

I should like all the articles in these Bundles types - 3 copies of each, one of which will be placed in a Special Commonwealth Folder. I desired to have these articles typed & kept together, instead of being distributed in separate folders, as John Murray, my Publisher was preparing the publication of some of the Dryths & Legends in my collection; & these newspaper articles were all destined for this purpose. I will be glad to lend my typewriter to the works Dept. & any young typist can transcribe the printed matter in the Staff Bundles. (There are six Bundles) I cannot see to type them.
