SUMMARY

This report describes the geology of an area of 48 square miles situated on the Cambrai Military Sheet. It is the result of field and laboratory work during 1951, and was carried out under the guidance of Professor Rudl, of the Economic Geology Dept., University of Adelaide.

CONTENTS

| | Page |
|--|---------|
| Introduction | 1 |
| Method of Attack, and Scope of Investigation | 1 |
| Previous Geological Work | 2 |
| Physiography | 2 |
| Culture | 4 |
| Geological History | 4 |
| Stratigraphy | 5 - 10 |
| Metamorphism | 10 |
| Granitisation | 11 |
| Igneous Activity | 12 |
| Scapolitisation | 15 |
| Structure | 15 |
| Age of Kamantoo Series, and of folding | 19 |
| Economic Geology | 20 - 22 |
| Acknowledgements. | 23 |
| List of Accompanying Plans etc. | 24 |
