy and Elizabeth made an annual pilgrimage to Port Lincoln, for the Eyre Peninsula Branch's reunion weekend. I also understand that for some years his home in the Barossa Valley and later in Adelaide was the venue for ROCA Committee Meetings, as well as late night collation and folding sessions for the ROCA Digest.

Andy was also custodian and chief salesperson of the ROCA lapel badges. He was a pivotal reference point for anything to do with ROCA's history, traditions and proud past.

NEWS FROM MEMBERS

Ian Anderson (RDA 1967) undertook a Veterinary Degree after graduating from RAC. He worked in a number of places in Australia including Murray Bridge, before moving to Hong Kong. Ian has now established himself in France and has a large involvement in volunteer work.

Justin Bulling (RDA 1984) was awarded the Old Collegians Cup & Prize upon graduation from RAC. In 1988 he completed first year of a Bachelor of Science course at Adelaide University, before transferring to second year of the Veterinary Medicine course at Murdoch University in W.A. Since graduating as a veterinarian, Justin has worked in mixed practice and as a locum in Rockhampton, Mackay, Mt. Isa, Cairns, Ayr, Cannonvale, Bowen and New Zealand. In the near future, he is planning to purchase a small mixed practice.

Andrew Eastick (RDA 1976) has now moved to Port Augusta to take on the position as C.E.O. of the Northern Regional Development Board. Previously he was C.E.O. of the Kangaroo Island Regional Development Board.

This laboratory tests equipment such as glass door coolers for a range of manufacturers, certifying the equipment as meeting key performance baselines prior to being accepted by Coca Cola. Malcolm's laboratory is the only one this side of the USA able to provide certification to Coca Cola. There is an emerging opportunity for Malcolm to establish a series of similar laboratories throughout South East Asia on behalf of Coke.

2000 GOLF DAY

Roseworthy Agricultural College Old Collegians

v

Hawkesbury Agricultural College Old Scholars (S.A. Branch)

*Seventh Annual Golf Day and Get Together (with a difference)
Barossa Valley Golf Club, Nuriootpa S.A.*

Sunday 12th November, 2000

Following the fine success of the past six Annual RAC Vs HAC Golf Days, we hope to continue our wins against Hawkesbury Old Scholars at this year's Golf Day.

The challenge will take place on Sunday 17th November, 2000 at the Barossa Valley Golf Club, Nuriootpa. You do not need to be a pro golfer (or any golfer for that matter) to participate and clubs are available at the course if required.

Please Note: Tee off time has been changed. This year the time is 9.30am for a 10.00am tee off.

Whilst the aim of the day is for fellowship and to enjoy ourselves, we will need to field a team of at least ten (10) players from ROCA (and likewise 10 from HAC). However more the merrier. You are welcome to invite a friend or two (or more) along and of course, your partners and family.

For those not playing golf, you may wish to take in some of the local sights during the day, or walk around the course. Everyone will return around 4.00pm to the clubhouse for drinks and presentations. We look forward to a good roll-up of Old Collegians at this function.

A BBQ lunch will be held, 12.15 to 12.45pm, after nine holes.
Cost for the day will be \$25/person (lunch & golf) or \$10/person (lunch only)

TROPHY ASSISTANCE

We again seek your assistance with the donation of trophies or prizes (eg. company logo golf balls, bottles of wine or port, golf umbrellas, caps, shirts etc) for presentation to the various category winners. All donations would be greatly appreciated.

Material for the Digest

Do you have any news about yourself or a fellow Old Collegian that may be of interest to others by being included in a future edition of the Digest? Photographs are also very welcome for inclusion. If you have something, feel free to drop us a line or two.

ROSEWORTHY CAMPUS LIBRARY

The assistance of ROCA members is sought to complete a set of "The Student" magazines in the Roseworthy Campus Library.

If you are able to assist with a copy for the years 1976, 1984, 1986, 1987, 1995 or 1997, please contact the Roseworthy Campus Library direct or any ROCA Committee person.

R.O.C.A. MEMBERS - YOU HAVE NOT MISSED OUT

Due to the large cost involved with the production and mailing of each issue of the ROCA Digest, members only received one Digest during each of the 1998/99 and 1999/2000 years. This has led many members to feel their "Life Membership" had expired, they had been "lost" or removed from the mailing list.

In most cases, none of these scenarios are actually true.

While ROCA understands that "communication" is the strength of any body (and probably the only service ROCA can offer many members), the long-term financial sustainability of the Association is also of paramount importance.

ROCA may be forced to continue its single Digest policy into the future, however new arrangements with the Adelaide University Alumni and Roseworthy Campus management will allow ROCA members to receive direct-mailed complimentary copies of Lumen and the Roseworthy Campus Newsletter during 2000/2001.
